## EXCHANGE RATE INFORMATION

The majority of our current revenues are denominated in H.K. dollars, while our current expenses are denominated predominantly in Patacas and H.K. dollars and in connection with a portion of our indebtedness and certain expenses, in U.S. dollars. The non-financial pages of this quarterly report include all translations from H.K. dollars to U.S. dollars and from U.S. dollars to H.K. dollars at a rate of HK\$7.808474 to US\$1.00, unless otherwise noted.

The H.K. dollar is freely convertible into other currencies (including the U.S. dollar). Since October 17, 1983, the H.K. dollar has been officially linked to the U.S. dollar at the rate of HK\$7.80 to US\$1.00. The market exchange rate has not deviated materially from the level of HK\$7.80 to US\$1.00 since the peg was first established. However, in May 2005, the Hong Kong Monetary Authority broadened the trading band from the original rate of HK\$7.80 per U.S. dollar to a rate range of HK\$7.75 to HK\$7.85 per U.S. dollar. The Hong Kong government has stated its intention to maintain the link at that rate range, and, acting through the Hong Kong Monetary Authority, has a number of means by which it may act to maintain exchange rate stability. However, no assurance can be given that the Hong Kong government will maintain the link at HK\$7.75 to HK\$7.85 per U.S. dollar or at all.

The Pataca is pegged to the H.K. dollar at a rate of HK\$1.00 to MOP1.03. All translations from Patacas to U.S. dollars in the non-financial pages of this quarterly report were made at the exchange rate of MOP8.042723 to US\$1.00.

In this quarterly report, U.S. dollar equivalents of H.K. dollar amounts of indebtedness are based on the prevailing exchange rate on the relevant transaction date, except for the indebtedness balance translations as of the balance sheet date, which are based on the prevailing exchange rate on the applicable balance sheet date.

## FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in connection with our unaudited condensed consolidated financial statements included elsewhere in this quarterly report. Our unaudited condensed consolidated financial statements have been prepared in accordance with U.S. GAAP. The accompanying unaudited condensed consolidated financial statements should be read in conjunction with our audited consolidated financial statements for the year ended December 31, 2023. The historical results are not necessarily indicative of the results of operations to be expected in the future. Certain statements in this “Financial Condition and Results of Operations” are forward-looking statements.

### Summary of Financial Results

For the second quarter of 2024, our total operating revenues were US\$1.01 billion, an increase of 22.7% from US\$820.9 million of total operating revenues for the second quarter of 2023. The increase in total operating revenues was primarily attributable to improved performance in the mass market table games segment at City of Dreams, as well as increased casino revenues generated from the operations of Studio City Casino by our subsidiary, Melco Resorts Macau, the gaming concessionaire. Such increase was led by the continued recovery in inbound tourism to Macau during the second quarter of 2024. Net income/loss from Studio City Casino gaming operations are reimbursed to/from Studio City Entertainment for the operation of the Studio City Casino pursuant to the Studio City Casino Agreement. Such reimbursement is included in general and administrative expenses.

Net income for the second quarter of 2024 was US\$9.5 million, compared with net loss of US\$24.6 million for the second quarter of 2023. The change was primarily attributable to the improved performance at City of Dreams mentioned above.

## **Liquidity and Capital Resources**

We have relied and intend to rely on cash generated from our operations and our debt and equity financings to meet our funding requirements and repay our indebtedness, as the case may be.
