Exchange Rate Information

Although we will have certain expenses and revenues denominated in Patacas, our revenues and expenses will be denominated predominantly in H.K. dollars and in connection with a portion of our indebtedness and certain expenses, U.S. dollars. Unless otherwise noted, all translations from H.K. dollars to U.S. dollars and from U.S. dollars to H.K. dollars in this annual report on Form 20-F were made at a rate of HK$7.78 to US$1.00.

The H.K. dollar is freely convertible into other currencies (including the U.S. dollar). Since October 17, 1983, the H.K. dollar has been officially linked to the U.S. dollar at the rate of HK$7.80 to US$1.00. The market exchange rate has not deviated materially from the level of HK$7.80 to US$1.00 since the peg was first established. However, in May 2005, the Hong Kong Monetary Authority broadened the trading band from the original rate of HK$7.80 per U.S. dollar to a rate range of HK$7.75 to HK$7.85 per U.S. dollar. The Hong Kong government has stated its intention to maintain the link at that rate, and it, acting through the Hong Kong Monetary Authority, has a number of means by which it may act to maintain exchange rate stability. However, no assurance can be given that the Hong Kong government will maintain the link at HK$7.75 to HK$7.85 per U.S. dollar or at all.

The noon buying rate on December 31, 2012 in New York City for cable transfers in H.K. dollar per U.S. dollar, as certified for customs purposes by the H.10 weekly statistical release of the Federal Reserve Board of the United States, or the Federal Reserve Board, was HK$7.7507 to US$1.00. We make no representation that any H.K. dollar or U.S. dollar amounts could have been, or could be, converted into U.S. dollars or H.K. dollars, as the case may be, at any particular rate, the rates stated below, or at all.

The Pataca is pegged to the H.K. dollar at a rate of HK$1.00 = MOP1.03. All translations from Patacas to U.S. dollars in this annual report on Form 20-F were made at the exchange rate of MOP8.0134 = US$1.00. The Federal Reserve Board does not certify for customs purposes a noon buying rate for cable transfers in Patacas.

This annual report on Form 20-F also contains translations of certain Renminbi and New Taiwan dollar amounts into U.S. dollars. Unless otherwise stated, all translations from Renminbi to U.S. dollars in this annual report on Form 20-F were made at the noon buying rate on December 31, 2012 in New York City for cable transfers in RMB per U.S. dollar, as certified for customs purposes by the H.10 weekly statistical release of the Federal Reserve Board, which was RMB6.2301 to US$1.00. Unless otherwise stated, all translations from New Taiwan dollars to U.S. dollars in this annual report on Form 20-F were made at the noon buying rate on December 31, 2012 in New York City for cable transfers in New Taiwan dollars per U.S. dollar, as certified for customs purposes by the H.10 weekly statistical release of the Federal Reserve Board, which was TWD29.0500 to US$1.00. D. RISK FACTORS

Our business, financial condition and results of operations can be affected materially and adversely by any of the following risk factors.

Risks Relating to Our Business and Operations

We have a short operating history and significant projects in an early phase of development and therefore are subject to significant risks and uncertainties. Our short operating history may not serve as an adequate basis to judge our future operating results and prospects.

We have a short business operating history compared to our global competitors and there is limited historical information available about our company upon which you can base your evaluation of our business and prospects. In particular, City of Dreams, which contributed 71.6% of our total net revenues for the year ended December 31, 2012, commenced operations on June 1, 2009, and progressively added to its operations with the opening of Grand Hyatt Macau in the fourth quarter of 2009 and the opening of *The House of Dancing Water* in the third quarter of 2010. The City of Dreams site is still under ongoing development. Melco Crown Macau acquired its subconcession in September 2006 and previously did not have any direct experience operating casinos in Macau. In addition, we have significant projects, such as the Studio City project and the Philippines Project, which are in an early phase of development. As a result, you should consider our business and prospects in light of the risks, expenses and challenges that we will face given our limited experience operating gaming businesses in an intensely competitive market. Among other things, we have continuing obligations to satisfy and comply with conditions and covenants under our existing credit facilities so as to be able to continue to roll over existing revolving loans drawn down under the facilities and to maintain the facilities.

We may encounter risks and difficulties frequently experienced by companies with early stage operations, and those risks and difficulties may be heightened in a rapidly developing market such as the gaming market in Macau and by our expansion into a new market such as the Philippines. Some of the risks relate to our ability to:

- fulfill conditions precedent to draw down or roll over funds from current and future credit facilities;
- comply with covenants under our debt issuances and credit facilities;
- raise additional capital, as required;
- respond to changing financing requirements;
- operate, support, expand and develop our operations and our facilities;
- attract and retain customers and qualified employees;
- maintain effective control of our operating costs and expenses;
- maintain internal personnel, systems, controls and procedures to assure compliance with the extensive regulatory requirements applicable to the gaming business as well as regulatory compliance as a public company;
- respond to competitive market conditions;
- respond to changes in our regulatory environment;

- identify suitable locations and enter into new leases or right to use agreements (which are similar to license agreements) for new Mocha Clubs; and

- renew or extend lease agreements for existing Mocha Clubs.

If we are unable to complete any of these tasks, we may be unable to operate our businesses in the manner we contemplate and generate revenues from such projects in the amounts and by the times we anticipate. We may also be unable to meet the conditions to draw on our existing or future financing facilities in order to fund various activities or may suffer a default under our existing or future financing facilities. If any of these events were to occur, it would cause a material adverse effect on our business and prospects, financial condition, results of operations and cash flows.

We are dependent upon a limited number of properties for a substantial portion of our cash flow, we are and will be subject to greater risks than a gaming company with more operating properties.

We are primarily dependent upon City of Dreams, Altira Macau and Mocha Clubs for our cash flow. We acquired a 60% equity interest in SCI, the developer of Studio City, on July 27, 2011. Studio City remains in preliminary stages of development and has not yet been constructed. Among other things, we are still in the continuous process of:

- procuring contractors and consultants for the construction and design, and seeking supply and services contracts for the development, of Studio City; and

- obtaining applicable approvals and permits from the Macau government and other Macau authorities in relation to the construction, completion and operation of Studio City, some of which will only be granted nearer to the date of commencement of operations of Studio City.

Given that our operations are and will be conducted based on a small number of principal properties, we are and will be subject to greater risks than a gaming company with more operating properties due to the limited diversification of our businesses and sources of revenues.

All our current and future construction projects, including the next phase of City of Dreams, Studio City and the Philippines Project, will be subject to significant development and construction risks, which could have a material adverse impact on related project timetables, costs and our ability to complete the projects.

All our future construction projects will be subject to a number of risks, including:

- lack of sufficient, or delays in availability of, financing;

- changes to plans and specifications;

- engineering problems, including defective plans and specifications;

- shortages of, and price increases in, energy, materials and skilled and unskilled labor, and inflation in key supply markets;

- delays in obtaining or inability to obtain necessary permits, licenses and approvals;

- changes in laws and regulations, or in the interpretation and enforcement of laws and regulations, applicable to gaming, leisure, residential, real estate development or construction projects;

- labor disputes or work stoppages;

- disputes with and defaults by contractors and subcontractors;
- personal injuries to workers and other persons;
- environmental, health and safety issues, including site accidents and the spread of viruses such as H1N1 or H5N1;
- weather interferences or delays;
- fires, typhoons and other natural disasters;
- geological, construction, excavation, regulatory and equipment problems; and
- other unanticipated circumstances or cost increases.

The occurrence of any of these development or construction risks could increase the total costs, delay or prevent the construction or opening or otherwise affect the design and features of any future construction projects which we might undertake. We cannot guarantee that our construction costs or total project costs for future projects will not increase beyond amounts initially budgeted.

We could encounter substantial cost increases or delays in the development of our projects, including the next phase of City of Dreams, Studio City and the Philippines Project, which could prevent or delay the opening of such projects.

We have certain projects under development or intended to be developed pursuant to our expansion plan, including the next phase of City of Dreams, Studio City and the Philippines Project. The completion of these projects is subject to a number of contingencies, such as those mentioned above in the risk factor on development and construction risks including, in particular, adverse developments in applicable legislation, delays or failures in obtaining necessary government licenses, permits or approvals. The occurrence of any of these developments could increase the total costs or delay or prevent the construction or opening of new projects, which could materially adversely affect our business, financial condition and results of operations. We will also require additional financing to develop our projects. Our ability to obtain such financing depends on a number of factors beyond our control, including market conditions, investors' and lenders' perceptions of, and demand for, debt and equity securities of gaming companies, credit availability and interest rates.

There is no assurance that the actual construction costs related to our projects will not exceed the costs we have projected and budgeted. In addition, construction costs, particularly labor costs, are increasing in Macau and we believe that they are likely to continue to increase due to the significant increase in building activity and the ongoing labor shortage in Macau. Immigration and labor regulations in Macau may limit or restrict our contractors' ability to obtain sufficient laborers from China to make up for any gaps in available labor in Macau and help reduce construction costs. Continuing increases in construction costs in Macau will increase the risk that construction will not be completed on time, within budget or at all, which could materially and adversely affect our business, cash flow, financial condition, results of operations and prospects.

We have recently engaged a main construction contractor for the construction of the first phase of Studio City. Such main construction contractor may be unable to find suitable labor or subcontractors for the project or have insufficient financial resources to fund cost overruns for which it is contractually responsible, which may result in delays in completing the construction of the first phase of Studio City and subject us to other risks.

We have recently engaged a main construction contractor for the construction of the first phase of Studio City. However, no assurances can be given that our main construction contractor will be able to find

subcontractors or qualified laborers for the construction. Based on industry practice, a significant amount of work under the main construction contract is expected to be bid out to subcontractors. If our main construction contractor is unable to bid out its work on favorable terms, or at all, or find qualified laborers or subcontractors with requisite experience and skills, it could incur significantly increased costs and require an adjustment to be made to its contract price in certain circumstances, which may, in turn, increase our costs.

Furthermore, we cannot assure you that our main construction contractor will have sufficient financial resources to fund any cost overruns for which they are responsible under the main construction contract. If our main construction contractor does not have the resources to meet its obligations or we are unable to obtain sufficient funds under the performance and payment bonds or other insurance posted by the contractors in a timely manner, we may incur increased costs for the construction of Studio City. This may require us to raise additional funding, which may not be available on satisfactory terms or at all. Any such additional funding, if available, may not be permitted under the Studio City Project Facility or the Studio City Notes and may require us to obtain consents or waivers from the lenders under the Studio City Project Facility and/or the holders of the Studio City Notes.

In addition, no assurances can be given that our main construction contractor and its subcontractors will perform their obligations under their contracts or contractual warranties of work. If the opening of the first phase of Studio City is delayed or does not occur due to any of the above or other factors, it could materially adversely affect our construction and development plan, plan of operations, business and prospects, financial condition and cash flows.

Studio City project remains in preliminary stages of development and is subject to certain factors that could cause delays in opening of the first phase of Studio City and materially adversely affect our business, financial condition and prospects.

While the initial site preparation for the first phase of Studio City has been substantially completed, additional site preparation work for the updated design has re-commenced in the third quarter of 2012. The first phase of Studio City is currently targeted to open by mid-2015, subject to receipt of all necessary government approvals and financing. If we are unable to enter into construction contracts on terms satisfactory to us or obtain all necessary government approvals and financing, we may not be able to complete construction by the estimated construction period, or at all, and all or a portion of our investment to date could be lost, resulting in an impairment charge. If we are unable to enter into satisfactory construction contracts, or are unable to closely control the construction costs and timetables, for the development of the first phase of Studio City, our business, financial condition and prospects may be materially and adversely affected.

In addition, our subsidiary, Studio City Developments, is still in the process of selecting and appointing architectural, design and interior design consultants to design various areas of the first phase of Studio City. Once appointed, our Studio City project team will manage these consultants and design products developed by such consultants will be provided to construction contractors, including the main construction contractor, to be further developed for construction purposes. No assurances can be given that these consultants will deliver their design products in accordance with the standards required under their design contracts or in a timely manner as such design products are needed by construction contractors for construction purposes. In the event that there is any defect in such design products, we may need to engage additional consultants to rectify such defect. Furthermore, while our Studio City project team has experience managing relationships between design consultants and construction contractors, we cannot provide any assurance that we will be able to successfully manage any interface issues arising from such relationships. Our construction and development program could be adversely affected by such interface issues. The failure of design consultants or construction contractors to complete their work on time could potentially cause us to incur additional costs and delay opening of the first phase of Studio City, which could, in turn, materially adversely affect our business, financial condition and prospects.

Construction is subject to hazards that may cause personal injury or loss of life, thereby subjecting us to liabilities and possible losses, which may not be covered by insurance.

The construction of large scale properties such as Studio City and the Philippines Project can be dangerous. Construction workers at such sites are subject to hazards that may cause personal injury or loss of life, thereby subjecting the contractors and us to liabilities, possible losses, delays in completion of the projects and negative publicity. In 2007, there was a fatality on the Studio City site. As a result, the Studio City site was stopped for several days to allow for safety inspections and investigations. We believe that our contractors will take safety precautions that are consistent with industry practice, but these safety precautions may not be adequate to prevent serious personal injuries or loss of life, damage to property or delays. If further accidents occur during the construction of the next phase of City of Dream and Studio City, we may be subject to delays, including delays imposed by regulators, liabilities and possible losses, which may not be covered by insurance, and our business, prospects and reputation may be materially and adversely affected.

We are developing the Studio City project under the terms of a land concession contract which requires us to fully develop the Studio City site by July 24, 2018. If we do not complete development by that time and the Macau government does not grant us an extension of the development period, we could be forced to forfeit all or part of our investment in the Studio City site, along with our interest in the Studio City project.

Land concessions in Macau are issued by the Macau government and generally have terms of 25 years, with extensions of 10 years thereafter. Land concessions further stipulate a period within which the development of the land must be completed. In accordance with the Studio City land concession contract, the Studio City site must be fully developed by July 24, 2018. While the first phase of the Studio City project is expected to be completed by mid-2015, we must complete the remaining phase of Studio City by July 24, 2018 in order to comply with the terms of the Studio City land concession contract. Currently, our plan for the remaining phase is preliminary and under review. In the event that additional time is required to complete such remaining phase of Studio City, we will have to apply for an extension of the development period. While the Macau government may grant such extension if we meet certain requirements and the application for extension is made in accordance with the relevant rules and regulations, there can be no assurances that the Macau government will grant us the necessary extension of the development period or not exercise its right to terminate the Studio City land concession. In the event that no extension is granted or the Studio City land concession is terminated, we could lose all or substantially all of our investment in the Studio City project and may not be able to operate the Studio City project as planned, which will materially adversely affect our business and prospects, results of operations and financial condition.

The Philippines Project is located in an area within the city of Manila which is currently being developed and subject to certain deficiencies in transportation infrastructure.

Our Philippines Project is located in Entertainment City, Manila, an area within the city of Manila, which is currently in a preliminary stage of development. Other than Solaire, there are currently no other integrated tourism resorts which have begun operations in Entertainment City, Manila. It is unlikely that Manila's existing transportation infrastructure is capable of handling the increased number of tourist arrivals that may be necessary to support visitor traffic to large-scale integrated resorts in Entertainment City, such the Philippines Project. Although the Philippine government is currently examining viable alternatives to ease traffic congestion in Manila, including construction of new highways and expressways, there is no guarantee that these measures will succeed or that they will sufficiently alleviate traffic congestion or other deficiencies in Manila's transportation infrastructure. Traffic congestion and other problems in Manila's transportation infrastructure could adversely affect tourism industry in the Philippines and reduce the number of potential visitors to the Philippines Project, which could, in turn, adversely affect our business and prospects, financial condition and results of our operations.

The Philippines Project is in a developmental phase and subject to certain factors that could cause delays for the Philippines Project and materially adversely affect our business, financial condition and prospects.

The Philippines Project is in a developmental phase and will not generate any revenue until its opening. While our Philippines subsidiary has entered into certain preliminary contracts for site office set-up, gaming design and other preliminary fit-out work, other definitive contracts necessary for the fit-out and development of our Philippines Project are being negotiated and have not yet been executed. We face the risk that qualified contractors, subcontractors and suppliers for the Philippines Project may not be available and all necessary government approvals for the Philippines Project may not be obtained. There can be no assurance that our Philippines subsidiary will be able to enter into definitive contracts with contractors with sufficient skill, financial resources and experience on commercially reasonable terms, or at all. In addition, the final design and development plan, funding costs and the availability of financing for the Philippines Project are subject to prevailing market conditions and other variables that are not within our control. All these factors could cause delays for the Philippines Project which could, in turn, adversely affect our business, financial condition and prospects.

The Philippines Project is located in the Philippines and subject to certain economic, political and social risks and uncertainties.

The Philippines Project is located in the Philippines and certain economic, political and social risks within the Philippines. The Philippines has from time to time experienced severe political and social instability, including acts of political violence. In December 2011, the Philippine House of Representatives initiated impeachment proceedings against Renata Corona, Chief Justice of the Supreme Court of the Philippines alleging that the Chief Justice improperly issued decisions that favored former President Arroyo as well as failure to disclosure certain properties in violation of rules applicable to all public employees and officials. These proceedings remain on-going. There is no guarantee that future events will not cause political instability in the Philippines. Any future political or social instability in the Philippines could adversely affect the business operations and financial conditions of the Philippines Project.

Economic instability could also have a negative effect on the commercial viability of our Philippines Project. Demand for and the prices of gaming and entertainment products are directly influenced by economic conditions in the Philippines, including growth levels, interest rates, inflation, levels of business activity and consumption and the amount of remittances received from overseas Filipino workers. There is also no assurance that the Philippines, China and other countries in Asia will not experience future economic downturns. Any deterioration in economic and political conditions in the Philippines or elsewhere in Asia could materially and adversely affect our company's business in the Philippines, as well as the prospects, financial condition and results of our operations in the Philippines.

Our business in the Philippines will also depend substantially on revenues from foreign visitors and may be disrupted by events that reduce foreigners' willingness to travel to or create substantial disruption in Metro Manila and raise substantial concerns about visitors' personal safety, such as power outages, civil disturbances, terrorist attacks, among others. The Philippines has also experienced a significant number of major catastrophes over the years, including typhoons, volcanic eruptions and earthquakes. We cannot predict the extent to which our business in the Philippines and tourism in Metro Manila in general will be affected by any of the above occurrences or fears that such occurrences will take place. We cannot guarantee that any disruption to our Philippines operations will not be protracted, that our Philippines Project will not suffer any damages and that any such damage will be completely covered by insurance or at all. Any of these occurrences may disrupt our operations in the Philippines.

The gaming industry in the Philippines is highly regulated and competition is fierce.

The gaming industry in the Philippines is highly regulated. Our ability to operate a gaming business in the Philippines is dependent on the validity of our gaming license which contains a number of on-going

compliance obligations including periodic approvals from and reports to the regulator PAGCOR. Amongst other things, PAGCOR may in its sole discretion refuse to approve any such proposals by the licensees and could also exert significant control over the operational aspects of our Philippines Project such as our human resource policies particularly with respect to the qualifications and salary levels for gaming employees. Such measures could adversely affect our business, financial condition and results of operations in the Philippines.

The hotel, resort and gaming businesses are highly competitive. The competitors of our business in the Philippines internationally and within the Philippines include many of the largest gaming, hospitality, leisure and resort companies in the world.

In the Philippine gaming market, we will be competing with hotels and resorts owned by both Philippine nationals and foreigners. PAGCOR, an entity owned and controlled by the government of Philippines, also operates gaming facilities across the Philippines. We expect our operations in the Philippines to target similar pools of customers and tourists as, and therefore face competition from, gaming operators in other more established gaming centers across the region, particularly those of Macau and Singapore, and other major gaming markets located around the world, including Australia and Las Vegas. A number of such other operators have a longer track record of gaming operations and such other markets have more established reputations as gaming markets. Our operations in the Philippines may not be successful in its efforts to attract foreign customers and independent gaming promoters to our Philippines Project and to promote Manila as a gaming destination.

Any simultaneous planning, design, construction and development of the next phase of City of Dreams, Studio City and the Philippines Project may stretch our management time and resources, which could lead to delays, increased costs and other inefficiencies in the development of these projects.

We expect some portions of the planning, design and construction of the next phase of City of Dreams, the development of Studio City and the fit-out work for the Philippines Project to proceed simultaneously. There may be overlap of the planning, design, development and construction periods of these projects involving the need for intensive work on each of the projects. Members of our senior management will be involved in planning and developing both projects at the same time, in addition to overseeing our day-to-day operations. Our management may be unable to devote sufficient time and attention to our development and construction projects, as well as our operating properties, and that may delay the construction or opening of one or both of our projects, cause construction cost overruns or cause the performance of our operating properties to be lower than expected, which could have a material adverse effect on our business, financial condition and results of operations.

Our business depends substantially on the continuing efforts of our senior management, and our business may be severely disrupted if we lose their services.

We place substantial reliance on the gaming, project development and hospitality industry experience and knowledge of the Macau market possessed by members of our senior management team. The loss of the services of one or more members of our senior management team could hinder our ability to effectively manage our business and implement our growth and development strategies. Finding suitable replacements for members of our senior management could be difficult, and competition for personnel of similar experience could be intense in Macau. In addition, we do not currently carry key person insurance on any members of our senior management team.

The success of our business may depend on our ability to attract and retain adequate qualified personnel. A limited labor supply and increased competition could cause labor costs to increase.

The pool of experienced gaming and other skilled and unskilled personnel in Macau and the Philippines is limited. Many of our new personnel occupy sensitive positions requiring qualifications sufficient to meet gaming regulatory and other requirements or are required to possess other skills for which substantial

training and experience are needed. Moreover, competition to recruit and retain qualified gaming and other personnel is expected to continue, as well as our demand for qualified personnel. In addition, we are not currently allowed under Macau government policy to hire non-Macau resident dealers, croupiers and supervisors.

We cannot assure you that we will be able to attract and retain a sufficient number of qualified individuals to operate our properties or that costs to recruit and retain such personnel will not increase significantly. The inability to attract and retain qualified employees and operational management personnel could have a material adverse effect on our business. Further, the Macau government is currently enforcing a labor policy pursuant to which the ratio of local to foreign workers that may be recruited for construction works shall have to be at least 1:1, unless otherwise authorized by the Macau government. This could have a material adverse effect on our ability to complete future works on our properties, for example, Studio City, or the next phase of development at City of Dreams. Moreover, if the Macau government enforces similar restrictive ratios in other areas, such as the gaming, hotel and entertainment industries, this could have a materially adverse effect on the operation of our properties.

Furthermore, the Macau government enacted legislation, which came into effect on November 1, 2012, under which the minimum age required for entrance into casinos in Macau was raised from 18 to 21 years of age. The legislation did not affect the employees under 21 years of age who were already employed when the new law came into effect and had maintained their positions. In addition, the director of the DICJ may authorize employees under 21 years of age to temporarily enter casinos, after considering their special technical qualifications. Notwithstanding such provisions, however, the implementation of this law could adversely affect Melco Crown Macau's ability to engage sufficient staff for the operation of our casinos and have a material adverse effect on our future operations.

Our insurance coverage may not be adequate to cover all losses that we may suffer from our operations. In addition, our insurance costs may increase and we may not be able to obtain the same insurance coverage in the future.

We currently have various insurance policies providing certain coverage typically required by gaming and hospitality operations in Macau. In addition, we plan to maintain various types of insurance coverage as customary in the Philippine gaming industry. Such coverage includes property damage, business interruption and general liability. We also maintain certain liability insurance coverage as customary in the pharmaceutical industry, in respect of MCP's previous business in that industry. These insurance policies provide coverage that is subject to policy terms, conditions and limits. There is no assurance that we will be able to renew such insurance coverage on equivalent premium cost, terms, conditions and limits upon policy renewals. The cost of coverage may in the future become so high that we may be unable to obtain the insurance policies we deem necessary for the operation of our projects on commercially practicable terms, or at all, or we may need to reduce our policy limits or agree to certain exclusions from our coverage.

We cannot assure you that any such insurance policies we may obtain will be adequate to protect us from material losses. For example, our property insurance coverage is in an amount that may be less than the expected full replacement cost of rebuilding properties if there was a total loss. If we incur loss, damage or liability for amounts exceeding the limits of our current or future insurance coverage, or for claims outside the scope of our current or future insurance coverage, our financial conditions and business operations could be materially and adversely affected. For example, certain casualty events, such as labor strikes, nuclear events, acts of war, loss of income due to cancellation of conventions or room reservations arising from fear of terrorism, contagious or infectious disease, deterioration or corrosion, insect or animal damage and pollution may not be covered under our policies. As a result, certain acts and events could expose us to significant uninsured losses. In addition to the damages caused directly by a casualty loss such as fire or natural disasters, we may suffer a disruption of our business as a result of these events or be subject to claims by third parties who may be injured or harmed. While we intend to carry business interruption insurance and general liability insurance, such insurance may not be available on commercially reasonable terms, or at all, and, in any event, may not be adequate to cover all losses that may result from such events.

There is limited available insurance in Macau and our insurers in Macau may need to secure reinsurance in order to provide adequate cover for our property and development projects. Our credit agreements, Melco Crown Macau's subconcession contract (the "Subconcession Contract") and certain other material agreements require a certain level of insurance to be maintained, which must be obtained in Macau unless otherwise authorized by the Macau government. Failure to maintain adequate coverage could be an event of default under our credit agreements or the Subconcession Contract and have a material adverse effect on our business, financial condition, results of operations and cash flows.

Conducting business in Macau has certain political and economic risks that may lead to significant volatility and have a material adverse effect on our results of operations.

All of our operations are in Macau. Accordingly, our business development plans, results of operations and financial condition may be materially adversely affected by significant political, social and economic developments in Macau and China and by changes in government policies or changes in laws and regulations or the interpretations of these laws and regulations. In particular, our operating results may be adversely affected by:

- changes in Macau's and China's political, economic and social conditions;
- tightening of travel restrictions to Macau which may be imposed by China;
- changes in policies of the government or changes in laws and regulations, or in the interpretation or enforcement of these laws and regulations, particularly exchange control regulations, regulations relating to repatriation of capital or measures to control inflation;
- measures that may be introduced to control inflation, such as interest rate increases or bank account withdrawal controls; and
- changes in the rate or method of taxation.

Our operations in Macau are also exposed to the risk of changes in laws and policies that govern operations of Macau-based companies. Tax laws and regulations may also be subject to amendment or different interpretation and implementation, thereby adversely affecting our profitability after tax. Further, certain terms of our gaming subconcession may be subject to renegotiations with the Macau government in the future, including amounts we will be obligated to pay the Macau government in order to continue operations. Melco Crown Macau's obligations to make certain payments to the Macau government under the terms of its subconcession include a fixed annual premium per year and a variable premium depending on the number and type of gaming tables and gaming machines that we operate. The results of any renegotiations could have a material adverse effect on our results of operations and financial condition.

As we expect a significant number of patrons to come to our properties from China, general economic conditions and policies in China could have a significant impact on our financial prospects. A slowdown in economic growth and tightening of credit availability or restrictions on travel imposed by China could adversely impact the number of visitors from China to our properties in Macau as well as the amounts they are willing to spend in our casinos, which could have a material adverse effect on the results of our operations and financial condition.

The winnings of our patrons could exceed our casino winnings at particular times during our operations.

Our revenues are mainly derived from the difference between our casino winnings and the winnings of our casino patrons. Since there is an inherent element of chance in the gaming industry, we do not have full control over our winnings or the winnings of our casino patrons. If the winnings of our patrons exceed our casino winnings, we may record a loss from our gaming operations, and our business, financial condition and results of operations could be materially and adversely affected.

Win rates for our casino operations depend on a variety of factors, some beyond our control, which, at particular times, adversely impact our results of operations.

In addition to the element of chance, theoretical win rates are also affected by other factors, including players' skill and experience, the mix of games played, the financial resources of players, the spread of table limits, the volume of bets placed by our players and the amount of time players spend on gambling — thus our actual win rates may differ greatly over short time periods, such as from quarter to quarter, and could cause our quarterly results to be volatile. Each of these factors, alone or in combination, have the potential to negatively impact our win rates, and our business, financial condition and results of operations could be materially and adversely affected.

Our gaming business is subject to the risk of cheating and counterfeiting.

All gaming activities at our table games are conducted exclusively with gaming chips which, like real currency, are subject to the risk of alteration and counterfeiting. We incorporate a variety of security and anti-counterfeit features to detect altered or counterfeit gaming chips. Despite such security features, unauthorized parties may try to copy our gaming chips and introduce, use and cash in altered or counterfeit gaming chips in our gaming areas. Any negative publicity arising from such incidents could also tarnish our reputation and may result in a decline in our business, financial condition and results of operation.

Our existing surveillance and security systems, designed to detect cheating at our casino operations, may not be able to detect all such cheating in time or at all, particularly if patrons collude with our employees. In addition, our gaming promoters or other persons could, without our knowledge, enter into betting arrangements directly with our casino patrons on the outcomes of our games of chance, thus depriving us of revenues.

Our operations are reviewed to detect and prevent cheating. Each game has a theoretical win rate and statistics are examined with these in mind. Cheating may give rise to negative publicity and such action may materially affect our business, financial condition, operations and cash flows.

We are exposed to certain risks in respect of the industry and business activities that MCP operated in prior to our acquisition.

Prior to our acquisition of the majority share interest in MCP, it was primarily engaged in the manufacturing and processing of pharmaceutical products. The pharmaceuticals industry is subject to strict regulation in the Philippines and abroad, particularly with respect to, among others, product liability for defective pharmaceutical products. There can be no assurance that we will not be involved in, or subject to claims, allegations or suits with respect to, MCP's previous activities in the pharmaceutical industry, which may not be covered by any related insurance policies or indemnity fully or at all. Any such claims, allegations or suits could have a material adverse effect on our business, financial condition, results of operations and cash flows.

Because we currently depend upon our properties in Macau for all of our cash flow, we will be subject to greater risks than a gaming company that operates in more than one market.

We are and will be primarily dependent upon City of Dreams, Altira Macau and Mocha Clubs for our cash flow. Following construction and commencement of operations, Studio City and the Philippines Project will also contribute to cash flows. Our current operations are and are expected to be, in the near term, conducted only at properties in Macau, so we will be subject to greater risks than a gaming company with operating properties in several markets. These risks include:

- dependence on the gaming and leisure market in Macau and limited diversification of our businesses and sources of revenues;

- a decline in economic, competitive and political conditions in Macau or generally in Asia;
- inaccessibility to Macau due to inclement weather, road construction or closure of primary access routes;
- a decline in air or ferry passenger traffic to Macau due to higher ticket costs, fears concerning travel or otherwise;
- travel restrictions to Macau imposed now or in the future by China;
- changes in Macau governmental laws and regulations, or interpretations thereof, including gaming laws and regulations;
- natural and other disasters, including typhoons, outbreaks of infectious diseases or terrorism, affecting Macau;
- that the number of visitors to Macau does not increase at the rate that we have expected;
- relaxation of regulations on gaming laws in other regional economies that would compete with the Macau market; and
- a decrease in gaming activities at our properties.

Any of these conditions or events could have a material adverse effect on our business, cash flows, financial condition, results of operations and prospects.

Terrorism and the uncertainty of war, economic downturns and other factors affecting discretionary consumer spending and leisure travel may reduce visitation to Macau and harm our operating results.

The strength and profitability of our business depends on consumer demand for casino resorts and leisure travel in general. Changes in Asian consumer preferences or discretionary consumer spending could harm our business. Terrorist acts could have a negative impact on international travel and leisure expenditures, including lodging, gaming and tourism. We cannot predict the extent to which future terrorist acts may affect us, directly or indirectly. In addition to fears of war and future acts of terrorism, other factors affecting discretionary consumer spending, including general economic conditions, amounts of disposable consumer income, fears of recession and lack of consumer confidence in the economy, may negatively impact our business. Consumer demand for hotel, casino resorts and the type of luxury amenities we currently offer and plan to offer in the future are highly sensitive to downturns in the economy. An extended period of reduced discretionary spending and/or disruptions or declines in airline travel could significantly harm our operations.

An outbreak of the highly pathogenic avian influenza caused by the H5N1 virus (avian flu or bird flu), Severe Acute Respiratory Syndrome, or SARS, or H1N1 virus (swine flu) or other contagious disease may have an adverse effect on the economies of certain Asian countries and may adversely affect our results of operations.

During 2004, large parts of Asia experienced unprecedented outbreaks of avian flu which, according to a report of the World Health Organization, or WHO, in 2004, placed the world at risk of an influenza pandemic with high mortality and social and economic disruption. As of February 15, 2013, the WHO has confirmed a total of 367 fatalities in a total number of 620 cases reported to the WHO, which only reports laboratory confirmed cases of avian flu since 2003. In particular, Guangdong Province, PRC, which is located across the Zhuhai Border from Macau, has confirmed several cases of avian flu. Fully effective avian flu vaccines have not been developed and there is evidence that the H5N1 virus is constantly evolving so there can be no assurance that an effective vaccine can be discovered or commercially manufactured in time to protect

against the potential avian flu pandemic. In the first half of 2003, certain countries in Asia experienced an outbreak of SARS, a highly contagious form of atypical pneumonia, which seriously interrupted economic activities and caused the demand for goods and services to plummet in the affected regions.

The Influenza A (H1N1) virus is believed to be highly contagious and may not be easily contained. There can be no assurance that an outbreak of avian flu, SARS, H1N1 (swine flu) or other contagious disease or the measures taken by the governments of affected countries against such potential outbreaks, will not seriously interrupt our gaming operations. The perception that an outbreak of avian flu, SARS or other contagious disease may occur again may also have an adverse effect on the economic conditions of countries in Asia.

Our gaming operations could be adversely affected by restrictions on the export of the Renminbi and limitations of the Pataca exchange markets.

Gaming operators in Macau are currently prohibited from accepting wagers in Renminbi, the currency of China. There are currently restrictions on the export of the Renminbi outside of mainland China, including to Macau. For example, Chinese traveling abroad are only allowed to take a total of RMB20,000 plus the equivalent of up to US$5,000 out of China. Restrictions on the export of the Renminbi may impede the flow of gaming customers from China to Macau, inhibit the growth of gaming in Macau and negatively impact our operations. Our revenues in Macau are denominated in H.K. dollars and Patacas, the legal currency of Macau. Any depegging may result in volatile fluctuations in the exchange rates for these currencies.

The currency market for Patacas is relatively small and undeveloped and therefore our ability to convert large amounts of Patacas into U.S. dollars over a relatively short period of time may be limited. As a result, we may experience difficulty in converting Patacas into U.S. dollars, which could hinder our ability to service a portion of our indebtedness and certain expenses denominated in U.S. dollars.

Unfavorable fluctuations in the currency exchange rates of the H.K. dollar, U.S. dollar or Pataca, and other risks related to foreign exchange and currencies, could adversely affect our indebtedness, expenses, profitability and financial condition.

Our exposure to foreign exchange rate risk is associated with the currency of our operations and our indebtedness and as a result of the presentation of our financial statements in U.S. dollars. The majority of our revenues are denominated in H.K. dollars, given the H.K. dollar is the predominant currency used in gaming transactions in Macau and is often used interchangeably with the Pataca in Macau. However, our expenses will be denominated predominantly in Patacas. We also have subsidiaries, branch offices and assets in various countries, including the Philippines and Taiwan, which are subject to foreign exchange fluctuations and local regulations that may impose, among others, limitations, restrictions or approval requirements on conversions and/or repatriation of foreign currencies. In addition, a significant portion of our indebtedness, after giving effect to the issuance of the 2010 Senior Notes, 2013 Senior Notes and Studio City Notes, and certain expenses, are denominated in U.S. dollars, and the costs associated with servicing and repaying such debt will be denominated in U.S. dollars.

The value of the H.K. dollar and Patacas against the U.S. dollar may fluctuate and may be affected by, among other things, changes in political and economic conditions. While the H.K. dollar is pegged within a narrow range to the U.S. dollar and the Pataca is in turn pegged to the H.K. dollar and the exchange rates between these currencies has remained relatively stable over the past several years, we cannot assure you that the current peg or linkages between the U.S. dollar, H.K. dollar and Pataca will not be broken or modified and subjected to fluctuation. Any significant fluctuations in the exchange rates between H.K. dollars or Patacas to U.S. dollars may have a material adverse effect on our revenues and financial condition. For example, to the extent that we are required to convert U.S. dollar financings into H.K. dollars or Patacas for our operations, fluctuations in the exchange rates between H.K. dollars or Patacas against the U.S. dollar could have an adverse effect on the amounts we receive from the conversion.

While we maintain a certain amount of our operating funds in the same currencies in which we have obligations to reduce our exposure to currency fluctuations, we have not engaged in hedging transactions with respect to foreign exchange exposure of our revenues and expenses in our day-to-day operations during the years ended December 31, 2012 and 2011. In addition, we may face regulatory, legal and other risks in connection with our assets and operations in certain jurisdictions that may impose limitations, restrictions or approval requirements on conversions and/or repatriation of foreign currencies. We will consider our overall procedure for managing our foreign exchange risk from time to time, but we cannot assure you that any such procedures will enable us to obtain and achieve effective hedging of our foreign exchange risk, which could materially and adversely affect our financial condition and operating results.

We may undertake mergers, acquisitions or strategic transactions that could result in operating difficulties and distraction from our current business and subject us to regulatory and legal inquiries and proceedings.

We have made, and may in the future make, acquisitions and investments in companies or projects to expand or complement our existing operations. From time to time, we engage in discussions and negotiations with companies regarding acquisitions or investments in such companies or projects. We may, from time to time, receive inquiries from regulatory and legal authorities and become subject to regulatory and legal proceedings in connection with such acquisitions and investments in companies or projects. In addition, if we acquire or invest in another company or project, the integration process following the completion of such acquisition may prove more difficult than anticipated. We may be subject to liabilities or claims that we are not aware of at the time of the investment or acquisition, and we may not realize the benefits anticipated at the time of the investment or acquisition. These difficulties could disrupt our ongoing business, distract our management and employees, increase our expenses and liabilities and adversely affect our business, financial condition and operating results. Even if we do identify suitable opportunities, we may not be able to make such acquisitions or investments on commercially acceptable terms or adequate financing may not be available on commercially acceptable terms, if at all, and we may not be able to consummate a proposed acquisition or investment.

We are subject to risks relating to litigation, disputes and regulatory investigations which may adversely affect our profitability and financial condition.

We are, and may be in the future, subject to legal actions, disputes and regulatory investigations in the ordinary course of our business. We are also subject to risks relating to legal and regulatory proceedings and investigations which we or our affiliates may be a party to from time to time, or which could develop in the future. Our reputation may be adversely affected by our involvement or the involvement of our affiliates in litigation and regulatory proceedings. In addition, we and our affiliates operate in a number of jurisdictions in which regulatory and government authorities have a wide discretion to take procedural actions in support of their investigations and regulatory proceedings, including seizures and freezing of assets and other properties that are perceived to be connected or related to such investigations or regulatory proceedings. Given such wide discretion, regulatory or government authorities may take procedural actions that may affect our assets and properties in connection with any investigation or legal or regulatory proceeding involving us or any of our affiliates, which may materially affect our business, financial condition or results of operations.

In addition, if we are unsuccessful in defending one of our subsidiary against certain claims alleging that it received misappropriated or misapplied funds, this may require further improvements to our existing anti-money laundering procedures, systems and controls and our business operations may be subject to greater scrutiny from relevant regulatory authorities, all of which may increase our compliance costs. No assurance can be provided that any provisions we have made for such matters will be sufficient. Litigation and regulatory proceedings and investigation are inherently unpredictable and our results of operations or cash flows may be adversely affected by an unfavorable resolution of any pending or future litigation, disputes and regulatory investigation.

We extend credit to a portion of our customers, and we may not be able to collect gaming receivables from our credit customers.

We conduct, and expect to continue to conduct, our table gaming activities at our casinos on a credit basis as well as a cash basis. As is common practice in Macau, we grant credit to our gaming promoters and certain of our premium direct players. The gaming promoters bear the responsibility for issuing to, and subsequently collecting credit, from their players. This credit is often unsecured, as is customary in our industry. High-end patrons typically are extended more credit than patrons who wager lower amounts.

We may not be able to collect all of our gaming receivables from our credit customers. We expect that we will be able to enforce our gaming receivables only in a limited number of jurisdictions, including Macau and under certain circumstances, Hong Kong. As most of our gaming customers are visitors from other jurisdictions, principally Hong Kong and China, we may not have access to a forum in which we will be able to collect all of our gaming receivables because, among other reasons, courts of many jurisdictions, including China, do not enforce gaming debts. Further, we may be unable to locate assets in other jurisdictions against which to seek recovery of gaming debts. The collectability of receivables from international customers could be negatively affected by future business or economic trends or by significant events in the countries in which these customers reside. We may also in given cases have to determine whether aggressive enforcement actions against a customer will unduly alienate the customer and cause the customer to cease playing at our casinos. We could suffer a material adverse impact on our operating results if receivables from our credit customers are deemed uncollectible. In addition, in the event a patron has been extended credit and has lost back to us the amount borrowed and the receivable from that patron is deemed uncollectible, Macau gaming tax will still be payable on the resulting gaming revenues, notwithstanding our uncollectible receivable. An estimated allowance for doubtful debts is maintained to reduce our receivables to their carrying amounts, which approximate fair values.

The current credit environment may limit availability of credit to gaming patrons and may negatively impact our revenues.

We conduct our table gaming activities at our casinos on a credit basis as well as a cash basis and our gaming promoters conduct their operations by extending credit to gaming patrons. The general economic downturn and turmoil in the financial markets have placed broad limitations on the availability of credit from credit sources as well as lengthening the recovery cycle of extended credit. Any severe contraction of liquidity in the global credit markets may make it difficult and costly to obtain new lines of credit or to refinance existing debt. Our business and financing plans may be dependent upon completion of future financings. If the credit environment worsens, it may be difficult to obtain any additional financing on acceptable terms, which could adversely affect our ability to complete development projects. Continued tightening of liquidity conditions in credit markets may constrain revenue generation and growth and could have a material adverse effect on our business, financial condition and results of operations.

Our business may face a higher level of volatility due to the current weighting of rolling chip in our revenues base.

A substantial proportion of our casino revenues is generated from the rolling chip segment of the gaming market. The revenues generated from the rolling chip segment of the gaming market are acutely volatile primarily due to high bets, and the resulting high winnings and losses. As a result, our business and results of operations and cash flows from operations may be more volatile from quarter to quarter than that of our competitors and may require higher levels of cage cash in reserve to manage this volatility.

We depend upon gaming promoters for a portion of our gaming revenues and if we are unable to establish, maintain and increase the number of successful relationships with gaming promoters, our ability to attract rolling chip patrons may be adversely affected.

Gaming promoters, who organize tours for rolling chip patrons to casinos in Macau, are responsible for a portion of our gaming revenues in Macau. With the rise in casino operations in Macau, the competition for

relationships with gaming promoters has increased. As of December 31, 2012, we had agreements in place with approximately 107 gaming promoters. If we are unable to utilize and develop relationships with gaming promoters, our ability to grow our gaming revenues will be hampered and we will have to seek alternative ways to develop and maintain relationships with rolling chip patrons, which may not be as profitable as relationships developed through gaming promoters. As competition intensifies we may therefore need to offer better terms of business to gaming promoters, including extensions of credit, which may increase our overall credit exposure. If our gaming promoters are not able to maintain relationships with patrons, our ability to maintain or grow casino revenues may be adversely affected.

We are impacted by the reputation and integrity of the parties with whom we engage in business activities and we cannot assure you that these parties will always maintain high standards or suitability throughout the term of our association with them. Failure to maintain such high standards or suitability may cause us and our shareholders to suffer harm to our own and the shareholders' reputation, as well as impaired relationships with, and possibly sanctions from, gaming regulators.

The reputation and integrity of the parties with whom we engage in business activities, in particular those who are engaged in gaming related activities, such as gaming promoters, and developers and hotel operators that do not hold concessions or subconcessions and with which we have or may enter into services agreements, are important to our own reputation and to Melco Crown Macau's ability to continue to operate in compliance with its subconcession. Under Macau Law no. 16/2001, or the Macau Gaming Law, Melco Crown Macau has an obligation to supervise its gaming promoters to ensure compliance with applicable laws and regulations and serious breaches or repeated misconduct by its gaming promoters could result in the termination of its subconcession. For parties we deal with in gaming related activities, where relevant, the gaming regulators undertake their own probity checks and will reach their own suitability findings in respect of the activities and parties which we intend to associate with. In addition, we also conduct our internal due diligence and evaluation process prior to engaging such parties. Notwithstanding such regulatory probity checks and our own due diligence, we cannot assure you that the parties with whom we are associated will always maintain the high standards that gaming regulators and we require or that such parties will maintain their suitability throughout the term of our association with them. If we were to deal with any party whose probity was in doubt, this may reflect negatively on our own probity when assessed by the gaming regulators. Also, if a party associated with us falls below the gaming regulators' suitability standards, we and our shareholders may suffer harm to our and the shareholders' reputation, as well as impaired relationships with, and possibly sanctions from, gaming regulators with authority over our operations.

In particular, the reputations of the gaming promoters we deal with are important to our own reputation and Melco Crown Macau's ability to continue to operate in compliance with its subconcession. While we endeavor to ensure high standards of probity and integrity in the gaming promoters with whom we are associated, we cannot assure you that the gaming promoters with whom we are associated will always maintain such high standards. If we were to deal with a gaming promoter whose probity was in doubt or who failed to operate in compliance with Macau law consistently, this may be considered by regulators or investors to reflect negatively on our own probity and compliance records. If a gaming promoter falls below our standards of probity, integrity and legal compliance, we and our shareholders may suffer harm to our or their reputation, as well as worsened relationships with, and possibly sanctions from, gaming and other regulators with authority over our operations or us.

Any violation of the FCPA could have a negative impact on us.

We are subject to regulations imposed by the U.S. Foreign Corrupt Practices Act, or FCPA, and other anti-corruption laws which if violated may result in severe criminal and civil sanctions as well as other penalties. There has been a general increase in FCPA enforcement activity in recent years by the SEC and U.S. Department of Justice. Both the number of FCPA cases and sanctions imposed have risen dramatically. We have in place an ongoing FCPA compliance program which includes internal policies, procedures and training aimed to prevent and detect compliance issues and risks with these laws. However, we cannot assure you that our employees,

contractors and agents will continually adhere to our compliance programs. Should they not follow our programs, we could be subject to investigations, prosecutions and other legal proceedings and actions which could result in civil penalties, administrative remedies and criminal sanctions, any of which may result in a material adverse effect on our financial condition. As a U.S. listed company with gaming operations in Macau, compliance with U.S. laws and regulations that apply to our operations increases our cost of doing business. We also deal in significant amounts of cash in our operations and are subject to various reporting and anti-money laundering regulations. Any violation of anti-money laundering laws or regulations by us could have a negative effect on our results of operations.

A failure to establish and protect our intellectual property rights could have an adverse effect on our business, financial condition and results of operations.

We have registered the trademarks "Altira," "Mocha Club," "City of Dreams" and "Melco Crown Entertainment" in Macau and other jurisdictions. We have also registered in Macau and other jurisdictions certain other trademarks and service marks used in connection with the operations of our hotel casino projects in Macau. We endeavor to establish and protect our intellectual property rights and our goods and services through trademarks and service marks, domain names, licenses and other contractual provisions. The brands we use in connection with our properties are beginning to gain recognition. Failure to possess, obtain or maintain adequate protection of our intellectual property rights could negatively impact the development of our brands and have a material adverse effect on our business, financial condition and results of operations. For example, if a third party claims we have infringed, currently infringe, or could in the future infringe its intellectual property rights, we may need to cease use of such intellectual property or incur substantial expenses to defend ourselves against such allegations, or if third parties misappropriate or infringe our intellectual property, we may need to take steps to protect our intellectual property that may result in substantial expenses, all of which may adversely affect our business, financial condition and results of operations.

The possible infringement of key intellectual property to be used in our business, the dissemination of proprietary information used in our business or the infringement or alleged infringement of intellectual property rights belonging to third parties could adversely affect our business.

Our branding and marketing strategy for Studio City has not been finalized and remains subject to change and further internal review. Once such strategy is finalized, we intend to own or obtain licenses for brands, trademarks and other key intellectual property to be used in our business. We intend to take steps to safeguard this intellectual property from infringement by third parties, such as prosecuting trademark and copyright violations, if and when necessary, and having our employees and/or employees of Melco Crown Macau or its affiliates or its designees that have access to the customer database sign confidentiality agreements. Despite such measures, we cannot assure you that we will be successful in defending against the infringement of intellectual property to be used in our business or that any proprietary information to be used in our business will not be disseminated to our competitors, which could have an adverse effect on our future results of operations.

We face the potential risk of claims that we have infringed intellectual property rights of third parties, which could be expensive and time-consuming to defend, cause us to cease using certain intellectual property rights or selling certain products or services, result in their being required to pay significant damages or to enter into costly royalty or licensing agreements, which may not be available at all, in order to obtain the right to use intellectual property rights of a third party, any of which could have a negative impact on the development and operations of Studio City and harm our business and future prospects. Furthermore, if litigation were to result from such claims, our business could be interrupted and our financial condition may be adversely affected.

While our branding strategy has not yet been finalized, we have registered a number of trademarks in Macau and Hong Kong (including the "Where Cotai Begins" trademark), which may ultimately be used as a component of our branding strategy. Where possible, we intend to continue to register trademarks as we develop, review and implement our branding strategy for Studio City. However, our current and any future trademarks are

subject to expiration and we cannot guarantee that we will be able to renew all of them upon expiration. Our inability to renew the registration of certain trademarks and the loss of such trademarks could have an adverse effect on our business and prospects, financial condition, results of operations and cash flows.

The audit report included in this annual report has been prepared by auditors whose work may not be inspected fully by the Public Company Accounting Oversight Board and, as such, you may be deprived of the benefits of such inspection.

Deloitte Touche Tohmatsu, our independent registered public accounting firm that issues the audit reports included in our annual reports filed with the SEC, as an auditor of companies that are traded publicly in the United States and a firm registered with the Public Company Accounting Oversight Board (United States), or the PCAOB, is required by the laws of the United States to undergo regular inspections by the PCAOB to assess its compliance with the laws of the United States and professional standards.

While we have offices in both Hong Kong and Macau and a substantial part of our operations is located in Macau, we do not have substantial operations within mainland China (outside of Hong Kong and Macau). The work of our auditor in Hong Kong has been subject to PCAOB review in the past. However, because many of our auditor's other clients have substantial operations within mainland China, and the PCAOB has been unable to complete inspections of the work of our auditor as it relates to those operations within mainland China without the approval of the Chinese authorities, our auditor is not currently inspected fully by the PCAOB.

Inspections of other firms that the PCAOB has conducted outside mainland China have identified deficiencies in those firms' audit procedures and quality control procedures, which may be addressed as part of the inspection process to improve future audit quality. The lack of PCAOB inspections in mainland China prevents the PCAOB from regularly evaluating our auditor's audit procedures and quality control procedures as they relate to their work in mainland China. As a result, investors may be deprived of the benefits of such regular inspections.

The inability of the PCAOB to conduct full inspections of auditors in mainland China makes it more difficult to evaluate the effectiveness of our auditor's audit procedures or quality control procedures as compared to auditors who primarily work in jurisdictions where PCAOB has full inspection access. Investors may lose confidence in our reported financial information and the quality of our financial statements.

Risks Relating to the Gaming Industry in Macau

We face intense competition in Macau and elsewhere in Asia. We may not be able to compete successfully and may lose or be unable to gain market share.

The hotel, resort and casino businesses are highly competitive. Our competitors in Macau and elsewhere in Asia include many of the largest gaming, hospitality, leisure and resort companies in the world. Some of these current and future competitors are larger than we are and may have more diversified resources and greater access to capital to support their developments and operations in Macau and elsewhere. In particular, some of our competitors have announced intentions for further expansion and developments in Cotai, where City of Dreams is, and Studio City will be, located. For example, Galaxy opened Galaxy Macau Resort in Cotai in May 2011 and Sands China Ltd., a subsidiary of Las Vegas Sands Corporation, opened Sands Cotai Central in Cotai in April 2012. Galaxy, Wynn Macau, MGM Grand Paradise, SJM and Venetian Macau have each announced plans, and in some cases, begun the construction, to build additional projects in Cotai. See "Item 4. Information on the Company – B. Business Overview — Market and Competition."

We also compete to some extent with casinos located in other countries, such as Malaysia, Singapore, North Korea, South Korea, the Philippines, Cambodia, Australia, New Zealand, Vietnam and elsewhere in the

world, including Las Vegas and Atlantic City in the United States. In addition, certain countries, such as Japan, Taiwan and Thailand may in the future legalize casino gaming. We also compete with cruise ships operating out of Hong Kong and other areas of Asia that offer gaming. The proliferation of gaming venues in Southeast Asia could also significantly and adversely affect our business, financial condition, results of operations, cash flows and prospects.

Currently, Macau is the only region in Greater China offering legal casino gaming. Although the Chinese government has strictly enforced its regulations prohibiting domestic gaming operations, there may be casinos in parts of mainland China that are operated illegally and without licenses. Competition from illegal casinos in mainland China could adversely affect our business, financial condition, results of operations and prospects.

Our regional competitors also include Crown's Crown Melbourne in Melbourne, Australia and Crown Perth in Perth, Australia and other casino resorts that Melco and Crown may develop elsewhere in Asia outside Macau. Melco and Crown may develop different interests and strategies for projects in Asia under their joint venture which conflict with the interests of our business in Macau or otherwise compete with us for Asian gaming and leisure customers. See "— Risks Relating to Our Corporate Structure and Ownership."

The Macau government could grant additional rights to conduct gaming in the future, which could significantly increase competition in Macau and cause us to lose or be unable to gain market share.

Melco Crown Macau is one of six companies authorized by the Macau government to operate gaming activities in Macau. Pursuant to the terms of Macau Law No. 16/2001, or the Macau Gaming Law, the Macau government is precluded from granting more than three gaming concessions. The Macau government has announced that until further assessment of the economic situation in Macau there will not be any increase in the number of concessions or subconcessions. However, the policies and laws of the Macau government could change and the Macau government could grant additional concessions or subconcessions, and we could face additional competition which could significantly increase the competition in Macau and cause us to lose or be unable to maintain or gain market share.

Gaming is a highly regulated industry in Macau and adverse changes or developments in gaming laws or regulations could be difficult to comply with or significantly increase our costs, which could cause our projects to be unsuccessful.

Gaming is a highly regulated industry in Macau. Current laws, such as licensing requirements, tax rates and other regulatory obligations, including those for anti-money laundering, could change or become more stringent resulting in additional regulations being imposed upon the gaming operations in the Altira Macau casino, the City of Dreams casinos, the Mocha Clubs and other future projects including our Studio City project and any other locations we may operate from time to time. Any such adverse developments in the regulation of the gaming industry could be difficult to comply with and could significantly increase our costs, which could cause our projects to be unsuccessful.

Also, the Macau government recently approved smoking control legislation, which has prohibited smoking in casinos since January 1, 2013. The legislation, however, permits casinos to maintain designated smoking areas of up to 50% of the areas opened to the public, which must comply with the conditions set out in a Dispatch of the Chief Executive, which came into effect on November 1, 2012. On December 30, 2012, the Chief Executive of the Macau SAR authorized the setting of designated smoking areas in thirteen gaming venues being operated by Melco Crown Macau including Altira Macau, City of Dreams, and various Mocha Clubs. Each of the designated smoking areas represents less than 50% of the areas opened to the public.

The implementation of such legislation may deter potential gaming patrons who are smokers from frequenting casinos in Macau, which could adversely affect our business, results of operations and financial condition. See "Item 4. Information on the Company — B. Business Overview — Regulations."

On August 20, 2012, the Macau government enacted legislation, which came into effect on November 1, 2012, under which the minimum age required for entrance into casinos in Macau was raised from 18 to 21 years of age. The legislation did not affect the employees under 21 years of age who were already employed when the new law came into effect and had maintained their positions. In addition, the director of the DICJ may authorize employees under 21 years of age to temporarily enter casinos after considering their special technical qualifications.

According to the DICJ, the number of gaming tables in Macau as of December 31, 2012, was 5,485. In March 2010, the Macau government announced that the number of gaming tables operating in Macau may not exceed 5,500, until the end of the first quarter of 2013. On September 19, 2011, the Secretary for Economy and Finance of the Macau government announced that for a period of 10 years thereafter, the total number of gaming tables to be authorized in Macau will be limited to an average annual increase of 3%. This restriction may adversely affect the future expansion of our business. The Macau government has further stated that the allocation of tables over this ten year period does not need to be uniform and tables may be pre-allocated to new properties in Macau. These restrictions are not legislated or enacted into statutes or ordinances and as such different policies, including on the annual increase rate in the number of gaming tables, may be adopted at any time by the relevant Macau government authorities.

Also, the Macau government enacted an Administrative Regulation which came into effect on November 27, 2012, pursuant to which slot machine lounges, such as our Mocha Clubs, may only be installed: (i) in hotels classified with at least five stars; (ii) properties entirely allocated to non-residential purposes and located within less than 500 meters of an authorized hotel-casino; or (iii) in commercial and leisure complexes, of relevant touristic interest, not inserted in a densely populated area. Under this regulation, the Macau government should take the necessary measures to enable existing slot lounges to comply with the applicable requirements until November 27, 2013. We have been requested by the Macau government to close three of our Mocha Clubs, namely, Mocha Lan Kwai Fong, Mocha Marina Plaza and Mocha Hotel Taipa Best Western, by November 26, 2013 in compliance with this regulation. Melco Crown Macau intends to comply with such request and instruction as well as any other request or instruction by the Macau government in this respect and promptly identify suitable locations for the relevant Mocha Clubs to be relocated, in compliance with the regulation. Moreover, this regulation may limit our ability to find new sites in the future.

Further, we are subject to data privacy legislation such as the Personal Data Protection Act of Macau. Our business requires the collection and retention of customer data, including credit card numbers and other personally identifiable information of our customers. We are also required under applicable law to collect and retain personal data in respect of our employees. While we believe that our system and practices are adequate to meet applicable legal and regulatory requirements in Macau with regard to the collection, retention and processing of personal data, our information technology system may be unable to satisfy changing regulatory requirements, or may require additional investments or time in order to do so. In addition, our information technology system and records may be subject to security breaches, system failures, viruses, operator error or inadvertent releases of personal data. A significant loss, theft or fraudulent use of personal data maintained by us or other any breach by us of the Personal Data Protection Act of Macau could adversely affect our reputation and could result in criminal or administrative penalties, in addition to any civil liability and other expenses.

Current Macau laws and regulations concerning gaming and gaming concessions and matters such as prevention of money laundering are, for the most part, fairly recent and there is little precedent on the interpretation of these laws and regulations. These laws and regulations are complex and a court or an administrative or regulatory body may in the future render an interpretation of these laws and regulations or issue new or modified regulations that differ from our interpretation, which could have a material adverse effect on our financial condition, results of operations or cash flows.

Our activities in Macau are subject to administrative review and approval by various agencies of the Macau government. For example, our activities are subject to the administrative review and approval by the

DICJ, the Health Bureau, the Labor Affairs Bureau, the Land, Public Works and Transport Bureau, Fire Department, the Finance Department and the Macau Government Tourism Office. We cannot assure you that we will be able to obtain all necessary approvals, which may materially affect our business and operations. Macau law permits redress to the courts with respect to administrative actions. However, such redress is largely untested in relation to gaming regulatory issues.

The harshest penalty that may be imposed on us for failure to comply with the complex legal and regulatory regime in Macau is revocation of the subconcession. Under the subconcession, the Macau government has the right to unilaterally terminate the subconcession in the event of non-compliance by Melco Crown Macau with its basic obligations under the subconcession and applicable Macau laws. If such a termination were to occur, Melco Crown Macau would be unable to operate casino gaming in Macau. We would also be unable to recover the US$900 million consideration paid to Wynn Macau for the issue of the subconcession. For a list of termination events, please see "Item 4. Information on the Company — B. Business Overview — Regulations — The Subconcession — The Subconcession Contract." These events could lead to the termination of Melco Crown Macau's subconcession without compensation to Melco Crown Macau. In many of these instances, the Subconcession Contract does not provide a specific cure period within which any such events may be cured and, instead, we would rely on consultations and negotiations with the Macau government to remedy any such violation.

Based on information from the Macau government, proposed amendments to the legislation with regard to reversion of casino premises are being considered. We expect that if such amendments take effect, on the expiry or any termination of Melco Crown Macau's subconcession, unless Melco Crown Macau's subconcession were extended, only that portion of casino premises within our developments as then designated with the approval of the Macau government, including all gaming equipment, would revert to the Macau government automatically without compensation to us. Until such amendments come into effect, all of our casino premises and gaming equipment would revert automatically without compensation to us.

The Subconcession Contract contains various general covenants, obligations and other provisions as to which the determination of compliance is subjective. For example, compliance with general and special duties of cooperation, special duties of information, and with obligations foreseen for the execution of our investment plan may be subjective. We cannot assure you that we will perform such covenants in a way that satisfies the requirements of the Macau government and, accordingly, we will be dependent on our continuing communications and good faith negotiations with the Macau government to ensure that we are performing our obligations under the subconcession in a manner that would avoid any violations.

Under Melco Crown Macau's subconcession, the Macau government is allowed to request various changes in the plans and specifications of our Macau properties and to make various other decisions and determinations that may be binding on us. For example, the Chief Executive of the Macau SAR has the right to require that we increase Melco Crown Macau's share capital or that we provide certain deposits or other guarantees of performance with respect to the obligations of our Macau subsidiaries in any amount determined by the Macau government to be necessary. Melco Crown Macau is limited in its ability to raise additional capital by the need to first obtain the approval of the Macau governmental authorities before raising certain debt or equity. Melco Crown Macau's ability to incur debt or raise equity may also be restricted by our existing and any future loan facilities. As a result, we cannot assure you that we will be able to comply with these requirements or any other requirements of the Macau government or with the other requirements and obligations imposed by the subconcession.

Furthermore, pursuant to the Subconcession Contract, we are obligated to comply not only with the terms of that agreement, but also with laws, regulations, rulings and orders that the Macau government might promulgate in the future. We cannot assure you that we will be able to comply with any such laws, regulations, rulings or orders or that any such laws, regulations, rulings or orders would not adversely affect our ability to construct or operate our Macau properties. If any disagreement arises between us and the Macau government

regarding the interpretation of, or our compliance with, a provision of the Subconcession Contract, we will be relying on the consultation and negotiation process with the applicable Macau governmental agency described above. During any such consultation, however, we will be obligated to comply with the terms of the Subconcession Contract as interpreted by the Macau government.

Melco Crown Macau's failure to comply with the terms of its subconcession in a manner satisfactory to the Macau government could result in the termination of its subconcession. We cannot assure you that Melco Crown Macau would always be able to operate gaming activities in a manner satisfactory to the Macau government. The loss of its subconcession would prohibit Melco Crown Macau from conducting gaming operations in Macau, which would have a material adverse effect on our financial condition, results of operations and cash flows and could result in defaults under our indebtedness agreements and a partial or complete loss of our investments in our projects.

Currently, there is no precedent on how the Macau government will treat the termination of a concession or subconcession upon the occurrence of any of the circumstances mentioned above. Some of the laws and regulations summarized above have not yet been applied by the Macau government. Therefore, the scope and enforcement of the provisions of Macau's gaming regulatory system cannot be fully assessed at this time.

Melco Crown Macau's Subconcession Contract expires in 2022 and if we were unable to secure an extension of its subconcession in 2022 or if the Macau government were to exercise its redemption right in 2017, we would be unable to operate casino gaming in Macau.

The Subconcession Contract expires on June 26, 2022. Unless it is extended beyond this date or legislation on reversion of casino premises is amended, all of our casino premises and gaming related equipment under Melco Crown Macau's subconcession will automatically be transferred to the Macau government without compensation and we will cease to generate revenues from such operations. Under the Subconcession Contract, beginning in 2017, the Macau government has the right to redeem the Subconcession Contract by providing us with at least one year's prior notice. In the event the Macau government exercises this redemption right, we would be entitled to fair compensation or indemnity. The standards for the calculation of the amount of such compensation or indemnity would be determined based on the gross revenues generated by City of Dreams during the tax year immediately prior to the redemption, multiplied by the remaining term of the subconcession. We would not receive any further compensation (including for consideration paid to Wynn Macau for the subconcession). We cannot assure you that Melco Crown Macau would be able to renew or extend the Subconcession Contract on terms favorable to us, or at all. We also cannot assure you that if Melco Crown Macau's subconcession were redeemed, the compensation paid would be adequate to compensate us for the loss of future revenues.

Melco Crown Macau's tax exemption from complementary tax on income from gaming operations under the subconcession tax will expire in 2016, and we may not be able to extend it.

Companies in Macau are subject to complementary tax of up to 12% of taxable income, as defined in relevant tax laws, and gaming revenues are subject to a 35% special gaming tax as well as other levies of 4% under the subconcession contract. The other levies are subject to change on renegotiation of the subconcession contract and as a result of any change in relevant laws. The Macau government granted to Melco Crown Macau the benefit of a corporate tax holiday on gaming income in Macau for five years from 2007 to 2011 and the exemption has been extended for five years from 2012 to 2016. However, we cannot assure you that it will be extended beyond the expiration date.

Visitation to Macau may decline due to increased restrictions on visitations to Macau from citizens of mainland China.

A significant number of our gaming customers come from mainland China. Any travel restrictions imposed by China could disrupt the number of patrons visiting our properties from mainland China. Since mid-2003, under the Individual Visit Scheme, or IVS, mainland Chinese citizens from certain cities have been able to travel to Macau on an individual visa application basis, and did not need to join a tour group which they would have otherwise been required to. In mid-2008, the Chinese government adjusted its IVS visa policy toward Macau and limited the number of visits that some mainland Chinese citizens may make to Macau in a given time period. In addition, in May 2009, China placed certain restrictions on the operations of "below-cost" tour groups that involve low up-front payments and compulsory shopping. It is not known when, or if, policies similar to those implemented previously restricting visitation by mainland Chinese citizens to Macau and Hong Kong, will be put in place and visa policies may be adjusted, without notice, in the future. A decrease in the number of visitors from mainland China may adversely affect our results of operations.

We cannot assure you that anti-money laundering policies that we have implemented, and compliance with applicable anti-money laundering laws, will be effective to prevent our casino operations from being exploited for money laundering purposes.

Macau's free port, offshore financial services and free movements of capital create an environment whereby Macau's casinos could be exploited for money laundering purposes. We have implemented anti-money laundering policies in compliance with all applicable anti-money laundering laws and regulations in Macau. We cannot assure you that any such policies will be effective in preventing our casino operations from being exploited for money laundering purposes, including from jurisdictions outside of Macau. In the normal course of business, we expect to be required by regulatory authorities from Macau and other jurisdictions to attend meetings and interviews from time to time to discuss our operations as they relate to anti-money laundering laws and regulations.

Any incident of money laundering, accusation of money laundering or regulatory investigations into possible money laundering activities involving us, our employees, our gaming promoters or our customers could have a material adverse impact on our reputation, business, cash flows, financial condition, prospects and results of operations. Any serious incident of or repeated violation of laws related to money laundering or any regulatory investigation into money laundering activities may cause a revocation or suspension of the subconcession. For more information regarding Macau's anti-money laundering regulations, see "Item 4. Information on the Company — B. Business Overview — Regulations — Anti-Money Laundering Regulations in Macau."

If Macau's transportation infrastructure does not adequately support the development of Macau's gaming and leisure industry, visitation to Macau may not increase as currently expected, which may adversely affect our projects.

Macau consists of a peninsula and two islands and is connected to China by two border crossings. Macau has an international airport and connections to China and Hong Kong by road, ferry and helicopter. To support Macau's planned future development as a gaming and leisure destination, the frequency of bus, plane and ferry services to Macau will need to increase. While various projects are under development to improve Macau's internal and external transportation links, these projects may not be approved, financed or constructed in time to handle the projected increase in demand for transportation or at all, which could impede the expected increase in visitation to Macau and adversely affect our projects.

Macau is susceptible to extreme weather conditions that may have an adverse impact on our operations.

Macau is susceptible to extreme weather conditions including severe typhoons and heavy rainstorms. Macau consists of a peninsula and two islands off the coast of mainland China. Unfavorable weather conditions

could prevent or discourage guests from traveling to Macau. In the event of a severe typhoon or other natural disaster in Macau, our properties and business may be severely disrupted and our results of operations could be adversely affected.

Risks Relating to Our Corporate Structure and Ownership

Our existing shareholders will have a substantial influence over us, and their interests in our business may be different than yours.

Melco and Crown together own a substantial majority of our outstanding shares, with each beneficially holding approximately 33.65% of our outstanding shares as of April 5, 2013. Melco and Crown have entered into a shareholders deed regarding the voting of their shares of our company under which each agrees to, among other things, vote its shares in favor of three nominees to our board designated by the other. As a result, Melco and Crown, if they act together, will have the power, among other things, to elect directors to our board, including six of ten directors who are designated nominees of Crown and Melco, appoint and change our management, affect our legal and capital structure and our day-to-day operations, approve material mergers, acquisitions, dispositions and other business combinations and approve any other material transactions and financings. These actions may be taken in many cases without the approval of independent directors or other shareholders and the interests of these shareholders may conflict with your interests as minority shareholders.

Business conducted by a collaboration of different corporate groups involves certain risks.

Melco and Crown are our controlling shareholders, with each holding approximately 33.65% of our total shares issued and outstanding as of April 5, 2013. With Melco and Crown being our controlling shareholders, there are special risks associated with the possibility that Melco and Crown may: (i) have economic or business interests or goals that are inconsistent with ours or that are inconsistent with each other's interests or goals, causing disagreement between them or between them and us which harms our business; (ii) have operations and projects elsewhere in Asia that compete with our businesses in Macau and for available resources and management attention within the joint venture group; (iii) take actions contrary to our policies or objectives; (iv) be unable or unwilling to fulfill their obligations under the relevant joint venture or shareholders' deed; or (v) have financial difficulties. In addition, there is no assurance that the laws and regulations relating to foreign investment in Melco's or Crown's governing jurisdictions will not be altered in such a manner as to result in a material adverse effect on our business and operating results.

Melco and Crown may pursue additional casino projects in Asia, which, along with their current operations, may compete with our projects in Macau, which could have material adverse consequences to us and the interests of our minority shareholders.

Melco and Crown may take action to construct and operate new gaming projects located in other countries in the Asian region, which, along with their current operations, may compete with our projects in Macau and could have adverse consequences to us and the interests of our minority shareholders. We could face competition from these other gaming projects. We also face competition from regional competitors, which include Crown Melbourne in Melbourne, Australia and Burswood Entertainment Complex in Perth, Australia. We expect to continue to receive significant support from both Melco and Crown in terms of their local experience, operating skills, international experience and high standards. Should Melco or Crown decide to focus more attention on casino gaming projects located in other areas of Asia that may be expanding or commencing their gaming industries, or should economic conditions or other factors result in a significant decrease in gaming revenues and number of patrons in Macau, Melco or Crown may make strategic decisions to focus on their other projects rather than us, which could adversely affect our growth.

Casinos and integrated gaming resorts are becoming increasingly popular in Asia, giving rise to more opportunities for industry participants and increasing regional competition. We cannot guarantee you that Melco and Crown will make strategic and other decisions which do not adversely affect our business.

Changes in our share ownership, including a change of control of our shares owned collectively by Melco and Crown, could result in our inability to draw loans or cause events of default under our indebtedness, or could require MCE Finance to make an offer to repurchase the 2013 Senior Notes.

The credit facilities entered into pursuant to an amendment agreement dated June 22, 2011, or the 2011 Credit Facilities, include provisions under which we may suffer an event of default or incur an obligation to prepay the facility in full upon the occurrence of a change of control with respect to Melco Crown Macau, or a decline in the aggregate indirect holdings of Melco Crown Macau shares by Melco and Crown, below certain thresholds which is accompanied by a ratings decline. Under the terms of the 2013 Senior Notes, a change of control in connection with a decrease of the indirect holdings of Melco Crown Macau shares by Melco and Crown below certain thresholds accompanied by a ratings decline will trigger a change of control, which would require MCE Finance to offer to repurchase the 2013 Senior Notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest, additional amounts and liquidated damages, if any, to the date of redemption. Any occurrence of these events could be outside our control and could result in defaults and cross-defaults which cause the termination and acceleration of up to all of our credit facilities, the 2013 Senior Notes and potential enforcement of remedies by our lenders, which would have a material adverse effect on our financial condition and results of operations.

Crown's investment in our company is subject to regulatory review in several jurisdictions and if regulators in those jurisdictions were to find that we, Crown or Melco failed to comply with certain regulatory requirements and standards, Crown may be required to withdraw from the joint venture.

Crown wholly owns and operates Crown Melbourne in Melbourne, Australia and Crown Perth in Perth, Australia. Crown also fully owns and operates the Aspinalls Club in London. In addition, Crown owns a portfolio of gaming investments that have been accumulated to complement Crown's existing core business.

In all jurisdictions in which Crown, or any of its wholly owned subsidiaries, holds a gaming license or Crown has a significant investment in a company which holds gaming licenses, gaming regulators are empowered to investigate associates, including business associates of Crown, such as us, to determine whether the associate is of good repute and of sound financial resources. If, as a result of such investigation, the relevant gaming regulator determines that, by reason of its association, Crown has ceased to be suitable to hold a gaming license or to hold a substantial investment in the holder of a gaming license then the relevant gaming regulator may direct Crown to terminate its association or risk losing its gaming license or approval to invest in the holder of a gaming license in the relevant jurisdiction.

If actions by us or our subsidiaries or by Melco or Crown fail to comply with the regulatory requirements and standards of the jurisdictions in which Crown owns or operates casinos or in which companies in which Crown holds a substantial investment own or operate casinos or if there are changes in gaming laws and regulations or the interpretation or enforcement of such laws and regulations in such jurisdictions, Crown may be required to withdraw from its investment in our company or limit its involvement in one or more aspects of our gaming operations, which could have a material adverse effect on our business, financial condition and results of operations. Withdrawal by Crown from its investment in our company could cause the failure of conditions to drawing loans under our credit facilities or the occurrence of events of default under our credit facilities.

Risks Relating to Our Financing and Indebtedness

Our current, projected and potential future indebtedness could impair our financial condition, which could further exacerbate the risks associated with our significant leverage.

We have incurred and expect to incur, based on current budgets and estimates, secured and unsecured long-term indebtedness, including the following outstanding indebtedness:

- approximately US$1.2 billion under the 2011 Credit Facilities;
- US$825.0 million from Studio City Finance's sale of Studio City Notes;

- US$1.0 billion from MCE Finance's sale of the 2013 Senior Notes;
- approximately HK$10.9 billion (equivalent to approximately US$1.4 billion) under Studio City Project Facility;
- financing for a significant portion of the costs of developing the next phase at the City of Dreams site and Studio City, in an amount which is as yet undetermined.

Our significant indebtedness could have material consequences. For example, it could:

- make it difficult for us to satisfy our debt obligations;
- increase our vulnerability to general adverse economic and industry conditions;
- impair our ability to obtain additional financing in the future for working capital needs, capital expenditure, acquisitions or general corporate purposes;
- require us to dedicate a significant portion of our cash flow from operations to the payment of principal and interest on our debt, which would reduce the funds available to us for our operations or expansion of our existing operations;
- limit our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;
- place us at a competitive disadvantage as compared to our competitors, to the extent that they are not as leveraged;
- subject us to higher interest expense in the event of increases in interest rates to the extent a portion of our debt bears interest at variable rates;
- cause us to incur additional expenses by hedging interest rate exposures of our debt and exposure to hedging counterparties' failure to pay under such hedging arrangements, which would reduce the funds available for us for our operations; and
- in the event we or one of our subsidiaries were to default, result in the loss of all or a substantial portion of our own and our subsidiaries' assets, over which our lenders have taken or will take security.

Any of these or other consequences or events could have a material adverse effect on our ability to satisfy our other debt obligations.

We may require external debt or equity financing to complete our future investment projects, which may not be available on satisfactory terms or at all.

We have in the past funded our capital investment projects through, among others, cash generated from our operations, credit facilities and the issuance of the 2010 Senior Notes, RMB Bonds and Studio City Notes. We will require additional funding in the future for our capital investment projects, including Studio City, which we may raise through external financing. External debt or equity financing by us may require the approval of or communication to the Macau government, and may be subject to, among others, the terms of credit facilities, 2013 Senior Notes and Studio City Notes. In addition, our ability to obtain debt or equity financing on acceptable terms, depends on a variety of factors that are beyond our control, including market conditions, investors' and lenders' perceptions of, and demand for, debt and equity securities of gaming companies, credit

availability and interest rates. For example, changes in ratings outlooks may subject us to ratings agency downgrades, which could make it more difficult for us to obtain financing on acceptable terms. As a result, we cannot assure you that we will be able to obtain sufficient funding from external sources as required on terms satisfactory to us, or at all, to finance future capital investment projects. If we are unable to obtain such funding, our business, cash flow, financial condition, results of operations and prospects could be materially and adversely affected.

We may not be able to generate sufficient cash flow to meet our debt service obligations.

Our ability to make scheduled payments due on our existing and anticipated debt obligations, including our credit facilities, the 2013 Senior Notes and Studio City Notes, to refinance and to fund working capital needs, planned capital expenditure and development efforts will depend on our ability to generate cash. We will require generation of sufficient operating cash flow from our projects to service our current and future projected indebtedness. Our ability to obtain cash to service our existing and projected debts is subject to a range of economic, financial, competitive, legislative, regulatory, business and other factors, many of which are beyond our control, including:

- our future operating performance;
- the demand for services that we provide;
- general economic conditions and economic conditions affecting Macau or the gaming industry in particular;
- our ability to hire and retain employees and management at a reasonable cost;
- competition; and
- legislative and regulatory factors affecting our operations and business.

We may not be able to generate sufficient cash flow from operations to satisfy our existing and projected debt obligations or our other liquidity needs, in which case, we may have to seek additional borrowings or undertake alternative financing plans, such as refinancing or restructuring our debt, selling assets, reducing or delaying capital investments, or seek to raise additional capital on terms that may be onerous or highly dilutive, any of which could have a material adverse effect on our operations. Our ability to incur additional borrowings or refinance our indebtedness, including our credit facilities, the 2013 Senior Notes and Studio City Notes, will depend on the condition of the financing and capital markets, our financial condition at such time and potentially governmental approval. We cannot assure you that any additional borrowing, refinancing or restructuring would be possible, that any assets could be sold, or, if sold, of the timing of the sales or the amount of proceeds that would be realized from those sales. We cannot assure you that additional financing could be obtained on acceptable terms, if at all, or would be permitted under the terms of our various debt instruments then in effect, including the indentures governing the 2013 Senior Notes and Studio City Notes. In addition, any failure to make scheduled payments of interest and principal on our outstanding indebtedness would likely result in a reduction of our credit rating, which could harm our ability to incur additional indebtedness on commercially reasonable terms or at all. Our failure to generate sufficient cash flow to satisfy our existing and projected debt obligations or other liquidity needs, or to refinance our obligations on commercially reasonable terms or at all, could have a material adverse effect on our business, financial condition and results of operations.

If we are unable to comply with the restrictions and covenants in our debt agreements, including, among others, the indenture governing the 2013 Senior Notes, there could be a default under the terms of these agreements or the indenture, which could cause repayment of our debt to be accelerated.

If we are unable to comply with the restrictions and covenants in our current or future debt obligations and other agreements, or the indenture governing 2013 Senior Notes, there could be a default under the terms of

these agreements. In the event of a default under these agreements, the holders of the debt could terminate their commitments to lend to us, accelerate repayment of the debt and declare all amounts borrowed due and payable or terminate the agreements, as the case may be. Furthermore, some of our debt agreements, including the indenture governing the 2013 Senior Notes, contain cross-acceleration or cross-default provisions. As a result, our default under one debt agreement may cause the acceleration of repayment of debt or result in a default under our other debt agreements, including the indenture governing the 2013 Senior Notes. If any of these events occur, we cannot assure you that our assets and cash flow would be sufficient to repay in full all of our indebtedness, or that we would be able to find alternative financing. Even if we could obtain alternative financing, we cannot assure you that it would be on terms that are favorable or acceptable to us.

The terms of the 2011 Credit Facilities may restrict our current and future operations and harm our ability to complete our projects and grow our business operations to compete successfully against our competitors.

The 2011 Credit Facilities and associated facility and security documents that Melco Crown Macau has entered into also contain a number of restrictive covenants that impose significant operating and financial restrictions on Melco Crown Macau and certain of our subsidiaries, or the Borrowing Group, and therefore, effectively, on us. The covenants in the 2011 Credit Facilities restrict or limit, among other things, our and our subsidiaries' ability to:

- incur additional debt, including guarantees;
- create security or liens;
- sell, transfer or dispose of assets;
- make certain investments;
- make loans, payments on certain indebtedness, distributions and other restricted payments or apply revenues earned in one part of our operations to fund development costs or cover operating losses in another part of our operations;
- make payments for fees or goods and services to our controlling shareholders, unless on normal commercial terms;
- vary Melco Crown Macau's Subconcession Contract or the Borrowing Group's land concessions and certain other contracts; and
- enter into contracts for construction or financing of an additional hotel tower in the City of Dreams unless approved under the terms of the 2011 Credit Facilities.

In addition, the restrictions under the 2011 Credit Facilities contain financial covenants, including requirements that we satisfy certain tests or ratios such as leverage, total leverage and interest cover, each as defined in the 2011 Credit Facilities.

Restrictions also provide that should a change of control, as defined in the 2011 Credit Facilities, occur, the facility will be cancelled and all amounts outstanding thereunder become immediately due and payable. These covenants may restrict our ability to operate and restrict our ability to incur additional debt or other financing we may require, and impede our growth.

Our operations are restricted by the terms of the 2013 Senior Notes, which could limit our ability to plan for or to react to market conditions or meet our capital needs.

The indenture governing the 2013 Senior Notes includes a number of significant restrictive covenants. Such covenants restrict, among other things, the ability of MCE Finance and its subsidiaries to:

- incur or guarantee additional indebtedness;

- make specified restricted payments, including dividends;
- issue or sell capital stock of our restricted subsidiaries;
- sell assets;
- create liens;
- enter into agreements that restrict the ability of the restricted subsidiaries to pay dividends, transfer assets or make intercompany loans;
- enter into transactions with shareholders or affiliates; and
- effect a consolidation or merger.

These covenants could limit our ability to plan for or react to market conditions or to meet our capital needs. Our ability to comply with these covenants may be affected by events beyond our control, and we may have to curtail some of our operations and growth plans to maintain compliance.

Studio City Project Facility and the indenture governing Studio City Notes contain covenants that will restrict our ability to engage in certain transactions and may impair our ability to respond to changing business and economic conditions.

Studio City Project Facility and the indenture governing Studio City Notes imposes operating and financial restrictions on Studio City Finance and its subsidiaries. The restrictions that will be imposed under these debt instruments will include, among other things, limitations on the ability of Studio City Finance and its subsidiaries to:

- pay dividends or distributions on account of equity interests;
- incur additional debt;
- make investments;
- create liens on assets;
- enter into transactions with affiliates;
- engage in other businesses;
- merge or consolidate with another company;
- transfer and sell assets;
- issue preferred stock;
- create dividend and other payment restrictions affecting subsidiaries; and
- designate restricted and unrestricted subsidiaries.

Studio City Project Facility also requires Studio City Finance and its subsidiaries to satisfy various financial covenants based on specified financial ratios, including the following:

- cash flow to debt service;
- EBITDA to finance charges;

- senior first lien debt to EBITDA; and
- total debt to EBITDA.

These covenants and restrictions may limit how we conduct our business and we may be unable to raise additional debt or equity financing to compete effectively or to take advantage of new business opportunities. Our ability to comply with these covenants may be affected by events beyond our control, and we may have to curtail some of our operations and growth plans to maintain compliance.

Drawdown or rollover of advances under our debt facilities involve satisfaction of extensive conditions precedent and our failure to satisfy such conditions precedent will result in our inability to access or roll over loan advances under such facilities. There is no assurance that we will be able to satisfy all conditions precedent under our current or future debt facilities.

Our current and future debt facilities, including the 2011 Credit Facilities, require and will require satisfaction of extensive conditions precedent prior to the advance or rollover of loans under such facilities. The satisfaction of such conditions precedent may involve actions of third parties and matters outside of our control, such as government consents and approvals. If there is a breach of any terms or conditions of our debt facilities or other obligations and it is not cured or capable of being cured, such conditions precedent will not be satisfied. The inability to draw down or roll over loan advances in any debt facility may result in a funding shortfall in our operations and we may not be able to fulfill our obligations as planned; such events may result in an event of default under such debt facility and may also trigger cross default in our other obligations and debt facilities. We do not guarantee that all conditions precedent to draw down or roll over loan advances under our debt facilities will be satisfied in a timely manner or at all. If we are unable to draw down or roll over loan advances under any current or future facility, we may have to find a new group of lenders and negotiate new financing terms or consider other financing alternatives. If required, it is possible that new financing would not be available or would have to be procured on substantially less attractive terms, which could damage the economic viability of the relevant development project. The need to arrange such alternative financing would likely also delay the construction and/or operations of our future projects or existing properties, which would affect our cash flows, results of operations and financial condition.

Our failure to comply with the covenants contained in our or our subsidiaries' indebtedness, including failure as a result of events beyond our control, could result in an event of default that could materially and adversely affect our cash flow, operating results and our financial condition.

If there were an event of default under one of our or our subsidiaries' debt facilities, the holders of the debt on which we defaulted could cause all amounts outstanding with respect to that debt to become due and payable immediately. In addition, any event of default or declaration of acceleration under one debt facility could result in an event of default under one or more of our other debt instruments, with the result that all of our debt would be in default and accelerated. We cannot assure you that our assets or cash flow would be sufficient to fully repay borrowings under our outstanding debt facilities, either upon maturity or if accelerated upon an event of default, or that we would be able to refinance or restructure the payments on those debt facilities. Further, if we are unable to repay, refinance or restructure our indebtedness at our subsidiaries that own or operate our properties, the lenders under those debt facilities could proceed against the collateral securing that indebtedness, which will constitute substantially all the assets and shares of our subsidiaries. In that event, any proceeds received upon a realization of the collateral would be applied first to amounts due under those debt facilities. The value of the collateral may not be sufficient to repay all of our indebtedness.

Any inability to maintain current financing or obtain future financing could result in delays in our project development schedule and could impact our ability to generate revenues from operations at our present and future projects.

If we are unable to maintain our current debt facility or obtain suitable financing for our operations and our current or future projects (including any acquisitions we may make), this could adversely impact our existing operations, or cause delays in, or prevent completion of, the development of the next phase of City of Dreams and future projects. This may limit our ability to operate and expand our business and may adversely impact our ability to generate revenue. The costs incurred by any new financing may be greater than anticipated due to the turmoil in credit markets. Such increase in funding costs may have a negative impact on our revenue and financial condition.

Risks Relating to Our Shares and ADSs

The trading price of our ADSs has been volatile since our ADSs began trading on Nasdaq, and may be subject to fluctuations in the future. The market price for our shares may also be volatile, which could result in substantial losses to investors.

The trading price of our ADSs has been and may continue to be subject to wide fluctuations. Our ADSs were first quoted on the Nasdaq Global Market, or Nasdaq, beginning on December 19, 2006, and were upgraded to trade on the Nasdaq Global Select Market on January 2, 2009. During the period from December 19, 2006 until April 5, 2013, the trading prices of our ADSs ranged from US$2.27 to US$23.55 per ADS and the closing sale price on April 5, 2013 was US$21.81 per ADS. The market price for our shares and ADSs may continue to be volatile and subject to wide fluctuations in response to factors including the following:

- uncertainties or delays relating to the financing, completion and successful operation of our projects;
- developments in the Macau market or other Asian gaming markets, including the announcement or completion of major new projects by our competitors;
- regulatory developments affecting us or our competitors;
- actual or anticipated fluctuations in our quarterly operating results;
- changes in financial estimates by securities research analysts;
- changes in the economic performance or market valuations of other gaming and leisure industry companies;
- changes in our market share of the Macau gaming market;
- addition or departure of our executive officers and key personnel;
- fluctuations in the exchange rates between the U.S. dollar, H.K. dollar, Pataca and Renminbi;
- release or expiry of lock-up or other transfer restrictions on our outstanding shares;
- sales or perceived sales of additional shares or ADSs or securities convertible or exchangeable or exercisable for shares or ADSs; and
- rumors related to any of the above.

In addition, the securities market has from time to time experienced significant price and volume fluctuations that are not related to the operating performance of particular companies. These market fluctuations may also have a material adverse effect on the market price of our ADSs and shares.

We currently do not intend to pay dividends, and we cannot assure you that we will make dividend payments in the future.

We may pay dividends to shareholders in the future. Such payments will depend upon a number of factors, including our results of operations, earnings, capital requirements and surplus, general financial conditions, contractual restrictions and other factors considered relevant by our board. We currently intend to retain all of our earnings to finance the development and expansion of our business. Accordingly, we do not intend to declare or pay cash dividends on our shares in the near to medium term. Except as permitted under the Companies Law, as amended, of the Cayman Islands, or the Cayman Companies Law, and the common law of the Cayman Islands, we are not permitted to distribute dividends unless we have a profit, realized or unrealized, or a reserve set aside from profits which our directors determine is no longer needed. We currently have no reserve set aside from profits for the payment of dividends. We cannot assure you that we will make any dividend payments on our shares in the future. Our ability, or the ability of our subsidiaries, to pay dividends is further subject to restrictive covenants contained in the 2011 Credit Facilities, 2013 Senior Notes, Studio City Notes, Studio Finance Project Facility and other facility agreements governing indebtedness we and our subsidiaries may incur. Such restrictive covenants contained in the 2011 Credit Facilities include satisfaction of certain financial tests and conditions such as continued compliance with specified interest cover and leverage ratios and, if a cash distribution, ensuring that the dividend payment amount does not exceed a certain amount of our cash and cash equivalent investments and that as a result of such dividend payment we still hold a certain amount of cash and cash equivalent investments. The 2013 Senior Notes and Studio City Notes also contain certain covenants restricting payment of dividends by MCE Finance and its subsidiaries and Studio City Finance and its subsidiaries, respectively. For more details, please see “Item 5. Operating and Financial Review and Prospects — B. Liquidity and Capital Resources — Indebtedness.”

Substantial future sales or perceived sales of our shares or ADSs in the public market could cause the price of our ADSs and shares to decline.

Sales of our ADSs or shares in the public market, or the perception that these sales could occur, could cause the market price of our shares and ADSs to decline. Upon expiration of the lock-up agreements, all of the shares beneficially held by Melco and Crown are available for sale, subject to volume and other restrictions, as applicable, under Rule 144 under the Securities Act of 1933, or the Securities Act, and subject to the terms of their shareholders’ deed. To the extent these or other shares are sold into the market, the market price of our shares and ADSs could decline. The ADSs represent interests in the shares of our company. We would, subject to market forces, expect there to be a close correlation in the price of our ADSs and the price of the shares and any factors contributing to a decline in one market is likely to result to a similar decline in another.

In addition, Melco and Crown have the right to cause us to register the sale of their shares under the Securities Act, subject to the terms of their shareholders’ deed. Registration of these shares under the Securities Act would result in these shares becoming freely tradable as ADSs without restriction under the Securities Act immediately upon the effectiveness of the registration statement. Sales of these registered shares in the public market could cause the price of our share and ADSs to decline.

Any decision by us to raise further equity in the markets in the U.S. or Hong Kong, which would result in dilution to existing shareholders, could cause the price of our ADSs and shares to decline.

Holders of ADSs have fewer rights than shareholders and must act through the depositary to exercise those rights.

Holders of ADSs do not have the same rights of our shareholders and may only exercise the voting rights with respect to the underlying ordinary shares of the depositary and in accordance with the provisions of the deposit agreement. Under our amended and restated articles of association, the minimum notice period required to convene a general meeting is seven days. When a general meeting is convened, you may not receive sufficient notice of a shareholders’ meeting to permit you to withdraw your ordinary shares to allow you to cast

your vote with respect to any specific matter. In addition, the depositary and its agents may not be able to send voting instructions to you or carry out your voting instructions in a timely manner. We will make all reasonable efforts to cause the depositary to extend voting rights to you in a timely manner, but we cannot assure you that you will receive the voting materials in time to ensure that you can instruct the depositary to vote your ADSs. Furthermore, the depositary and its agents will not be responsible for any failure to carry out any instructions to vote, for the manner in which any vote is cast or for the effect of any such vote. As a result, you may not be able to exercise your right to vote and you may lack recourse if your ADSs are not voted as you requested. In addition, in your capacity as an ADS holder, you will not be able to convene a shareholder meeting.

You may be subject to limitations on transfers of your ADSs.

Your ADSs are transferable on the books of the depositary. However, the depositary may close its transfer books at any time or from time to time when it deems expedient in connection with the performance of its duties. In addition, the depositary may refuse to deliver, transfer or register transfers of ADSs generally when our books or the books of the depositary are closed, or at any time if we or the depositary deem it advisable to do so because of any requirement of law or of any government or governmental body, or under any provision of the deposit agreement, or for any other reason.

Your right to participate in any future rights offerings may be limited, which may cause dilution to your holdings and you may not receive cash dividends if it is unlawful or impractical to make them available to you.

We may from time to time distribute rights to our shareholders, including rights to acquire our securities. However, we cannot make rights available to you in the United States unless we register the rights and the securities to which the rights relate under the Securities Act or an exemption from the registration requirements is available. Also, under the deposit agreement, the depositary bank will not make rights available to you unless the distribution to ADS holders of both the rights and any related securities are either registered under the Securities Act, or exempted from registration under the Securities Act. We are under no obligation to file a registration statement with respect to any such rights or securities or to endeavor to cause such a registration statement to be declared effective. Moreover, we may not be able to establish an exemption from registration under the Securities Act. Accordingly, you may be unable to participate in our rights offerings and may experience dilution in your holdings.

In addition, the depositary of our ADSs has agreed to pay to you the cash dividends or other distributions it or the custodian receives on our ordinary shares or other deposited securities after deducting its fees and expenses. You will receive these distributions in proportion to the number of ordinary shares your ADSs represent. However, the depositary may, at its discretion, decide that it is unlawful, inequitable or impractical to make a distribution available to any holders of ADSs. For example, the depositary may determine that it is not practicable to distribute certain property through the mail, or that the value of certain distributions may be less than the cost of mailing them. In these cases, the depositary may decide not to distribute such property and you will not receive such distribution.

We are a Cayman Islands exempted company and, because judicial precedent regarding the rights of shareholders is more limited under Cayman Islands law than that under U.S. law, you may have less protection for your shareholder rights than you would under U.S. law.

Our corporate affairs are governed by our amended and restated memorandum and articles of association, the Cayman Companies Law and the common law of the Cayman Islands. The rights of shareholders to take action against our directors, actions by minority shareholders and the fiduciary responsibilities of our directors to us under Cayman Companies Law are to a large extent governed by the common law of the Cayman Islands. The common law of the Cayman Islands is derived in part from comparatively limited judicial precedent in the Cayman Islands as well as that from English common law, which has persuasive, but not binding, authority on a court in the Cayman Islands. The rights of our shareholders and the fiduciary duties of our directors under Cayman Islands law are not as clearly established as they would be under statutes or judicial precedent in some

jurisdictions in the United States. In particular, the Cayman Islands has a less developed body of securities laws than the United States. In addition, some U.S. states, such as Delaware, have more fully developed and judicially interpreted bodies of corporate law than the Cayman Islands.

As a result of all of the above, public shareholders may have more difficulty in protecting their interests in the face of actions taken by management, members of our board or controlling shareholders than they would as shareholders of a U.S. public company.

You may have difficulty enforcing judgments obtained against us.

We are a Cayman Islands exempted company and substantially all of our assets are located outside of the United States. All of our current operations, and administrative and corporate functions are conducted in Macau and Hong Kong. In addition, substantially all of our directors and officers are nationals and residents of countries other than the United States. A substantial portion of the assets of these persons are located outside the United States. As a result, it may be difficult for you to effect service of process within the United States upon these persons. It may also be difficult for you to enforce in Cayman Islands, Macau and Hong Kong courts judgments obtained in U.S. courts based on the civil liability provisions of the U.S. federal securities laws against us and our officers and directors, most of whom are not residents in the United States and the substantial majority of whose assets are located outside of the United States. In addition, there is uncertainty as to whether the courts of the Cayman Islands, Macau or Hong Kong would recognize or enforce judgments of U.S. courts against us or such persons predicated upon the civil liability provisions of the securities laws of the United States or any state. In addition, it is uncertain whether such Cayman Islands, Macau or Hong Kong courts would be competent to hear original actions brought in the Cayman Islands, Macau or Hong Kong against us or such persons predicated upon the securities laws of the United States or any state.

We may be classified as a passive foreign investment company for U.S. federal income tax purposes, which could result in adverse U.S. federal income tax consequences to U.S. Holders of our ADSs or ordinary shares.

Based on the market price of our ADSs and ordinary shares, and the composition of our income and assets, we do not believe we were a passive foreign investment company, or PFIC, for our taxable year ended December 31, 2012. However, the application of the PFIC rules is subject to uncertainty in several respects, and we cannot assure you we will not be a PFIC for any taxable year. A non-U.S. corporation will be a PFIC for any taxable year if either (i) at least 75% of its gross income for such year is passive income or (ii) at least 50% of the value of its assets (based on an average of the quarterly values of the assets) during such year is attributable to assets that produce passive income or are held for the production of passive income. A separate determination must be made after the close of each taxable year as to whether we were a PFIC for that year. Because the value of our assets for purposes of the PFIC test will generally be determined by reference to the market price of our ADSs and ordinary shares, a significant decrease in the market price of the ADSs and ordinary shares may cause us to become a PFIC. In addition, changes in the composition of our income or assets may cause us to become a PFIC. If we are a PFIC for any taxable year during which a U.S. Holder (as defined in "Item 10. Additional Information — E. Taxation — United States Federal Income Taxation") holds an ADS or ordinary share, certain adverse U.S. federal income tax consequences could apply to such U.S. Holder. For example, such U.S. Holder may incur a significantly increased U.S. federal income tax liability on the receipt of certain distributions on our ADSs or ordinary shares or on any gain recognized from a sale or other disposition of our ADSs or ordinary shares. See "Item 10. Additional Information — E. Taxation — United States Federal Income Taxation — Passive Foreign Investment Company."

ITEM 4. INFORMATION ON THE COMPANY

A. HISTORY AND DEVELOPMENT OF THE COMPANY

Our company was incorporated under the name of Melco PBL Entertainment (Macau) Limited in December 2004 as an exempted company with limited liability under the laws of the Cayman Islands and registered as an oversea company under the laws of Hong Kong in November 2006. We were initially formed as a 50/50 joint venture between Melco and PBL as their exclusive vehicle to carry on casino, gaming machine and casino hotel operations in Macau. Subsequently, Crown acquired all the gaming businesses and investments of PBL, including PBL's investment in our company. As a result, in May 2008, we changed our name to Melco Crown Entertainment Limited. For more information on our corporate history and structure, see "— C. Organizational Structure."

Our subsidiary Melco Crown Macau is one of six companies licensed, through concession or subconcession, to operate casinos in Macau.

In December 2006, we completed the initial public offering of our ADSs, each of which represents three ordinary shares, and listed our ADSs on the Nasdaq. Since December 19, 2006, our ADSs have been listed under the symbol "MPEL" on Nasdaq. We completed follow-on offerings of ADSs in November 2007, May 2009 and August 2009. In January 2009, we were upgraded to trade on the Nasdaq Global Select Market.

On July 27, 2011, we acquired a 60% equity interest in SCI, the developer of Studio City, which we envision as a large-scale integrated entertainment, retail and gaming resort being developed in Macau. For a description of our principal capital expenditures for the years ended December 31, 2012, 2011, and 2010, see "Item 5. Operating and Financial Review and Prospects — B. Liquidity and Capital Resources."

Our ordinary shares were listed by way of introduction on the Main Board of the HKSE and began trading under the stock code "6883" on December 7, 2011. Since December 7, 2011, we have maintained dual primary listings on Nasdaq and the HKSE.

On December 19, 2012, MCE Philippines Investments and MCE Investments No.2 completed the acquisition of a majority interest in the issued share capital of MCP, a company listed on the Philippine Stock Exchange. On March 20, 2013, MCP acquired 100% equity interest in MCE Holdings Philippines from MCE Philippines Investments. MCE Holdings Philippines, through MCE Holdings No.2, owns 100% of MCE Leisure Philippines, which has been granted the exclusive right to manage, operate and control the Philippines Project. Through these transactions, MCE Holdings Philippines, MCE Holdings No.2 and MCE Leisure Philippines became wholly owned subsidiaries of MCP. B. BUSINESS OVERVIEW

Overview

We are a developer, owner and, through our subsidiary Melco Crown Macau, operator of casino gaming and entertainment resort facilities. Our subsidiary Melco Crown Macau is one of six companies licensed, through concessions or subconcessions, to operate casinos in Macau.

We currently have two major casino based operations, namely, City of Dreams and Altira Macau, and non-casino based operations at our Mocha Clubs. Our operations cater to a broad spectrum of gaming patrons, from high-stakes rolling chip gaming patrons to gaming patrons seeking a broader entertainment experience. We currently own and operate two "Forbes Five Star" hotels in Macau: Altira Macau and the Crown Towers hotel. We seek to attract patrons from throughout Asia and, in particular, from Greater China.

We currently focus on the Macau gaming market, which we believe will continue to be one of the largest gaming destinations in the world. In 2012, Macau generated approximately US$38.0 billion of gaming revenue, according to the DICJ, compared to the US$6.1 billion (excluding sports book and race book) of gaming revenue generated on the Las Vegas Strip, according to the Nevada Gaming Control Board, and compared to the US$3.0 billion of gaming revenue (excluding sports book and race book) generated in Atlantic City, according to the New Jersey Division of Gaming Enforcement. In addition, Macau is currently the only market in Greater China, and one of only several in Asia, to offer legalized casino gaming.

Our Major Existing Operations

City of Dreams

City of Dreams is an integrated resort development in Cotai, Macau which opened in June 2009. City of Dreams targets premium mass market and rolling chip players from regional markets across Asia. As of December 31, 2012, City of Dreams featured a casino area of approximately 448,000 square feet with a total of approximately 450 gaming tables and approximately 1,400 gaming machines.

The resort brings together a collection of brands to create an experience that appeals to a broad spectrum of visitors from around Asia. We have one hotel management agreement, pursuant to which Hyatt of Macau Ltd. manages the Grand Hyatt Macau hotel and pays us the gross operating profit after deduction of its management and incentive fees. We have also entered into license agreements with respect to Crown Towers hotel and Hard Rock Hotel, pursuant to which we have been granted certain rights to use certain intellectual property of the licensors. No fee is payable for our use of the Crown marks and certain fees are payable for our use of the Hard Rock marks. See "— Intellectual Property." The Crown Towers hotel and the Hard Rock Hotel each offers approximately 300 guest rooms, and the Grand Hyatt Macau hotel offers approximately 800 guest rooms. City of Dreams includes over 20 restaurants and bars, approximately 70 retail outlets, an audio visual multimedia experience, recreation and leisure facilities, including health and fitness clubs, three swimming pools, spas and salons and banquet and meeting facilities. The Club Cubic nightclub offers approximately 26,210 square feet of live entertainment space.

The Dancing Water Theater, a wet stage performance theater with approximately 2,000 seats and features the internationally acclaimed and award-winning *The House of Dancing Water* show. *The House of Dancing Water* is the live entertainment centerpiece of the overall leisure and entertainment offering at City of Dreams. We believe this production highlights City of Dreams as an innovative entertainment-focused destination and strengthens the overall diversity of Macau as a multi-day stay market and one of Asia's premier leisure and entertainment destinations. The production incorporates costumes, sets and audio-visual special effects and showcases an international cast of performance artists.

"Dragon's Treasure," the show offered in The Bubble at City of Dreams, received the 2009 Thea Award for "Outstanding Achievement" from the Themed Entertainment Association (TEA). City of Dreams also won the "Best Leisure Development in Asia Pacific" award in the International Property Awards in 2010, which recognizes distinctive innovation and outstanding success in leisure development, and the "Best Casino VIP Room" and "Best Casino Interior Design" awards in the International Gaming Awards in 2011, which recognizes outstanding design in the casino sector. City of Dreams was also recognized for its outstanding customer service and diverse range of unique world class entertainment experiences with the "Best Customer Experience of the Year" award in the International Gaming Awards in 2012.

Our City of Dreams project costs, including the casinos, the Hard Rock Hotel, the Crown Towers hotel, the Grand Hyatt twin towers hotel, the wet stage performance theater, all retail space together with food and beverage outlets, were US$2.4 billion, consisting primarily of construction and fit out costs, design and consultation fees, and excluding the cost of land, capitalized interest and pre-opening expenses.

We continue to evaluate the next phase of our development plan at City of Dreams. Subject to governmental approvals, we currently expect the next phase of development to include a luxury hotel. Before we finalize our development plan, we are assessing our hotel room requirements, government policies and general market conditions. The development of the hotel will be subject to the availability of additional financing and Macau government approval and may require the approval of our financiers under our existing and any future debt facilities. In addition, our investment plans are preliminary and subject to change based upon the execution of our business plan, the progress of our capital projections, market conditions and outlook on future business.

Altira Macau

Altira Macau (formerly known as Crown Macau) opened in May 2007 and is designed to provide a casino and hotel experience that caters to Asian rolling chip customers and players sourced primarily through gaming promoters.

As of December 31, 2012, Altira Macau featured a casino area of approximately 173,000 square feet with a total of approximately 170 gaming tables. Altira Macau's multi-floor layout comprises primarily designated gaming areas and private gaming rooms for rolling chip players, together with a general gaming area for the mass market that offers various table limits to cater to a wide range of mass market patrons. Our multi-floor layout allows us the flexibility to reconfigure Altira Macau's gaming areas to meet the changing demands of our patrons and target specific customer segments.

We consider Altira Hotel, located within the 38-story Altira Macau, to be one of the leading hotels in Macau, as evidenced by its continuous "Forbes Five Star" recognition. The top floor of the hotel serves as the hotel lobby and reception area, providing guests with views of the surrounding area. The hotel comprises approximately 200 guest rooms, including suites and villas, and features in-room entertainment and communication facilities. A number of restaurants and dining facilities are available at Altira Macau, including a leading Italian restaurant Aurora, several Chinese and international restaurants, dining areas focused around the gaming areas and several bars. Altira Hotel also offers non-gaming entertainment venues, including a spa, gymnasium, outdoor garden podium and a sky terrace lounge.

Altira Macau offers a luxurious level of accommodations and facilities. Altira Hotel was awarded the "Forbes Five Star" rating in both Lodging and Spa categories by the Forbes Travel Guide (formerly known as Mobil Travel Guide) in 2010, 2011 and 2012. Altira Macau also won the "Best Luxury Hotel in Macau" award in the TTG China Travel Awards 2010, "Best Business Hotel in Macau" award in the TTG China Travel Awards 2009 and the "Casino Interior Design Award" in the International Gaming Awards in 2008.

Mocha Clubs

Mocha Clubs first opened in September 2003 and has grown to ten Mocha Clubs, with gaming space ranging from approximately 3,000 square feet to 21,500 square feet. As of December 31, 2012, Mocha Clubs had 1,993 gaming machines in operation, which represented 12.0% of the total machine installation in the market, according to DICJ. Mocha Clubs focus on general mass market players, including day-trip customers, outside the conventional casino setting. Except for Mocha Altira located at Altira Macau, we operate Mocha Clubs at leased or sub-leased premises or under right-to-use agreements. Our Mocha Clubs comprise the largest non-casino based operations of electronic gaming machines in Macau and are located in areas with strong pedestrian traffic, typically within three-star hotels. We may open additional Mocha Clubs at locations that satisfy the criteria set forth in the applicable regulatory requirements.

In addition to slot machines, each Mocha Club site offers electronic tables without dealers. The gaming facilities at our Mocha Clubs include what we believe is the latest technology for gaming machines and offer both single-player machines with a variety of games, including progressive jackpots, and multi-player games where players on linked machines play against the house in electronic roulette, baccarat and sicbo, a traditional Chinese dice game.

Our Development Projects

We continually seek new opportunities for additional gaming or related businesses in Macau and will continue to target the development of a project pipeline in Macau in order to maximize the business and revenue potential of Melco Crown Macau's investment in its subconcession. In defining and setting the timing, form and structure for any future development, we focus on evaluating alternative available financing, market conditions and market demand. In order to pursue these opportunities and such development, we have incurred and will continue to incur capital expenditures at our properties and for our projects.

Studio City

On July 27, 2011, we acquired a 60% equity interest in SCI, the developer of Studio City. New Cotai Holdings, an entity incorporated in Delaware and controlled by funds managed by Silver Point Capital, L.P. and Oaktree Capital Management, L.P., retains the remaining 40% interest in SCI through its wholly owned subsidiary New Cotai, LLC. The total consideration under the share purchase agreement and related transaction documents is US$360 million, which includes: (i) a payment of US$200 million to an affiliate of eSun Holdings, which was the joint venture partner of New Cotai, LLC in developing Studio City, for its entire 60% interest in, and a shareholder's loan of US$60 million extended to, SCI and its subsidiaries; and (ii) a payment of US$100 million in cash in three installments over two years commencing upon the closing of the transaction on July 27, 2011 to New Cotai Holdings. See note 22 to the consolidated financial statements included elsewhere in this annual report for further details regarding the acquisition. We will develop Studio City with New Cotai Holdings.

On September 25, 2012, MCE entered into an amendment to the shareholders' agreement with MCE Cotai Investments Limited, New Cotai, LLC and SCI. The purpose of the amendment was to facilitate the continued development, construction and funding of the Studio City project. The amendment included, among others, MCE Cotai Investments Limited's agreement to purchase additional shares in SCI, up to a maximum aggregate amount of US$350 million, and New Cotai, LLC's equity option (which may only be exercised once) to acquire up to 40% of such additional shares in SCI acquired by MCE Cotai Investments Limited. The New Cotai, LLC equity option was granted so that MCE Cotai Investments Limited and New Cotai, LLC may preserve their existing interests in SCI. In the event that New Cotai, LLC does not exercise the option, and MCE Cotai Investments Limited purchases all of the additional shares in SCI as provided under the amendment, New Cotai, LLC's interest in SCI and the Studio City project will be diluted and MCE Cotai Investments Limited's interest will be increased at most to approximately 67%, assuming that neither party defaults on any capital call under the originally agreed US$800 million investment commitment.

Studio City is one of the few integrated resort development projects to be developed in Cotai that currently has a land grant concession. We are developing the Studio City project to be a cinematically-themed integrated resort, designed to deliver a unique entertainment proposition to visitors to Macau. We also expect the Studio City project to capture the increasingly important mass market segment in Asia and, in particular, from Greater China, with its destination theming, unique and innovative interactive attractions, and strong Asian focus. In addition to its anticipated diverse range of gaming and non-gaming offerings, we believe Studio City's location in the fast growing Cotai region of Macau, directly adjacent to the Lotus Bridge immigration checkpoint ("Where Cotai Begins" which connects China to Macau) and a proposed light rail station, is a major competitive advantage, particularly as it relates to the mass market segment.

The initial site preparation for the first phase of the Studio City project has been substantially completed. Additional site preparation works for the updated design of the first phase of the Studio City project

recommenced in the third quarter of 2012. The first phase of the Studio City project is expected to include a 5-star luxury hotel (which we currently expect to operate under our own branding) and related facilities, gaming capacity, retail, attractions and entertainment venues (including a multipurpose entertainment studio). The first phase of the Studio City project is currently targeted to open by mid-2015. Our plan for the additional development of the Studio City site, which is expected to include additional 5-star luxury hotel and related facilities, as well as an expansion of retail, entertainment and gaming capacity, is currently being prepared and remains subject to change. Total construction and design costs are currently budgeted at approximately US$2.04 billion. As of December 31, 2012, we had incurred approximately US$139.8 million (excluding the cost of land) for the development of Studio City, primarily for site preparation costs and design and consultation fees.

Other than utilizing internal cash flow, we have entered into financing arrangements for Studio City, namely the Studio City Notes and the Studio City Project Facility.

We will operate the gaming areas of Studio City pursuant to a services agreement we entered into in May 2007 with, inter alia, Studio City Entertainment Limited (formerly known as New Cotai Entertainment (Macau) Limited) (which we acquired control of 60% of the shares in July 2011) which was subsequently amended on June 15, 2012, as amended from time to time, together with other agreements or arrangements entered into between the parties from time to time, which may amend, supplement or related to the aforementioned agreement. Our subsidiary Melco Crown Macau will be reimbursed for the costs incurred in connection with its operation of the Studio City casino and will retain a portion of the gross gaming revenues from such operation, which will be reinvested in the Studio City project.

Philippines Project

On October 25, 2012, MCE Leisure Philippines entered into a cooperation agreement with the Philippine Parties in connection with the Philippines Project, an integrated resort project located in Entertainment City, Manila, comprising a casino, hotel, retail and entertainment complex. On March 13, 2013, the transactions contemplated by the cooperation agreement were completed and, as a result, MCE Leisure Philippines, MCE Holdings Philippines, MCE Holdings No.2 and the Philippine Parties together became licensees under the provisional license granted by PAGCOR for the establishment and operation of the Philippines Project. Under the provisional license, MCE Leisure Philippines will operate the casino business of the Philippines Project. In addition, MCE Leisure Philippines and the Philippine Parties entered into an operating agreement on March 13, 2013, pursuant to which MCE Leisure Philippines has been granted the exclusive right to manage, operate and control the Philippines Project. Under the operating agreement, PremiumLeisure and Amusement, Inc. has the right to receive monthly payments from MCE Leisure Philippines, based on the performance of gaming operations of the Philippines Project, and MCE Leisure Philippines has the right to retain all revenues from non-gaming operations of the Philippines Project.

The provisional license specifies that the licensees must invest US$1.0 billion in the Philippines Project, of which we are responsible for contributing at least US$500.0 million and the Philippine Parties are responsible for contributing at least US$500.0 million, as set forth in the cooperation agreement. PAGCOR has required US$650.0 million, or 65.0% of the US$1.0 billion investment commitment, to be fully utilized and invested in the Philippines Project by its opening (which is expected to occur in mid-2014), and the remaining US$350.0 million to be invested within three years of the casino opening, subject to further discussion with PAGCOR.

The provisional license requires the licensees to pay to PAGCOR (i) monthly license fees ranging from 15.0% to 25.0% of casino revenues, (ii) cultural promotion fees of 2.0% of casino revenues, with certain exclusions, and (iii) an additional fee of 5.0% of non-gaming revenues, excluding hotel operations. In addition, the provisional license sets forth certain terms relating to liquidity, working capital and minimum local purchasing and employment requirements.

The Philippines Project is located on an approximately 6.2-hectare site in Entertainment City, Manila, close to Metro Manila's international airport and central business districts. Construction of the Philippines Project commenced in March 2010. General piling work, building shells, building services and primary distribution installation were completed by October 2012.

The Philippines Project will enable our company to further diversify our exposure in the expanding Asian gaming market and deliver an incremental source of earnings and cashflow.

Our Objective and Strategies

Our objective is to become a leading provider of gaming, leisure and entertainment services capitalizing on the expected future growth opportunities in Asia. To achieve our objective, we have developed the following core business strategies:

Maintain a Strong Balance Sheet and Conservative Capital Structure and Remain Alert to Opportunistic Growth Opportunities

We believe that a strong balance sheet is a core foundation for our future growth strategy. We will continue to raise the development funds that we need when we are able to do so, not when we are required to do so. Our time horizon for the future growth and development of our business is long and we understand that our history of development remains short. We believe that patience is an important attribute in monitoring the development of the markets in which we operate, and in identifying and executing future development. We will endeavor to manage our business with this attitude and frame of mind.

Develop a Balanced Product Portfolio of Well-Recognized Branded Experiences Tailored for a Broad Spectrum of Customer Segments

We offer a balanced product portfolio targeting rolling chip and mass market players. We believe our clear focus on different market segments will enhance our ability to adapt to the fast growing and changing gaming market in Macau, as well as to achieve a balanced and sustainable long-term growth in the future.

We believe that building strong, well-recognized branded experiences is critical to our success, especially in the brand-conscious Asian market. We intend to develop and further strengthen our brands by building and maintaining high quality properties that differentiate us from our competitors throughout Asia and by providing a set of experiences tailored to meet the cultural preferences and expectations of Asian customers.

We have incorporated design elements at our properties that cater to specific customer segments. By utilizing a more focused customer segmentation strategy, we believe we can better service specific segments of the Macau gaming market.

Utilize Melco Crown Macau's Subconcession to Maximize Our Business and Revenue Potential

We intend to leverage the independence, flexibility and economic benefits we enjoy as a subconcessionaire to capitalize on the potential growth of the Macau gaming market. As a subconcessionaire, we can, subject to government approval, develop and operate new projects without the need to partner with other concessionaires or subconcessionaires. We will consider opportunities as they arise to utilize our subconcession at newly acquired or developed or existing properties.

Develop Comprehensive Marketing and Customer Loyalty Programs

We will continue to seek to attract customers to our properties by leveraging our brands and utilizing our own marketing resources. We have combined our brand recognition with customer management techniques

and programs in order to build a platform of repeat customers and loyalty club members. In addition, our international marketing network has established marketing offices in various locations across Asia and plans on establishing further marketing offices elsewhere in Asia. Through Mocha Clubs' significant share of the Macau electronic gaming market, we have also developed a significant customer database and have developed a customer loyalty program, which we believe has successfully enhanced repeat play and further built the Mocha Clubs brand.

We will seek to continue to grow and maintain our customer base through the following sales and marketing activities:

- create a cross-platform sales and marketing department to promote all of our brands to potential customers throughout Asia in accordance with applicable laws;
- utilize special product offers, special events, tournaments and promotions to build and maintain relationships with our guests, in order to increase repeat visits and help fill capacity during lower demand periods; and
- implement complimentary incentive programs and commission based programs with selected promoters to attract high-end customers.

Create First Class Service Experiences

We believe that service quality and memorable experiences will continue to grow as a key differentiator among the operators in Macau. As the depth and quality of product offerings continue to develop and more memorable properties and experiences are created, we believe that tailored services will drive competitive advantage. As such, our focus remains on creating service experiences for the tastes and expectations of our various customers. We believe our dedicated management team with significant experience in operating large scale, high quality resort facilities drive our competitive advantage. As the continued development of our staff and supporting resources are central to our business, we plan to invest in the long term development of our people through relevant training and experience sharing.

Our Properties

We operate our gaming business in accordance with the terms and conditions of our gaming subconcession. In addition, our City of Dreams, Altira Macau and Studio City properties and development projects are subject to the terms and conditions of land concession contracts. See "— Regulations — Land Use Rights in Macau."

City of Dreams

The City of Dreams site is located on two adjacent land parcels in Cotai, Macau with a combined area of 113,325 square meters (equivalent to approximately 1.2 million square feet). In August 2008, the Macau government granted the land on which City of Dreams is located to Melco Crown (COD) Developments and Melco Crown Macau for a period of 25 years, renewable for further consecutive periods of up to ten years each. The initial land premium of approximately MOP842.1 million (equivalent to approximately US$105.1 million) was paid up in full in February 2013. Melco Crown (COD) Developments and Melco Crown Macau applied for an amendment to the land concession contract in 2009 to increase the total developable gross floor area and amend the purpose of such area, which required an additional premium in the amount of MOP257.4 million (equivalent to approximately US$32.1 million), which was fully paid in March 2010. This amendment process was completed on September 15, 2010 and increased the developable gross floor area at the site to 668,574 square meters (equivalent to approximately 7.2 million square feet).

During the construction period, we paid the Macau government land use fees at an annual rate of MOP30.0 (equivalent to approximately US$3.74) per square meter of land, or an aggregate annual amount of approximately MOP3.4 million (equivalent to approximately US$424,000). According to the terms of the revised land concession, the annual government land use fees payable after completion of development will be approximately MOP9.5 million (equivalent to approximately US$1.2 million). The government land use fee amounts may be adjusted every five years.

See note 19 to the consolidated financial statements included elsewhere in this annual report for information about our future commitments as to government land use fees for the City of Dreams site.

Under the City of Dreams land concession contract, Melco Crown (COD) Developments is authorized to build an additional four-star apartment hotel at the City of Dreams. On December 9, 2011 we requested an amendment to the City of Dreams land grant in order to allow us to develop additional five-star hotel areas in replacement of the four-star apartment hotel areas currently contemplated in such land grant and to extend the development period of the City of Dreams land grant. On February 25, 2013, the Macau government issued a land grant amendment proposal which contemplates the amendments requested, extension of the development period until the date falling 4 years after publication of the amendment in the Macau Official Gazette, as well as the payment of MOP187.1 million (equivalent to approximately US$23.3 million). In March 2013, Melco Crown (COD) Developments and Melco Crown Macau accepted the land grant amendment proposal.

The equipment utilized by City of Dreams in the casino and hotel is owned by us and held for use on the City of Dreams site, and includes the main gaming equipment and software to support its table games and gaming machine operations, cage equipment, security and surveillance equipment, casino and hotel furniture, fittings and equipment.

Altira Macau

The Altira Macau site is located on a plot of land in Taipa, Macau of approximately 5,230 square meters (equivalent to approximately 56,295 square feet) under a 25-year land lease agreement with the Macau government which is renewable for successive periods of up to ten years each. In March 2006, the Macau government granted the land on which Altira Macau is located to Altira Developments, our wholly owned subsidiary. The land premium of approximately MOP149.7 million (equivalent to approximately US$18.7 million) was fully paid in July 2006, a guarantee deposit of approximately MOP157,000 (equivalent to approximately US$20,000) was paid upon acceptance of the land lease terms in 2006 and government land use fees of approximately MOP1.4 million (equivalent to approximately US$171,000) per annum are payable. The amounts may be adjusted every five years as agreed between the Macau government and us using applicable market rates in effect at the time of the adjustment. See note 19 to the consolidated financial statements included elsewhere in this annual report for information about our future commitments as to government land use fees for the Altira Macau site.

Altira Developments applied for an amendment to the land concession contract to increase the total developable area for hotel, car park and free area. The amendment procedure has yet to be completed. If the amendment is completed, we will be required to pay an additional land premium of approximately MOP19.6 million (equivalent to approximately US$2.4 million), and government land use fees will be revised to approximately MOP1.5 million (equivalent to approximately US$186,000) per annum.

The Macau government approved total gross floor area for development for the Altira Macau site of approximately 95,000 square meters (equivalent to approximately 1,022,600 square feet).

The equipment utilized by Altira Macau in the casino and hotel is owned by us and held for use on the Altira Macau site and includes the main gaming equipment and software to support its table games and gaming machine operations, cage equipment, security and surveillance equipment and casino, hotel furniture, fittings, and equipment.

In addition to leasehold improvements to Mocha Club premises, the onsite equipment utilized at the Mocha Clubs is owned and held for use to support the gaming machines operations.

Studio City

Studio City's site is on a plot of land of 130,789 square meters (equivalent to approximately 1.4 million square feet) in Cotai, Macau and has a gross construction area of approximately 7.6 million square feet (equivalent to approximately 707,078 square meters). The gross construction area for the first phase is approximately 5.0 million square feet (equivalent to approximately 463,000 square meters). Under the Studio City land concession contract, the land premium is approximately MOP1,425.3 million (equivalent to approximately US$177.9 million), of which approximately MOP495.1 million (equivalent to approximately US$61.8 million) was paid as of December 31, 2012, and the remaining MOP930.2 (equivalent to approximately US$116.1 million) will be paid in five bi-annual installments, bearing interest at 5% per annum. Under the Studio City land concession contract, Studio City Developments has provided guarantees in the total amount of MOP7.4 million (equivalent to approximately US$0.9 million). Currently, the development period under the land concession contract is for 72 months from July 25, 2012.

The Studio City land concession contract, as amended by Dispatch of the Secretary for Transportation and Public works no. 31/2012, of July 19, 2012, permits Studio City Developments to build a complex comprising a five-star hotel, a facility for cinematographic industry, including supporting facilities for entertainment and tourism, parking and free area.

See note 19 to the consolidated financial statements included elsewhere in this annual report for information about our future commitments as to government land use fees for the Studio City site.

Other Premises

Taipa Square Casino premises, including the fit-out and gaming related equipment, are located on the ground floor and level one within Hotel Taipa Square and having a floor area of approximately 1,760 square meters (equivalent to approximately 18,950 square feet). We operate Taipa Square Casino under a right-to-use agreement signed on June 12, 2008 with the owner, Hotel Taipa Square (Macao) Company Limited. The term of the agreement is one year from the date of execution and is automatically renewable, subject to certain contractual provisions, for successive periods of one year under the same terms and conditions, until June 26, 2022.

Apart from the property sites for Altira Macau and City of Dreams, we maintain various offices and storage locations in Macau and Hong Kong. We lease all of our office and storage premises, except for five units located at Golden Dragon Centre (formerly known as Zhu Kuan Building) whose property rights belong to us. The five units have a total area of 839 square meters (equivalent to approximately 9,029 square feet) and we operate a recruitment center there. The five units were purchased by MPEL Properties (Macau) Limited, our indirect wholly owned subsidiary, for approximately HK$79.7 million (equivalent to approximately US$10.2 million) on August 15, 2008. The Golden Dragon Centre is erected on a plot of land under a land lease grant that expires on July 27, 2015. Such land lease grant is renewable for successive periods of up to 10 years, subject to obtaining certain approvals from the Macau government.

Advertising and Marketing

We seek to attract customers to our properties and to grow our customer base over time by undertaking several types of advertising and marketing activities and plans. We utilize local and regional media to publicize our projects and operations. We have built a public relations and advertising team that cultivates media relationships, promotes our brands and directly liaises with customers within target Asian countries in order to explore media opportunities in various markets. Advertising uses a variety of media platforms that include digital, print, television, online, outdoor, on property (as permitted by Macau, PRC and other regional laws), collateral and direct mail pieces. In order to be competitive in the Macau gaming environment, we hold various promotions and special events, operate loyalty programs with our gaming customers and have developed a series of commission and other incentive-based programs to offer to both gaming promoters and individuals alike.

Customers

We seek to cater to a broad range of customers through our diverse gaming and non-gaming facilities and amenities across our major existing operating properties.

Non-Gaming Patrons

In addition to its mass market and rolling chip gaming offerings, City of Dreams offers visitors to Macau an array of multi-dimensional entertainment amenities, three international hotel brands, as well as a selection of restaurants, bars and retail outlets. Altira Macau is designed to provide a high end casino and hotel experience, tailored to meet the cultural preferences and expectations of Asian rolling chip patrons. Mocha Clubs are targeted to deliver a relaxed café-style non-casino based electronic gaming experience.

Gaming Patrons

Our gaming patrons include rolling chip players and mass market players.

Mass market players are non-rolling chip players and they come to our properties for a variety of reasons, including our direct marketing efforts, brand recognition, the quality and comfort of our mass market gaming floors and our non-gaming offerings. Mass market players are further classified as general mass market and premium mass market players.

Rolling chip players at our casinos are patrons who participate in our in-house rolling chip programs or in the rolling chip programs of our gaming promoters, also known as junket operators. Our rolling chip players play mostly in our dedicated VIP rooms or designated gaming areas.

Our in-house rolling chip programs consist of rolling chip players sourced through our direct marketing efforts and relationships, whom we refer to as premium direct players. Premium direct players can earn a variety of gaming-related rebates, such as cash, rooms, food and beverage and other complimentary products or services.

Gaming Promoters

A significant amount of our rolling chip play is brought to us by gaming promoters, also known as junket operators. While rolling chip players sourced by gaming promoters do not earn direct gaming related rebates from us, we pay a commission and provide other complimentary services to the gaming promoter.

We engage gaming promoters to promote our VIP gaming rooms primarily due to the importance of the rolling chip segment in the overall Macau gaming market, gaming promoters' knowledge of and experience within the Macau gaming market, in particular with sourcing and attracting rolling chip patrons and arranging for their transportation and accommodation, and gaming promoters' extensive rolling chip patron network. Under standard arrangements utilized in Macau, we provide gaming promoters with exclusive or casual access to one or more of our VIP gaming rooms and support from our staff, and gaming promoters source rolling chip patrons for our casinos or gaming areas to generate an expected minimum amount of rolling chip volume per month.

Gaming promoters are responsible for a substantial portion of our casino revenues. For the years ended December 31, 2012, 2011 and 2010, approximately 53.4%, 61.0% and 62.3% of our casino revenues, were derived from customers sourced through our rolling chip gaming promoters, respectively.

Gaming promoters are independent third parties that include both individuals and corporate entities and are officially licensed in Macau by the DICJ. We have procedures to screen prospective gaming promoters prior to their engagement, and conduct periodic checks that are designed to ensure that the gaming promoters with whom we associate meet suitability standards. We believe that we have strong relationships with some of the top gaming promoters in Macau and have a solid network of gaming promoters who help us market our properties and source and assist in managing rolling chip patrons at our properties. As of December 31, 2012, 2011 and 2010, we had agreements in place with 107, 86 and 70 gaming promoters, respectively. We expect to continue to evaluate and selectively add or remove gaming promoters going forward.

We typically enter into gaming promoter agreements for a one-year term that are automatically renewed for periods of up to one year unless otherwise terminated. The gaming promoter agreements may be terminated (i) by either party without cause upon 15 days advance written notice, (ii) upon advice from the DICJ or any other gaming regulator to cease having dealings with the gaming promoter or if DICJ cancels or fails to renew the gaming promoter's license, (iii) if the gaming promoter fails to meet the minimum rolling chip volume it agreed to with us, (iv) if the gaming promoter enters or is placed in receivership or provisional liquidation or liquidation, an application is made for the winding up of the gaming promoter, the gaming promoter becomes insolvent or makes an assignment for the benefit of its creditors, or an encumbrancer takes possession of any of the gaming promoter's assets or (v) if any party to the agreement is in material breach of any of the terms of the agreement and fails to remedy such breach within the timeframe outlined in the agreement. Our gaming promoters are compensated through commission arrangements that are calculated on a monthly or a per trip

basis. Commissions paid to our rolling chip gaming promoters (net of amounts indirectly rebated to customers) amounted to US$308.6 million, US$321.6 million and US$222.4 million for the years ended December 31, 2012, 2011 and 2010, respectively. We generally offer commission payment structures that are calculated by reference to revenue share or monthly rolling chip volume. Under the revenue share-based arrangements, the gaming promoter participates in our gaming wins or losses from the rolling chip patrons brought in by the gaming promoter. Under the monthly rolling chip volume-based arrangements, commission rates vary but do not exceed the 1.25% regulatory cap under Macau law on gaming promoter commissions. To encourage gaming promoters to use our VIP gaming rooms for rolling chip patrons, our gaming promoters may receive complimentary allowances for food and beverage, hotel accommodation and transportation. Under the Administrative Regulation 29/2009, these allowances must be included in the 1.25% regulatory cap on gaming promoter commissions.

We conduct, and expect to continue to conduct, our table gaming activities at our casinos on a credit basis as well as a cash basis. As is common practice in Macau, we grant credit to our gaming promoters and certain of our premium direct players. The gaming promoters bear the responsibility for issuing to, and subsequently collecting credit, from their players.

We extend interest-free credit to a significant portion of our gaming promoters for short-term, renewable periods under credit agreements that are separate from the gaming promoter agreements. Credit is also granted to certain gaming promoters on a revolving basis. All gaming promoter credit lines are generally subject to monthly review and regular settlement procedures, including our credit committee review and other checks performed by our cage, count and credit department to evaluate the current status of liquidity and financial health of such gaming promoter. These procedures allow us to calculate the commissions payable to the gaming promoter and to determine the amount which can be offset, together with any other values held by us from the gaming promoter, against the outstanding credit balances owed by the gaming promoter. Credit is granted to a gaming promoter based on performance and financial background of the gaming promoter and, if applicable, the gaming promoter's guarantor. If we determine that a gaming promoter has good credit history and a track record of large business volumes, we may extend credit exceeding one month of commissions payable. This credit is typically unsecured. Although the amount of such credit may exceed the amount of accrued commissions payable to, and any other amounts of value held by us from, the gaming promoters, we generally obtain personal checks and promissory notes from guarantors or other forms of collateral. We have in place internal controls and credit policies and procedures to manage this credit risk.

We aim to pursue overdue debt from gaming promoters and premium direct players. This collection activity includes, as applicable, frequent personal contact with the debtor, delinquency notices and litigation. However, we may not be able to collect all of our gaming receivables from our credit customers and gaming promoters. See "Item 3. Key Information — D. Risk Factors — Risks Relating to Our Business and Operations — We extend credit to a portion of our customers, and we may not be able to collect gaming receivables from our credit customers."

As of December 31, 2012, 2011 and 2010, our casino accounts receivable were US$426.8 million, US$385.9 million and US$294.0 million, respectively. Our allowance for doubtful accounts may fluctuate significantly from period to period as a result of having significant individual customer account balances where changes in their status of collectability cause significant changes in our allowance.

For information regarding allowances for doubtful accounts, see "Item 5. Operating and Financial Review and Prospects — A. Operating Results — Critical Accounting Policies and Estimates — Accounts Receivable and Credit Risk."

Market and Competition

We believe that the gaming market in Macau is and will continue to be intensely competitive. Our competitors in Macau and elsewhere in Asia include all the current concession and subconcession holders and many of the largest gaming, hospitality, leisure and property development companies in the world. Some of these current and future competitors are larger than us and have significantly longer track records of operation of major hotel casino resort properties.

Macau Gaming Market

In 2012, 2011 and 2010, Macau generated approximately US$38.0 billion, US$33.4 billion and US$23.5 billion of gaming revenue, respectively, according to the DICJ, compared to the US$6.1 billion, US$6.0 billion and US$5.7 billion of gaming revenue (excluding sports book and race book), respectively, generated on the Las Vegas Strip, according to the Nevada Gaming Control Board, and compared to the US$3.0 billion, US$3.3 billion and US$3.6 billion of gaming revenue (excluding sports book and race book), respectively, generated in Atlantic City, according to the New Jersey Division of Gaming Enforcement. Gaming revenue in Macau has increased at a five year CAGR from 2007 to 2012 of 29.65% compared to five year CAGRs of -1.87% and -9.23% for the Las Vegas Strip and Atlantic City, respectively (excluding sports book and race book). In addition, Macau is currently the only market in Greater China, and one of only several in Asia, to offer legalized casino gaming.

From 2010 to 2012, gaming revenues and visitation significantly increased. Gross gaming revenues in Macau grew by 13.5% in 2012, 42.2% in 2011, and 57.8% in 2010, according to the DICJ. This growth was driven by all three main gaming segments. In 2012, according to the DICJ, rolling chip gaming revenues increased 7.5%, representing 69.3% of all gaming revenues in Macau, mass market table games revenues grew by 32.7% and electronic gaming revenues grew by 15.9%. We believe the growth in gaming revenues in Macau is supported by, among other things, the continuing emergence of a wealthier demographic in China, a robust regulatory framework, and significant new infrastructure developments within Macau and China, as well as by the anticipated new supply of gaming and non-gaming facilities in Macau, which is predominantly focused on the Cotai region. Visitation to Macau in 2012, totaled more than 28.0 million visitors. Mainland China continues to drive overall visitation growth, increasing 4.6% as compared to 5.6% decrease for all other visitors in 2012, and visitors from mainland China represented over 60.2%, while visitors from Hong Kong and Taiwan represented 25.2% and 3.8%, of all visitors to Macau in 2012, respectively.

Gaming in Macau is administered through government-sanctioned concessions awarded to three different concessionaires: SJM, which is a company listed on the HKSE in which Mr. Lawrence Ho, our co-chairman and chief executive officer, and his family members have shareholding interests; Wynn Macau, a subsidiary of Wynn Resorts Ltd.; and Galaxy, a consortium of Hong Kong and Macau businessmen. SJM has granted a subconcession to MGM Grand Paradise, which was originally formed as a joint venture by MGM-Mirage and Ms. Pansy Ho, sister of Mr. Lawrence Ho. Galaxy has granted a subconcession to VML, a subsidiary of Las Vegas Sands Corporation, the developer of Sands Macao, The Venetian Macao and Sands Cotai Central. Melco Crown Macau obtained its subconcession under the concession of Wynn Macau.

SJM currently operates multiple casinos throughout Macau. SJM has extensive experience in operating in the Macau market and long-established relationships in Macau. SJM has announced its intention to develop a new casino in Cotai and accepted a proposed land concession contract in October 2012, which remains subject to the formal approval of the Macau government.

Wynn Macau opened the Wynn Macau in September 2006 on the Macau Peninsula. In addition they opened an extension to Wynn Macau called Encore in 2010. In 2012, Wynn Macau started the construction for a new casino in Cotai.

Galaxy currently operates multiple casinos in Macau, including StarWorld, a hotel and casino resort in Macau's central business and tourism district. The Galaxy Macau resort opened in Cotai in May 2011. In 2012, Galaxy started the construction for phase II of Galaxy Macau.

VML with a subconcession under Galaxy's concession, operates Sands Macao on the Macau peninsula, together with The Venetian Macao, the Plaza Casino at The Four Seasons Hotel Macao and the Sands Cotai Central, which are located in Cotai. VML has also announced proposals for further large developments in Cotai, one of which has opened in 2012.

MGM Grand Paradise, with a subconcession under SJM's concession opened the MGM Macau in December 2007, which is located next to Wynn Macau on the Macau Peninsula. MGM Grand Paradise has announced its intention to develop a new casino in Cotai and began its construction in February 2013.

The existing concessions and subconcessions do not place any limit on the number of gaming facilities that may be operated. In addition to facing competition from existing operations of these concessionaires and subconcessionaires, we will face increased competition when any of them constructs new, or renovates pre-existing, casinos in Macau or enters into leasing, services or other arrangements with hotel owners, developers or other parties for the operation of casinos and gaming activities in new or renovated properties, as SJM and Galaxy have done. The Macau government has publicly stated that each concessionaire will only be permitted to grant one subconcession. Moreover, the Macau government announced that, until further assessment of the economic situation in Macau, there would be no increase in the number of concessions and subconcessions. The Macau government further announced that the number of gaming tables operating in Macau should not exceed 5,500 until the end of the first quarter of 2013 and that, thereafter, for a period of ten years, the total number of gaming tables to be authorized will be limited to an annual increase of 3%. The Macau government has recently stated that the allocation of tables over this ten year period does not need to be uniform and tables may be pre-allocated to new properties in Macau. These restrictions are not legislated or enacted into statutes or ordinances and as such different policies, including on the annual increase rate in the number of gaming tables, may be adopted at any time by the relevant Macau government authorities. According to the DICJ, the number of gaming tables operating in Macau as of December 31, 2012 was 5,485. The Macau government has reiterated further that it does not intend to authorize the operation of any new casino that was not previously authorized by the government. However, the policies and laws of the Macau government could change and permit the Macau government to grant additional gaming concessions or subconcessions. Such change in policies may also result in a change of the number of gaming tables and casinos that the Macau government is prepared to authorize to operate.

Philippine Gaming Market

In connection with the Philippines Project, we expect to face competition in the Philippines market from hotels and resorts owned by both Philippine nationals and foreigners, including many of the largest gaming, hospitality, leisure and resort companies in the world. In addition, PAGCOR, an entity owned and controlled by the government of Philippines, operates gaming facilities across the Philippines.

Other Regional Markets

We may also face competition from casinos and gaming resorts located in other Asian destinations together with cruise ships. Casinos and integrated gaming resorts are becoming increasingly popular in Asia, giving rise to more opportunities for industry participants and increasing regional competition. There are major gaming facilities in Australia located in Melbourne, Perth, Sydney and the Gold Coast. Genting Highlands is a popular international gaming resort in Malaysia, approximately a one-hour drive from Kuala Lumpur. South Korea has allowed gaming for some time but these offerings are available primarily to foreign visitors. There are also casinos in Vietnam and Cambodia, although they are relatively small compared to those in Macau.

Singapore legalized casino gaming in 2006. Genting Singapore PLC opened its resort in Sentosa, Singapore in February 2010 and Las Vegas Sands Corporation opened its casino in Marina Bay, Singapore in April 2010. Despite these openings Macau has continued to show healthy growth. In addition, several other Asian countries are considering or are in the process of legalizing gambling and establishing casino-based entertainment complexes.

Seasonality

Macau experiences many peaks and seasonal effects. The "Golden Week" and "Chinese New Year" holidays are the key periods where business and visitation fluctuate considerably. While we may experience fluctuations in revenues and cash flows from month to month, we do not believe that our business is materially impacted by seasonality.

Intellectual Property

We have registered the trademarks "Altira," "Mocha Club," "City of Dreams" and "Melco Crown Entertainment" in Macau and other jurisdictions. We have also registered in Macau and other jurisdictions certain other trademarks and service marks used in connection with the operations of our hotel casino projects in Macau. We have entered into a license agreement with Crown Melbourne Limited for an exclusive and non-transferable license to use the Crown brand in Macau. Our hotel management agreement with the Grand Hyatt Macau hotel provides us the right to use the Grand Hyatt trademarks on a non-exclusive and non-transferable basis. Our trademark license agreements with Hard Rock Holdings Limited provide us the right to use the Hard Rock brand in Macau, which we use at City of Dreams. Pursuant to these agreements, we have the exclusive right to use the Hard Rock brand for a hotel and casino facility at City of Dreams for a term of ten years based on a fee per gaming table and machine and percentages of revenues generated at the property payable to Hard Rock Holdings Limited. We also purchase gaming tables and gaming machines and enter into licensing agreements for the use of certain trade names and, in the case of the gaming machines, the right to use software in connection therewith. These include a license to use a jackpot system for the gaming machines. While our branding strategy for Studio City has not yet been finalized, we have registered a number of trademarks in Macau and Hong Kong (including the "Where Cotai Begins" trademark), which may ultimately be used as a component of our branding strategy for Studio City.

Regulations

Gaming Regulations

The ownership and operation of casino gaming facilities in Macau are subject to the general laws (e.g., the Civil Code and the Commercial Code) and to specific gaming laws, in particular, the Macau Gaming Law. Macau's gaming operations are also subject to the grant of a concession or subconcession by and regulatory control of the Macau government, or Dispatch of the Chief Executive. See "— The Subconcession" below for more details.

Macau Administrative Regulation no. 34/2003 describes the DICJ as the supervisory authority and regulator of the gaming industry in Macau. The core functions of the DICJ are:

- to collaborate in the definition of gaming policies;
- to supervise and monitor the activities of the concessionaires and subconcessionaires;
- to investigate and monitor the continuing suitability and financial capacity requirements of concessionaires, subconcessionaires and gaming promoters;
- to issue licenses to gaming promoters;

- to license and certify gaming equipment; and
- to issue directives and recommend practices with respect to the ordinary operation of casinos.

Below are the main features of the Macau Gaming Law, as supplemented by Macau Administrative Regulation no. 26/2001, that are applicable to our business.

- If we violate the Macau Gaming Law, Melco Crown Macau's subconcession could be limited, conditioned, suspended or revoked, subject to compliance with certain statutory and regulatory procedures. In addition, we, and the persons involved, could be subject to substantial fines for each separate violation of Macau Gaming Law or of the Subconcession Contract at the discretion of the Macau government. Further, if we terminate or suspend the operation of all or a part of the conceded business without permission for reasons not due to *force majeure*, or in the event of insufficiency of our facilities and equipment which may affect the normal operation of the conceded business, the Macau government would be entitled to replace Melco Crown Macau during such disruption and to ensure the continued operation of the conceded business. Under such circumstances, we would bear the expenses required for maintaining the normal operation of the conceded business.
- The Macau government also has the power to supervise subconcessionaires in order to assure financial stability and capability. See "— The Subconcession — The Subconcession Contract."
- Any person who fails or refuses to apply for a finding of suitability after being ordered to do so by the Macau government may be found unsuitable. Any stockholder of a Concessionaire or Subconcessionaire holding stock equal to or in excess of 5% of concessionaire or subconcessionaire stock capital who is found unsuitable will be required to dispose of such stock by a certain time (the transfer itself being subject to the Macau government's authorization). If a disposal has not taken place by the time so designated, such stock must be acquired by the concessionaire or subconcessionaire. Melco Crown Macau will be subject to disciplinary action if, after it receives notice that a person is unsuitable to be a stockholder or to have any other relationship with it, Melco Crown Macau:
  - pays that person any dividend or interest upon its shares;
  - allows that person to exercise, directly or indirectly, any voting right conferred through shares held by that person;
  - pays remuneration in any form to that person for services rendered or otherwise; or
  - fails to pursue all lawful efforts to require that unsuitable person to relinquish his or her shares.
- The Macau government also requires prior approval for the creation of a lien over gaming assets or the property comprising a casino, shares and gaming equipment and utensils of a concession or subconcession holder. In addition, the creation of restrictions on its stock in respect of any public offering also require the approval of the Macau government to be effective.
- The Macau government must give its prior approval to changes in control through a merger, consolidation, stock or asset acquisition, or any act or conduct by any person whereby he or she obtains such control. Entities seeking to acquire control of a concessionaire or subconcessionaire must satisfy the Macau government concerning a variety of stringent standards prior to assuming control. The Macau government may also require controlling stockholders, officers, directors and other persons having a material relationship or involvement with the entity proposing to acquire control, to be investigated for suitability as part of the approval process of the transaction.

- We are also required to collect and pay employment taxes in connection with our staff through withholding and all payable and non-exemptible taxes, levies, expenses and handling fees provided by the laws and regulations of Macau.

- In addition, the Macau Gaming Law regulates gaming promoters. See "— Regulations Relating to Gaming Promoters" below.

Non-compliance with these obligations could lead to the revocation of Melco Crown Macau's subconcession and could materially adversely affect our gaming operations.

Regulations Relating to Gaming Promoters

Macau Administrative Regulation no. 6/2002, as amended pursuant to Administrative Regulation no. 27/2009 (the "Gaming Promoters Regulation"), regulates licensing as a gaming promoter and the conduct of gaming promotion business by gaming promoters. Applications to the DICJ must be sponsored by a Concessionaire or Subconcessionaire who will confirm that it may contract the applicant's services upon the latter being licensed. Licenses are subject to annual renewal and a list of licensed gaming promoters is published every year in the Macau Official Gazette. The DICJ monitors each gaming promoter and its employees and collaborators.

Concessionaires and subconcessionaires are jointly liable for the activities of their gaming promoters and collaborators within their casinos. In addition to the licensing and suitability assessment process performed by the DICJ, all of our gaming promoters undergo a thorough internal vetting process. We conduct background checks and also conduct periodic reviews of the activities of each gaming promoter, its employees and its collaborators for possible non-compliance with Macau legal and regulatory requirements. Such reviews generally include investigations into compliance with applicable money laundering laws and regulations as well as tax withholding requirements.

Concessionaires and subconcessionaires are required to report periodically on commissions and other remunerations paid to their gaming promoters. A 5% tax must be withheld on commissions and other remunerations paid by a concessionaire or subconcessionaire to its gaming promoters. In August 2009, the Macau government amended the legislation on gaming promoter activity (Administrative Regulation 6/2002) permitting the imposition of a cap on the percentage of commissions payable by concessionaires and subconcessionaires to gaming promoters. In September 2009 the Secretary for Economy and Finance issued a dispatch implementing a commission cap of 1.25% of net rolling, effective as of September 22, 2009 and which is being enforced as of December 1, 2009. Under the amended legislation and the dispatch, any bonuses, gifts, services or other advantages which are subject to monetary valuation and which are granted, directly or indirectly, inside or outside of Macau by any concessionaire or subconcessionaires or any company of their respective group to any gaming promoter shall be considered a commission. The commission cap regulations impose fines (ranging from 100,000 Patacas up to 500,000 Patacas) on gaming operators that do not comply with the cap and other fines (ranging from 50,000 Patacas up to 250,000 Patacas) on gaming operators that do not comply with their reporting obligations regarding commission payments. If breached, the legislation on commission caps has a sanction enabling the relevant government authority to make public a government decision imposing a fine on a Concessionaire and Subconcessionaire, by publishing such decision on the DICJ website and in two Macau newspapers (in Chinese and Portuguese respectively). We believe we have implemented the necessary internal control systems to ensure compliance with the commission cap and reporting obligations in accordance with applicable rules and regulations.

Macau Law no. 5/2004 has legalized the extension of gaming credit to patrons or gaming promoters by concessionaires and subconcessionaires. Gaming promoters may also extend credit to patrons upon obtaining an authorization by a concessionaire or subconcessionaire to carry out such activity. Assigning or transferring one's authorization to extend gaming credit is not permitted. This statute sets forth filing obligations for those extending credit and the supervising role of the DICJ in this activity. Gaming debts contracted pursuant to this statute are a source of civil obligations and may be enforced in court.

Anti-Money Laundering Regulations in Macau

In conjunction with current gaming laws and regulations, we are required to comply with the laws and regulations relating to anti-money laundering activities in Macau. Law 2/2006 of April 3, 2006, which came into effect on April 4, 2006, the Administrative Regulation (AR) 7/2006 of May 15, 2006, which came into effect on November 12, 2006, and the DICJ Instruction 2/2006 of November 13, 2006 govern our compliance requirements with respect to identifying, reporting and preventing anti-money laundering and terrorism financing crimes at our casinos.

Under these laws and regulations, we are required to:

- identify any customer or transaction where there is a sign of money laundering or financing of terrorism or which involves significant sums of money in the context of the transaction, even if any sign of money laundering is absent;
- refuse to deal with any of our customers who fail to provide any information requested by us;
- keep records on the identification of a customer for a period of five years;
- notify the Finance Information Bureau if there is any sign of money laundering or financing of terrorism; and
- cooperate with the Macau government by providing all required information and documentation requested in relation to anti-money laundering activities.

Under Article 2 of AR 7/2006 and the DICJ Instruction 2/2006, we are required to track and mandatorily report cash transactions and granting of credit in a minimum amount of MOP500,000 (equivalent to approximately US$62,000). Pursuant to the legal requirements above, if the customer provides all required information, after submitting the reports, we may continue to deal with those customers that we reported to the DICJ and, in case of suspicious transactions, to the Finance Information Bureau.

We employ internal controls and procedures designed to help ensure that our gaming and other operations are conducted in a professional manner and in compliance with internal control requirements issued by the DICJ set forth in its instruction on anti-money laundering, the applicable laws and regulations in Macau, as well as the requirements set forth in the Subconcession Contract.

We have developed comprehensive anti-money laundering policies and related procedures covering our anti-money laundering responsibilities and have training programs in place to ensure that all relevant employees understand such anti-money laundering policies and procedures. We also use an integrated IT system to track and automatically generate significant cash transaction reports and, if permitted by the DICJ and the Finance Information Bureau, to submit those reports electronically. We also train our staff on identifying and following correct procedures for reporting “suspicious transactions” and make our guidelines and training modules available for our employees on our intranet and internet sites.

Smoking Regulation in Macau

Under the new Smoking Prevention and Tobacco Control Law, which came into effect on January 1, 2012, from January 1, 2013, smoking is not permitted in casino premises, except for an area of up to 50% (fifty percent) of the casino area opened to the public as determined by Dispatch of the Chief Executive no. 296/2012. In accordance with the aforementioned Dispatch, smoking areas must be physically segregated from non-smoking areas, clearly denoted, adequately ventilated in order to avoid propagation of smoke to adjacent areas, and are subject to authorization by the Macau government. In the case of casinos with several floors,

smoking areas must be placed in the upper floors and in the case of casinos comprised of one single floor, smoking areas must be placed in a zone opposite from the non-smoking areas and physically separated therefrom. Smoking areas in new casinos must have an independent ventilation system. In addition, concessionaires and subconcessionaires are required to continuously monitor and file a monthly report on the levels of air quality, which must remain within prescribed limits. Such concessionaires and subconcessionaires shall be subject to the supervision and instructions of the Health Bureau and failure to comply with the prescribed measures and instructions may lead to reduction of smoking areas or cancellation of the relevant authorization. The deadline to create the designated smoking areas expired on January 1, 2013 and the smoking ban in casino premises, except for an area of up to 50% of the casino areas open to the public, became effective on January 1, 2013.

Regulation on Access to Casinos in Macau

On August 20, 2012, the Macau government enacted legislation, which came into effect on November 1, 2012, under which the minimum age required for entrance into casinos in Macau was raised from 18 to 21 years of age. Employees under 21 years of age who were already employed when the new law came into effect were not affected thereby and have maintained their positions. In addition, the director of the DICJ may authorize employees under 21 years of age to temporarily enter casinos, after considering their special technical qualifications.

DICJ Instruction on Responsible Gambling

On October 18, 2012, the DICJ issued Instruction no. 2/2012, which came into effect on November 1, 2012, setting out measures for the implementation of "Responsible Gambling" principles. Under this instruction, concessionaires and subconcessionaires are required to implement certain measures to promote responsible gambling, including: making information available on the risks of gambling, responsible gambling and odds, both inside and outside the casinos and through electronic means; creation of information and counseling kiosks and a hotline; adequate regulation of lighting inside casinos; public exhibition of time; creation and training of teams and a coordinator responsible for promoting responsible gambling.

Regulation on Supply and Requirements of Gaming Machines, Equipment and Systems

On November 27, 2012 Administrative Regulation 26/2012 came into effect, setting out rules on the supply and requirements of gaming machines, equipment and systems. Pursuant to this regulation, gaming machines can only be supplied to concessionaires or subconcessionaires, authorized distributors and other entities upon government authorization. Gaming machines may only be installed in places previously approved by the government and location of storage facilities must be informed to the DICJ. Suppliers must obtain DICJ approval in order to supply gaming machines in Macau, such authorization being based on a probity check, and must be Macau incorporated companies by shares, all shares being nominative, or Macau registered branch offices. Supply contracts are also regulated, namely by determining that revenue share arrangements are not enforceable towards the Macau government and requiring the insertion of provisions allowing the reversion of the gaming machines to the Macau government under the Macau Gaming Law. The regulation further sets out the requirements for the approval of gaming machines in Macau, effective as of January 1, 2013; instructions to the concessionaires and subconcessionaires in case of malfunction of the gaming machines, equipment and systems, including that concessionaires, subconcessionaires and suppliers shall be jointly and severally liable for damages caused to patrons and the Macau government due to such malfunction; the concessionaires and subconcessionaires' obligation to keep records of their gaming machines and respective suppliers. The regulation also sets out rules regarding portable gaming devices, electronic gaming, electronic monitoring systems and jackpot systems.

Moreover, under this regulation, slot machine lounges shall only be located: (i) in hotels with at least five-star classification; (ii) properties entirely allocated to non-residential purposes and located within less than

500 meters of an authorized hotel-casino; or (iii) in commercial and leisure complexes, of relevant touristic interest, not inserted in a densely populated area. Under the regulation, the Macau government should take the necessary measures to enable existing slot lounges to comply with the above mentioned requirements until November 27, 2013.

Labor Quotas

All businesses in Macau must apply to the Macau Human Resources Office for labor quotas to import non-resident skilled workers from China and other regions or countries. Businesses are free to employ Macau residents in any position without any type of quota, as by definition all Macau residents have the right to work in Macau. We have, through our subsidiaries, two main groups of labor quotas in Macau, one to import non-skilled workers from China and the other to import non-skilled workers from all other countries. Melco Crown Macau is required by law to employ only Macau residents as dealers and gaming supervisors. Non-resident skilled workers are also subject to authorization by the Macau Human Resources Office, which is given individually on a case-by-case basis.

Pursuant to Macau social security laws, Macau employers must register their employees under a mandatory social security fund and make social security contributions for each of its resident employees and pay a special duty for each of its nonresident employees on a quarterly basis. Employers must also buy insurance to cover employment accidents for all employees.

Land Use Rights in Macau

Macau land is divided into lots, each of which is given a number. There is a small amount of private freehold land in Macau, typically found in the original area of the Macau territory. Where the land is private freehold land, no government rent is payable and there are no temporal limits to the ownership of the land or the buildings erected on the land, which are private property. The rest of the land, including land reclamation areas, belongs to the Macau government. In most cases, private interests in real property located in Macau are obtained through long-term leases from the Macau government.

Our subsidiaries have entered into land concession contracts for the land on which our Altira Macau, City of Dreams and Studio City properties and development projects are located. Each contract has a term of 25 years and is renewable for further consecutive periods of 10 years and imposes, among other conditions, a development period, a land premium payment, a nominal annual government land use fee, which may be adjusted every five years, and a guarantee deposit upon acceptance of the land lease terms, which are subject to adjustments from time to time in line with the amounts paid as annual land use fees.

The land concession contract is similar to a lease and published in the Macau Official Gazette, at which time official title to the land or right is obtained. The land is initially granted on a provisional basis and registered as such with the Macau Property Registry, subject to completion of the proposed development, and only upon completion of the development is the land concession converted into definitive status and so registered with the Macau Property Registry.

Macau property and all concessions are subject to the Macau title registration system. Title can be established by reference to the title register. The person or party registered is recognized as the legal holder of the right/title registered. The records in the Macau Property Registry are public and anyone who searches the title register can rely on the registered rights. Following the registration of title in Macau, the registered title holder will be officially recognized and able to enforce his rights vis-à-vis any third parties. All ownership rights over the properties or buildings subject to a land concession (being strata title for residential units or full ownership of any building or fraction thereof) are also registered with the Macau Property Registry and fall under a private ownership regime.

Foreign Corrupt Practices Act

Our company is subject to the FCPA, which makes it illegal for our company and its employees and agents from offering or giving money or any other item of value to win or retain business or to influence any act or decision of any foreign official. Since the founding of our company in 2006, a Code of Business Conduct and Ethics (the "Code") was adopted by our company and includes specific FCPA related provisions that can be found in Section IV and VII B of the Code. To further supplement the existing policy and practice, our company implemented a FCPA Compliance Program in 2007. This covers the activities of the shareholders, directors, officers, employees, and counterparties of our company.

The Subconcession

The Concession Regime

The Macau government conducted an international tender process for gaming concessions in Macau in 2001, and granted three gaming concessions to Galaxy, SJM and Wynn Macau, respectively. Upon authorization by the Macau government, each of Galaxy, SJM and Wynn Macau subsequently entered into subconcession contracts with their respective subconcessionaires. These subconcessionaires were thus granted the right to operate casino games and other games of chance in Macau. No further granting of subconcessions is permitted unless specifically authorized by the Macau government. Though there are no restrictions on the number of casinos or gaming areas that may be operated under each concession or subconcession, Macau government approval is required for the commencement of operations of any casino or gaming area.

The subconcessionaires that entered into subconcession contracts with Wynn Macau, SJM and Galaxy are Melco Crown Macau, MGM Grand Paradise and VML, respectively. Our subsidiary, Melco Crown Macau, executed the Subconcession Contract with Wynn Macau on September 8, 2006. Wynn Macau will continue to develop and run hotel operations and casino projects independent of ours.

All concessionaires and subconcessionaires must pay a special gaming tax of 35% of gross gaming revenues, defined as all gaming revenues derived from casino or gaming areas, plus an annual gaming premium of:

- MOP30 million (equivalent to approximately US$3.7 million) per annum fixed premium;
- MOP300,000 (equivalent to approximately US$37,437) per annum per VIP gaming table;
- MOP150,000 (equivalent to approximately US$18,719) per annum per mass market gaming table; and
- MOP1,000 (equivalent to approximately US$125) per annum per electric or mechanical gaming machine including slot machines.

The Subconcession Contract

The Subconcession Contract provides for the terms and conditions of the subconcession granted to Melco Crown Macau (formerly known as Melco Crown Gaming (Macau) Limited) by Wynn Macau. Melco Crown Macau does not have the right to further grant a subconcession or transfer the operation to third parties, pursuant to the Subconcession Contract.

Melco Crown Macau paid a consideration of US$900 million to Wynn Macau. In return, on September 8, 2006, Melco Crown Macau was granted the right to operate games of fortune and chance or other games in casinos in Macau, for a period of 16 years until the expiration of the subconcession on June 26, 2022. No further payments need to be made to Wynn Macau in future operations. The operation of gaming-related activities is also permitted, subject to the prior approval from the Macau government.

The Macau government has reconfirmed that the subconcession is independent of Wynn Macau's concession and that Melco Crown Macau does not have any obligations to Wynn Macau pursuant to the

Subconcession Contract. It is thus not affected by any modification, suspension, redemption, termination or rescission of Wynn Macau's concession. In addition, an early termination of Wynn Macau's concession before June 26, 2022, would not result in the termination of the subconcession. The subconcession was authorized and approved by Macau government. Our Macau legal advisor has advised us that, absent any change to Melco Crown Macau's legal status, rights, duties and obligations towards the Macau government or any change in applicable law, Melco Crown Macau will continue to be validly entitled to operate independently under and pursuant to the subconcession, notwithstanding the termination or rescission of Wynn Macau's concession, the insolvency of Wynn Macau and/or the replacement of Wynn Macau as concessionaire in the Subconcession Contract. The Macau government has a contractual obligation to the effect that, should Wynn Macau cease to hold the concession prior to June 26, 2022, the Macau government would replace Wynn Macau with another entity so as to ensure that Melco Crown Macau may continue to operate games of chance and other games in casinos in Macau and the subconcession would at all times be under a concession. Both the Macau government and Wynn Macau has undertaken to cooperate with Melco Crown Macau to ensure all the legal and contractual obligations are met.

A summary of the key terms of the Subconcession Contract is as follows.

Development of Gaming Projects/Financial Obligations. The Subconcession Contract requires us to make a minimum investment in Macau of MOP4.0 billion (equivalent to approximately US$499.2 million), including investment in fully developing Altira Macau and the City of Dreams, by December 2010. In June 2010, we obtained confirmation from the Macau government that as of the date of the confirmation, we had invested over MOP4.0 billion (equivalent to approximately US$499.2 million) in our projects in Macau.

Payments. Subconcession premiums and taxes, computed in various ways depending upon the type of gaming or activity involved, are payable to the Macau government. The method for computing these fees and taxes may be changed from time to time by the Macau government. Depending upon the particular fee or tax involved, these fees and taxes are payable either monthly or annually and are based upon either a percentage of the gross revenues or the number and type of gaming devices operated. In addition to special gaming taxes of 35% of gross gaming revenues, we are also required to contribute to the Macau government an amount equivalent to 1.6% of the gross revenues of our gaming business. Such contribution must be delivered to a public foundation designated by the Macau government whose goal is to promote, develop or study culture, society, economy, education and science and engage in academic and charitable activities. Furthermore, we are also obligated to contribute to Macau an amount equivalent to 2.4% of the gross revenues of the gaming business for urban development, tourism promotion and the social security of Macau. We are required to collect and pay, through withholding, statutory taxes on commissions or other remunerations paid to gaming promoters.

Termination Rights. The Macau government has the right, after notifying Wynn Macau, to unilaterally terminate Melco Crown Macau's subconcession in the event of noncompliance by us with our basic obligations under the subconcession and applicable Macau laws. Termination of the Subconcession Contract may be enforced by agreement between Melco Crown Macau and Wynn Macau, but is independent of Wynn Macau's concession. A mutual agreement between the Macau government and Melco Crown Macau can also result in termination of the subconcession. Upon termination, all of our casino premises and gaming equipment would revert to the Macau government automatically without compensation to us and we would cease to generate any revenues from these operations. In many of these instances, the Subconcession Contract does not provide a specific cure period within which any such events may be cured and, instead, we may be dependent on consultations and negotiations with the Macau government to give us an opportunity to remedy any such default. Neither Melco Crown Macau nor Wynn Macau is granted explicit rights of veto, or of prior consultation. The Macau government may be able to unilaterally rescind the Subconcession Contract upon the following termination events:

- the operation of gaming without permission or operation of business which does not fall within the business scope of the subconcession;

- abandonment of approved business or suspension of operations of our gaming business in Macau without reasonable grounds for more than seven consecutive days or more than 14 non-consecutive days within one calendar year;
- transfer of all or part of Melco Crown Macau's operation in Macau in violation of the relevant laws and administrative regulations governing the operation of games of fortune or chance and other casino games in Macau and without Macau government approval;
- failure to pay taxes, premiums, levies or other amounts payable to the Macau government;
- refusal or failure to resume operations following the temporary assumption of operations by the Macau government;
- repeated opposition to the supervision and inspection by the Macau government and failure to comply with decisions and recommendations of the Macau government, especially those of the DICJ, applicable to us;
- failure to provide or supplement the guarantee deposit or the guarantees specified in the subconcession within the prescribed period;
- bankruptcy or insolvency of Melco Crown Macau;
- fraudulent activity harming the public interest;
- serious and repeated violation of the applicable rules for carrying out casino games of chance or games of other forms or damage to the fairness of casino games of chance or games of other forms;
- systematic non-compliance with the Macau Gaming Law's basic obligations;
- the grant to any other person of any managing power over the gaming business of Melco Crown Macau or the grant of a subconcession or entering into any agreement to the same effect; or
- failure by a controlling shareholder in Melco Crown Macau to dispose of its interest in Melco Crown Macau, within 90 days from the date of the authorization given by the Macau government for such disposal, pursuant to written instructions received from the regulatory authority of a jurisdiction where the said shareholder is licensed to operate, which have had the effect that such controlling shareholder now wishes to dispose of the shares it owns in Melco Crown Macau.

Ownership and Capitalization. Set out below are the key terms in relation to ownership and capitalization under the Subconcession Contract:

- any person who directly acquires voting rights in Melco Crown Macau will be subject to authorization from the Macau government;
- Melco Crown Macau will be required to take the necessary measures to ensure that any person who directly or indirectly acquires more than 5% of the shares in Melco Crown Macau would be subject to authorization from the Macau government, except when such acquisition is wholly made through the shares of publicly listed companies;
- any person who directly or indirectly acquires more than 5% of the shares in Melco Crown Macau will be required to report the acquisition to the Macau government (except when such acquisition is wholly made through shares tradable on a stock exchange as a publicly listed company);

- the Macau government's prior approval would be required for any recapitalization plan of Melco Crown Macau; and
- the Chief Executive of Macau could require the increase of Melco Crown Macau's share capital if he deemed it necessary.

Redemption. Under the Subconcession Contract, beginning in 2017, the Macau government has the right to redeem the Subconcession Contract by providing us with at least one year's prior notice. In the event the Macau government exercises this redemption right, we would be entitled to fair compensation or indemnity. The standards for the calculation of the amount of such compensation or indemnity would be determined based on the gross revenues generated by City of Dreams during the tax year immediately prior to the redemption, multiplied by the remaining term of the subconcession. We would not receive any further compensation (including for consideration paid to Wynn Macau for the subconcession).

Others. In addition, the Subconcession Contract contains various general covenants and obligations and other provisions, including special duties of cooperation, special duties of information, and execution of our investment obligations.

See "Item 3. Key Information — D. Risk Factors — Risks Relating to the Gaming Industry in Macau — Melco Crown Macau's Subconcession Contract expires in 2022 and if we were unable to secure an extension of its subconcession in 2022 or if the Macau government were to exercise its redemption right in 2017, we would be unable to operate casino gaming in Macau."

Tax

We are incorporated in the Cayman Islands. Under the current laws of the Cayman Islands, we and our subsidiaries incorporated in the Cayman Islands are not subject to Cayman Islands income or capital gains tax. In addition, dividend payments are not subject to withholding tax in the Cayman Islands. However, we and our Cayman Islands subsidiaries are subject to Hong Kong profits tax on profits arising from our activities conducted in Hong Kong.

Our subsidiaries incorporated in the British Virgin Islands are not subject to tax in the British Virgin Islands, but in the case of Mocha Slot Group Limited, it was subject to Macau complementary tax of 12% on profits earned in or derived from its activities conducted in Macau before the transfer of all of the Mocha Clubs assets and business to Melco Crown Macau.

Our subsidiaries incorporated in Macau are subject to Macau complementary tax of up to 12% on profits earned in or derived from their activities conducted in Macau. Having obtained a subconcession, Melco Crown Macau has applied for and has been granted the benefit of a corporate tax holiday on Macau complementary tax (but not gaming tax) in 2007, which exempted us from paying the Macau complementary tax for five years from 2007 to 2011 on income from gaming generated by Altira Macau, Mocha Clubs and City of Dreams. In April 2011, the Macau government extended the tax holiday for an additional five years to 2016. However, we cannot assure you that it will be extended beyond the expiration date. We remain subject to Macau complementary tax on our non-gaming businesses.

Melco Crown Macau is subject to Macau gaming tax based on gross gaming revenue in Macau. These gaming taxes are an assessment on Melco Crown Macau's gaming revenue and are recorded as an expense within the "Casino" line item in the consolidated statements of operations.

The Macau Government has granted to Altira Hotel and Melco Crown (COD) Hotels the declaration of utility purpose benefit in 2007 and 2011, respectively, pursuant to which they are entitled to a property tax holiday, for a period of 12 years, on any immovable property that they own or have been granted for Altira

Macau, Hard Rock Hotel and Crown Towers Hotel. Under such tax holiday, they will also be allowed to double the maximum rates applicable regarding depreciation and reintegration for the purposes of assessing the Macau Complementary Tax. We have applied for the declaration of utility purpose benefit in respect of Grant Hyatt Macau. The Macau Government has also granted to Altira Hotel a declaration of utility purposes benefit on specific vehicles purchased, pursuant to which it is entitled to a vehicle tax holiday, provided that there is no change in use or disposal of those vehicles within five years from the date of purchase. The Macau Government is considering the grant of the same benefit on specific vehicles purchased to Crown Towers Hotel, Hard Rock Hotel and Grant Hyatt Macau. The grant of the vehicle tax holiday is subject to the satisfaction by us of certain criteria determined by the Macau government.

Our subsidiaries incorporated in Hong Kong are subject to Hong Kong profits tax on any profits arising in or derived from Hong Kong. Dividend Distribution

Restrictions on Distributions. The City of Dreams Project Facility contained restrictions on payment of dividends for Melco Crown Macau and certain of our subsidiaries specified as guarantors, or the original borrowing group, which applied until the City of Dreams Project Facility was amended on June 30, 2011. There was a restriction on paying dividends during the construction phase of the City of Dreams project. Upon completion of the construction of the City of Dreams, the relevant subsidiaries would only be able to pay dividends if they satisfied certain financial tests and conditions. The 2011 Credit Facilities contain restrictions which apply on and from June 30, 2011 on paying dividends to our company or persons who are not members of the Borrowing Group, unless certain financial tests and conditions are satisfied. Dividends may be paid from (i) excess cash flow as defined in the 2011 Credit Facilities generated by the Borrowing Group, subject to compliance with the financial covenants under the 2011 Credit Facilities; or (ii) cash held by the Borrowing Group in an amount not exceeding the aggregate cash and cash equivalents investments of the Borrowing Group as of June 30, 2011, subject to a certain amount of cash and cash equivalents being retained for operating purposes and, in either case, there being no event of default continuing or likely to occur under the 2011 Credit Facilities as a result of making such payment. The indentures governing the 2013 Senior Notes and the Studio City Notes also contain certain covenants that, subject to certain exceptions and conditions, restrict the payment of dividends for MCE Finance and its restricted subsidiaries or Studio City Finance and its restricted subsidiaries, respectively.

Distribution of Profits. All subsidiaries incorporated in Macau are required to set aside a minimum of 10% to 25% of the entity's profit after taxation to the legal reserve until the balance of the legal reserve reaches a level equivalent to 25% to 50% of the entity's share capital in accordance with the provisions of the Macau Commercial Code. The legal reserve sets aside an amount from the subsidiaries' statements of operations and is not available for distribution to the shareholders of the subsidiaries. The appropriation of legal reserve is recorded in the subsidiaries' financial statements in the year in which it is approved by the boards of directors of the relevant subsidiaries. As of December 31, 2012 and 2011, the balance of the reserve amounted to US$31.2 million and US$3,000, respectively.

C. ORGANIZATIONAL STRUCTURE

We are a holding company for the following principal operating subsidiaries: (1) Melco Crown Macau, which is the holder of our subconcession; (2) Altira Hotel, (3) Altira Developments, (4) Melco Crown (COD) Hotels, and (5) Melco Crown (COD) Developments.

At the time of our initial public offering in December 2006, through three intervening holding company subsidiaries incorporated in the Cayman Islands and wholly owned by us, (1) MCE Finance (formerly known as MPEL Holdings Limited and Melco PBL Holdings Limited), (2) MPEL International Limited (formerly known as Melco PBL International Limited) ("MPEL International"), and (3) MPEL Investments Limited (formerly known as Melco PBL Investments Limited) ("MPEL Investments"), we held all of the class B shares of Melco Crown Macau, representing 72% of the voting control of Melco Crown Macau and the rights to virtually all the economic interests in Melco Crown Macau. All of the class A shares of Melco Crown Macau, representing 28% of its outstanding capital stock were owned by PBL Asia Limited, or PBL Asia (as to 18%) and, as required by Macau law, the managing director of Melco Crown Macau (as to 10%). Mr. Lawrence Ho was appointed to serve as the managing director of Melco Crown Macau. The class A shares were entitled as a class to an aggregate of MOP1 in dividends and MOP1 in proceeds of any winding up or liquidation of Melco Crown Macau. MPEL Investments, PBL Asia, the managing director of Melco Crown Macau and Melco Crown Macau entered into a shareholders' agreement under which, among other things, PBL Asia agreed to vote its class A shares in the same manner as the class B shares on all matters submitted to a vote of shareholders of Melco Crown Macau.

In December 2006, we also incorporated a direct wholly owned subsidiary in Hong Kong, MPEL Services Limited (formerly Melco PBL Services Limited), for the purpose of entering into various administrative contracts, including leases for administrative office space, in Hong Kong.

Prior to the close of the City of Dreams Project Facility in September 2007, three more holding companies were incorporated through which we now hold our shares in Melco Crown Macau: (1) MPEL Nominee One Limited or MPEL Nominee One, a Cayman Islands company, which is a 100% subsidiary of MPEL International and now holds 100% of the shares in MPEL Investments which in turn holds approximately 90% of the shares in Melco Crown Macau made up of 1,799,999 class A shares and 7,200,000 class B shares; (2) MPEL Nominee Two Limited, or MPEL Nominee Two, a 100% subsidiary of MPEL Nominee One which holds a minority shareholding in Melco Crown Macau's Macau operating companies; and (3) MPEL Nominee Three Limited, or MPEL Nominee Three, a 100% subsidiary of MPEL Nominee One, which now holds one class A share in Melco Crown Macau.

The above shareholding structure of Melco Crown Macau was completed when PBL Asia transferred its 1,799,999 class A shares in Melco Crown Macau to MPEL Investments and its one class A share to MPEL International on June 12, 2007 and when MPEL International transferred its one class A share in Melco Crown Macau to MPEL Nominee Three on August 13, 2007. Mr. Lawrence Ho remains the Managing Director and 10% shareholder of Melco Crown Macau. The shareholders' agreement for Melco Crown Macau was terminated on December 7, 2007.

Melco Crown Macau, our operating subsidiary in Macau that holds a gaming subconcession, was incorporated in May 2006 and is owned 89.99% by MPEL Investments, 10% by Mr. Lawrence Ho and 0.01% by MPEL Nominee Three. According to the applicable regulations, 10% of the issued share capital of our company holding the subconcession must be held by the managing director of such company and he or she must be a permanent resident of Macau. MPEL Nominee Three was incorporated and became a shareholder of Melco Crown Macau to comply with the applicable regulations at the time of incorporation of Melco Crown Macau, which requires it to have at least three shareholders. The principal activity of Melco Crown Macau is casino operations.

We formed Melco Crown (COD) Developments and Altira Developments to develop our properties at City of Dreams and Altira Hotel, respectively. Melco Crown (COD) Developments was incorporated in Macau in July 2004, and is owned 96% by Melco Crown Macau and 4% by MPEL Nominee Two. Altira Developments was incorporated in Macau in September 2004, and is owned as to 99.98% by Melco Crown Macau, 0.01% by MPEL Nominee Three and 0.01% by MPEL Nominee Two.

We formed Altira Hotel in June 2006 and Melco Crown (COD) Hotels in May 2007 to operate our hotel and non-gaming businesses at Altira Macau and City of Dreams, respectively. The shares of these companies are owned 96% by Melco Crown Macau and 4% by MPEL Nominee Two.

On March 30, 2011, we incorporated MCE Cotai Investments Limited, or MCE Cotai, as an investment holding company for the purpose of acquiring an equity interest in Studio City. On July 27, 2011, we acquired a 60% equity interest in SCI, the developer of Studio City. The remaining 40% interest is held by New Cotai, LLC. SCI is an investment holding company and its operations are conducted through its subsidiary in Macau, Studio City Developments, which is owned 35% by SCP One Limited, 30% by SCP Holdings Limited and 35% by SCP Two Limited. Studio City Developments holds a piece of land in Macau for development of Studio City. SCI also holds, indirectly, Studio City Entertainment Limited, Studio City Hotels Limited, Studio City Services Limited and Studio City Hospitality and Services Limited. All of the aforesaid companies are incorporated in Macau.

On December 19, 2012, our company, through each of MCE Philippines Investments and MCE Investments No.2, completed the acquisition of a majority interest in the issued share capital of MCP.

MCE Philippines Investments was incorporated in the British Virgin Islands in July 2012 and is indirectly wholly owned by our company.

Each of MCE Holdings Philippines, MCE Holdings No.2 and MCE Leisure Philippines was incorporated in the Philippines in August 2012.

Our future operating results are subject to significant business, economic, regulatory and competitive uncertainties and risks, many of which are beyond our control. See "Item 3. Key Information — D. A. OPERATING RESULTS

Operations

Our primary business segments consist of:

City of Dreams

City of Dreams, as of December 31, 2012, featured a casino area of approximately 448,000 square feet with a total of approximately 450 gaming tables and approximately 1,400 gaming machines, approximately 1,400 hotel rooms and suites, over 20 restaurants and bars, approximately 70 retail outlets, a wet stage performance theater, audio visual multimedia experience, recreation and leisure facilities, including health and fitness clubs, three swimming pools, spas and salons and banquet and meeting facilities. A wet stage performance theater with approximately 2,000 seats features the *The House of Dancing Water* show produced by Franco Dragone. The Club Cubic nightclub features approximately 26,210 square feet of live entertainment space. City of Dreams targets premium mass market and rolling chip players from regional markets across Asia.

We continue to evaluate the next phase of our development plan at City of Dreams, which we currently expect to include a luxury hotel. Our decision on the development plan on such phase is subject to various considerations, including, among others, Macau government approval, general market conditions, other business opportunities and the availability of additional financing. For the years ended December 31, 2012, 2011 and 2010, net revenues generated from City of Dreams amounted to US$2,920.9 million, US$2,491.4 million and US$1,638.4 million representing 71.6%, 65.0% and 62.0% of our total net revenues, respectively.

Altira Macau

Altira Macau, as of December 31, 2012, featured a casino area of approximately 173,000 square feet with a total of approximately 170 gaming tables, approximately 200 hotel rooms, several fine dining and casual restaurants and recreation and leisure facilities. Altira Macau is designed to provide a casino and hotel experience that caters to Asian rolling chip players sourced primarily through gaming promoters. For the years ended December 31, 2012, 2011 and 2010, net revenues generated from Altira Macau amounted to US$966.8 million, US$1,173.9 million and US$859.8 million representing 23.7%, 30.6% and 32.5% of our total net revenues, respectively.

Mocha Clubs

As of December 31, 2012, we operated ten Mocha Clubs with a total of more than 1,993 gaming machines in operation. Mocha Clubs focus primarily on leisure mass market gaming patrons, including day-trip customers, outside the conventional casino setting. For the years ended December 31, 2012, 2011 and 2010, net revenues generated from Mocha Clubs amounted to US$143.3 million, US$131.9 million and US$112.0 million representing 3.5%, 3.4% and 4.2% of our total net revenues, respectively. The source of revenues was substantially all from slot machines. For the years ended December 31, 2012, 2011 and 2010, slot machine revenues represented 98.0%, 98.4% and 98.5% of net revenues generated from Mocha Clubs, respectively.

Corporate and Others

Our Corporate and Others segment primarily includes Taipa Square Casino, a casino on Taipa Island, Macau operating within Hotel Taipa Square, which we operate under a right-to-use agreement, and other corporate costs. For the years ended December 31, 2012, 2011 and 2010, net revenues generated from Corporate and Others segment amounted to US$46.9 million, US$33.6 million and US$31.8 million representing 1.2%, 0.9% and 1.2% of our total net revenues, respectively.

Studio City

On July 27, 2011, we acquired a 60% equity interest in SCI, the developer of Studio City, which we envision as a large-scale integrated entertainment, retail and gaming resort located in Cotai, with gaming areas, four-star and/or five-star hotel offerings, and various entertainment, retail and food and beverage outlets to attract a wide range of customers, with a particular focus on the mass market segment in Asia and, in particular, from Greater China. Studio City is currently in the development stage, and as a result there is no revenue and cash provided by its intended operations.

The Philippines Project

On December 19, 2012, we, through MCE Philippines Investments and MCE Investments No.2, completed the acquisition of a majority interest in the issued share capital of MCP in connection with the Philippines Project. The Philippines Project is currently in an early phase of development. For the year ended December 31, 2012, MCP had no revenue and incurred only insignificant expenses and its results of operations were included in our Corporate and Others segment.

Summary of Financial Results

For the year ended December 31, 2012, our total net revenues were US$4.08 billion, an increase of 6.5% from US$3.83 billion of net revenues for the year ended December 31, 2011. Net income attributable to our company for the year ended December 31, 2012 was US$417.2 million, as compared to a net income of US$294.7 million for the year ended December 31, 2011. The increase in total net revenues was primarily driven

by substantially improved mass market table games volumes and blended hold percentages, as well as increased volumes in the gaming machines operations, partially offset by lower group-wide rolling chip volumes.

	Year Ended December 31,		
	2012	2011	2010
	(in thousands of US$)		
Net revenues	$ 4,078,013	$ 3,830,847	$ 2,641,976
Total operating costs and expenses	(3,570,921)	(3,385,737)	(2,549,464)
Operating income	507,092	445,110	92,512
Net income (loss) attributable to our company	$ 417,203	$ 294,656	$ (10,525)

Our results of operations for the years presented are not fully comparable for the following reasons:

- On July 27, 2011, we acquired a 60% equity interest in SCI, the developer of Studio City.
- On November 26, 2012, Studio City Finance issued the Studio City Notes.
- On December 19, 2012, we completed the acquisition of a majority interest in the issued share capital of MCP.

Factors Affecting Our Current and Future Results

Our results of operations are and will be affected most significantly by:

- The growth of the gaming and leisure market in Macau, which is facilitated by a number of key drivers and initiatives including, among others, favorable population demographics and economic growth in major Asian tourism markets, substantial private capital investment in Macau, particularly in developing diversified destination resort properties, and the commitment and support of PRC central and Macau local governments to improve and develop infrastructure both within, and connecting to, Macau;
- The current economic and operating environment, including the impact of global and local economic conditions, changes in capital market conditions as well as the impact of visa and other regulatory policies of PRC central and Macau local governments, as discussed under “Item 4. Information on the Company — B. Business Overview — Market and Competition”;
- The competitive landscape in Macau, which is expected to evolve as more gaming and non-gaming facilities are developed in Macau, including the expected new supply of integrated resorts in the Cotai region of Macau, as well as the impact of recent or future expansion of gaming markets throughout Asia;
- The different mix of table and machine games at our casinos, such as the mix between rolling chip and mass market table game segments, and customer playing habits as well as changes in the mix of rolling chip business sourced through gaming promoters or via our direct VIP relationships;
- Our relationships with gaming promoters, which contribute a significant portion of our casino revenues, expose us to credit risk (given the majority of these gaming promoters are provided with credit as part of the ordinary course of business) and to any change in the gaming promoter commission environment in Macau. For the years ended December 31, 2012, 2011 and 2010, approximately 53.4%, 61.0% and 62.3% of our casino revenues were derived from customers sourced through our rolling chip gaming promoters, respectively. For the year ended December 31, 2012, our top five customers and the largest customer were gaming promoters and accounted for approximately

21.4% and 6.1% of our casino revenues, respectively. We believe we have good relationships with our gaming promoters and our commission levels broadly have remained stable throughout our operating history. Commissions paid to our rolling chip gaming promoters (net of amounts indirectly rebated to customers) amounted to US$308.6 million, US$321.6 million and US$222.4 million for the years ended December 31, 2012, 2011 and 2010, respectively;

- Our 2011 Credit Facilities and interest rate swaps, which expose us to interest rate risk, as discussed under "Item 11. Quantitative and Qualitative Disclosures About Market Risk — Interest Rate Risk"; and

- The currency of our operations, our indebtedness and presentation of our financial statements, which exposes us to foreign exchange rate risk, as discussed under "Item 11. Quantitative and Qualitative Disclosures About Market Risk — Foreign Exchange Risk."

Our historical financial results may not be characteristic of our potential future results as we continue to expand and refine our service offerings at our properties and develop and open new properties.

Key Performance Indicators (KPIs)

We use the following KPIs to evaluate our casino operations, including table games and gaming machines:

- *Rolling chip volume*: the amount of non-negotiable chips wagered and lost by the rolling chip market segment.

- *Rolling chip win rate:* rolling chip table games win as a percentage of rolling chip volume.

- *Mass market table games drop:* the amount of table games drop in the mass market table games segment.

- *Mass market table games hold percentage:* mass market table games win as a percentage of mass market table games drop.

- *Table games win:* the amount of wagers won net of wagers lost on gaming tables that is retained and recorded as casino revenues.

- *Gaming machine handle (volume):* the total amount wagered in gaming machines.

- *Gaming machine win rate*: gaming machine win expressed as a percentage of gaming machine handle.

In the rolling chip market segment, customers purchase identifiable chips known as non-negotiable chips, or rolling chips, from the casino cage, and there is no deposit into a gaming table's drop box of rolling chips purchased from the cage. Rolling chip volume and mass market table games drop are not equivalent. Rolling chip volume is a measure of amounts wagered and lost. Mass market table games drop measures buy in. Rolling chip volume is generally substantially higher than mass market table games drop. As these volumes are the denominator used in calculating win rate or hold percentage, with the same use of gaming win as the numerator, the win rate is generally lower in the rolling chip market segment than the hold percentage in the mass market table games segment.

Our combined expected rolling chip win rate (calculated before discounts and commissions) across our properties is in the range of 2.7% to 3.0%. Our combined expected mass market table games hold percentage is in the range of 25% to 30%, which is based on the mix of table games at our casino properties as each table game has its own theoretical hold percentage. Our combined expected gaming machine win rate is in the range of 4% to 6%.

We use the following KPIs to evaluate our hotel operations:

- *Average daily rate:* calculated by dividing total room revenues (less service charges, if any) by total rooms occupied, i.e., average price of occupied rooms per day.
- *Occupancy rate:* the average percentage of available hotel rooms occupied during a period.
- *Revenue per available room, or REVPAR:* calculated by dividing total room revenues (less service charges, if any) by total rooms available, thereby representing a combination of hotel average daily room rates and occupancy.

Complimentary rooms, for which rates are set at a discount from standard walk-in rates, are included in the calculation of these measures. As not all available rooms are occupied, average daily room rates are normally higher than revenue per available room.

Year Ended December 31, 2012 Compared to Year Ended December 31, 2011

Revenues

Our total net revenues for the year ended December 31, 2012 were US$4.08 billion, an increase of US$0.25 billion, or 6.5%, from US$3.83 billion for the year ended December 31, 2011. The increase in total net revenues was primarily driven by substantially improved mass market table games volumes and blended hold percentages, as well as increased volumes in the gaming machines operations, partially offset by lower group-wide rolling chip volumes.

Our total net revenues for the year ended December 31, 2012 comprised US$3.93 billion of casino revenues, representing 96.5% of our total net revenues, and US$143.3 million of net non-casino revenues (total non-casino revenues after deduction of promotional allowances). Our total net revenues for the year ended December 31, 2011 comprised US$3.68 billion of casino revenues, representing 96.0% of our total net revenues, and US$151.4 million of net non-casino revenues.

Casino. Casino revenues for the year ended December 31, 2012 were US$3.93 billion, representing a US$0.25 billion, or 6.9%, increase from casino revenues of US$3.68 billion for the year ended December 31, 2011, primarily due to an increase in casino revenues at City of Dreams of US$439.3 million, or 18.6%, which was partially offset by a decrease in casino revenues at Altira Macau of US$207.3 million, or 17.9%. This increase was primarily attributable to a substantial growth in the mass market table games segment, particularly at City of Dreams, driven by improvements in both the mass market table games hold percentage together with increased mass market table games drop. Our mass market table games revenues continue to improve reflecting the success of a range of gaming floor efficiency initiatives, improved casino visitation and casino marketing initiatives, together with a strong overall market growth environment in the segment.

Altira Macau. Altira Macau's rolling chip volume for the year ended December 31, 2012 was US$44.0 billion, representing a decrease of US$7.2 billion, or 14.1%, from US$51.2 billion for the year ended December 31, 2011. Altira Macau's rolling chip volumes were impacted by the recent slow-down in the market-wide rolling chip segment as well as various group-wide table efficiency initiatives which, among other things, resulted in a reduction in the number of rolling chip gaming tables in operation at Altira Macau for the year ended December 31, 2012 when compared to 2011. Rolling chip win rate (calculated before discounts and commissions) was 2.89% for the year ended December 31, 2012, within our expected level of 2.7% to 3.0%, and decreased from 3.03% for the year ended December 31, 2011. In the mass market table games segment, mass market table games drop was US$601.4 million for the year ended December 31, 2012, representing an increase of 3.4% from US$581.8 million for the year ended December 31, 2011. The mass market table games hold percentage was 16.7% for the year ended December 31, 2012, within our expected range for that year of 15.0% to 17.0% and represented a slight increase from 16.6% for the year ended December 31, 2011.

City of Dreams. City of Dreams' rolling chip volume for the year ended December 31, 2012 of US$81.3 billion represented an increase of US$2.5 billion, or 3.2%, from US$78.8 billion for the year ended December 31, 2011. Rolling chip win rate (calculated before discounts and commissions) was 2.92% for the year ended December 31, 2012, which is within our expected range of 2.7% to 3.0%, and slightly improved from 2.89% for the year ended December 31, 2011. In the mass market table games segment, mass market table games drop was US$3.59 billion for the year ended December 31, 2012 which represented an increase of US$0.65 billion, or 22.0%, from US$2.94 billion for the year ended December 31, 2011. The increase in mass market table games drop was positively impacted by an increase in casino visitation and improvements in casino marketing initiatives, together with the overall market growth in the mass market table games segment. The mass market table games hold percentage was 29.1% in the year ended December 31, 2012, which is within our expected range for that year of 25.0% to 31.0% and demonstrated a significant increase from 24.4% for the year ended December 31, 2011. Average net win per gaming machine per day was US$313 for the year ended December 31, 2012, an increase of US$45, or 16.8%, from US$268 for the year ended December 31, 2011.

Mocha Clubs. Mocha Clubs' average net win per gaming machine per day for the year ended December 31, 2012 was US$186, a decrease of approximately US$31, or 14.3%, from US$217 for the year ended December 31, 2011. The average net win per gaming machine was impacted by the addition of over 500 gaming machines as a result of the opening of two new Mocha Clubs venues in late 2011 and early 2012. The number of gaming machines in operation at Mocha Clubs averaged approximately 2,100 for the year ended December 31, 2012, compared to approximately 1,700 in 2011.

Rooms. Room revenues for the year ended December 31, 2012 were US$118.1 million, representing a US$15.1 million, or 14.6%, increase from room revenues of US$103.0 million for the year ended December 31, 2011 primarily due to improved occupancy and the positive impact from the increase in average daily rate. Altira Macau's average daily rate, occupancy rate and REVPAR were US$221, 98% and US$216, respectively, for the year ended December 31, 2012, as compared to US$196, 98% and US$191, respectively, for the year ended December 31, 2011. City of Dreams' average daily rate, occupancy rate and REVPAR were US$185, 93% and US$171, respectively for the year ended December 31, 2012, as compared to US$172, 91% and US$156, respectively, for the year ended December 31, 2011.

Food, beverage and others. Other non-casino revenues for the year ended December 31, 2012 included food and beverage revenues of US$72.7 million, and entertainment, retail and other revenues of approximately US$90.8 million. Other non-casino revenues for the year ended December 31, 2011 included food and beverage revenues of US$61.8 million, and entertainment, retail and other revenues of approximately US$86.2 million. The increase of US$15.5 million in food, beverage and other revenues from the year ended December 31, 2011 to the year ended December 31, 2012 was primarily due to higher business volumes associated with an increase in visitation during the year as well as the improved yield of rental income at City of Dreams.

Operating costs and expenses

Total operating costs and expenses were US$3.57 billion for the year ended December 31, 2012, representing an increase of US$185.2 million, or 5.5%, from US$3.39 billion for the year ended December 31, 2011. The increase was primarily due to an increase in operating costs at City of Dreams, which were in line with the increased gaming volume and associated increase in revenues, as well as the increase in associated costs in connection with Studio City after our acquisition of a 60% interest in SCI, including amortization of land use rights and pre-opening costs.

Casino. Casino expenses increased by US$135.8 million, or 5.0%, to US$2.83 billion for the year ended December 31, 2012 from US$2.70 billion for the year ended December 31, 2011 primarily due to additional gaming tax and other levies and commission expenses of US$78.6 million as well as other operating costs, such as payroll and promotional expenses of US$57.2 million, which increased as a result of increased gaming volume and associated increase in revenues.

Rooms. Room expenses, which represent the costs in operating the hotel facilities at Altira Macau and City of Dreams, decreased by 19.5% to US$14.7 million for the year ended December 31, 2012 from US$18.2 million for the year ended December 31, 2011, primarily due to a higher level of complimentary hotel rooms offered to gaming customers for which the associated costs are included as casino expenses, partially offset by an increase in the operating costs as a result of increased occupancy.

Food, beverage and others. Food, beverage and others expenses were US$90.3 million and US$92.6 million for the years ended December 31, 2012 and 2011, respectively.

General and administrative. General and administrative expenses increased by US$6.8 million, or 3.1%, to US$227.0 million for the year ended December 31, 2012 from US$220.2 million for the year ended December 31, 2011, primarily due to an increase in payroll expenses, utilities costs as well as repair and maintenance costs to support continuing and expanding operations.

Pre-opening costs. Pre-opening costs were US$5.8 million for the year ended December 31, 2012 as compared to US$2.7 million for the year ended December 31, 2011. Such costs relate primarily to personnel training, marketing, advertising and other administrative costs in connection with new or start-up operations. Pre-opening costs for the year ended December 31, 2012 related to the administrative costs in connection with the Studio City after MCE's acquisition of a 60% interest in SCI on July 27, 2011, the opening of The Tasting Room, Signature Club Lounge and Jade Dragon at City of Dreams, and the introduction of Taboo at Club Cubic during 2012, while the pre-opening costs for the year ended December 31, 2011 related to the opening of Club Cubic at City of Dreams in April 2011.

Development costs. Development costs for the year ended December 31, 2012 primarily included US$5.7 million excess payment between purchase consideration and direct transaction costs and share of net assets acquired upon completion of the acquisition of MCP in December 2012 and a totaling US$5.4 million of professional and consultancy fee for the Philippines Project as well as corporate business development. Development costs for the year ended December 31, 2011 associated with the acquisition of a 60% equity interest in Studio City.

Amortization of gaming subconcession. Amortization of our gaming subconcession continued to be recognized on a straight-line basis at an annual rate of US$57.2 million for each of the years ended December 31, 2012 and 2011.

Amortization of land use rights. Amortization of land use rights expenses increased by US$25.5 million, or 74.2%, to US$59.9 million for the year ended December 31, 2012 from US$34.4 million for the year ended December 31, 2011, primarily due to the additional amortization of land use rights expenses associated with amended Studio City land concession contract in July 2012.

Depreciation and amortization. Depreciation and amortization expenses increased by US$2.2 million, or 0.9%, to US$261.4 million for the year ended December 31, 2012 from US$259.2 million for the year ended December 31, 2011, mainly due to depreciation of assets progressively added to City of Dreams since the third quarter of 2011 as well as depreciation of the newly acquired aircraft since July 2012, offset in part by fully depreciated assets at City of Dreams during the year ended December 31, 2012.

Property charges and others. Property charges and others generally include costs related to the remodeling and branding of a property which might include the retirement, disposal or write-off of assets. Property charges and others for the year ended December 31, 2012 were US$8.7 million, which primarily included a write-off of US$4.4 million for the excess payments in relation to a service contract at City of Dreams and US$2.4 million costs incurred for implementing our streamlined management structure in February 2012.

Non-operating expenses

Non-operating expenses consist of interest income, interest expenses, net of capitalized interest, amortization of deferred financing costs, loan commitment fees, foreign exchange gain (loss), net, costs associated with debt modification, loss on extinguishment of debt, reclassification of accumulated losses of interest rate swap agreements from accumulated other comprehensive losses, change in fair value of interest swap agreements, listing expenses as well as other non-operating income, net.

Interest income was US$11.0 million for the year ended December 31, 2012, as compared to US$4.1 million for the year ended December 31, 2011. The significant increase is primarily driven by effective cash management and improvements in our operating cash flows as a result of the improvements in operating performance during 2012.

Interest expenses were US$109.6 million, net of capitalized interest of US$10.4 million for the year ended December 31, 2012, compared to US$113.8 million, net of capitalized interest of US$3.2 million for the year ended December 31, 2011. The decrease in net interest expenses (net of capitalization) of US$4.2 million was resulted from higher interest capitalization of US$7.2 million associated with the Studio City construction and development projects which resumed after our acquisition of 60% interest in SCI on July 27, 2011, together with decrease in interest charges of US$9.7 million and US$5.2 million, associated with the expiration of interest rate swaps agreements throughout the year, as well as a lower interest rate margin and lower outstanding balance on our 2011 Credit Facilities as a result of a repayment made during the year ended December 31, 2011, offset in part by a higher interest expenses of US$8.8 million due to a full year of interest charges incurred on the RMB Bonds and the Deposit-Linked Loan issued in May 2011 and US$5.8 million interest expenses for the Studio City Notes issued in November 2012.

Other finance costs for the year ended December 31, 2012 of US$14.6 million, included US$13.3 million of amortization of deferred financing costs and loan commitment fees of US$1.3 million. Other finance costs for the year ended December 31, 2011 of US$15.6 million included US$14.2 million of amortization of deferred financing costs and loan commitment fees of US$1.4 million. The decrease in amortization of deferred financing costs was primarily due to lower deferred costs incurred with the amendment of our City of Dreams Project Facility on June 30, 2011 as the 2011 Credit Facilities, which were offset in part by the recognition of a full year of amortization of additional costs capitalized as deferred financing costs relating to the RMB Bonds issued in May 2011.

The amendment of the City of Dreams Project Facility completed on June 30, 2011 was primarily accounted for as an extinguishment of debt resulting in a loss on extinguishment of US$25.2 million for the year ended December 31, 2011. There was no loss on extinguishment of debt for the year ended December 31, 2012.

The reclassification of US$4.3 million related to the accumulated losses of interest rate swap agreements from accumulated other comprehensive losses to consolidated statement of operations for the year ended December 31, 2011 was required as such swap agreements no longer qualified for hedge accounting immediately after the amendment of the City of Dreams Project Facility on June 30, 2011. There was no such reclassification for the year ended December 31, 2012.

Costs associated with debt modification of US$3.3 million for the year ended December 31, 2012 were primarily attributable to a consent solicitation fee related to the 2010 Senior Notes in October 2012. There were no costs associated with debt modification for the year ended December 31, 2011. See “Item 5. Operating and Financial Review and Prospects — B. Liquidity and Capital Resources — Indebtedness” for more information regarding the cash tender and consent solicitation in respect of the 2010 Senior Notes.

Income tax credit

The effective tax rate for the year ended December 31, 2012 was a negative rate of 0.7%, as compared to a negative rate of 0.6% for the year ended December 31, 2011. Such rates for the years ended December 31, 2012 and 2011 differ from the statutory Macau complementary tax rate of 12% primarily due to the effect of change in valuation allowance on the net deferred tax assets for the years ended December 31, 2012 and 2011, with the effect of a tax holiday of US$88.5 million and US$69.7 million on the net income of our Macau gaming operations during the years ended December 31, 2012 and 2011, respectively, due to our income tax exemption in Macau, which is set to expire in 2016. Our management does not anticipate recording an income tax benefit related to deferred tax assets generated by our Macau operations; however, to the extent that the financial results of our Macau operations improve and it becomes more likely than not that the deferred tax assets are realizable, we will be able to reduce the valuation allowance through earnings.

Net loss attributable to noncontrolling interests

Our net loss attributable to noncontrolling interests of US$18.5 million for the year ended December 31, 2012, compared to US$5.8 million for the year ended December 31, 2011, was primarily due to the share of New Cotai Holdings, which owns a 40% interest in SCI, in expenses of the Studio City project, upon the completion of our acquisition of a 60% equity interest in SCI on July 27, 2011. The year-over-year increase was primarily attributable to interest expenses relating to the Studio City Notes incurred during the fourth quarter of 2012.

Net income attributable to our company

As a result of the foregoing, we had net income of US$417.2 million for the year ended December 31, 2012, compared to US$294.7 million for the year ended December 31, 2011.

Interest income was US$4.1 million for the year ended December 31, 2011, as compared to US$0.4 million for the year ended December 31, 2010, primarily driven by increase in cash balances as a result of improvements in our operating cash flows.

Other finance costs for the year ended December 31, 2011 of US$15.6 million, included US$14.2 million of amortization of deferred financing costs and loan commitment fees of US$1.4 million. Income tax credit (expense)

The effective tax rate for the year ended December 31, 2011 was a negative rate of 0.6%, as compared to a negative rate of 9.6% for the year ended December 31, 2010. Such rates for the years ended December 31, 2011 and 2010 differ from the statutory Macau complementary tax rate of 12% primarily due to the effect of change in valuation allowance on the net deferred tax assets for the years ended December 31, 2011 and 2010, with the effect of a tax holiday of US$69.7 million and US$28.1 million on the net income of our Macau gaming operations during the years ended December 31, 2011 and 2010, respectively, due to our income tax exemption in Macau, which is set to expire in 2016. Our management does not anticipate recording an income tax benefit related to deferred tax assets generated by our Macau operations; however, to the extent that the financial results of our Macau operations improve and it becomes more likely than not that the deferred tax assets are realizable, we will be able to reduce the valuation allowance through earnings.

Net loss attributable to noncontrolling interests

Our net loss attributable to noncontrolling interests of US$5.8 million for the year ended December 31, 2011 was primarily due to the share of the Studio City expenses by New Cotai Holdings, which owns a 40% interest in SCI, upon the completion of our acquisition of a 60% equity interest in SCI on July 27, 2011.

Net income (loss) attributable to our company

As a result of the foregoing, we had net income of US$294.7 million for the year ended December 31, 2011, compared to a net loss of US$10.5 million for the year ended December 31, 2010.

Adjusted Property EBITDA and Adjusted EBITDA

Our earnings before interest, taxes, depreciation, amortization, pre-opening costs, development costs, property charges and others, share-based compensation, Corporate and Others expenses, and other non-operating income and expenses, or adjusted property EBITDA, were US$995.8 million, US$880.9 million and US$489.8 million for the years ended December 31, 2012, 2011 and 2010, respectively. Adjusted property EBITDA of Altira Macau, City of Dreams and Mocha Clubs were US$154.7 million, US$805.7 million and US$36.1 million, respectively, for the year ended December 31, 2012, US$246.3 million, US$594.4 million and US$40.5 million, respectively, for the year ended December 31, 2011 and US$133.7 million, US$326.3 million and US$29.8 million, respectively, for the year ended December 31, 2010.

Our earnings before interest, taxes, depreciation, amortization, pre-opening costs, development costs, property charges and others, share-based compensation, and other non-operating income and expenses, or adjusted EBITDA, were US$920.2 million, US$809.4 million and US$430.4 million for the years ended December 31, 2012, 2011 and 2010, respectively.

Our management uses adjusted property EBITDA to measure the operating performance of our Altira Macau, City of Dreams and Mocha Clubs businesses, and to compare the operating performance of our properties with those of our competitors. Adjusted EBITDA and adjusted property EBITDA are also presented as supplemental disclosures because management believes they are widely used to measure performance and as a basis for valuation of gaming companies. Our management also uses adjusted property EBITDA and adjusted EBITDA because they are used by some investors as a way to measure a company's ability to incur and service debt, make capital expenditures and meet working capital requirements. Gaming companies have historically reported similar measures as a supplement to financial measures in accordance with generally accepted accounting principles, in particular, U.S. GAAP or IFRS.

However, adjusted property EBITDA or adjusted EBITDA should not be considered in isolation, construed as an alternative to profit or operating profit, treated as an indicator of our U.S. GAAP operating performance, other operating operations or cash flow data, or interpreted as an alternative to cash flow as a measure of liquidity. Adjusted property EBITDA and adjusted EBITDA presented in this annual report may not be comparable to other similarly titled measures of other companies' operating in the gaming or other business sectors. While our management believes these figures may provide useful additional information to investors when considered in conjunction with our U.S. GAAP financial statements and other information in this annual report, less reliance should be placed on adjusted property EBITDA or adjusted EBITDA as a measure in assessing our overall financial performance.

Critical Accounting Policies and Estimates

Management's discussion and analysis of our results of operations and liquidity and capital resources are based on our consolidated financial statements. Our consolidated financial statements were prepared in

conformity with U.S. GAAP. Certain of our accounting policies require that management apply significant judgment in defining the appropriate assumptions integral to financial estimates. On an ongoing basis, management evaluates those estimates and judgments are made based on information obtained from our historical experience, terms of existing contracts, industry trends and outside sources, that are currently available to us, and on various other assumptions that management believes to be reasonable and appropriate in the circumstances. However, by their nature, judgments are subject to an inherent degree of uncertainty, and therefore actual results could differ from our estimates. We believe that the critical accounting policies discussed below affect our more significant judgments and estimates used in the preparation of our consolidated financial statements.

Property and Equipment and Other Long-lived Assets

During the development and construction stage of our casino gaming and entertainment resort facilities, direct and incremental costs related to the design and construction, including costs under the construction contracts, duties and tariffs, equipment installation, shipping costs, payroll and payroll-benefit related costs, depreciation of plant and equipment used, applicable portions of interest and amortization of deferred financing costs, are capitalized in property and equipment. The capitalization of such costs begins when the development and construction of a project starts and ceases once the development activity is suspended for more than a brief period or construction is substantially completed. Pre-opening costs, consisting of marketing and other expenses related to our new or start-up operations and resort facilities are expensed as incurred.

Depreciation and amortization expense related to capitalized construction costs and other property and equipment is recognized from the time each asset is placed in service. This may occur at different stages as casino gaming and entertainment resort facilities are completed and opened.

Property and equipment and other long-lived assets with a finite useful life are depreciated and amortized on a straight-line basis over the asset's estimated useful life. The estimated useful lives are based on factors including the nature of the assets, its relationship to other assets, our operating plans and anticipated use and other economic and legal factors that impose limits. The remaining estimated useful lives of assets are periodically reviewed, including when changes in our business and the operating environment could result in a change in our use of those assets.

Our land use rights in Macau under the land concession contracts for Altira Macau, City of Dreams and Studio City are being amortized over the estimated lease term of the land on a straight-line basis. The expiry dates of the leases of the land use rights of Altira Macau, City of Dreams and Studio City are March 2031, August 2033 and October 2026, respectively. The maximum useful life of assets at Altira Macau, City of Dreams and Studio City is therefore deemed to be the remaining life of the land concession contract. The amortization of land use rights is recognized from the date construction commences.

We will evaluate whether the term of the land concession contract is to be extended when it is probable that definitive registration will be obtained prior to the end of the land grant term.

Costs of repairs and maintenance are charged to expense when incurred. The cost and accumulated depreciation of property and equipment retired or otherwise disposed of are eliminated from the respective accounts and any resulting gain or loss is included in operating income or loss.

Our total capital expenditures for the years ended December 31, 2012, 2011 and 2010 were US$284.0 million, US$785.6 million and US$119.7 million, respectively, of which US$116.2 million, US$713.3 million and US$94.3 million, respectively, were attributable to our development and construction projects, with the remainder primarily related to the enhancements to our integrated resort offerings of our properties. During the year ended December 31, 2012, we acquired an aircraft for use primarily by rolling chip players to enhance our competitive positioning in the higher-end rolling chip market. The development and construction capital

expenditures primarily related to the acquisition and development of Studio City during the years ended December 31, 2012 and 2011 and to the development and construction of City of Dreams during the year ended December 31, 2010. Refer to notes 21 and 22 to the consolidated financial statements included elsewhere in this annual report for further details of these capital expenditures. For a preliminary cost estimate of our future development and construction costs in connection with Studio City, see "Item 4. Information on the Company — B. Business Overview — Our Development Projects."

We also evaluate the recoverability of our property and equipment and other long-lived assets with finite lives whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of the carrying value of those assets to be held and used is measured by first grouping our long-lived assets into asset groups and, secondly, estimating the undiscounted future cash flows that are directly associated with and expected to arise from the use of and eventual disposition of such asset group. We define an asset group as the lowest level for which identifiable cash flows are largely independent of the cash flows of other assets and liabilities and estimate the undiscounted cash flows over the remaining useful life of the primary asset within the asset group. If the carrying value of the asset group exceeds the estimated undiscounted cash flows, we record an impairment loss to the extent the carrying value of the long-lived asset exceeds its fair value with fair value typically based on a discounted cash flow model. If an asset is still under development, future cash flows include remaining construction costs. All recognized impairment losses, whether for assets to be disposed of or assets to be held and used, are recorded as operating expenses.

No impairment loss was recognized during the years ended December 31, 2012, 2011 and 2010.

Goodwill and Purchased Intangible Assets

We review the carrying value of goodwill and purchased intangible assets with indefinite useful lives, representing the trademarks of Mocha Clubs, that arose from the acquisition of Mocha Slot Group Limited and its subsidiaries by our company in 2006, for impairment at least on an annual basis or whenever events or changes in circumstances indicate that the carrying value may not be recoverable. To assess potential impairment of goodwill, we perform an assessment of the carrying value of our reporting units at least on an annual basis or when events and changes in circumstances occur that would more likely than not reduce the fair value of our reporting units below their carrying value. If the carrying value of a reporting unit exceeds its fair value, we would perform the second step in our assessment process and record an impairment loss to earnings to the extent the carrying amount of the reporting unit's goodwill exceeds its implied fair value. We estimate the fair value of our reporting units through internal analysis and external valuations, which utilize income and market valuation approaches through the application of capitalized earnings, discounted cash flow and market comparable methods. These valuation techniques are based on a number of estimates and assumptions, including the projected future operating results of the reporting unit, discount rates, long-term growth rates and market comparables.

A detailed evaluation was performed as of December 31, 2012 and 2011 and each computed fair value of our reporting unit was significantly in excess of the carrying amount, respectively. As a result of this evaluation, we determined that no impairment of goodwill existed as of December 31, 2012 and 2011.

Trademarks of Mocha Clubs are tested for impairment at least annually or when events occur or circumstances change that would more likely than not reduce their estimated fair value below their carrying value using the relief-from-royalty method and we determined that no impairment of trademarks existed as of December 31, 2012 and 2011. Under this method, we estimate the fair value of the trademarks through internal and external valuations, mainly based on the incremental after-tax cash flow representing the royalties that we are relieved from paying given we are the owner of the trademarks. These valuation techniques are based on a number of estimates and assumptions, including the projected future revenues of the trademarks, calculated using an appropriate royalty rate, discount rate and long-term growth rates.

Share-based Compensation

We measure the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award and recognize the cost over the service period in accordance with applicable accounting standards. We use the Black-Scholes valuation model to value the equity instruments issued. The Black-Scholes valuation model requires the use of highly subjective assumptions of expected volatility of the underlying stock, risk-free interest rates and the expected term of options granted. Management determines these assumptions through internal analysis and external valuations utilizing current market rates, making industry comparisons and reviewing conditions relevant to us.

The expected volatility and expected term assumptions can impact the fair value of restricted shares and share options. Because of our limited trading history in the United States as a public company, we estimate the expected volatility based on the historical volatility of a peer group of publicly traded companies, and estimate the expected term based upon the vesting term or the historical expected term of publicly traded companies. We believe that the valuation techniques and the approach utilized in developing our assumptions are reasonable in calculating the fair value of the restricted shares and share options we granted. For 2012 awards, a 10% change in the volatility assumption would have resulted in a US$0.4 million change in fair value and a 10% change in the expected term assumption would have resulted in a US$0.2 million change in fair value. These assumed changes in fair value would have been recognized over the vesting schedule of such awards. It should be noted that a change in expected term would cause other changes, since the risk-free rate and volatility assumptions are specific to the term; we did not attempt to adjust those assumptions in performing the sensitivity analysis above.

Revenue Recognition

We recognize revenue at the time persuasive evidence of an arrangement exists, the service is provided or the retail goods are sold, prices are fixed or determinable and collection is reasonably assured.

Casino revenues are measured by the aggregate net difference between gaming wins and losses less accruals for the anticipated payouts of progressive slot jackpots, with liabilities recognized for funds deposited by customers before gaming play occurs and for chips in the customers' possession.

We follow the accounting standards on reporting revenue gross as a principal versus net as an agent, when accounting for the operations of the Taipa Square Casino and the Grand Hyatt Macau hotel. For the operations of Taipa Square Casino, given that we operate the casino under a right to use agreement with the owner of the casino premises and have full responsibility for the casino operations in accordance with our gaming subconcession, we are the principal and casino revenues are therefore recognized on a gross basis. For the operations of Grand Hyatt Macau hotel, we are the owner of the hotel property and Hyatt operates the hotel under a management agreement as hotel manager, providing management services to us, and we receive all rewards and take substantial risks associated with the hotel business. As such, we are the principal and the transactions of the hotel are therefore recognized on a gross basis.

Room revenues, food and beverage revenues, and entertainment, retail and other revenues are recognized when services are performed. Advance deposits on rooms and advance ticket sales are recorded as customer deposits until services are provided to the customer. Minimum operating and right to use fees, adjusted for contractual base fees and operating fee escalations, are included in entertainment, retail and other revenues and are recognized on a straight-line basis over the terms of the related agreement.

Revenues are recognized net of certain sales incentives which are required to be recorded as a reduction of revenue; consequently, our casino revenues are reduced by discounts, commissions (including commission rebated indirectly to rolling chip players) and points earned in customer loyalty programs, such as the player's club loyalty program. We estimate commission rebated indirectly to rolling chip players based on our assessment of gaming promoters' practice and current market conditions.

The retail value of rooms, food and beverage, entertainment, retail and other services furnished to guests without charge is included in gross revenues and then deducted as promotional allowances. The estimated cost of providing such promotional allowances is reclassified from rooms costs, food and beverage costs, and entertainment, retail and other services costs and is primarily included in casino expenses.

Accounts Receivable and Credit Risk

Financial instruments that potentially subject our company to concentrations of credit risk consist principally of casino receivables. We issue credit in the form of markers to approved casino customers, including our gaming promoters, following investigations of creditworthiness. Such accounts receivable can be offset against commissions payable and any other value items held by us to the respective customer and for which we intend to set off when required. For the years ended December 31, 2012, 2011 and 2010, approximately 53.4%, 61.0% and 62.3% of our casino revenues were derived from customers sourced through our rolling chip gaming promoters, respectively.

As of December 31, 2012 and 2011, a substantial portion of our markers were due from customers residing in foreign countries. Business or economic conditions, the legal enforceability of gaming debts, or other significant events in foreign countries could affect the collectability of receivables from customers and gaming promoters residing in these countries.

Accounts receivable, including casino, hotel, and other receivables, are typically non-interest bearing and are initially recorded at cost. Accounts are written off when management deems it is probable the receivable is uncollectible. Recoveries of accounts previously written off are recorded when received. An estimated allowance for doubtful debts is maintained to reduce our receivables to their carrying amounts, which approximate fair values. The allowance is estimated based on our specific review of customer accounts as well as management's experience with collection trends in the casino industry and current economic and business conditions. For balances over a specified dollar amount, our review is based upon the age of the specific account balance, the customer's financial condition, collection history and any other known information. At December 31, 2012, a 100 basis-point change in the estimated allowance for doubtful debts as a percentage of casino receivables would change the provision for doubtful debts by approximately US$4.3 million.

Refer to note 3 to the consolidated financial statements included elsewhere in this annual report for analysis of accounts receivable by age presented based on payment due date, net of allowance.

Income Tax

Deferred income taxes are recognized for all significant temporary differences between the tax basis of assets and liabilities and their reported amounts in the consolidated financial statements. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. The components of the deferred tax assets and liabilities are individually classified as current and non-current based on the characteristics of the underlying assets and liabilities. Current income taxes are provided for in accordance with the laws of the relevant taxing authorities. As of December 31, 2012 and 2011, we recorded valuation allowances of US$66.1 million and US$60.8 million, respectively; as management does not believe that it is more likely than not that the deferred tax assets will be realized. Our assessment considers, among other matters, the nature, frequency and severity of current and cumulative losses, forecasts of future profitability, and the duration of statutory carryforward periods. To the extent that the financial results of our operations improve and it becomes more likely than not that the deferred tax assets are realizable, the valuation allowances will be reduced.

Derivative Instruments and Hedging Activities

We seek to manage market risk, including interest rate risk associated with variable rate borrowings, through balancing fixed-rate and variable-rate borrowings with the use of derivative financial instruments such as

floating-for-fixed interest rate swap agreements. We account for derivative financial instruments in accordance with applicable accounting standards. All derivative instruments are recognized in the consolidated financial statements at fair value at the balance sheet date. Any changes in fair value are recorded in the consolidated statement of operations or in accumulated other comprehensive income, depending on whether the derivative is designated and qualifies for hedge accounting, the type of hedge transaction and the effectiveness of the hedge. The estimated fair values of our derivative instruments are based on a standard valuation model that projects future cash flows and discounts those future cash flows to a present value using market-based observable inputs such as interest rate yields.

Recent Changes in Accounting Standards

See note 2 to the consolidated financial statements included elsewhere in this annual report for discussion of recent accounting standards.

B. LIQUIDITY AND CAPITAL RESOURCES

We have relied and intend to rely on our cash generated from our operations and our debt and equity financings to meet our financing needs and repay our indebtedness, as the case may be.

As of December 31, 2012, we held unrestricted and restricted cash and cash equivalents of approximately US$1,709.2 million and US$1,414.7 million, respectively, and HK$1.47 billion (approximately US$188.6 million) of the 2011 Credit Facilities remained available for future drawdown. The restricted cash related to our RMB Bonds proceeds of RMB2.3 billion (approximately US$367.6 million) and Studio City cash and cash equivalents of US$1,047.0 million. The RMB Bonds proceeds of RMB2.3 billion (approximately US$367.6 million) was deposited into a bank account for securing the Deposit-Linked Loan. The Studio City cash and cash equivalents of US$1,047.0 million comprised of net proceeds from offering of Studio City Notes and the unspent cash from the capital injection for the Studio City project from the company and SCI minority shareholder in accordance with our shareholder agreement, both of which were restricted only for payment of construction and development costs and other project costs of the Studio City project in accordance with Studio City Notes and Studio City Project Facility terms. See note 11 to the consolidated financial statements included elsewhere in this annual report for more information.

We have been able to meet our working capital needs, and we believe that our operating cash flow, existing cash balances, funds available under the 2011 Credit Facilities and additional equity or debt financings will be adequate to satisfy our current and anticipated operating, debt and capital commitments, including our development project plans, as described in "— Other Financing and Liquidity Matters" below, for a period of 12 months following the date of this annual report. For any additional financing requirements, we cannot provide assurance that future borrowings will be available. See "Item 3. Key Information — D. Risk Factors — Risks Relating to Our Financing and Indebtedness" for more information. We have significant indebtedness and we will continue to evaluate our capital structure and opportunities to enhance it in the normal course of our activities.

Operating Activities

Operating cash flows are generally affected by changes in operating income and accounts receivable with VIP table games play and hotel operations conducted on a cash and credit basis and the remainder of the business, including mass market table games play, slot machine play, food and beverage, and entertainment, conducted primarily on a cash basis.

Net cash provided by operating activities was US$950.2 million for the year ended December 31, 2012, compared to US$744.7 million for the year ended December 31, 2011. The increase in net cash provided in operating activities was mainly attributable to increased gaming volume and associated increase in revenues as described in the foregoing section. Net cash provided by operating activities was US$744.7 million for the year ended December 31, 2011, compared to US$402.0 million for the year ended December 31, 2010. The increase in net cash provided in operating activities was mainly attributable to significant improvement in casino revenues, as well as a full year of operation of *The House of Dancing Water*, which opened in September 2010.

Investing Activities

Net cash used in investing activities was US$1,335.7 million for the year ended December 31, 2012, compared to US$585.4 million for the year ended December 31, 2011, primarily due to an increase in restricted cash of US$1,047.0 million, capital expenditure payment of US$220.5 million as well as the land use rights payments of US$53.8 million.

For the year ended December 31, 2012, there was a net increase of US$1,047.0 million in the amount of restricted cash, primarily due to the deposit of net proceeds from the issuance of Studio City Notes of US$812.0 million and unspent cash from the capital injection for the Studio City project from the company and our SCI minority shareholder, of US$235.0 million, both of which are restricted for Studio City's construction cost payment only in accordance with Studio City Notes and Studio City Project Facility terms. We also paid US$2.8 million for the acquisition of a majority interest in the issued share capital of MCP (net of cash and cash equivalents acquired of US$27.9 million) and US$2.5 million for the transaction costs for acquisition of Studio City in July 2011 during the year ended December 31, 2012.

Our total capital expenditure payments for the year ended December 31, 2012 were US$220.5 million. Such expenditures were mainly associated with enhancements to our integrated resort offerings and for the development of Studio City as well as an aircraft acquired for primarily by rolling chip players to enhance our competitive positioning in the higher-end rolling chip market. We also paid US$35.4 million and US$16.0 million for the scheduled installment of Studio City's and City of Dreams' land premium payment, respectively, during the year ended December 31, 2012.

Net cash used in investing activities was US$585.4 million for the year ended December 31, 2011, compared to US$190.3 million for the year ended December 31, 2010, primarily due to an increase in restricted cash and a payment of US$290.0 million for the acquisition of a 60% equity interest in SCI (net of cash and cash equivalents acquired of US$35.8 million), offset in part by a reduction in payments for construction and development activities relating to *The House of Dancing Water*.

For the year ended December 31, 2011, there was a net increase of US$186.0 million in the amount of restricted cash, primarily due to the deposit of proceeds from issuance of the RMB Bonds of US$353.3 million pledged for the Deposit-Linked Loan, offset in part by settlement of US$10.3 million of City of Dreams project costs, settlement of interest and principal repayments of US$133.7 million in accordance with the City of Dreams Project Facility, and release of US$23.3 million to unrestricted cash after the completion of amendment of the City of Dreams Project Facility on June 30, 2011.

Our total capital expenditure payments for the year ended December 31, 2011 were US$90.3 million. We also paid US$15.3 million for the scheduled installment of City of Dreams' land premium payment during the year ended December 31, 2011.

We expect to incur significant capital expenditures for Studio City and the Philippines Project in the future. We also continue to evaluate the next phase of our development plan at City of Dreams. See "— Other Financing and Liquidity Matters" below for more information.

The following table sets forth our capital expenditures by segment for the years ended December 31, 2012, 2011 and 2010.

	Year Ended December 31,		
	2012	2011	2010
	(in thousands of US$)		
Mocha Clubs	$ 5,951	$ 23,558	$ 13,140
Altira Macau	7,105	6,662	7,784
City of Dreams	99,416	39,774	94,279
Studio City	115,385	713,253	—
Corporate and Others	56,141	2,387	4,457
Total capital expenditures	$283,998	$785,634	$119,660

Our capital expenditures for the year ended December 31, 2012 decreased sharply primarily due to the acquisition of Studio City completed during the year ended December 31, 2011, partially offset with the acquisition of the aircraft and continuous development of City of Dreams and Studio City during the year ended December 31, 2012.

Financing Activities

Net cash provided by financing activities amounted to US$934.7 million for the year ended December 31, 2012, primarily from the proceeds of the issuance of Studio City Notes totaling US$825.0 million in November 2012, the proceeds from the drawdown of Aircraft Term Loan totaling US$43.0 million in June 2012, capital injection of US$140.0 million from SCI minority shareholder in accordance with our shareholder agreement and proceeds from the exercise of share options totaling US$3.6 million. These were offset in part by the payment of debt issuance costs of US$30.3 million, primarily associated with Studio City Notes and consent solicitation fee for the 2010 Senior Notes, the settlement of the scheduled Studio City acquisition cost installment of US$25.0 million and prepaid debt issuance costs of US$18.8 million associated with Studio City Project Facility as well as repayment of the Aircraft Term Loan of US$2.8 million.

Net cash provided by financing activities amounted to US$557.9 million for the year ended December 31, 2011, primarily from the proceeds of the issuance of the RMB Bonds and drawdown of the Deposit-Linked Loan totaling US$706.6 million in May 2011 and proceeds from the exercise of share options totaling US$4.6 million, offset in part by the repayment of the City of Dreams Project Facility of US$117.1 million and payment of debt issuance costs primarily associated with the RMB Bonds, the Deposit-Linked Loan and the 2011 Credit Facilities of US$36.1 million.

Net cash provided by financing activities amounted to US$17.7 million for the year ended December 31, 2010, primarily due to proceeds from the issuance of the 2010 Senior Notes amounting to US$592.0 million, offset in part by the repayment of long-term debt of US$551.4 million, of which US$444.1 million was used to repay the City of Dreams Project Facility, and payment of deferred financing costs primarily associated with the 2010 Senior Notes of US$22.9 million.

Indebtedness

The following table presents a summary of our indebtedness as of December 31, 2012:

	As of December 31, 2012
	(in thousands of US$)
2011 Credit Facilities	$ 1,014,729
Studio City Notes	825,000
2010 Senior Notes, net [(1)]	593,967
RMB Bonds	367,645
Deposit-Linked Loan	353,278
Aircraft Term Loan	40,245
	$ 3,194,864

Note:

(1) Net of unamortized issue discount.

Major changes in our indebtedness during the year ended and subsequent to December 31, 2012 are summarized below.

In May 2012, we entered into a RMB forward exchange rate contract for future settlement of interest on the RMB Bonds to hedge our exchange rate exposure which was expired in November 2012. During the year ended December 31, 2012, all outstanding interest rate swap agreements in connection with our City of Dreams Project Facility, expired.

In June 2012, our indirect wholly owned subsidiary entered into the Aircraft Term Loan facility for US$43.0 million, with an interest rate based on the London Interbank Offered Rate (“LIBOR”) plus a margin of 2.80% per annum and maturity date of June 27, 2019, to finance part of the acquisition of an aircraft. As of December 31, 2012, the Aircraft Term Loan facility has been fully drawn down.

On November 26, 2012, our subsidiary, Studio City Finance, issued US$825.0 million aggregate principal amount of 8.50% Studio City Notes due 2020, which were priced at par and listed on the Official List of the SGX-ST. The net proceeds were used to fund the Studio City project.

In January 2013, we commenced a cash tender offer of the 2010 Senior Notes and repurchased approximately US$599.1 million aggregate principal amount of the 2010 Senior Notes. On March 28, 2013, we redeemed all of the remaining 2010 Senior Notes, following which, the 2010 Senior Notes were cancelled in late

March 2013. No 2010 Senior Notes are currently outstanding. A portion of the proceeds from the 2013 Senior Notes offering was used for the cash tender offer and redemption of the 2010 Senior Notes. Prior to such cash tender offer and full redemption, the company had completed a consent solicitation process in connection with the 2010 Senior Notes in October 2012 and paid approximately US$15.0 million to the holders who had validly delivered the relevant consent, which was capitalized as deferred financing cost.

On January 28, 2013, our subsidiary, Studio City Company Limited, entered into an agreement for the Studio City Project Facility, a senior secured project facility for a total sum of HK$10,855,880,000 (equivalent to approximately US$1.4 billion), comprising a five year HK$10,080,460,000 (equivalent to approximately US$1.3 billion) delayed draw term loan facility and a HK$775,420,000 (equivalent to approximately US$100 million) revolving credit facility. Borrowings under the Studio City Project Facility bear interest at the Hong Kong Interbank Offered Rate ("HIBOR") plus a margin of 4.50% per annum until the last day of the second full fiscal quarter after the opening date of the Studio City project. After that, interest will accrue at HIBOR plus a margin ranging from 3.75% to 4.50% per annum, depending on the total leverage ratio of Studio City Company Limited and its subsidiaries.

On February 7, 2013, our subsidiary, MCE Finance, issued US$1.0 billion aggregate principal amount of 2013 Senior Notes with an interest rate of 5.00% per annum and the maturity date of February 15, 2021. 2013 Senior Notes were priced at par and listed on the Official List of the SGX-ST. The net proceeds were used to repurchase the 2010 Senior Notes in full and partially fund the redemption of the RMB Bonds.

In March 2013, we repaid in full the Deposit-Linked Loan with accrued interest and redeemed, in full, the RMB Bonds following which, the RMB Bonds were cancelled. No RMB Bonds are currently outstanding. The redemption was partly funded by the proceeds from the offering of 2013 Senior Notes.

In late March 2013, we prepaid the drawn revolving credit facility under the 2011 Credit Facilities of HK$1.7 billion (equivalent to approximately US$212.5 million) in full.

Credit facility agreements relating to certain of our indebtedness contain change of control provisions, including in respect of our obligations relating to our control and/or ownership of certain of our subsidiaries and their assets. Under the terms of such credit facility agreements, the occurrence of certain change of control events, including a decline below certain thresholds in the aggregate direct or indirect shareholdings of Melco Crown Macau, MCE Finance, Studio City Finance, MCE Cotai Investments Limited or certain of its subsidiaries held by us and/or Melco and Crown or MCE Cotai Investments Limited (as the case may be) (and, in the case of the decline of the shareholding of Melco Crown Macau under the 2011 Credit Facilities, which is accompanied by a ratings decline) may result in an event of default and/or a requirement to prepay the credit facility in relation to such indebtedness in full. Other applicable change of control events under the credit facility agreements include the company ceasing to be publicly listed on certain designated stock exchanges or the steps being taken in connection with the liquidation or dissolution of MCE Finance. The terms of the Studio City Notes and 2013 Senior Notes also contain change of control provisions whereby the occurrence of a relevant change of control event (as referred to in the aforementioned paragraph) under the Studio City Notes or 2013 Senior Notes will trigger the requirement for us to offer to repurchase the Studio City Notes or 2013 Senior Notes (as the case may be) at a price equal to 101% of their principal amount, plus accrued and unpaid interest and, if any, additional amounts and other amounts specified under such Notes to the date of repurchase.

For further details of the above indebtedness, please refer to note 11 to the consolidated financial statements included elsewhere in this annual report, which includes information regarding the type of debt facilities used, the maturity profile of debt, the currency and interest rate structure and the nature and extent of any restrictions on our ability, and the ability of our subsidiaries, to transfer funds as cash dividends, loans or advances. Please also refer to "Item 5. Operating and Financial Review and Prospects — F. Tabular Disclosure Of Contractual Obligations" for details of the maturity profile of debt and "Item 11. Quantitative and Qualitative Disclosures about Market Risk" for further understanding of our hedging of interest rate risk and foreign exchange risk exposure.

Other Financing and Liquidity Matters

We may obtain financing in the form of, among other things, equity or debt, including additional bank loans or high yield, mezzanine or other debt, or rely on our operating cash flow to fund the development of our projects.

We are a growing company with significant financial needs. We expect to have significant capital expenditures in the future as we continue to develop our Macau properties, in particular, Studio City, the Philippines Project and potentially the next phase of City of Dreams.

We have relied and intend in the future to rely on our operating cash flow and different forms of financing to meet our funding needs and repay our indebtedness, as the case may be.

The timing of any future debt and equity financing activities will be dependent on our funding needs, our development and construction schedule, the availability of funds on acceptable terms to us, and prevailing market conditions. We may carry out activities from time to time to strengthen our financial position and ability to better fund our business expansion. Such activities may include refinancing existing debt, monetizing assets, sale-and-leaseback transactions or other similar activities.

We currently estimate the construction cost for Studio City will be approximately US$2.0 billion. However, this preliminary cost estimate may be revised depending on a number of variables, including receipt of all necessary governmental approvals, the final design and development plan, funding costs, the availability of financing on terms acceptable to us, and prevailing market conditions. As of December 31, 2012, we had incurred approximately US$139.8 million (excluding the cost of land) for the development of Studio City since our acquisition of a 60% equity interest in SCI, primarily for site preparation costs and design and consultation fees.

For the purpose of financing the Studio City project, we successfully offered the US$825.0 million Studio City Notes and obtained the HK$10.9 billion Studio City Project Facility, in November 2012 and January 2013, respectively. During the year ended December 31, 2012, MCE and SCI minority shareholder contributed US$350.0 million to the Studio City project in accordance with the shareholder agreement.

On October 25, 2012, an indirect subsidiary of our company, MCE Leisure Philippines, entered into a cooperation agreement for the Philippines Project. On December 19, 2012, our company, through each of MCE Philippines Investments and MCE Investments No.2, completed the acquisition of a majority interest in the issued and outstanding share capital of MCP.

MCP's net contribution towards the Philippines Project up to the time of opening is estimated to be approximately US$620 million, consisting of funds primarily for capital expenditures, working capital for initial opening and other pre-opening expenses. However, this estimate may be revised depending on a range of variables, including the final design and development plans, funding costs, the availability of financing on terms acceptable to us, and prevailing market conditions. We are considering different alternatives to finance the Philippines Project, including but not limited to debt and equity financing. On March 20, 2013, the board of directors of MCP approved a plan to raise additional capital of up to US$400 million through an equity offering including an over-allotment option.

We continue to evaluate the next phase of our development plan at City of Dreams, which we currently expect to include a luxury hotel. The development of the Philippines Project and the next phase of City of Dreams are subject to further financing and a number of other factors, many of which are beyond our control. Our investment plans are preliminary and subject to change based upon the execution of our business plan, the progress of our capital projections, market conditions and outlook on future business.

As of December 31, 2012, we had capital commitments contracted for, but not provided, totaling US$743.3 million mainly for the construction and acquisition of property and equipment for City of Dreams and Studio City. In addition, we have contingent liabilities arising in the ordinary course of business. For further details for our commitments and contingencies, please refer to note 19 to the consolidated financial statements included elsewhere in this annual report.

As of December 31, 2012 and 2011, our gearing ratios (total debts divided by total assets) were 40.2% and 37.1%, respectively. Our gearing ratio increased as of December 31, 2012, primarily as a result of increased indebtedness from the issuance of Studio City Notes, offset by the increased cash and cash equivalents due to the growth of our business.

As of the date of this annual report, our deposit account in Taiwan is presented as restricted cash, as the account is frozen pursuant to an investigation by the Taiwanese authorities. The account had a balance of approximately TWD2.98 billion (equivalent to approximately US$102 million) at the time it was frozen. We are taking action to request the Taiwanese authorities to unfreeze the account. For further details, please refer to note 24(b) to the consolidated financial statements included elsewhere in this annual report.

Melco Crown Macau has a rating of "BB/stable" by Standard & Poor's and a rating of "Ba3" by Moody's Investors Service. For future borrowings, any decrease in our corporate rating could result in an increase in borrowing costs.

Restrictions on Distributions

For discussion on the ability of our subsidiaries to transfer funds to our company in the form of cash dividends, loans or advances and the impact such restrictions have on our ability to meet our cash obligations, see "Item 4. Information on the Company — B. Business Overview — Dividend Distribution." See also "Item 8. Financial Information — A. Consolidated Statements and Other Financial Information — Dividend Policy" and note 18 to the consolidated financial statements included elsewhere in this annual report.

C. RESEARCH AND DEVELOPMENT, PATENTS AND LICENSES, ETC.

We have entered into a license agreement with Crown Melbourne Limited and obtained an exclusive and non-transferable license to use the Crown trademark in Macau. Our hotel management agreements for the use of the Grand Hyatt and Hyatt Regency trademarks on a non-exclusive and non-transferable basis were terminated in August 2008 and replaced by a management agreement for the use of the Grand Hyatt trademarks to reflect the branding of the twin-tower hotels under the "Grand Hyatt" brand. In January 2007, we entered into a casino trademark license agreement and a hotel trademark license agreement (which was subsequently novated and amended by a Novation Agreement on August 20, 2008) with Hard Rock Holdings Limited, or Hard Rock, to use the Hard Rock brand in Macau at the City of Dreams. Pursuant to the agreements, we have the exclusive right to use the Hard Rock brand for the hotel and casino facility at City of Dreams for a term of ten years based on percentages of revenues generated at the property payable to Hard Rock. We also purchase gaming tables and gaming machines and enter into licensing agreements for the use of certain tradenames and, in the case of the gaming machines, the right to use software in connection therewith. These include a license to use a jackpot system for the gaming machines. In addition, we have registered the trademarks "Altira," "Mocha Club," "City of Dreams" and "Melco Crown Entertainment" in Macau and other jurisdictions. We have also registered in Macau and other jurisdictions certain other trademarks and service marks used in connection with the operations of our hotel casino projects in Macau. With regard to Studio City, while our branding strategy has not yet been finalized, we have registered a number of trademarks in Macau and Hong Kong (including the "Where Cotai Begins" trademark), which may ultimately be used as a component of our branding strategy for this project.

(2) Mr. Lawrence Yau Lung Ho is also the chief executive officer of our company and his emoluments disclosed above include those for services rendered by him as the chief executive officer.

Bonus Plan

We offer our management employees, including senior executive officers, the ability to participate in our company's discretionary annual bonus plan. As part of this plan, employees may receive compensation in addition to their base salary upon satisfactory achievement of certain financial, strategic and individual objectives. Directors, other than Mr. Lawrence Ho, who participates in his capacity as our chief executive officer, are excluded from this plan. The discretionary annual bonus plan is administered at the sole discretion of our company and our compensation committee.

Equity Awards

In 2012, we issued options to acquire 1,118,553 of our ordinary shares pursuant to a share incentive plan our board adopted on October 6, 2011, or the 2011 Share Incentive Plan, to directors and senior executive officers of our company with exercise prices of US$4.6967 per share, or US$14.09 per ADS, and 762,585 restricted shares with grant date fair value at US$4.4267 per share, or US$13.28 per ADS. The options expire ten years after the date of grant. In 2012, 916,449 options and 404,099 restricted shares held by the directors and senior executive officers were forfeited. No further awards will be granted under the 2006 Share Incentive Plan and all subsequent awards will be issued under the 2011 Share Incentive Plan. See "— E. Share Ownership" for descriptions of the 2006 Share Incentive Plan and the 2011 Share Incentive Plan.

Pension, Retirement or Similar Benefits

For the year ended December 31, 2012, we set aside or accrued US$297,797 to provide pension, retirement or similar benefits to our senior executive officers. Our directors, other than Mr. Lawrence Ho who participates in his capacity as our chief executive officer, do not participate in such schemes. For a description of the pension scheme in which our senior executive officers in Hong Kong participate, see "— D. Employees."

C. BOARD PRACTICES

Composition of Board of Directors

Our board consists of ten directors, including three directors nominated by each of Melco and Crown and four independent directors. Nasdaq Marketplace Rule 5605(b)(1) generally requires that a majority of an issuer's board of directors must consist of independent directors, but provides for certain phase-in periods under Nasdaq Marketplace Rule 5615(c)(3). However, Nasdaq Marketplace Rule 5615(a)(3) permits foreign private issuers like us to follow "home country practice" in certain corporate governance matters. Walkers, our Cayman Islands counsel, has provided a letter to Nasdaq certifying that under Cayman Islands law, we are not required to have a majority of independent directors serving on our board. We rely on this "home country practice" exception and do not have a majority of independent directors serving on our board.

Duties of Directors

Under Cayman Islands law, our directors have a fiduciary duty to act honestly, in good faith and with a view to our best interests. Our directors also have a duty to exercise the skill they actually possess and such care and diligence that a reasonably prudent person would exercise in comparable circumstances. In fulfilling their duty of care to us, our directors must ensure compliance with our memorandum and articles of association, as amended and restated from time to time. An individual shareholder or we, as the company, have (as applicable) the right to seek damages if a duty owed by our directors is breached.

The functions and powers of our board include, among others:

- convening shareholders' annual general meetings and reporting its work to shareholders at such meetings;

- declaring dividends and distributions;
- appointing officers and determining the term of office of officers;
- exercising the borrowing powers of our company and mortgaging the property of our company; and
- approving the transfer of shares of our company, including the registering of such shares in our share register.

Our board adopted Hong Kong corporate governance guidelines, which took effect upon the listing of our company in Hong Kong, to satisfy the requirements of the HKSE, with the intention of strengthening our corporate governance practice. Such guidelines are periodically reviewed and amended to ensure that they are responsive to developing legal requirements.

Terms of Directors and Executive Officers

Our officers are elected by and serve at the discretion of the board of directors. Our directors are not subject to a term of office and hold office until such time as they are removed from office by special resolution or the unanimous written resolution of all shareholders. A director will be removed from office automatically if, among other things, the director (i) becomes bankrupt or makes any arrangement or composition with his creditors; or (ii) dies or is found by our company to be or becomes of unsound mind.

Committees of the Board of Directors

Our board established an audit committee, a compensation committee and a nominating and corporate governance committee in December 2006. Each committee has its defined scope of duties and terms of reference within its own charter, which empowers the committee members to make decisions on certain matters. The charters of these board committees were adopted by our board on November 28, 2006 and have been amended and restated on several occasions, with the latest versions of the nominating and corporate governance committee charter and the audit committee charter adopted in December 2012 and the latest version of the compensation committee charter adopted in March 2012 to satisfy the requirements of the HKSE. The charters may be found on our website. Each of these committees consists entirely of directors whom our board has determined to be independent under the "independence" requirements of the Nasdaq corporate governance rules. The current membership and summary of the charters under which each committee operates are provided below.

Audit Committee

Our audit committee consists of Messrs. Thomas Jefferson Wu, Yiu Wa Alec Tsui and James Andrew Charles MacKenzie, and is chaired by Mr. MacKenzie. Each of our audit committee members also satisfies the "independence" requirements of Rule 10A-3 under the Securities Exchange Act of 1934, or the Exchange Act. We believe that Mr. MacKenzie qualifies as an "audit committee financial expert" as defined in Item 16A of Form 20-F. The purpose of the committee is to assist our board in overseeing and monitoring:

- the integrity of the financial statements of our company;
- the qualifications and independence of our independent auditors;
- the performance of our independent auditors;
- the integrity of our systems of internal accounting and financial controls;
- legal and regulatory issues relating to the financial statements of our company, including the oversight of the independent auditor, the review of the financial statements and related material, the internal

audit process and the procedure for receiving complaints regarding accounting, internal accounting controls, auditing or other related matters;

- the disclosure, in accordance with our relevant policies, of any material information regarding the quality or integrity of our financial statements, which is brought to its attention by our disclosure committee; and
- the integrity and effectiveness of our internal audit function and risk management policies, procedures and practices.

The duties of the audit committee include:

- reviewing and recommending to our board for approval, the appointment, re-appointment or removal of the independent auditor, after considering its annual performance evaluation of the independent auditor and after considering a tendering process for the appointment of the independent auditor every five years;
- approving the remuneration and terms of engagement of the independent auditor and pre-approving all auditing and non-auditing services permitted to be performed by our independent auditors;
- at least annually, obtaining a written report from our independent auditor describing matters relating to its independence and quality control procedures;
- discussing with our independent auditor and our management, among other things, the integrity of the financial statements, including whether any material information brought to their attention should be disclosed, issues regarding accounting and auditing principles and practices and the management's internal control report;
- reviewing and recommending the financial statements to our disclosure committee for inclusion within our quarterly earnings releases and to our board for inclusion in our half-year and annual reports;
- approving all material related party transactions brought to its attention, without further approval of our board except for those which are non-exempt connected transactions under the listing rules of the HKSE;
- establishing and overseeing procedures for the handling of complaints and whistleblowing;
- approving the internal audit charter and annual audit plans, and undertaking an annual performance evaluation of the internal audit function;
- assessing and approving any policies and procedures to identify, accept, mitigate, allocate or otherwise manage various types of risks presented by management, and making recommendations with respect to our risk management process;
- reviewing our financial controls, internal control and risk management systems, and discussing with our management the system of internal control and ensuring that our management has discharged its duty to have an effective internal control system including the adequacy of resources, the qualifications and experience of our accounting and financial staff, and their training programs and budget;
- together with our board, evaluating the performance of the audit committee on an annual basis;
- assessing the adequacy of its charter; and
- cooperating with the other board committees in any areas of overlapping responsibilities.

Compensation Committee

Our compensation committee consists of Messrs. Thomas Jefferson Wu, Yiu Wa Alec Tsui and Robert Wason Mactier, and is chaired by Mr. Wu. The purpose of the compensation committee is to discharge the responsibilities of the board relating to compensation of our executives, including by designing (in consultation with management and our board), recommending to our board for approval, and evaluating the executive and director compensation plans, policies and programs of our company.

Members of the compensation committee are not prohibited from direct involvement in determining their own compensation. Our chief executive officer may not be present at any compensation committee meeting during which his compensation is deliberated.

The duties of the compensation committee include:

- overseeing the development and implementation of compensation programs in consultation with our management;
- at least annually, making recommendations to our board with respect to the compensation arrangements for our non-executive directors, and approving compensation arrangements for our executive director and executive officers, including the chief executive officer;
- at least annually, reviewing and approving our general compensation scheme, incentive compensation plans and equity-based plans, and overseeing the administration of these plans and discharging any responsibilities imposed on the compensation committee by any of these plans;
- reviewing and approving the compensation payable to our executive director and executive officers in connection with any loss or termination of their office or appointment;
- reviewing and recommending any benefits in kind received by any director or approving executive officer where such benefits are not provided for under the relevant employment terms;
- reviewing executive officer and director indemnification and insurance matters;
- overseeing our regulatory compliance with respect to compensation matters, including our policies on restrictions on compensation plans and loans to officers;
- together with the board, evaluating the performance of the compensation committee on an annual basis;
- assessing the adequacy of its charter; and
- cooperating with the other board committees in any areas of overlapping responsibilities.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee consists of Messrs. Thomas Jefferson Wu, Yiu Wa Alec Tsui and Robert Wason Mactier, and is chaired by Mr. Tsui. The purpose of the nominating and corporate governance committee is to assist our board in discharging its responsibilities regarding:

- the identification of qualified candidates to become members and chairs of the board committees and to fill any such vacancies, and reviewing the appropriateness of the continued service of directors;
- ensuring that our board meets the criteria for independence under the Nasdaq corporate governance rules, and that at least three of the board members are independent non-executive directors as required under the listing rules of the HKSE, and nominating directors who meet such independence criteria;

- oversight of our compliance with legal and regulatory requirements, in particular the legal and regulatory requirements of Macau (including the relevant laws related to the gaming industry), the Cayman Islands, the SEC, Nasdaq and the HKSE;
- the development and recommendation to our board of a set of corporate governance principles applicable to our company; and
- the disclosure, in accordance with our relevant policies, of any material information (other than that regarding the quality or integrity of our financial statements), which is brought to its attention by the disclosure committee.

The duties of the committee include:

- making recommendations to our board for its approval, the appointment or re-appointment of any members of our board and the chairs and members of its committees, including evaluating any succession planning;
- reviewing on an annual basis the appropriate skills, knowledge and characteristics required of board members and of the committees of our board, and making any recommendations to improve the performance of our board and its committees;
- developing and recommending to our board such policies and procedures with respect to nomination or appointment of members of our board and chairs and members of its committees or other corporate governance matters as may be required pursuant to any SEC or Nasdaq rules, the listing rules of the HKSE, or otherwise considered desirable and appropriate;
- developing a set of corporate governance principles and reviewing such principles at least annually;
- deciding whether any material information (other than that regarding the quality or integrity of our financial statements), which is brought to its attention by the disclosure committee, should be disclosed;
- reviewing and monitoring the training and continuous professional development of our directors and senior management, pursuant to the listing rules of the HKSE;
- developing, reviewing and monitoring the code of conduct and compliance manual applicable to employees and directors, pursuant to the listing rules of the HKSE;
- together with the board, evaluating the performance of the committee on an annual basis;
- assessing the adequacy of its charter; and
- cooperating with the other board committees in any areas of overlapping responsibilities.

Interested Transactions

A director may vote in respect of any contract or transaction in which he or she is interested, provided that the nature of the interest of any directors in such contract or transaction is disclosed by him or her at or prior to its consideration and any vote in that matter.

Remuneration and Borrowing

The directors may recommend remuneration to be paid to the directors. The compensation committee assists the directors in reviewing and approving the compensation structure for the directors. The directors may

exercise all the powers of our company to borrow money and to mortgage or charge its undertaking, property and uncalled capital, and to issue debentures or other securities whether outright or as security for any debt obligations of our company or of any third party.

Qualification

There is no shareholding qualification for directors.

Benefits Upon Termination

Our directors are not currently entitled to benefits when they cease to be directors.

Employment Agreements

We have entered into an employment agreement with each of our executive officers. The terms of the employment agreements are substantially similar for each executive officer, except as noted below. We may terminate an executive officer's employment for cause, at any time, without notice or remuneration, for certain acts of the officer, including, but not limited to, a serious criminal act, willful misconduct to our detriment or a failure to perform agreed duties. Furthermore, either we or an executive officer may terminate employment at any time without cause upon advance written notice to the other party. Except in the case of Mr. Lawrence Yau Lung Ho, upon notice to terminate employment from either the executive officer or our company, our company may limit the executive officer's services for a period until the termination of employment. Each executive officer (or his estate, as applicable) is entitled to accrued amounts in relation to such executive officer's employment with us upon termination due to disability or death. We will indemnify an executive officer for his or her losses based on or related to his or her acts and decisions made in the course of his or her performance of duties within the scope of his or her employment.

Each executive officer has agreed to hold, both during and after the termination of his or her employment agreement, in strict confidence and not to use, except as required in the performance of his or her duties in connection with the employment or as compelled by law, any of our or our customers' confidential information or trade secrets. Each executive officer also agrees to comply with all material applicable laws and regulations related to his or her responsibilities at our company as well as all material written corporate and business policies and procedures of our company.

Each executive officer is prohibited from gambling at any of our company's facilities during the term of his or her employment and six months following the termination of such employment agreement.

Each executive officer has agreed to be bound by non-competition and non-solicitation restrictions during the term of his or her employment and for certain periods following the termination of such employment agreement. Specifically, each executive officer has agreed not to (i) assume employment with or provide services as a director for any of our competitors who operate in a restricted area for six months following termination of employment; (ii) solicit or seek any business orders from our customers for one year following termination of employment; or (iii) seek directly or indirectly, to solicit the services of any of our employees for one year following termination of employment. The restricted area is defined as Asia or Australasia or any other country or region in which our company operates.

D. EMPLOYEES

Employees

We had 11,769, 11,071 and 10,913 employees as of December 31, 2012, 2011 and 2010, respectively. The following table sets forth the number of employees categorized by the areas of operations and as a

percentage of our workforce as of December 31, 2012, 2011 and 2010. Staff remuneration packages are determined taking into account market conditions and the performance of the individuals concerned, and are subject to review from time to time.

Total	11,769	100.0%	11,071	100.0%	10,913	100.0%

Note:
(1) Includes project management staff for Studio City.

We have implemented a number of human resource initiatives over recent years for the benefit of our employees and their families. These initiatives include a unique in-house learning academy, an on-site high school diploma program, scholarship awards, as well as fast track promotion training initiatives jointly coordinated with the School of Continuing Study of Macau University of Science & Technology and Macao Technology Committee.

Our Macau employees participate in the government-managed social security fund scheme, under which we are required to make a monthly fixed contribution to fund the benefits for each resident employee. The Macau government is responsible for the planning, management and supervision of this social security fund scheme, including collecting and investing the contributions and paying out the pensions to the retired employees. We do not have any obligations to pay any pension to any retired employees under this scheme.

Our Hong Kong employees participate in the mandatory provident fund scheme, or the MPF Scheme, which we operate. Effective June 1, 2012, the maximum monthly contribution by both employee and employer is increased from HK$1,000 to HK$1,250. With this increase, contributions to the MPF Scheme for these employees, with the exception of executive officers, are each set at 5% of the employees' relevant income up to a maximum of HK$1,250 per employee per month. For executive officers, the employees' contributions to the MPF Scheme are set at 5% of the employees' salaries up to a maximum of HK$1,250 per employee per month, and our contribution to the MPF Scheme is set at 10% of the employees' base salaries. The excess of contributions over our mandatory portion, which is 5% of the employees' salaries up to a maximum of HK$1,250 per employee per month, are treated as our voluntary contribution and are vested to executive officers at 10% per year with full vesting in 10 years. Our contributions to the MPF Scheme are fully and immediately vested to the employees once they are paid. The MPF Scheme was established under trust with the assets of the funds held separately from ours by independent trustees.

Our subsidiaries in certain other jurisdictions operate a number of defined contribution schemes. Contributions to the defined contribution schemes are made at a certain percentage of the employees' payroll in accordance with applicable minimum mandatory requirements.

The total amounts of contributions made by us for such retirement schemes for each of the three years ended December 31, 2012, 2011 and 2010 were US$5.3 million, US$5.4 million and US$5.1 million, respectively.

E. SHARE OWNERSHIP

Share Ownership of Directors and Members of Senior Management

Except as disclosed in Item 7, each of our directors and members of senior management individually owns less than 1% of our outstanding ordinary shares.

For the ownership of our ordinary shares pursuant to options and restricted shares granted to directors under our 2006 Share Incentive Plan and our 2011 Share Incentive Plan, see "— Share Incentive Plans" below.

None of our directors or members of senior management who are shareholders have different voting rights from other shareholders of our company.

Share Incentive Plans

2006 Share Incentive Plan

We adopted the 2006 Share Incentive Plan to attract and retain the best available personnel for positions of substantial responsibility, provide additional incentives to employees, directors and consultants and to promote the success of our business. The 2006 Share Incentive Plan has been succeeded by our 2011 Share Incentive Plan. No further awards may be granted under the 2006 Share Incentive Plan. All subsequent awards will be issued under the 2011 Share Incentive Plan. Awards previously granted under the 2006 Share Incentive Plan shall remain subject to the terms and conditions of the 2006 Share Incentive Plan.

The following paragraphs describe the principal terms included in the 2006 Share Incentive Plan.

Types of Awards. The awards permitted to be granted under our 2006 Share Incentive Plan included options to purchase our shares and restricted shares.

Eligibility. We were permitted to grant awards to employees, directors and consultants of our company or any of our related entities, including Melco, Crown, other joint venture entities of Melco or Crown, our own subsidiaries or any entities in which we hold a substantial ownership interest. However, we could grant options that are intended to qualify as incentive share options only to our employees.

Maximum Number of Shares. Under the 2006 Share Incentive Plan, the maximum aggregate number of shares which could be issued pursuant to all awards (including shares issuable upon exercise of options) was 100,000,000 over 10 years.

Plan Administration. Our compensation committee would administer the 2006 Share Incentive Plan and determine the provisions and terms and conditions of each award grant.

Award Agreement. Awards granted were to be evidenced by an award agreement that sets forth the terms, conditions and limitations for each award.

Exercise Price and Term of Awards. In general, the plan administrator would determine the exercise price of an option and set forth the price in the award agreement. The exercise price could be a fixed or variable price related to the fair market value of our shares. If we granted an incentive share option to an employee who, at the time of that grant, owned shares representing more than 10% of the voting power of all classes of our share capital, the exercise price could not be less than 110% of the fair market value of our shares on the date of that grant. The term of each award would be stated in the award agreement, and would not exceed 10 years from the date of the grant.

Vesting Schedule. In general, the plan administrator determined, or the award agreement would specify, the vesting schedule.

See "— B. Compensation of Directors and Executive Officers" for awards granted to our directors and executive officers under the 2006 Share Incentive Plan.

As of December 31, 2012 the unvested share options granted under the 2006 Share Incentive Plan represented approximately 0.309% of our issued share capital. If all the unvested share options were to be exercised and vested during the year ended December 31, 2012 on an unaudited pro-forma basis, there would be a dilution effect on the shareholdings of our shareholders of approximately 0.308% and basic earnings per share of US$0.0008.

2011 Share Incentive Plan

We adopted the 2011 Share Incentive Plan to provide our employees, directors and consultants with incentives to increase shareholder value, and to attract and retain the services of those upon whom we depend for the success of our business. The 2011 Share Incentive Plan was conditionally approved by our shareholders at the extraordinary general meeting held on October 6, 2011 and became effective upon commencement of dealings in our shares on the HKSE on December 7, 2011. The 2011 Share Incentive Plan succeeds the 2006 Share Incentive Plan.

The following paragraphs summarize the principal terms of the 2011 Share Incentive Plan.

Types of Awards. The awards that may be granted under the plan include options, incentive share options, restricted shares, share appreciation rights, dividend equivalents, share payments, deferred shares and restricted share units.

Eligibility. We may grant awards to employees, directors and consultants of our company, any parent or subsidiary of our company, or any of our related entities that our board designates as a related entity for the purposes of this plan. Our compensation committee may from time to time select from among eligible individuals those to whom awards shall be granted. However, only employees of our company or of a parent or subsidiary of our company are eligible to receive incentive share option awards.

Maximum Number of Shares. The maximum aggregate number of shares which may be issued pursuant to all awards under the 2011 Share Incentive Plan is 100,000,000 shares. This limit may be increased from time to time, but by no more than 10% of the shares then in issue as of the date of the shareholders' meeting to approve such increase. The shares which may be issued upon exercise of all outstanding awards granted and yet to be exercised under the plan shall not exceed 30% of the shares in issue from time to time, as prescribed under relevant listing rules of the HKSE.

Maximum Entitlement of Option Holders. The maximum aggregate number of shares underlying an option grant shall not, in any 12-month period up to the date of grant, exceed 1% of the number of shares in issue on the date of grant, unless shareholder approval is obtained in accordance with the listing rules of the HKSE. The maximum aggregate number of shares to be issued upon exercise of options granted to a substantial shareholder or an independent non-executive director of our company, or any of their respective associates, shall not exceed 0.1% of the shares in issue on the offer date or have an aggregate value, based on the official closing price of the shares as quoted by the HKSE on the offer date, in excess of HK$5 million, unless shareholder approval is obtained in accordance with the listing rules of the HKSE. Such limits may be amended from time to time by the HKSE. Our compensation committee may not grant options to a director, chief executive or substantial shareholder of our company, or any of their respective associates, without approval by independent non-executive directors on the compensation committee at the time of such determination.

Option Periods and Payments. Our compensation committee may in its discretion determine, subject to the plan expiration period: the period within which shares must be taken up under an option; the minimum period, if any, for which an option must be held before it can be exercised; the amount, if any, payable on

application or acceptance of the option; and the period within which payments or calls must or may be made or loans for such purposes must be repaid.

Plan Administration. Our compensation committee will administer the 2011 Share Incentive Plan and has the power to, among other actions, designate eligible participants, determine the number and types of awards to be granted, and set the terms and conditions of each award grant.

Award Agreement. Awards granted will be evidenced by an award agreement that sets forth the terms, conditions and limitations for each award.

Exercise Price. In general, the compensation committee may establish the exercise price or purchase price, if any, of any award. The exercise price of an option may be a fixed or variable price related to the fair market value of our ordinary shares, but in any event shall not be less than the highest of: the official closing price quoted on the HKSE on the date such option is offered in writing to a participant, or the offer date; the average of the official closing prices as quoted on the HKSE for the five business days immediately preceding the offer date; and the nominal value of an ordinary share. If we grant an incentive share option award to an employee who, at the time of that grant, owns shares representing more than 10% of the voting power of all classes of our shares, the exercise price may not be less than 110% of the fair market value of our ordinary shares on the date of that grant.

Term of Awards. The term of each award shall be stated in the award agreement, and may not exceed 10 years from the date of the grant. If the participant ceases to be eligible for any reason, the validity of the award shall depend on the terms and conditions of the award agreement. For a participant granted an incentive share option, upon three months of termination of employment as an employee, the right to exercise the incentive share option shall be revoked.

Transferability. Rights in awards are personal to participants and, except as otherwise provided by our compensation committee, no award shall be assigned, transferred, or otherwise disposed of by a participant other than by will or the laws of descent and distribution.

Adjustments. In the event of any share split, combination or exchange of shares, spin-off, recapitalization, reorganization, merger, consolidation or any other change affecting our share capital, our compensation committee shall make proportionate and equitable adjustments to reflect such change with respect to: (i) the aggregate number and types of shares that may be issued under the plan; (ii) the terms and conditions of any outstanding awards; and (iii) the grant price or exercise price per share for any outstanding awards.

Change in Control Transactions. In the event of a change in the control of our company, our compensation committee may in its sole discretion provide for termination, purchase or realization of awards, or replacement of awards with other rights or property. Upon the consummation of a merger or consolidation in which our company is not the surviving entity, a sale of substantially all of our assets, the complete liquidation or dissolution of our company or a reverse takeover, each award will terminate, unless the award is assumed by the successory entity. If the successor entity assumes the award or replaces it with a comparable award, or replaces the award with a cash incentive program and provides for subsequent payout, the replacement award or cash incentive program will automatically become fully vested, exercisable and payable, as applicable, upon termination of the participant's employment without cause within 12 months of such corporate transaction. If the award is neither assumed nor replaced, it shall become fully vested and exercisable and released from any repurchase or forfeiture rights immediately prior to the effective date of such corporate transaction, provided that the participant remains eligible on the effective date of the corporate transaction.

Amendment and Termination. Subject to applicable laws, our compensation committee may terminate, amend or modify the plan upon obtaining the approval of our board and the approval of the shareholders for the amended plan. However, no amendment, modification or termination shall adversely affect in any material way

any award previously granted under the 2011 Share Incentive Plan or any previous plans, without the prior written consent of the participant.

Expiration. The 2011 Share Incentive Plan will expire 10 years after the date it became effective. No awards may be granted pursuant to the 2011 Share Incentive Plan after that time.

As of the date of this annual report, we have granted to certain employees (i) share options to subscribe for a total of 1,934,574 shares and (ii) restricted shares in respect of a total of 1,170,612 shares, pursuant to the 2011 Share Incentive Plan.

As of December 31, 2012 the unvested share options granted under the 2011 Share Incentive Plan represented approximately 0.115% of our issued share capital. ITEM 7. MAJOR SHAREHOLDERS AND RELATED PARTY TRANSACTIONS

A. MAJOR SHAREHOLDERS

The following table sets forth the beneficial ownership of our ordinary shares as of April 5, 2013 by all persons who are known to us to be the beneficial owners of 5% or more of our share capital.

	Ordinary shares beneficially owned [1]	
Name	**Number**	**%**
Melco Leisure [2][3]	559,229,043	33.65
Crown Asia Investments [4]	559,229,043	33.65
Capital Research and Management Company	1070,069,541	6.44

(1) Beneficial ownership is determined in accordance with Rule 13d-3 under the Exchange Act, and includes voting or investment power with respect to the securities. Melco and Crown continue to have a shareholders' agreement relating to certain aspects of the voting and disposition of our ordinary shares held by them, and may accordingly constitute a "group" within the meaning of Rule 13d-3. See "— Melco Crown Joint Venture." However, Melco and Crown each disclaim beneficial ownership of the shares of our company owned by the other.

(2) The address of Melco and Melco Leisure is c/o The Penthouse, 38th Floor, The Centrium, 60 Wyndham Street, Central, Hong Kong. Melco is listed on the Main Board of the HKSE.

(3) Mr. Lawrence Yau Lung Ho, our co-chairman, chief executive officer and executive director as well as the chairman, chief executive officer and executive director of Melco, personally holds 18,162,612 ordinary shares of Melco, representing approximately 1.18% of Melco's ordinary shares outstanding. In addition, 115,509,024 ordinary shares of Melco are held by Lasting Legend Ltd., 288,532,606 ordinary shares of Melco are held by Better Joy Overseas Ltd., 18,587,447 ordinary shares of Melco are held by Mighty Dragon Developments Limited, 7,294,000 ordinary shares of Melco are held by The L3G Capital Trust, and 298,982,187 ordinary shares of Melco are held by Great Respect Limited ("Great Respect"), all of which companies are owned by persons and/or trusts affiliated with Mr. Ho. Great Respect is a company controlled by a discretionary family trust, the beneficiaries of which include Mr. Ho and his immediate family members. Therefore, we believe that Mr. Ho beneficially owns an aggregate of 747,067,876 ordinary shares of Melco, representing approximately 48.70% of Melco's ordinary shares outstanding.

(4) The address of Crown and Crown Asia Investments is Level 3, Crown Towers, 8 Whiteman Street, Southbank, Victoria 3006, Australia. Crown is listed on the Australian Stock Exchange. As of April 5, 2013, Crown was approximately 50.01% owned by Consolidated Press Holdings Group, which is a group of companies owned by the Packer family.

As of December 31, 2012, a total of 1,658,059,295 ordinary shares were outstanding, of which 549,676,265 ordinary shares were registered in the name of a nominee of Deutsche Bank Trust Company Americas, the depositary under the deposit agreement. We have no further information as to shares held, or beneficially owned, by U.S. persons. Since the completion of our initial public offering in December 2006, all ordinary shares underlying the ADSs have been held in Hong Kong by the custodian, Deutsche Bank AG, Hong Kong Branch, on behalf of the depositary. In October 2007, we appointed BOCI Securities Limited to assist us in the administration of our 2006 Share Incentive Plan.

None of our shareholders will have different voting rights from other shareholders after the filing of this annual report. We are not aware of any arrangement that may, at a subsequent date, result in a change of control of our company.

See "Item 4. Information on the Company — C. Organizational Structure" for our current corporate structure.

Melco Crown Joint Venture

In November 2004, Melco and PBL agreed to form an exclusive new joint venture in Asia to develop and operate casino, gaming machines and casino hotel businesses and properties in a territory defined to include Greater China (comprising Macau, China, Hong Kong and Taiwan), Singapore, Thailand, Vietnam, Japan, the Philippines, Indonesia, Malaysia and other countries that may be agreed (but not including Australia and New Zealand), or the Territory.

In March 2005, Melco and PBL concluded the joint venture arrangements resulting in our company becoming a 50/50 owned holding company and entered into a shareholders' deed that governed their joint venture relationship in our company and our subsidiaries. Subsequently, Crown acquired all the gaming businesses and investments of PBL, including PBL's investment in our company. We act as the exclusive vehicle of Melco and Crown to carry on casino, gaming machines and casino hotel operations in Macau, while activities in other parts of the Territory will be carried out under other entities formed by Crown and Melco.

Original and Amended Shareholders' Deed

Under the original shareholders' deed, projects and activities of the joint venture in Greater China were to be undertaken by MPEL (Greater China), which is effectively owned 60% by Melco and 40% by PBL, with projects in the Territory outside Greater China to be undertaken by one or more other of our subsidiaries which are effectively owned 60% by PBL and 40% by Melco.

Memorandum of Agreement

Simultaneously with PBL entering into an agreement with Wynn Macau to obtain a subconcession on March 4, 2006, Melco and PBL executed a memorandum of agreement on March 5, 2006, relating to the amendment of certain provisions of the shareholders' deed and other commercial agreements between Melco and PBL in connection with their joint venture. Melco and PBL supplemented the memorandum of agreement by entering into a supplemental agreement to the memorandum of agreement on May 26, 2006. Under the memorandum of agreement, as amended, Melco and PBL agreed in principle to share on a 50/50 basis the risks, liabilities, commitments, capital contributions and economic value and benefits with respect to gaming projects in the Territory, including in Macau, subject to PBL obtaining the subconcession and the transfer of control of Melco Crown Macau to us. The principal terms and conditions of the shareholders' deed, as amended by the memorandum of agreement and the supplemental agreement to the memorandum of agreement, are:

- Melco and PBL are to share on a 50/50 basis all the economic value and benefits with respect to all gaming projects in the Territory;
- Melco and PBL are to appoint an equal number of members to our board, with no casting vote in the event of a deadlock or other deadlock resolution provisions;
- All of the class A shares of Melco Crown Macau, representing 28% of all the outstanding capital stock of Melco Crown Macau, are to be owned by PBL Asia Limited (as to 18%) and the Managing Director of Melco Crown Macau (as to 10%), respectively. Mr. Lawrence Yau Lung Ho has been appointed to serve as the Managing Director of Melco Crown Macau. The holders of the class A shares, as a class, will have the right to one vote per share, receive an aggregate annual dividend of MOP1 and return of capital of an aggregate amount of MOP1 on a wind up or liquidation, but will have no right to participate in the winding up or liquidation assets;

- All of the class B shares of Melco Crown Macau, representing 72% of all the outstanding capital stock of Melco Crown Macau are to be owned by MPEL Investments, our wholly owned subsidiary. As the holder of class B shares, we will have the right to one vote per share, receive the remaining distributable profits of Melco Crown Macau after payment of dividends on the class A shares, to return of capital after payment on the class A shares on a winding up or liquidation of Melco Crown Macau, and to participate in the winding up and liquidation assets of Melco Crown Macau;

- The shares of Altira Developments and Melco Crown (COD) Developments and the operating assets of Mocha would be transferred to Melco Crown Macau;

- MPEL (Greater China) and Mocha are to be liquidated or remain dormant; and

- The provisions of the shareholders' deed relating to the operation of our company are to apply to Melco Crown Macau.

Shareholders' Deed

Melco and PBL entered into a shareholders' deed post our initial offering which was effective in December 2006. In connection with the acquisition of the gaming businesses and investments of PBL by Crown, Melco and Crown have entered into a new variation to the shareholders' deed with us, which became effective in July 2007. The new shareholders' deed includes the following principal terms:

Exclusivity. Melco and Crown must not (and must ensure that their respective Affiliates and major shareholders do not), other than through us, directly or indirectly own, operate or manage a casino, a gaming slots business or a casino hotel, or acquire or hold an interest in an entity that owns, operates or manages such businesses in Macau, except that Melco and Crown may acquire and hold up to 5% of the voting securities in a public company engaged in such businesses.

Directors. Melco and Crown may each nominate up to three directors and shall vote in favor of the three directors nominated by the other and will not vote to remove directors nominated by the other. Melco and Crown will procure that the number of directors appointed to our board shall not be less than ten. However, if the number of directors on our board is increased, each of Melco and Crown will agree to increase the number of directors that they will nominate so that not less than 60% of our board will be directors nominated by Melco and Crown and voted in favor of by the other.

Transfer of Shares. Without the approval of the other party, Melco and Crown may not create any security interest or agree to create any security interest in our shares. In addition, without approval from the other, Melco and Crown may not transfer or otherwise dispose of our shares, except for: (1) permitted transfers to their wholly owned subsidiaries; (2) transfers of up to 1% of our issued and outstanding shares over any three month period up to a total cap of 5% of our issued and outstanding shares; (3) transfers subject to customary rights of first refusal and tag-along rights in favor of Crown or Melco (as the case may be) with respect to their transfers of our shares; and (4) in the case of Melco, the assured entitlement distribution by Melco to its shareholders of the assured entitlement ADSs.

Events of Default. If there is an event of default, which is defined as a material breach of the shareholders' deed, an insolvency event of Melco or Crown or their subsidiaries which hold our shares, or a change in control of the Melco or Crown subsidiaries which hold our shares, and it is not cured within the prescribed time period, then the non-defaulting shareholder may exercise: (1) a call option to purchase our shares owned by the defaulting shareholder at a purchase price equal to 90% of the fair market value of the shares; or (2) a put option to sell all of the shares it owns in us to the defaulting shareholder at a purchase price equal to 110% of the fair market value of the shares.

Notice from a Regulatory Authority. If a regulatory authority directs either Melco or Crown to end its relationship with the other, or makes a decision that would have a material adverse effect on its rights or benefits in us, then Melco and Crown may serve a notice of proposed sale to the other and, if the other shareholder does not want to purchase those shares, may sell the shares to a third party.

Term. The shareholders' deed will continue unless agreed in writing by all of the parties or if a shareholder ceases to hold any of our shares in accordance with the shareholders' deed.

B. RELATED PARTY TRANSACTIONS

For discussion of significant related party transactions we entered into during the years ended December 31, 2012, 2011 and 2010, see note 20 to the consolidated financial statements included elsewhere in this annual report.

We have entered into employment agreements with key management and personnel of our company and our subsidiaries. See "Item 6. Directors, Senior Management and Employees — C. Board Practices — Employment Agreements."

C. INTERESTS OF EXPERTS AND COUNSEL

ITEM 8. FINANCIAL INFORMATION

A. CONSOLIDATED STATEMENTS AND OTHER FINANCIAL INFORMATION

We have appended consolidated financial statements filed as part of this annual report.

Legal and Administrative Proceedings

We are currently a party to certain legal and administrative proceedings which relate to matters arising out of the ordinary course of our business. Based on the current status of such proceedings and the information currently available, our management does not believe that the outcome of such proceedings will have a material adverse effect on our business, financial condition or results of operations.

Crown Melbourne Limited, the owner of a number of "Crown" trademarks licensed to us, is from time to time involved in legal proceedings regarding "Crown" trademarks used in Macau. We understand that Crown Melbourne Limited will continue to take vigorous measures to protect its trademarks. We believe we have a valid right under our trademark license agreement with Crown Melbourne Limited to use the Crown trademarks in Macau in our hotel casino business.

In January 2013, the Taiwanese authorities commenced investigating certain alleged violations of Taiwan banking laws by certain employees of our subsidiary's branch office in Taiwan, which may pose reputational and other risks to us. In an attempt to prevent the dissipation of any potential personal gains made by these employees from such alleged violations, the Taiwanese authorities have frozen one of our deposit accounts in Taiwan, which had a balance of approximately TWD2.98 billion (equivalent to approximately US$102 million) at the time the account was frozen. We are taking actions to request the Taiwanese authorities to unfreeze the account.

Dividend Policy

We have not in the past declared or paid any dividends, nor do we have any present plan to pay any cash dividends on our shares or ADSs in the near to medium term. We currently intend to retain most, if not all, of our available funds and any future earnings to finance the construction and development of our projects, to service debt and to operate and expand our business.

Our board has complete discretion on whether to pay dividends, subject to the approval of our shareholders in the case of annual dividends. Even if our board decides to pay dividends, the form, frequency and amount will depend upon our future operations and earnings, capital requirements and surplus, general financial condition, contractual restrictions and other factors that our board may deem relevant. Dividends will be declared and paid in Hong Kong dollars for holders of ordinary shares and U.S. dollars for holders of ADSs.

All of our subsidiaries incorporated in Macau are required to set aside a minimum of 10% to 25% of the entity's profit after taxation to the legal reserve until the balance of the legal reserve reaches a level equivalent to 25% to 50% of the entity's share capital in accordance with the provisions of the Macau Commercial Code. The legal reserve sets aside an amount from the subsidiaries' statements of operations and is not available for distribution to the shareholders of the subsidiaries. The appropriation of legal reserve is recorded in the subsidiaries' financial statements in the year or period in which it is approved by the boards of directors of the relevant subsidiaries.

Our 2011 Credit Facilities, the 2013 Senior Notes, Studio City Notes, Studio City Project Facility and other indebtedness we may incur contain, or may be expected to contain, restrictions on payment of dividends to us, which is expected to affect our ability to pay dividends in the foreseeable future. See "Item 3. Key Information — D. Risk Factors — Risks Relating to Our Shares and ADSs — We currently do not intend to pay dividends, and we cannot assure you that we will make dividend payments in the future."

Under the Cayman Companies Law, subject to the provisions of our amended and restated memorandum of association or articles of association, the share premium account of our company may be applied to pay distributions or dividends to shareholders, provided that immediately following the date the distribution or dividend is proposed to be paid, we are able to pay our debts as they fall due in the ordinary course of business. The share premium included in our additional paid-in capital as of December 31, 2012 and 2011 amounted to approximately US$2,613.5 million and US$2,609.9 million, respectively. We recorded accumulated losses as of December 31, 2012 and 2011.

B. SIGNIFICANT CHANGES

Except as disclosed elsewhere in this annual report, we have not experienced any significant changes since the date of our audited consolidated financial statements included in this annual report.

We incorporate by reference into this annual report the summary description of our amended and restated memorandum and articles of association, as conferred by Cayman law, contained in our registration statement on Form F-3 (File No. 333-178215) originally filed with the SEC on November 29, 2011, as amended.

C. MATERIAL CONTRACTS

We have not entered into any material contracts other than in the ordinary course of business and other than those described in "Item 4. Information on the Company" and "Item 7. Major Shareholders and Related Party Transactions" or elsewhere in this annual report on Form 20-F.

D. EXCHANGE CONTROLS

Foreign Currency Exchange

The H.K. dollar is the predominant currency used in gaming transactions in Macau and is often used interchangeably with the Pataca in Macau. The H.K. dollar is pegged to the U.S. dollar within a narrow range and the Pataca is in turn pegged to the H.K. dollar. The majority of our revenues are denominated in H.K. dollars, given the H.K. dollar is the predominant currency used in gaming transactions in Macau and is often used interchangeably with the Pataca in Macau, while our expenses are denominated predominantly in Patacas. In addition, a significant portion of our indebtedness, as a result of the 2010 Senior Notes, 2013 Senior Notes, Studio City Notes and certain expenses, have been and are denominated in U.S. dollars, and the costs associated with servicing and repaying such debt will be denominated in U.S. dollars. We accept foreign currencies from our customers and therefore, in addition to H.K. dollars and Patacas, we hold a nominal amount of other foreign currencies.

No foreign exchange controls exist in Macau and Hong Kong and there is a free flow of capital into and out of Macau and Hong Kong. There are no restrictions on remittances of H.K. dollars or any other currency from Macau and Hong Kong to persons not resident in Macau and Hong Kong for the purpose of paying dividends or otherwise.

E. TAXATION

Cayman Islands Taxation

The Cayman Islands currently levies no taxes on individuals or corporations based upon profits, income, gains or appreciation and there is no taxation in the nature of inheritance tax or estate duty. There are no other taxes likely to be material to us levied by the Government of the Cayman Islands except for stamp duties which may be applicable on instruments executed in, or brought within, the jurisdiction of the Cayman Islands. The Cayman Islands is not party to any double tax treaties. There are no exchange control regulations or currency restrictions in the Cayman Islands.

United States Federal Income Taxation

The following discussion describes certain material U.S. federal income tax consequences to U.S. Holders (as defined below) under present law of an investment in the ADSs or ordinary shares. This discussion applies only to U.S. Holders that hold the ADSs or ordinary shares as capital assets within the meaning of Section 1221 of the United States Internal Revenue Code of 1986, as amended (generally, property held for investment) and that have the U.S. dollar as their functional currency. This discussion is based on the tax laws of the United States as of the date of this annual report and U.S. Treasury regulations in effect or, in some cases, proposed, as of the date of this annual report, as well as judicial and administrative interpretations thereof available on or before such date. All of the foregoing authorities are subject to change, which change could apply retroactively and could affect the tax consequences described below.

The following discussion neither deals with the tax consequences to any particular investor nor describes all of the tax consequences applicable to persons in special tax situations such as:

- banks;
- certain financial institutions;
- insurance companies;
- regulated investment companies;
- real estate investment trusts;
- broker-dealers;
- traders that elect to mark to market;
- U.S. expatriates;
- tax-exempt entities;
- persons liable for alternative minimum tax;
- persons holding ADSs or ordinary shares as part of a straddle, hedging, conversion or integrated transaction;
- persons that actually or constructively own 10% or more of the total combined voting power of all classes of our voting stock;

- persons who acquired ADSs or ordinary shares pursuant to the exercise of any employee share option or otherwise as compensation; or
- partnerships or pass-through entities, or persons holding ADSs or ordinary shares through such entities.

INVESTORS ARE URGED TO CONSULT THEIR TAX ADVISORS ABOUT THE APPLICATION OF THE U.S. FEDERAL TAX RULES TO THEIR PARTICULAR CIRCUMSTANCES AS WELL AS THE STATE, LOCAL, NON-U.S. AND OTHER TAX CONSEQUENCES TO THEM OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF ADSs OR ORDINARY SHARES.

The discussion below of the U.S. federal income tax consequences to "U.S. Holders" will apply to you if you are the beneficial owner of ADSs or ordinary shares and you are, for U.S. federal income tax purposes,

- an individual who is a citizen or resident of the United States;
- a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized in the United States or under the laws of the United States, any State thereof or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust that (1) is subject to the primary supervision of a court within the United States and the control of one or more U.S. persons for all substantial decisions or (2) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

If you are a partner in a partnership (or other entity treated as a partnership for U.S. federal income tax purposes) that holds ADSs or ordinary shares, your tax treatment will generally depend on your status and the activities of the partnership. If you are a partner in such partnership, you should consult your tax advisor.

The discussion below assumes the representations contained in the deposit agreement are true and the obligations in the deposit agreement and any related agreement will be complied with in accordance with their terms. If you own ADSs, you should be treated as the owner of the underlying ordinary shares represented by those ADSs for U.S. federal income tax purposes.

The U.S. Treasury has expressed concerns that intermediaries in the chain of ownership between the holder of an ADS and the issuer of the security underlying the ADS may be taking actions that are inconsistent with the beneficial ownership of the underlying security (for example, pre-releasing ADSs to persons that do not have the beneficial ownership of the securities underlying the ADSs). Accordingly, the availability of the reduced tax rate for any dividends received by certain non-corporate U.S. Holders, including individuals U.S. Holders (as discussed below), could be affected by actions taken by intermediaries in the chain of ownership between the holders of ADSs and our company if as a result of such actions the holders of ADSs are not properly treated as beneficial owners of underlying common shares.

Taxation of Dividends and Other Distributions on the ADSs or Ordinary Shares

Subject to the PFIC rules discussed below, the gross amount of any distributions we make to you with respect to the ADSs or ordinary shares (including the amount of any taxes withheld therefrom) generally will be includible in your gross income as dividend income on the date of receipt by the depositary, in the case of ADSs, or on the date of receipt by you, in the case of ordinary shares, but only to the extent the distribution is paid out of our current or accumulated earnings and profits (as determined under U.S. federal income tax principles). Any such dividends will not be eligible for the dividends-received deduction allowed to corporations in respect of dividends received from other U.S. corporations. To the extent the amount of the distribution exceeds our current and accumulated earnings and profits (as determined under U.S. federal income tax principles), such excess

amount will be treated first as a tax-free return of your tax basis in your ADSs or ordinary shares, and then, to the extent such excess amount exceeds your tax basis in your ADSs or ordinary shares, as capital gain. We currently do not, and we do not intend to, calculate our earnings and profits under U.S. federal income tax principles. Therefore, a U.S. Holder should expect that any distribution will generally be reported as a dividend even if that distribution would otherwise be treated as a non-taxable return of capital or as capital gain under the rules described above.

With respect to certain non-corporate U.S. Holders, including individual U.S. Holders, any dividends may be taxed at the lower capital gains rate applicable to "qualified dividend income," provided (1) the ADSs or ordinary shares, as applicable, are readily tradable on an established securities market in the United States, (2) we are neither a PFIC nor treated as such with respect to you (as discussed below) for the taxable year in which the dividend was paid and the preceding taxable year, and (3) certain holding period requirements are met. Under U.S. Internal Revenue Service authority, ADSs will be considered for purposes of clause (1) above to be readily tradable on an established securities market in the United States if they are listed on the NASDAQ, as are our ADSs. You should consult your tax advisors regarding the availability of the lower capital gains rate applicable to qualified dividend income for any dividends paid with respect to our ADSs or ordinary shares.

Any dividends we pay with respect to our ADSs or ordinary shares will constitute foreign source income for foreign tax credit limitation purposes. If the dividends are taxed as qualified dividend income (as discussed above), the amount of the dividend taken into account for purposes of calculating the foreign tax credit limitation generally will be limited to the gross amount of the dividend, multiplied by the reduced tax rate applicable to qualified dividend income and divided by the highest tax rate normally applicable to dividends. The limitation on foreign taxes eligible for credit is calculated separately with respect to specific classes of income. For this purpose, any dividends we pay with respect to the ADSs or ordinary shares will generally constitute "passive category income" but could, in the case of certain U.S. Holders, constitute "general category income."

Taxation of Disposition of ADSs or Ordinary Shares

Subject to the PFIC rules discussed below, you will recognize taxable gain or loss on any sale, exchange or other taxable disposition of ADSs or ordinary shares equal to the difference between the amount realized for the ADSs or ordinary shares and your tax basis in the ADSs or ordinary shares. The gain or loss generally will be capital gain or loss. If you are a non-corporate U.S. Holder, including an individual U.S. Holder, that has held the ADSs or ordinary shares for more than one year, you may be eligible for reduced U.S. federal income tax rates. The deductibility of capital losses is subject to limitations. Any gain or loss you recognize on a disposition of ADSs or ordinary shares will generally be treated as U.S. source income or loss for foreign tax credit limitation purposes. You should consult your tax advisors regarding the proper treatment of gain or loss in your particular circumstances.

Passive Foreign Investment Company

Based on the market price of our ADSs and ordinary shares, and the composition of our income and assets, we do not believe we were a PFIC for U.S. federal income tax purposes for our taxable year ended December 31, 2012. However, the application of the PFIC rules is subject to uncertainty in several respects, and we cannot assure you we will not be a PFIC for any taxable year. Furthermore, because PFIC status is a factual determination based on actual results for the entire taxable year, our U.S. counsel expresses no opinion with respect to our PFIC status and expresses no opinion with respect to this paragraph. A non-U.S. corporation will be a PFIC for U.S. federal income tax purposes for any taxable year if either:

- at least 75% of its gross income for such year is passive income; or
- at least 50% of the value of its assets (based on an average of the quarterly values of the assets) during such year is attributable to assets that produce passive income or are held for the production of passive income.

For this purpose, we will be treated as owning our proportionate share of the assets and earning our proportionate share of the income of any other corporation in which we own, directly or indirectly, more than 25% (by value) of the stock.

A separate determination must be made after the close of each taxable year as to whether we were a PFIC for that year. Because the value of our assets for purposes of the PFIC test will generally be determined by reference to the market price of our ADSs and ordinary shares, fluctuations in the market price of the ADSs and ordinary shares may cause us to become a PFIC. In addition, changes in the composition of our income or assets may cause us to become a PFIC.

If we are a PFIC for any taxable year during which you hold ADSs or ordinary shares, we generally will continue to be treated as a PFIC with respect to you for all succeeding years during which you hold ADSs or ordinary shares, unless we cease to be a PFIC and you make a "deemed sale" election with respect to the ADSs or ordinary shares. If such election is made, you will be deemed to have sold ADSs or ordinary shares you hold at their fair market value on the last day of the last taxable year in which we qualified as a PFIC, and any gain from such deemed sale would be subject to the consequences described in the following two paragraphs. After the deemed sale election, your ADSs or ordinary shares with respect to which the deemed sale election was made will not be treated as shares in a PFIC unless we subsequently become a PFIC.

For each taxable year we are treated as a PFIC with respect to you, you will be subject to special tax rules with respect to any "excess distribution" you receive and any gain you recognize from a sale or other disposition (including a pledge) of the ADSs or ordinary shares, unless you make a "mark-to-market" election as discussed below. Distributions you receive in a taxable year that are greater than 125% of the average annual distributions you received during the shorter of the three preceding taxable years or your holding period for the ADSs or ordinary shares will be treated as an excess distribution. Under these special tax rules:

- the excess distribution or recognized gain will be allocated ratably over your holding period for the ADSs or ordinary shares;
- the amount allocated to the current taxable year, and any taxable years in your holding period prior to the first taxable year in which we were a PFIC, will be treated as ordinary income; and
- the amount allocated to each other taxable year will be subject to the highest tax rate in effect for individuals or corporations, as applicable, for each such year and the interest charge generally applicable to underpayments of tax will be imposed on the resulting tax attributable to each such year.

The tax liability for amounts allocated to taxable years prior to the year of disposition or excess distribution cannot be offset by any net operating losses for such years, and gains (but not losses) realized on the sale or other disposition of the ADSs or ordinary shares cannot be treated as capital, even if you hold the ADSs or ordinary shares as capital assets.

If we are a PFIC with respect to you for any taxable year, to the extent any of our subsidiaries are also PFICs or we make direct or indirect equity investments in other entities that are PFICs, you may be deemed to own shares in such lower-tier PFICs that are directly or indirectly owned by us in that proportion which the value of the ADSs or ordinary shares you own bears to the value of all of our ADSs or ordinary shares, as applicable, and you may be subject to the adverse tax consequences described in the preceding two paragraphs with respect to the shares of such lower-tier PFICs that you would be deemed to own. You should consult your tax advisors regarding the application of the PFIC rules to any of our subsidiaries.

A U.S. Holder of "marketable stock" (as defined below) in a PFIC may make a mark-to-market election for such stock to elect out of the PFIC rules described above regarding excess distributions and recognized gains. If you make a mark-to-market election for the ADSs or ordinary shares, you will include in income for each year we are a PFIC an amount equal to the excess, if any, of the fair market value of the ADSs

or ordinary shares as of the close of your taxable year over your adjusted basis in such ADSs or ordinary shares. You will be allowed a deduction for the excess, if any, of the adjusted basis of the ADSs or ordinary shares over their fair market value as of the close of the taxable year. However, deductions will be allowable only to the extent of any net mark-to-market gains on the ADSs or ordinary shares included in your income for prior taxable years. Amounts included in your income under a mark-to-market election, as well as gain on the actual sale or other disposition of the ADSs or ordinary shares, will be treated as ordinary income. Ordinary loss treatment will also apply to the deductible portion of any mark-to-market loss on the ADSs or ordinary shares, as well as to any loss realized on the actual sale or other disposition of the ADSs or ordinary shares, to the extent the amount of such loss does not exceed the net mark-to-market gains previously included for such ADSs or ordinary shares. Your basis in the ADSs or ordinary shares will be adjusted to reflect any such income or loss amounts. If you make a mark-to-market election, any distributions we make would generally be subject to the rules discussed above under "— Taxation of Dividends and Other Distributions on the ADSs or Ordinary Shares," except the lower rate applicable to qualified dividend income would not apply.

The mark-to-market election is available only for "marketable stock," which generally is stock that is regularly traded on a qualified exchange or other market, as defined in applicable U.S. Treasury regulations. Our ADSs are listed on the NASDAQ, which is a qualified exchange or other market for these purposes. Consequently, if the ADSs continue to be listed on NASDAQ and are regularly traded, and you are a holder of ADSs, we expect the mark-to-market election would be available to you if we were to become a PFIC. Because a mark-to-market election cannot be made for equity interests in any lower-tier PFICs that we own, a U.S. Holder may continue to be subject to the PFIC rules with respect to its indirect interest in any investments held by us that are treated as an equity interest in a PFIC for U.S. federal income tax purposes. You should consult your tax advisors as to the availability and desirability of a mark-to-market election, as well as the impact of such election on interests in any lower-tier PFICs.

Alternatively, if a non-U.S. corporation is a PFIC, a holder of shares in that corporation may elect out of the PFIC rules described above regarding excess distributions and recognized gains by making a "qualified electing fund" election to include in income its *pro rata* share of the corporation's income on a current basis. However, you may make a qualified electing fund election with respect to your ADSs or ordinary shares only if we agree to furnish you annually with certain tax information, and we currently do not intend to prepare or provide such information.

Unless otherwise provided by the U.S. Treasury, each U.S. Holder of a PFIC is required to file an annual report containing such information as the U.S. Treasury may require. If we are or become a PFIC, you should consult your tax advisors regarding any reporting requirements that may apply to you.

You are strongly urged to consult your tax advisors regarding the application of the PFIC rules to your investment in ADSs or ordinary shares.

Information Reporting and Backup Withholding

Any dividend payments with respect to ADSs or ordinary shares and proceeds from the sale, exchange or other taxable disposition of ADSs or ordinary shares may be subject to information reporting to the U.S. Internal Revenue Service and possible U.S. backup withholding. Backup withholding will not apply, however, to a U.S. Holder who furnishes a correct taxpayer identification number and makes any other required certification or who is otherwise exempt from backup withholding. U.S. Holders that are required to establish their exempt status generally must provide such certification on U.S. Internal Revenue Service Form W-9. U.S. Holders should consult their tax advisors regarding the application of the U.S. information reporting and backup withholding rules.

Backup withholding is not an additional tax. Amounts withheld as backup withholding may be credited against your U.S. federal income tax liability, and you may obtain a refund of any excess amounts

withheld under the backup withholding rules by filing the appropriate claim for refund with the U.S. Internal Revenue Service and furnishing any required information in a timely manner.

Additional Reporting Requirements

Certain U.S. Holders who are individuals are required to report information relating to an interest in our common shares, subject to certain exceptions (including an exception for ADSs or ordinary shares held in accounts maintained by certain financial institutions). You should consult your tax advisors regarding the effect, if any, of these rules on your ownership and disposition of ADSs or ordinary shares.

THE DISCUSSION ABOVE IS A GENERAL DISCUSSION. IT DOES NOT COVER ALL TAX MATTERS THAT MAY BE IMPORTANT TO A PARTICULAR INVESTOR. EACH PROSPECTIVE INVESTOR SHOULD CONSULT ITS OWN TAX ADVISOR ABOUT THE TAX CONSEQUENCES OF AN INVESTMENT IN THE ADSs OR ORDINARY SHARES UNDER THE INVESTOR'S OWN CIRCUMSTANCES.

H. DOCUMENTS ON DISPLAY

We are subject to the periodic reporting and other informational requirements of the Exchange Act. Under the Exchange Act, we are required to file reports and other information with the SEC. Specifically, we are required to file an annual report on Form 20-F no later than four months after the close of each fiscal year, which is December 31. As permitted by the SEC, in Item 19 of this annual report, we incorporate by reference certain information we have filed with the SEC. This means that we can disclose important information to you by referring you to another document filed separately with the SEC. The information incorporated by reference is considered to be part of this annual report.

Copies of reports and other information, when so filed, may be inspected without charge at the SEC's Public Reference Room at 100 F Street, N.E., Washington D.C. 20549. The public may obtain information regarding the Washington, D.C. Public Reference Room by calling the SEC at 1-800-SEC-0330. The SEC also maintains a web site at www.sec.gov that contains reports, proxy and information statements, and other information regarding registrants that make electronic filings with the SEC using its EDGAR system.

As a foreign private issuer, we are exempt from the rules under the Exchange Act prescribing the furnishing and content of quarterly reports and proxy statements, and officers, directors and principal shareholders are exempt from the reporting and short-swing profit recovery provisions contained in Section 16 of the Exchange Act.

Our financial statements have been prepared in accordance with U.S. GAAP. Our annual reports will include a review of operations and annual audited consolidated financial statements prepared in conformity with U.S. GAAP.

Nasdaq Marketplace Rule 5250(d)(1) requires each issuer to distribute to shareholders copies of an annual report containing audited financial statements of our company and its subsidiaries a reasonable period of time prior to our company's annual meeting of shareholders. We do not intend to provide copies. However,

shareholders can request a copy, in physical or electronic form, from us or our ADR depositary bank, Deutsche Bank. In addition, we intend to post our annual report on our website www.melco-crown.com. Nasdaq Marketplace Rule 5255(c) permits foreign private issuers like us to follow "home country practice" in certain corporate governance matters. Walkers, our Cayman Islands counsel, has provided a letter to the Nasdaq certifying that under Cayman Islands law, we are not required to deliver annual reports to our shareholders prior to an annual general meeting.

ITEM 11. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices. We believe our and our subsidiaries' primary exposure to market risk will be interest rate risk associated with our substantial indebtedness.

Interest Rate Risk

Our exposure to interest rate risk is associated with our substantial indebtedness bearing interest based on floating rates. From December 31, 2010, the floating rates associated with the City of Dreams Project Facility were based on LIBOR and HIBOR plus a margin of 2.50% per annum or ranging from 1.50% to 2.00% per annum as adjusted in accordance with the leverage ratio of the original borrowing group. From June 30, 2011, as a result of our 2011 Credit Facilities, the floating rates associated with the City of Dreams Project Facility were further amended to HIBOR plus a margin ranging from 1.75% to 2.75% per annum as adjusted in accordance with the leverage ratio of the Borrowing Group. In addition, we entered into interest rate swaps in connection with our drawdowns under the City of Dreams Project Facility in accordance with our lenders' requirements at such time under the City of Dreams Project Facility. As of December 31, 2011, we had three interest rate swap agreements that subsequently expired in February 2012. See note 11 and note 13 to the consolidated financial statements included elsewhere in this annual report for summaries of the terms of our indebtedness and the fair value of these interest rate swap agreements, respectively. Accordingly, as of December 31, 2012, we are subject to fluctuations in HIBOR.

We attempt to manage interest rate risk by managing the mix of long-term fixed rate borrowings and variable rate borrowings and we may supplement by hedging activities in a manner we deem prudent. We cannot be sure that these risk management strategies have had the desired effect, and interest rate fluctuations could have a negative impact on our results of operations.

As of December 31, 2012 and 2011, approximately 67% and 57%, respectively, of our total debt was based on fixed rates. The increase was primarily due to the issuance of Studio City Notes in November 2012. Based on December 31, 2012 and 2011 debt and interest rate swap levels, an assumed 100 basis point change in the HIBOR and LIBOR would cause our annual interest cost to change by approximately US$10.5 million and US$8.9 million, respectively.

Interests in security we provide to the lenders under our credit facilities, or other security or guarantees, are required by the counterparties to our hedging transactions, which could increase our aggregate secured indebtedness. We do not intend to engage in transactions in derivatives or other financial instruments for trading or speculative purposes and we expect the provisions of our existing and any future credit facilities to restrict or prohibit the use of derivatives and financial instruments for purposes other than hedging.

Foreign Exchange Risk

Our exposure to foreign exchange rate risk is associated with the currency of our operations and our indebtedness and as a result of the presentation of our financial statements in U.S. dollars. The majority of our revenues are denominated in H.K. dollars, given the H.K. dollar is the predominant currency used in gaming transactions in Macau and is often used interchangeably with the Pataca in Macau, while our expenses are denominated predominantly in Patacas. In addition, a significant portion of our indebtedness, as a result of the 2010 Senior Notes, 2013 Senior Notes and Studio City Notes, and certain expenses have been and are denominated in U.S. dollars and the costs associated with servicing and repaying such debt will be denominated in U.S. dollars. We also have a significant portion of our assets and liabilities denominated in Renminbi, as a result of our RMB Bonds and the associated restricted cash balances. The costs incurred with servicing and repaying such debt will be denominated in Renminbi.

The value of the H.K. dollar and Patacas against the U.S. dollar may fluctuate and may be affected by, among other things, changes in political and economic conditions. While the H.K. dollar is pegged to the U.S. dollar within a narrow range and the Pataca is in turn pegged to the H.K. dollar and the exchange rates between these currencies has remained relatively stable over the past several years, we cannot assure you that the current peg or linkages between the U.S. dollar, H.K. dollar and Pataca will not be broken or modified and subjected to fluctuation. Any significant fluctuations in the exchange rates between H.K. dollars or Patacas to U.S. dollars may have a material adverse effect on our revenues and financial condition.

The value of the Renminbi against the U.S. dollar and other foreign currencies fluctuates and is affected by changes in China and international political and economic conditions and by many other factors. While the Renminbi traded within a narrow range against the U.S. dollar during the period between July 2008 and June 2010, beginning in June 2010 the People's Bank of China adopted measures to allow broader fluctuation of the Renminbi against the U.S. dollar. Recently, the People's Bank of China adopted a policy, effective from April 16, 2012 onwards, enlarging the floating band of the Renminbi's trading prices against the U.S. dollar from 0.5% to 1%. Such exchange rate policy reforms in China may lead to greater fluctuation of the Renminbi against the U.S. dollar and other currencies, and unfavorable fluctuation in such exchange rates could adversely affect our ability to service and repay our indebtedness and our financial results in U.S. dollars.

Furthermore, we accept foreign currencies from our customers and as of December 31, 2012, in addition to H.K. dollars and Patacas, we hold a nominal amount of other foreign currencies. However, any foreign exchange risk exposure associated with those currencies is minimal.

We have not engaged in hedging transactions with respect to foreign exchange exposure of our revenues and expenses in our day-to-day operations during the years ended December 31, 2012 and 2011. Instead, we maintain a certain amount of our operating funds in the same currencies in which we have obligations, thereby reducing our exposure to currency fluctuations. However, we occasionally enter into foreign exchange transactions as part of financing transactions and capital expenditure programs. During the year ended December 31, 2011, we entered into the Deposit-Linked Loan denominated in H.K. dollars, which is secured by the Renminbi restricted cash balances from the proceeds of the RMB Bond, and for future settlement of the principal amount on the RMB Bonds. During the years ended December 31, 2012 and 2011, we entered RMB forward exchange rate contracts for future settlement of interest on the RMB Bonds to hedge our exchange rate exposure. The forward contracts are primarily cash flow hedging instruments, the hedged item being the forecasted cash flows in H.K. dollars associated with a portion of the first two Renminbi interest payments on the RMB Bonds payable in November 2011 and May 2012, respectively. As of December 31, 2012, all RMB forward exchange rate contracts have been expired. We will consider our overall procedure for managing our foreign exchange risk from time to time.

See note 11 to the consolidated financial statements included elsewhere in this annual report for further details related to our indebtedness and foreign currency exposure as of December 31, 2012.

Major currencies in which our cash and cash equivalents and restricted cash were held as of December 31, 2012 were U.S. dollars, H.K. dollars, Renminbi, New Taiwan dollars, Philippine Pesos and Patacas. Based on the balances of cash and cash equivalents and restricted cash balances (excluding restricted cash balances from the RMB2.3 billion in proceeds from the RMB Bonds, for which currency fluctuations will be offset by the associated currency fluctuations of the RMB Bonds) as of December 31, 2012 and 2011, an assumed 1% change in the exchange rates between currencies other than U.S. dollars against the U.S. dollar would cause a maximum foreign transaction gain or loss of approximately US$18.3 million and US$11.3 million for the years ended December 31, 2012 and 2011, respectively.

Based on the balances of long-term debt denominated in currencies other than U.S. dollars and restricted cash from the RMB2.3 billion in proceeds from the RMB Bonds as of December 31, 2012 and 2011, an assumed 1% change in the exchange rates between H.K. dollars or Renminbi against the U.S. dollar would cause a foreign transaction gain or loss of approximately US$13.7 million for both years ended December 31, 2012 and 2011.

D. AMERICAN DEPOSITORY SHARES

Persons depositing shares are charged a fee for each issuance of ADSs, including issuances resulting from distributions of shares, share dividends, share splits, bonus and rights distributions and other property, and for each surrender of ADSs in exchange for deposited securities. The fee in each case is US$5.00 for each 100 ADSs, or any portion thereof, issued or surrendered. Any holder of ADSs is charged a fee not in excess of US$5.00 per 100 ADSs (or portion thereof) issued upon the exercise of rights. The depositary also charges a fee of US$2.00 per 100 ADSs for distribution of cash proceeds pursuant to a cash distribution, sale of rights and other entitlements or otherwise. The depositary may also charge an annual fee of US$2.00 per 100 ADSs for the operation and maintenance costs in administering the facility. Persons depositing shares also may be charged the following expenses:

- Taxes and other governmental charges incurred by the depositary or the custodian on any ADR or share underlying an ADR, including any applicable interest and penalties thereon, and any share transfer or other taxes and other governmental charges;
- Cable, telex and facsimile transmission and delivery charges;
- Transfer or registration fees for the registration of transfer of deposited securities on any applicable register in connection with the deposit or withdrawal of deposited securities including those of a central depository for securities (where applicable);
- Expenses of the depositary in connection with the conversion of foreign currency into U.S. dollars;

- Fees and expenses incurred by the depositary in connection with compliance with exchange control regulations and other regulatory requirements applicable to the shares, deposited securities and ADSs; and

- Any other fees, charges, costs or expenses that may be incurred by the depositary from time to time.

We will pay all other charges and expenses of the depositary and any agent of the depositary, except the custodian, pursuant to agreements from time to time between us and the depositary. We and the depositary may amend the fees described above from time to time.

Depositary fees payable upon the issuance and cancellation of ADSs are generally paid to the depositary by the brokers receiving the newly issued ADSs from the depositary and by the brokers delivering the ADSs to the depositary for cancellation. Depositary fees payable in connection with distributions of cash or securities to ADS holders and the depositary service fee are charged by the depositary to the holders of record of ADSs as of the applicable ADS record date.

In the case of cash distributions, service fees are generally deducted from the cash being distributed. In the case of distributions other than cash, such as stock dividends or certain rights, the depositary charges the applicable ADS record date holder concurrent with the distribution. In the case of ADSs registered in the name of the investor (whether certificated or in The Depository Trust Company ("DTC")), the depositary sends invoices to the applicable record date ADS holders. In the case of ADSs held in brokerage and custodian accounts (via DTC), the depositary generally collects the fees through the settlement systems provided by DTC (whose nominee is the registered holder of the ADSs held in DTC) from the brokers and custodians holding ADSs in their DTC accounts. The brokers and custodians who hold their clients' ADSs in DTC accounts in turn charge their clients' accounts the amount of the service fees paid to the depositary.

ITEM 15. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

As of the end of the period covered by this annual report, our management, with the participation of our chief executive officer and our chief financial officer, has performed an evaluation of the effectiveness of our disclosure controls and procedures within the meaning of Rules 13a-15(e) and 15d-15(e) of the Exchange Act. In designing and evaluating the disclosure controls and procedures, it should be noted that any controls and procedures, no matter how well designed and operated, can only provide reasonable, but not absolute, assurance of achieving the desired control objectives and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based upon that evaluation, our chief executive officer and chief financial officer have concluded that, as of the end of the period covered by this annual report, our disclosure controls and procedures were effective to provide reasonable assurance that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time period specified in the SEC's rules and forms, and accumulated and communicated to our management, including our chief executive officer and chief financial officer, to allow timely decisions regarding required disclosure.

Management's Annual Report on Internal Control Over Financial Reporting

Our company's management is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act.

Our company's internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Our company's internal control over financial reporting includes those policies and procedures that:

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of our company's assets;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that our company's receipts and expenditures are being made only in accordance with authorizations of its management and directors; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our company's management assessed the effectiveness of our company's internal control over financial reporting as of December 31, 2012. In making this assessment, our company's management used the framework set forth by the Committee of Sponsoring Organizations of the Treadway Commission in *Internal Control — Integrated Framework*.

Based on this assessment, management concluded that, as of December 31, 2012, our company's internal control over financial reporting is effective based on this framework.

Attestation Report of the Registered Public Accounting Firm

The effectiveness of our company's internal control over financial reporting as of December 31, 2012, has been audited by Deloitte Touche Tohmatsu, an independent registered public accounting firm, as stated in their report which appears herein.

Changes in Internal Controls Over Financial Reporting

There were no changes in our company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the year ended December 31, 2012 that have materially affected, or are reasonably likely to materially affect, our company's internal control over financial reporting.

ITEM 16A. AUDIT COMMITTEE FINANCIAL EXPERT

Our board has determined that James Andrew Charles MacKenzie qualifies as "audit committee financial expert" as defined in Item 16A of Form 20-F. Each of the members of our audit committee satisfies the "independence" requirements of the Nasdaq corporate governance rules and Rule 10A-3 under the Exchange Act. See "Item 6. Directors, Senior Management and Employees."

ITEM 16B. CODE OF ETHICS

Our board has adopted a code of business conduct and ethics that applies to our directors, officers, employees and agents, including certain provisions that specifically apply to our chief executive officer, chief financial officer and any other persons who perform similar functions for us. The code of business conduct and ethics was last amended on November 27, 2012. We have filed our current code of business conduct and ethics as an exhibit to this annual report on Form 20-F, and posted the code of business conduct and ethics on our website at www.melco-crown.com. We hereby undertake to provide to any person without charge, a copy of our code of business conduct and ethics within ten working days after we receive such person's written request.

ITEM 16G. CORPORATE GOVERNANCE

Nasdaq Marketplace Rule 5255(c) permits foreign private issuers like us to follow "home country practice" in certain corporate governance matters. For example, Nasdaq Marketplace Rule 5605(b)(1)(A) generally requires that a majority of an issuer's board of directors must consist of independent directors. We rely on this "home country practice" exception and do not have a majority of independent directors serving on our board.

In addition, Nasdaq Marketplace Rule 5250(d)(1) requires each issuer to distribute to shareholders copies of an annual report containing audited financial statements of our company and its subsidiaries a reasonable period of time prior to our company's annual meeting of shareholders. We do not intend to provide copies. However, shareholders can request a copy, in physical or electronic form, from us or our ADR depositary bank, Deutsche Bank. We intend to post our annual report on our website www.melco-crown.com.

Lastly, Nasdaq Marketplace Rule 5635(d) requires each issuer to obtain shareholder approval for the issuance of securities in connection with a transaction other than a public offering involving certain issuances of ordinary shares in amounts equaling 20% or more of such issuer's ordinary shares there outstanding. Walkers, our Cayman Islands counsel, has provided letters to Nasdaq certifying that under Cayman Islands law, we are not required to: (i) have a majority of independent directors serving on our board; (ii) deliver annual reports to our shareholders prior to an annual general meeting; or (iii) obtain shareholders' approval prior to any issuance of our ordinary shares.

In September 2011, our board adopted Hong Kong corporate governance guidelines, which took effect upon the listing of our company in Hong Kong, and were amended in December 2012. As a company listed on the HKSE, we are expected to comply with applicable corporate governance and related requirements of the listing rules of the HKSE, including the Code on Corporate Governance Practices, unless an exemption is available. If we deviate from these corporate governance provisions, we are required to disclose the reasons for such deviation, if any, in our interim and annual reports.

MELCO CROWN ENTERTAINMENT LIMITED

INDEX TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2012, 2011 AND 2010

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and the Board of Directors of Melco Crown Entertainment Limited:

We have audited the accompanying consolidated balance sheets of Melco Crown Entertainment Limited and subsidiaries (the "Company") as of December 31, 2012 and 2011, and the related consolidated statements of operations, comprehensive income, shareholders' equity, and cash flows for the years ended December 31, 2012, 2011 and 2010. Our audits also included the financial statement schedule included in Schedule 1. These consolidated financial statements and financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements and financial statement schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Company as of December 31, 2012 and 2011, and the consolidated results of their operations and their cash flows for the years ended December 31, 2012, 2011 and 2010, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, such financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly in all material respects, the information set forth therein.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Company's internal control over financial reporting as of December 31, 2012, based on the criteria established in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated March 27, 2013 expressed an unqualified opinion on the Company's internal control over financial reporting.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and the Board of Directors of Melco Crown Entertainment Limited:

We have audited the internal control over financial reporting of Melco Crown Entertainment Limited and subsidiaries (the "Company") as of December 31, 2012, based on the criteria established in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Annual Report on Internal Control over Financing Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed by, or under the supervision of, the company's principal executive and principal financial officers, or persons performing similar functions, and effected by the company's board of directors, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2012, based on the criteria established in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated financial statements and financial statement schedule as of and for the year ended December 31, 2012 of the Company and our report dated March 27, 2013 expressed an unqualified opinion on those consolidated financial statements and financial statement schedule.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Presentation and Principles of Consolidation

The consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The consolidated financial statements include the accounts of the Company and its subsidiaries. All intercompany accounts and transactions have been eliminated on consolidation.

MELCO CROWN ENTERTAINMENT LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - continued
(In thousands of U.S. dollars, except share and per share data)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

(b) Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, revenues and expenses and related disclosures of contingent assets and liabilities. These estimates and judgements are based on historical information, information that is currently available to the Group and on various other assumptions that the Group believes to be reasonable under the circumstances. Accordingly, actual results could differ from those estimates.

(c) Fair Value of Financial Instruments

Fair value is defined as the price that would be received to sell the asset or paid to transfer a liability (i.e. the "exit price") in an orderly transaction between market participants at the measurement date. The Group estimated the fair values using appropriate valuation methodologies and market information available as of the balance sheet date.

(d) Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, demand deposits and highly liquid investments which are unrestricted as to withdrawal and use, and which have maturities of three months or less when purchased.

Cash and cash equivalents are placed with financial institutions with high-credit ratings and quality.

(e) Restricted Cash

The restricted cash comprises of proceeds on the Renminbi ("RMB") 2,300,000,000 3.75% bonds, due 2013 (the "RMB Bonds") deposited into a bank account for securing a long-term Hong Kong dollar deposit-linked loan facility (the "Deposit-Linked Loan") as disclosed in Note 11 and proceeds from the offering of the Group's $825,000 8.50% senior notes, due 2020 (the "Studio City Notes") and other bank accounts that are restricted for withdrawal and payment of Studio City project costs in accordance with the terms of Studio City Notes and other associated agreement as disclosed in Note 11.

(f) Accounts Receivable and Credit Risk

Financial instruments that are potentially subject the Group to concentrations of credit risk consist principally of casino receivables. The Group issues credit in the form of markers to approved casino customers following investigations of creditworthiness including its gaming promoters in Macau which receivable can be offset against commissions payable and any other value items held by the Group to the respective customer and for which the Group intends to set-off when required. As of December 31, 2012 and 2011, a substantial portion of the Group's markers were due from customers residing in foreign countries. Business or economic conditions, the legal enforceability of gaming debts, or other significant events in foreign countries could affect the collectability of receivables from customers and gaming promoters residing in these countries.

Accounts receivable, including casino, hotel, and other receivables, are typically non-interest bearing and are initially recorded at cost. Accounts are written off when management deems it is probable the receivable is uncollectible. Recoveries of accounts previously written off are recorded when received. An estimated allowance for doubtful debts is maintained to reduce the Group's receivables to their

carrying amounts, which approximates fair value. The allowance is estimated based on specific review of customer accounts as well as management's experience with collection trends in the casino industry and current economic and business conditions. Management believes that as of December 31, 2012 and 2011, no significant concentrations of credit risk existed for which an allowance had not already been recorded.

(g) Inventories

Inventories consist of retail merchandise, food and beverage items and certain operating supplies, which are stated at the lower of cost or market value. Cost is calculated using the first-in, first-out, average and specific identification methods. Write downs of potentially obsolete or slow-moving inventory are recorded based on management's specific analysis of inventory.

(h) Property and Equipment

Property and equipment are stated at cost less accumulated depreciation. Impairment losses and gains or losses on dispositions of property and equipment are included in operating income. Major additions, renewals and betterments are capitalized, while maintenance and repairs are expensed as incurred.

During the construction and development stage of the Group's casino gaming and entertainment resort facilities, direct and incremental costs related to the design and construction, including costs under the construction contracts, duties and tariffs, equipment installation, shipping costs, payroll and payroll-benefit related costs, depreciation of plant and equipment used, applicable portions of interest and amortization of deferred financing costs, are capitalized in property and equipment. The capitalization of such costs begins when the construction and development of a project starts and ceases once the construction is substantially completed or development activity is suspended for more than a brief period.

Depreciation and amortization expense related to capitalized construction costs and other property and equipment is recognized from the time each asset is placed in service. This may occur at different stages as casino gaming and entertainment resort facilities are completed and opened.

Property and equipment and other long-lived assets with a finite useful life are depreciated and amortized on a straight-line basis over the asset's estimated useful life. Estimated useful lives are as follows:

Classification	Estimated Useful Life
Buildings	7 to 25 years or over the term of the land use right agreement, whichever is shorter
Aircraft	10 years
Leasehold improvements	10 years or over the lease term, whichever is shorter
Furniture, fixtures and equipment	2 to 10 years
Motor vehicles	5 years
Plant and gaming machinery	3 to 5 years

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

(i) Capitalization of Interest and Amortization of Deferred Financing Costs

Interest and amortization of deferred financing costs incurred on funds used to construct the Group's casino gaming and entertainment resort facilities during the active construction period are capitalized. Interest subject to capitalization primarily includes interest paid or payable on loans from shareholders, the Group's senior secured credit facility as entered into on September 5, 2007 (the "City of Dreams Project Facility"), interest rate swap agreements, $600,000 10.25% senior notes, due 2018 (the "2010 Senior Notes"), the RMB Bonds, the Deposit-Linked Loan, the City of Dreams Project Facility amended on June 30, 2011 (the "2011 Credit Facilities"), the Studio City Notes and the land premium payable for the land use right where Studio City is located. The capitalization of interest and amortization of deferred financing costs ceases once a project is substantially complete or development activity is suspended for more than a brief period. The amount to be capitalized is determined by applying the weighted-average interest rate of the Group's outstanding borrowings to the average amount of accumulated capital expenditures for assets under construction during the year and is added to the cost of the underlying assets and amortized over their respective useful lives. Total interest expenses incurred amounted to $120,021, $116,963 and $105,180, of which $10,410, $3,157 and $11,823 were capitalized for the years ended December 31, 2012, 2011 and 2010, respectively. No amortization of deferred financing costs were capitalized during the years ended December 31, 2012, 2011 and 2010.

(j) Gaming Subconcession, Net

The gaming subconcession is capitalized based on the fair value of the gaming subconcession agreement as of the date of acquisition of Melco Crown Macau in 2006, and amortized using the straight-line method over the term of agreement which is due to expire in June 2022.

(k) Goodwill and Intangible Assets, Net

Goodwill represents the excess of acquisition cost over the fair value of tangible and identifiable intangible net assets of any business acquired. Goodwill is not amortized, but is tested for impairment at the reporting unit level on an annual basis, and between annual tests when circumstances indicate that the carrying value of goodwill may not be recoverable. An impairment loss is recognized in an amount equal to the excess of the carrying amount over the implied fair value.

Intangible assets other than goodwill are amortized over their useful lives unless their lives are determined to be indefinite in which case they are not amortized. Intangible assets are carried at cost, less accumulated amortization. The Group's finite-lived intangible asset consists of the gaming subconcession. Finite-lived intangible assets are amortized over the shorter of their contractual terms or estimated useful lives. The Group's intangible assets with indefinite lives represent Mocha Clubs trademarks, which are tested for impairment on an annual basis or when circumstances indicate that the carrying value of the intangible assets may not be recoverable.

(l) Impairment of Long-Lived Assets (Other Than Goodwill)

The Group evaluates the recoverability of long-lived assets with finite lives whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to the estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized in the amount by which the carrying amount of the asset exceeds its fair value.

(m) Deferred Financing Costs

Direct and incremental costs incurred in obtaining loans or in connection with the issuance of long-term debt are capitalized and amortized over the terms of the related debt agreements using the effective interest method. Approximately $13,272, $14,203 and $14,302 were amortized during the years ended December 31, 2012, 2011 and 2010, respectively.

(n) Land Use Rights, Net

Land use rights are recorded at cost less accumulated amortization. Amortization is provided over the estimated lease term of the land on a straight-line basis.

(o) Revenue Recognition and Promotional Allowances

The Group recognizes revenue at the time persuasive evidence of an arrangement exists, the service is provided or the retail goods are sold, prices are fixed or determinable and collection is reasonably assured.

Casino revenues are measured by the aggregate net difference between gaming wins and losses less accruals for the anticipated payouts of progressive slot jackpots, with liabilities recognized for funds deposited by customers before gaming play occurs and for chips in the customers' possession.

The Group follows the accounting standards for reporting revenue gross as a principal versus net as an agent, when accounting for operations of Taipa Square Casino and Grand Hyatt Macau hotel. For the operations of Taipa Square Casino, given the Group operates the casino under a right to use agreement with the owner of the casino premises and has full responsibility for the casino operations in accordance with its gaming subconcession, it is the principal and casino revenue is therefore recognized on a gross basis. For the operations of Grand Hyatt Macau hotel, the Group is the owner of the hotel property, and the hotel manager operates the hotel under a management agreement providing management services to the Group, and the Group receives all rewards and takes substantial risks associated with the hotel business, it is the principal and the transactions of the hotel are therefore recognized on a gross basis.

Rooms, food and beverage, entertainment, retail and other revenues are recognized when services are performed. Advance deposits on rooms and advance ticket sales are recorded as customer deposits until services are provided to the customer. Minimum operating and right to use fee, adjusted for contractual base fee and operating fee escalations, are included in entertainment, retail and other revenues and are recognized on a straight-line basis over the terms of the related agreement.

Revenues are recognized net of certain sales incentives which are required to be recorded as a reduction of revenue; consequently, the Group's casino revenues are reduced by discounts, commissions and points earned in customer loyalty programs, such as the player's club loyalty program.

(o) Revenue Recognition and Promotional Allowances - continued

The retail value of rooms, food and beverage, entertainment, retail and other services furnished to guests without charge is included in gross revenues and then deducted as promotional allowances. The estimated cost of providing such promotional allowances for the years ended December 31, 2012, 2011 and 2010 is reclassified from rooms costs, food and beverage costs, entertainment, retail and other services costs and is included in casino expenses as follows:

	Year Ended December 31,		
	2012	2011	2010
Rooms	$16,819	$12,696	$10,395

	$ 63,071	$ 47,859	$ 43,810

(p) Point-loyalty Programs

The Group operates different loyalty programs in certain of its properties to encourage repeat business from loyal slot machine customers and table games patrons. Members earn points based on gaming activity and such points can be redeemed for free play and other free goods and services. The Group accrues for loyalty program points expected to be redeemed for cash and free play as a reduction to gaming revenue and accrues for loyalty program points expected to be redeemed for free goods and services as casino expense. The accruals are based on management's estimates and assumptions regarding the redemption value, age and history with expiration of unused points resulting in a reduction of the accruals.

(q) Gaming Tax

The Group is subject to taxes based on gross gaming revenue in Macau. These gaming taxes are determined from an assessment of the Group's gaming revenue and are recorded as an expense within the "Casino" line item in the consolidated statements of operations. These taxes totaled $2,024,697, $1,948,652 and $1,362,007 for the years ended December 31, 2012, 2011 and 2010, respectively.

Total advertising costs were $37,096, $31,556 and $45,267 for the years ended December 31, 2012, 2011 and 2010, respectively.

(u) Foreign Currency Transactions and Translations

All transactions in currencies other than functional currencies of the Company during the year are remeasured at the exchange rates prevailing on the respective transaction dates. Monetary assets and liabilities existing at the balance sheet date denominated in currencies other than functional currencies are remeasured at the exchange rates existing on that date. Exchange differences are recorded in the consolidated statements of operations.

The functional currencies of the Company and its major subsidiaries are the United States dollar ("$" or "US$"), the Hong Kong dollar ("HK$"), the Macau Pataca ("MOP") or the Philippine Peso ("PHP"), respectively. All assets and liabilities are translated at the rates of exchange prevailing at the balance sheet date and all income and expense items are translated at the average rates of exchange over the year. All exchange differences arising from the translation of subsidiaries' financial statements are recorded as a component of comprehensive income (loss).

(v) Share-based Compensation Expenses

The Group issued restricted shares and share options under its share incentive plans during the years ended December 31, 2012, 2011 and 2010.

The Group measures the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award and recognizes that cost over the service period. Compensation is attributed to the periods of associated service and such expense is being recognized on a straight-line basis over the vesting period of the awards. Forfeitures are estimated at the time of grant, with such estimate updated periodically and with actual forfeitures recognized currently to the extent they differ from the estimate.

Further information on the Group's share-based compensation arrangements is included in Note 16.

(w) Income Tax

The Group is subject to income taxes in Hong Kong, Macau, the United States of America, the Philippines and other jurisdictions where it operates.

Deferred income taxes are recognized for all significant temporary differences between the tax basis of assets and liabilities and their reported amounts in the consolidated financial statements. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. The components of the deferred tax assets and liabilities are individually classified as current and non-current based on the characteristics of the underlying assets and liabilities. Current income taxes are provided for in accordance with the laws of the relevant taxing authorities.

(w) **Income Tax** - continued

The Group's income tax returns are subject to examination by tax authorities in the jurisdictions where it operates. The Group assesses potentially unfavorable outcomes of such examinations based on accounting standards for uncertain income taxes. These accounting standards utilize a two-step approach to recognizing and measuring uncertain tax positions. The first step is to evaluate the tax position for recognition by determining if the weight of available evidence indicates it is more likely than not that the position will be sustained on audit, including resolution of related appeals or litigation processes, if any. The second step is to measure the tax benefit as the largest amount which is more than 50% likely, based solely on the technical merits, of being sustained on examinations.

(x) **Net income (loss) attributable to the Company per share**

Basic net income (loss) attributable to the Company per share is calculated by dividing the net income (loss) attributable to the Company by the weighted-average number of ordinary shares outstanding during the year.

Diluted net income (loss) attributable to the Company per share is calculated by dividing the net income (loss) attributable to the Company by the weighted-average number of ordinary shares outstanding during the year adjusted to include the potentially dilutive effect of outstanding share-based awards.

The weighted-average number of ordinary and ordinary equivalent shares used in the calculation of basic and diluted net income (loss) attributable to the Company per share consisted of the following:

	Year Ended December 31,		
	2012	2011	2010
Weighted-average number of ordinary shares outstanding used in the calculation of basic net income (loss) attributable to the Company per share	1,645,346,902	1,604,213,324	1,595,552,022
Incremental weighted-average number of ordinary shares from assumed vesting of restricted shares and exercise of share options using the treasury stock method	12,916,094	12,641,358	—
Weighted-average number of ordinary shares outstanding used in the calculation of diluted net income (loss) attributable to the Company per share	1,658,262,996	1,616,854,682	1,595,552,022

During the years ended December 31, 2012 and 2011, 1,901,136 and 5,547,036 outstanding share options as at December 31, 2012 and 2011 were excluded from the computation of diluted net income attributable to the Company per share as their effect would have been anti-dilutive. During the year ended December 31, 2010, the Company had securities which would potentially dilute basic net loss attributable to the Company per share in the future, but which were excluded from the computation of diluted net loss attributable to the Company per share as their effect would have been anti-dilutive. Such outstanding securities consist of restricted shares and share options which result in an incremental weighted-average number of 9,377,509 ordinary shares from the assumed vesting of these restricted shares and exercise of these share options using the treasury stock method for the year ended December 31, 2010.

(y) Accounting for Derivative Instruments and Hedging Activities

The Group uses derivative financial instruments such as floating-for-fixed interest rate swap agreements and forward exchange rate contracts to manage its risks associated with interest rate fluctuations in accordance with lenders' requirements under the City of Dreams Project Facility and exchange rate fluctuations for the interest payments of the RMB Bonds. The Group accounts for derivative financial instruments in accordance with applicable accounting standards. All derivative instruments are recognized in the consolidated financial statements at fair value at the balance sheet date. Any changes in fair value are recorded in the consolidated statements of operations or accumulated other comprehensive income, depending on whether the derivative is designated and qualifies for hedge accounting, the type of hedge transaction and the effectiveness of the hedge. The estimated fair values of interest rate swap agreements and forward exchange rate contracts are based on a standard valuation model that projects future cash flows and discounts those future cash flows to a present value using market-based observable inputs such as interest rate yields and market forward exchange rates.

All outstanding interest rate swap agreements and forward exchange rate contracts expired during the year ended December 31, 2012. Further information on the Group's outstanding financial instruments arrangements on interest rate swap agreements and forward exchange rate contracts as of December 31, 2011 are included in Note 10 and Note 11, respectively.

(z) Comprehensive Income

Comprehensive income includes net income (loss), foreign currency translation adjustments, change in the fair value of interest rate swap agreements, change in fair value of forward exchange rate contracts and reclassification to earnings upon settlement of forward exchange rate contracts and is reported in the consolidated statements of comprehensive income. On June 30, 2011, the Group amended the City of Dreams Project Facility and the accumulated losses of interest rate swap agreements were reclassified to earnings as the interest rate swap agreements no longer qualified for hedge accounting immediately after the amendment of the City of Dreams Project Facility. Further information on the amendment of the City of Dreams Project Facility is included in Note 11.

The consolidated financial statements have been adjusted for the retrospective application of the authoritative guidance regarding presentation of comprehensive income, which was adopted by the Group on January 1, 2012.

As of December 31, 2012 and 2011, the Group's accumulated other comprehensive losses consisted of the following:

(aa) Recent Changes in Accounting Standards

Newly adopted accounting pronouncement:

In May 2011, the Financial Accounting Standards Board ("FASB") issued an accounting standard update to align the principles for fair value measurements and the related disclosure requirements under U.S. GAAP and International Financial Reporting Standards ("IFRS"). The FASB update clarified existing fair value measurement and disclosure requirements, and expanded disclosure requirements for fair value measurements. The adoption of this amended standard was effective for the Group as of January 1, 2012 and did not have a material impact on the Group's consolidated financial results or disclosures.

In June 2011, the FASB issued an accounting standard update to revise the manner in which entities present comprehensive income in their financial statements, most significantly by requiring that comprehensive income be presented with net income in a continuous statement, or in a separate but consecutive statement and not within a statement of changes in equity and amending other presentation and disclosure requirements concerning comprehensive income. In December 2011, the FASB issued an accounting standard update to defer the requirement to present reclassifications between other comprehensive income or loss and net income or loss. The Group adopted these pronouncements on January 1, 2012. The presentation of comprehensive income was retrospectively applied for all the periods presented. The adoption of these pronouncements did not have a significant effect on the Group's consolidated financial results or disclosures. Refer to consolidated statements of comprehensive income for the required presentation.

In September 2011, the FASB issued amended accounting guidance related to goodwill impairment testing. The amended guidance permits an entity to first assess qualitative factors before calculating the fair value of a reporting unit in the annual two-step quantitative goodwill impairment test required under current accounting standards. If it is determined that it is "more-likely-than-not" that the fair value of a reporting unit is not less than its carrying value, further testing is not needed. The amended guidance was effective for the Group as of January 1, 2012 and did not have a material impact on the Group's consolidated financial results or disclosures.

Recent accounting pronouncement not yet adopted:

In July 2012, the FASB issued amended accounting guidance to simplify testing indefinite-lived intangible assets, other than goodwill, for impairment. The amended guidance allows companies to perform a qualitative assessment to determine whether further impairment testing of indefinite-lived intangible assets is necessary. An entity is not required to calculate the fair value of an indefinite-lived intangible asset and perform the quantitative impairment test unless the entity determines that it is "more-likely-than-not" that the asset is impaired. The amended guidance is effective for interim and annual impairment tests performed for fiscal years beginning after September 15, 2012, with early adoption permitted. The adoption of this amended guidance is not expected to have a material impact on the Group's consolidated financial results or disclosures.

6. GOODWILL AND INTANGIBLE ASSETS, NET

Goodwill relating to Mocha Clubs and other intangible assets with indefinite useful lives, representing trademarks of Mocha Clubs, are not amortized. Goodwill and intangible assets arose from the acquisition of Mocha Slot Group Limited and its subsidiaries by the Group in 2006.

To assess potential impairment of goodwill, the Group performs an assessment of the carrying value of the reporting units at least on an annual basis or when events occur or circumstances change that would more likely than not reduce the estimated fair value of those reporting units below their carrying value. If the carrying value of a reporting unit exceeds its fair value, the Group would perform the second step in its assessment process and record an impairment loss to earnings to the extent the carrying amount of the reporting unit's goodwill exceeds its implied fair value. The Group estimates the fair value of those reporting units through internal analysis and external valuations, which utilize income and market valuation approaches through the application of capitalized earnings, discounted cash flow and market comparable methods. These valuation techniques are based on a number of estimates and assumptions, including the projected future operating results of the reporting unit, discount rates, long-term growth rates and market comparable.

Trademarks of Mocha Clubs are tested for impairment at least annually or when events occur or circumstances change that would more likely than not reduce the estimated fair value of trademarks below its carrying value using the relief-from-royalty method. Under this method, the Group estimates the fair value of the trademarks through internal and external valuations, mainly based on the incremental after-tax cash flow representing the royalties that the Group is relieved from paying given it is the owner of the trademarks. These valuation techniques are based on a number of estimates and assumptions, including the projected future revenues of the trademarks calculated using an appropriate royalty rate, discount rate and long-term growth rates.

The Group has performed annual tests for impairment of goodwill and trademarks in accordance with the accounting standards regarding goodwill and other intangible assets. No impairment loss has been recognized during the years ended December 31, 2012, 2011 and 2010.

In connection with the signing of the City of Dreams Project Facility in September 2007, Melco Crown Macau entered into floating-for-fixed interest rate swap agreements to limit its exposure to interest rate risk. Under the interest rate swap agreements, Melco Crown Macau paid a fixed interest rate ranging from 1.96% to 4.74% per annum of the notional amount, and received variable interest which was based on the applicable Hong Kong Interbank Offered Rate ("HIBOR") for each of the payment date. As of December 31, 2011, the notional amounts of the outstanding interest rate swap agreements amounted to $127,892. All interest rate swap agreements expired as of December 31, 2012.

Before the amendment of the City of Dreams Project Facility on June 30, 2011 as disclosed in Note 11, these interest rate swap agreements were expected to remain highly effective in fixing the interest rate and qualify for cash flow hedge accounting. Therefore, there was no impact on the consolidated statements of operations from changes in the fair value of the hedging instruments. Instead the fair value of the instruments were recorded as assets or liabilities on the consolidated balance sheets, with an offsetting adjustment to the accumulated other comprehensive loss until the hedged interest expenses were recognized in the consolidated statements of operations.

Immediately after the amendment of the City of Dreams Project Facility on June 30, 2011, the interest rate swap agreements no longer qualified for hedge accounting. Accordingly, the Group reclassified the accumulated losses of $4,310 recognized in accumulated other comprehensive losses prior to the discontinuance of hedge accounting to the consolidated statements of operations. The subsequent changes in fair value of the interest rate swap agreements were recognized in the consolidated statements of operations. As of December 31, 2011, the interest rate swap liabilities of $363 represented the fair values of interest rate swap agreements.

City of Dreams Project Facility

On September 5, 2007, Melco Crown Macau (the "Borrower") entered into the City of Dreams Project Facility, which was subsequently amended from time to time, with certain lenders in an aggregate amount of $1,750,000 to fund the City of Dreams project. The City of Dreams Project Facility consisted of a $1,500,000 term loan facility (the "Term Loan Facility") and a $250,000 revolving credit facility (the "Revolving Credit Facility"). The Term Loan Facility would have matured on September 5, 2014 and was subject to quarterly amortization payments (the "Scheduled Amortization Payments") commencing on December 5, 2010. The Revolving Credit Facility would have matured on September 5, 2012 or, if earlier, the date of repayment, prepayment or cancellation in full of the Term Loan Facility, and had no interim amortization payments. In addition to the Scheduled Amortization Payments, the Borrower was also subject to quarterly mandatory prepayments (the "Mandatory Prepayments") in respect of various amounts within certain subsidiaries of the Borrower (together with the Borrower collectively referred to as the "Borrowing Group") under the terms of the City of Dreams Project Facility.

Drawdowns on the Term Loan Facility were subject to satisfaction of conditions precedent specified in the City of Dreams Project Facility agreement and the Revolving Credit Facility was to be made available on a fully revolving basis from the date upon which the Term Loan Facility had been fully drawn, to the date that was one month prior to the Revolving Credit Facility's final maturity date.

The indebtedness under the City of Dreams Project Facility was guaranteed by the Borrowing Group and security for the indebtedness included a first-priority mortgage, security and charges over certain assets and items of the Borrowing Group as well as other customary security in accordance with the terms of the City of Dreams Project Facility. The City of Dreams Project Facility also contained certain affirmative and negative covenants customary for such financings and required the Borrowing Group to comply with certain financial covenants. In addition, there were provisions that limited or prohibited payments of certain dividends and other distributions by the Borrowing Group to the Company.

Borrowings under the City of Dreams Project Facility bore interest at the London Interbank Offered Rate ("LIBOR") or HIBOR plus a margin of 2.75% per annum until substantial completion of the City of Dreams project, at which time the interest rate was reduced to LIBOR or HIBOR plus a margin of 2.50% per annum. The City of Dreams Project Facility also provided for further reductions in the margin if the Borrowing Group satisfied certain prescribed leverage ratio tests upon completion of the City of Dreams project.

City of Dreams Project Facility - continued

The Borrower was obligated to pay a commitment fee quarterly in arrears on the undrawn amount of the City of Dreams Project Facility throughout the availability period. The Borrower recognized loan commitment fees on the City of Dream Project Facility of $461 during the year ended December 31, 2011, and a credit amount of $3,811 during the year ended December 31, 2010, which included a commitment fee of $814 and a reversal of accrual not required of $4,625.

In May 2010, the Borrower entered into an amendment agreement to the City of Dreams Project Facility, which, among other things, (i) amended the date of the first covenant test date to December 31, 2010; (ii) provided additional flexibility to the financial covenants; (iii) removed the obligation but retained the right to enter into any new interest rate or foreign currency swaps or other hedging arrangements; and (iv) restricted the use of the net proceeds received from the issuance of 2010 Senior Notes of approximately $577,066 to repayment of certain amounts outstanding under the City of Dreams Project Facility, including prepayment of the Term Loan Facility and Revolving Credit Facility of $293,714 and $150,352, respectively, and the remaining net proceeds of $133,000 deposited in a bank account that was restricted for use to pay Scheduled Amortization Payments commencing December 2010 as well as providing for a permanent reduction of the Revolving Credit Facility of $100,000. The Group recognized an expense of $3,310 as a result of the aforementioned debt modification.

In addition to the prepayment of the City of Dreams Project Facility in May 2010, during the years ended December 31, 2011 and 2010, the Borrower further repaid $89,158 and $35,693 and prepaid $20,896 and $71,643 of the Term Loan Facility, according to the Scheduled Amortization Payments and the Mandatory Prepayments, respectively, and the Borrower also made voluntary repayments of $7,022 before the amendment to the City of Dream Project Facility on June 30, 2011 as described below.

2011 Credit Facilities

On June 30, 2011, the City of Dreams Project Facility was further amended pursuant to an amendment agreement entered into by, among others, the Borrower and certain lenders under the City of Dreams Project Facility on June 22, 2011. The 2011 Credit Facilities, among other things: (i) reduce the Term Loan Facility to HK$6,241,440,000 (equivalent to $802,241) (the "2011 Term Loan Facility") and increase the Revolving Credit Facility to HK$3,120,720,000 (equivalent to $401,121) (the "2011 Revolving Credit Facility"), of which both are denominated in Hong Kong Dollars; (ii) introduce new lenders and remove certain lenders originally under the City of Dreams Project Facility; (iii) extend the repayment maturity date; (iv) reduce and remove certain restrictions imposed by the covenants in the City of Dreams Project Facility; and (v) remove MPEL (Delaware) LLC, a wholly-owned subsidiary of the Borrower which was subsequently dissolved on May 31, 2012, from the Borrowing Group (the "2011 Borrowing Group").

The final maturity date of the 2011 Credit Facilities is June 30, 2016. The 2011 Term Loan Facility will be repaid in quarterly instalments according to an amortization schedule commencing on September 30, 2013. Each loan made under the 2011 Revolving Credit Facility will be repaid in full on the last day of an agreed upon interest period in respect of the loan, generally ranging from one to six months, or rolling over subject to compliance with certain covenants and satisfaction of conditions precedent. The Borrower may make voluntary prepayments in respect of the 2011 Credit Facilities in a minimum amount of HK$160,000,000 (equivalent to $20,566), plus the amount of any applicable break costs. The Borrower is also subject to mandatory prepayment requirements in respect of various amounts within the 2011 Borrowing Group, including but not limited to: (i) the net proceeds received by any member of the 2011 Borrowing Group in

respect of the compulsory transfer, seizure or acquisition by any governmental authority of the assets of any member of the 2011 Borrowing Group (subject to certain exceptions); (ii) the net proceeds of any asset sale, subject to reinvestment rights and certain exceptions, which are in excess of $15,000; (iii) net termination, claim or settlement proceeds paid under the Borrower's subconcession or the 2011 Borrowing Group's land concessions, subject to certain exceptions; (iv) insurance proceeds net of expenses to obtain such proceeds under the property insurances relating to the total loss of all or substantially all of the Altira Macau gaming business; and (v) other insurance proceeds net of expenses to obtain such proceeds under any property insurances, subject to reinvestment rights and certain exceptions, which are in excess of $15,000.

The indebtedness under the 2011 Credit Facilities is guaranteed by the 2011 Borrowing Group. Security for the 2011 Credit Facilities remains substantially the same as under the City of Dreams Project Facility (although the terms of the associated security documents have been amended for consistency and/or conformity with the 2011 Credit Facilities) except for securities related to MPEL (Delaware) LLC, which have been released.

The 2011 Credit Facilities also contain affirmative and negative covenants customary for financings of this type, with an additional covenant that the 2011 Borrowing Group must not enter into any contracts for the construction or financing of an additional hotel tower in connection with the development of City of Dreams except in accordance with plans approved by the lenders in accordance with the terms of the 2011 Credit Facilities. The 2011 Credit Facilities remove the financial covenants under the City of Dreams Project Facility, and replace them with, without limitation:

- a leverage ratio, which cannot exceed 3.00 to 1.00 for the reporting periods ending September 30, 2011, December 31, 2011, March 31, 2012, June 30, 2012, September 30, 2012, December 31, 2012, March 31, 2013 and June 30, 2013 and cannot exceed 2.50 to 1.00 for the reporting periods ending September 30, 2013 onwards;
- total leverage ratio, which cannot exceed 4.50 to 1.00 for the reporting periods ending September 30, 2011, December 31, 2011, March 31, 2012, June 30, 2012, September 30, 2012, December 31, 2012, March 31, 2013 and June 30, 2013 and cannot exceed 4.00 to 1.00 for the reporting periods ending September 30, 2013 onwards; and
- interest cover ratio, which must be greater than or equal to 4.00 to 1.00 for the reporting periods ending September 30, 2011 onwards.

Management believes that the 2011 Borrowing Group was in compliance with all covenants of the 2011 Credit Facilities as of December 31, 2012.

There are provisions that limit or prohibit certain payments of dividends and other distributions by the 2011 Borrowing Group to the Company or persons who are not members of the 2011 Borrowing Group (described in further detail below under "Distribution of Profits"). As of December 31, 2012 and 2011, the net assets of the 2011 Borrowing Group of approximately $2,382,000 and $1,896,000, respectively were restricted from being distributed under the terms of the 2011 Credit Facilities.

Borrowings under the 2011 Credit Facilities bear interest at HIBOR plus a margin ranging from 1.75% to 2.75% per annum as adjusted in accordance with the leverage ratio in respect of the 2011 Borrowing Group.

2011 Credit Facilities - continued

The Borrower may select an interest period for borrowings under the 2011 Credit Facilities of one, two, three or six months or any other agreed period. The Borrower is obligated to pay a commitment fee quarterly in arrears from June 30, 2011 on the undrawn amount of the 2011 Revolving Credit Facility throughout the availability period. Loan commitment fees on the 2011 Credit Facilities amounting to $1,324 and $950 were recognized during the years ended December 31, 2012 and 2011, respectively.

The Group accounted for the amendment of the City of Dreams Project Facility as an extinguishment of debt because the difference between the applicable future cash flows under the 2011 Credit Facilities compared with the applicable future cash flows under the City of Dreams Project Facility as of the amendment date, June 30, 2011 was in excess of 10% of such applicable future cash flows. The Group wrote off the unamortized deferred financing costs of $25,193 upon the extinguishment of the City of Dreams Project Facility as loss on extinguishment of debt in the consolidated statements of operations for the year ended December 31, 2011 and the 2011 Credit Facilities was recognized at fair value upon the extinguishment. In addition, the Group capitalized the third party fee and related issuance costs in relation to the 2011 Credit Facilities of $29,328 as deferred financing costs.

As of December 31, 2012, the 2011 Term Loan Facility has been fully drawn down and HK$1,653,154,570 (equivalent to $212,488) under the 2011 Revolving Credit Facility has also been drawn down, resulting in total outstanding borrowings relating to the 2011 Credit Facilities of HK$7,894,594,570 (equivalent to $1,014,729) while HK$1,467,565,430 (equivalent to $188,633) of the 2011 Revolving Credit Facility remains available for future draw down.

memorandum and rank senior in right of payment to any existing and future subordinated indebtedness of such Subsidiary Group Guarantors. Upon entering of the 2011 Credit Facilities, the guarantees provided under the 2010 Senior Notes were amended with the principal effect being that claims of noteholders under the 2010 Senior Notes against subsidiaries of MCE Finance that are obligors under the 2011 Credit Facilities will rank equally in right of payment with claims of lenders under the 2011 Credit Facilities. The 2010 Senior Notes mature on May 15, 2018. Interest on the 2010 Senior Notes is accrued at a rate of 10.25% per annum and is payable semi-annually in arrears on May 15 and November 15 of each year, commencing on November 15, 2010.

The net proceeds from the offering after deducting the original issue discount of approximately $7,974 and underwriting commissions and other expenses of approximately $14,960 was approximately $577,066. The Group used the net proceeds from the offering to reduce the indebtedness under the City of Dreams Project Facility by approximately $444,066 and deposited the remaining $133,000 in a bank account that was restricted for use to pay future City of Dreams Project Facility's Scheduled Amortization Payments commencing December 2010. The restriction was released upon the amendment of the City of Dreams Project Facility on June 30, 2011 as described above. The 2010 Senior Notes were reflected net of discount under long-term debt in the consolidated balance sheets. The Group capitalized the underwriting fee and related issuance costs in relation to the 2010 Senior Notes of $14,585 as deferred financing costs.

At any time after May 15, 2014, 2015 and 2016 and thereafter, MCE Finance may redeem some or all of the 2010 Senior Notes at the redemption prices of 105.125%, 102.563% and 100.000%, respectively, plus accrued and unpaid interest, additional amounts and liquidated damages, if any, to the redemption date.

Prior to May 15, 2014, MCE Finance may redeem all or part of the 2010 Senior Notes at the redemption price set forth in the related offering memorandum plus the applicable "make-whole" premium described in the related offering memorandum plus accrued and unpaid interest, additional amounts and liquidated damages, if any, to the redemption date.

Prior to May 15, 2013, MCE Finance may redeem up to 35% of the principal amount of the 2010 Senior Notes with the net cash proceeds from one or more certain equity offerings at the redemption price of 110.25% of the principal amount of the 2010 Senior Notes, plus accrued and unpaid interest, additional amounts and liquidated damages, if any, to the redemption date. In addition, subject to certain exceptions and as more fully described in the related offering memorandum, MCE Finance may redeem the 2010 Senior Notes in whole, but not in part, at a price equal to 100% of the principal amount plus accrued interest and unpaid interest, additional amounts and liquidated damages, if any, to the date fixed by MCE Finance for redemption, if MCE Finance or any one of the 2010 Senior Notes Guarantors would become obligated to pay certain additional amounts as a result of certain changes in withholding tax laws or certain other circumstances. MCE Finance may also redeem the 2010 Senior Notes if the gaming authority of any jurisdiction in which the Company, MCE Finance or any of their respective subsidiaries conducts or proposes to conduct gaming requires holders or beneficial owners of the 2010 Senior Notes to be licensed, qualified or found suitable under applicable gaming laws and such holder or beneficial owner, as the case may be, fails to apply or becomes licensed or qualified within the required time period or is found unsuitable.

The indenture governing the 2010 Senior Notes contains certain covenants that, subject to certain exceptions and conditions, limit the ability of MCE Finance and its restricted subsidiaries' ability to, among other

As of December 31, 2012, management believes that MCE Finance was in compliance with each of the financial restrictions and requirements.

In relation to aforesaid paragraphs, there are provisions under the indenture of the 2010 Senior Notes that limit or prohibit certain payments of dividends and other distributions by MCE Finance and its respective restricted subsidiaries to the Company or persons who are not MCE Finance or members of MCE Finance respective restricted subsidiaries, subject to certain exceptions and conditions. As of December 31, 2012 and 2011, the net assets of MCE Finance and its respective restricted subsidiaries of approximately $2,500,000 and $2,018,000, respectively were restricted from being distributed under the terms of the 2010 Senior Notes.

On October 30, 2012, MCE Finance received unrevoked consents from the holders (the "Holders") of the requisite aggregate principal amount of the 2010 Senior Notes necessary to approve certain proposed amendments to, among other things, allow MCE Finance to (i) make an additional $400,000 of restricted payments to fund the Studio City project and (ii) have the flexibility to transact with, and use any revenues or other payments generated or derived from, certain projects and to provide for certain other technical amendments (the "Proposed Amendments") to the indenture governing the 2010 Senior Notes and executed a supplemental indenture to give effect to the Proposed Amendments. The Group capitalized the payments to the agent and Holders who had validly delivered a consent to the Proposed Amendments totaling $14,795 as deferred financing costs and expensed the third party fee of $3,277 as a result of the aforementioned debt modification.

On January 28, 2013, MCE Finance made a tender offer to purchase the 2010 Senior Notes, subject to certain conditions. On February 26, 2013, $599,135 aggregate principal amount of the 2010 Senior Notes were tendered and on February 27, 2013, MCE Finance elected to redeem the remaining outstanding aggregate principal amount of the 2010 Senior Notes of $865 on March 28, 2013. 13. FAIR VALUE MEASUREMENTS

Authoritative literature provides a fair value hierarchy, which prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The level in the hierarchy within which the fair value measurement in its entirety falls is based upon the lowest level of input that is significant to the fair value measurement as follows:

- Level 1 — inputs are based upon unadjusted quoted prices for identical instruments traded in active markets.
- Level 2 — inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

13. FAIR VALUE MEASUREMENTS - continued

- Level 3 — inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models and similar techniques.

The carrying values of cash and cash equivalents and restricted cash approximated fair value and represented a level 1 measurement. The carrying values of long-term deposits and long-term receivables approximated fair value and represented a level 2 measurement. The estimated fair value of long-term debt as of December 31, 2012 and 2011, which included the 2010 Senior Notes, the RMB Bonds, the Studio City Notes, the 2011 Credit Facilities, the Deposit-Linked Loan and the Aircraft Term Loan was approximately $3,330,599 and $2,371,716, respectively. Fair value was estimated using quoted market prices and represented a level 1 measurement for the 2010 Senior Notes, the RMB Bonds and the Studio City Notes. Fair value for the 2011 Credit Facilities, the Deposit-Linked Loan and the Aircraft Term Loan approximated the carrying values as the instruments carried either variable interest rates or the fixed interest rate approximated the market rate and represented a level 2 measurement. Additionally, the carrying values of land use rights payable and payables for acquisition of assets and liabilities as disclosed in Notes 10 and 12 approximated fair value as the instruments carried the fixed interest rate approximated the market rate and represented a level 2 measurement.

As of December 31, 2012 and 2011, the Group did not have any non-financial assets or liabilities that are recognized or disclosed at fair value in the consolidated financial statements.

The Group's financial assets and liabilities recorded at fair value have been categorized based upon the fair value in accordance with the accounting standards.

The following fair value hierarchy table presents information about the Group's financial assets and liabilities measured at fair value on a recurring basis as of December 31, 2012 and 2011:

	Quoted Prices In Active Market for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Forward exchange rate contract receivable				
December 31, 2012	$ —	$ —	$ —	$ —
December 31, 2011	$ —	$ 7	$ —	$ 7
Interest rate swap liabilities

13. FAIR VALUE MEASUREMENTS - continued

The fair value of these interest rate swap agreements and forward exchange rate contract approximated the amounts the Group would pay if these contracts were settled at the respective valuation dates. Fair value is estimated based on a standard valuation model that projects future cash flows and discounts those future cash flows to a present value using market-based observable inputs such as interest rate yields and market forward exchange rates. Since significant observable inputs are used in the valuation model, the interest rate swap arrangements and the forward exchange rate arrangement represented a level 2 measurement in the fair value hierarchy.

Macau Complementary Tax and Hong Kong Profits Tax have been provided at 12% and 16.5% on the estimated taxable income earned in or derived from Macau and Hong Kong, respectively, during the years ended December 31, 2012, 2011 and 2010, if applicable. Profits tax in other jurisdictions for the years ended December 31, 2012, 2011 and 2010 were provided mainly for the profits of the representative offices and branches set up by a subsidiary in the region where they operate. No provision for income tax in the United States of America and in the Philippines for the years ended December 31, 2012, 2011 and 2010 were provided as the subsidiaries incurred tax losses.

Melco Crown Macau was granted a tax holiday from Macau Complementary Tax for 5 years on casino gaming profits by the Macau Government in 2007. In April 2011, this tax holiday for Melco Crown Macau was extended for an additional 5 years through 2016. During the years ended December 31, 2012, 2011 and 2010, Melco Crown Macau reported net income and had the Group been required to pay such taxes, the Group's consolidated net income attributable to the Company for the years ended December 31, 2012 and 2011 would have been decreased by $88,491 and $69,677, and basic and diluted net income attributable to the Company per share would have reported reduced income of $0.054 and $0.053 per share for the year ended December 31, 2012 and $0.043 and $0.043 per share for the year ended December 31, 2011, respectively, and the Group's consolidated net loss attributable to the Company for the year ended December 31, 2010 would have been increased by $28,069, and basic and diluted net loss attributable to the Company per share would have reported additional loss of $0.018 per share. Melco Crown Macau's non-gaming profits remain subject to the Macau Complementary Tax and its casino revenues remain subject to the Macau special gaming tax and other levies in accordance with its gaming subconcession agreement.

The effective tax rates for the years ended December 31, 2012, 2011 and 2010 were negative rates of 0.7%, 0.6% and 9.6%, respectively. Such rates differ from the statutory Macau Complementary Tax rate of 12% primarily due to the effect of change in valuation allowance for the years ended December 31, 2012, 2011 and 2010 and the effect of tax holiday granted by the Macau Government as described in the preceding paragraphs during the years ended December 31, 2012, 2011 and 2010.

Intangible assets	(505)	(505)
Unrealized capital allowance	(1,348)	(971)
Total net deferred tax liabilities	$ (66,350)	$ (70,028)

As of December 31, 2012 and 2011, valuation allowance of $66,111 and $60,782 were provided, respectively, as management does not believe that it is more likely than not that these deferred tax assets will be realized. As of December 31, 2012, adjusted operating tax loss carry forwards, amounting to $175,451, $159,304 and $183,885 will expire in 2013, 2014 and 2015, respectively. Adjusted operating tax loss carried forwards of $142,678 has expired during the year ended December 31, 2012.

Deferred tax, where applicable, is provided under the liability method at the enacted statutory income tax rate of the respective tax jurisdictions, applicable to the respective financial years, on the difference between the consolidated financial statements carrying amounts and income tax base of assets and liabilities.

Aggregate undistributed earnings of the Company's foreign subsidiaries are available for distribution to the Company of approximately $1,150,000 at December 31, 2012 are considered to be indefinitely reinvested. Accordingly, no provision has been made for the dividend withholding taxes that would be payable upon the distribution of those amounts to the Company. If those earnings were to be distributed or they were determined to be no longer permanently reinvested, the Company would have to record a deferred income tax liability in respect of those undistributed earnings of approximately $138,000.

An evaluation of the tax positions for recognition was conducted by the Group by determining if the weight of available evidence indicates it is more likely than not that the positions will be sustained on audit, including resolution of related appeals or litigation processes, if any. Uncertain tax benefits associated with the tax positions were measured based solely on the technical merits of being sustained on examinations. The Group concluded that there was no significant uncertain tax position requiring recognition in the consolidated financial statements for the years ended December 31, 2012, 2011 and 2010 and there is no material unrecognized tax benefit which would favourably affect the effective income tax rate in future

periods. As of December 31, 2012 and 2011, there were no interest and penalties related to uncertain tax positions recognized in the consolidated financial statements. The Group does not anticipate any significant increases or decreases to its liability for unrecognized tax benefit within the next twelve months.

The income tax returns of the Company and its subsidiaries remain open and subject to examination by the tax authorities of Hong Kong, Macau, the United States of America, the Philippines and other jurisdictions until the statute of limitations expire in each corresponding jurisdiction. The statute of limitations in Hong Kong, Macau, the United States of America and the Philippines are 6 years, 5 years, 3 years and 3 years, respectively.

16. SHARE-BASED COMPENSATION

2006 Share Incentive Plan

The Group adopted a share incentive plan in 2006 ("2006 Share Incentive Plan") to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentives to employees, Directors and consultants and to promote the success of its business. Under the 2006 Share Incentive Plan, the Group may grant either options to purchase the Company's ordinary shares or restricted shares (Note: The restricted shares, as named in respective grant documents, are accounted for as nonvested shares). The plan administrator would determine the exercise price of an option and set forth the price in the award agreement. The exercise price may be a fixed or variable price related to the fair market value of the Company's ordinary shares. If the Group grants an incentive share option to an employee who, at the time of that grant, owns shares representing more than 10% of the voting power of all classes of the Company's share capital, the exercise price cannot be less than 110% of the fair market value of the Company's ordinary shares on the date of that grant. The term of an award shall not exceed 10 years from the date of the grant. The maximum aggregate number of shares which may be issued pursuant to all awards under the 2006 Share Incentive Plan (including shares issuable upon exercise of options) is 100,000,000 over 10 years. The new share incentive plan ("2011 Share Incentive Plan") as described below was effective immediately after the listing of the Company's ordinary shares on the Main Board of HKSE on December 7, 2011 and no further awards may be granted under the 2006 Share Incentive Plan on or after such date as all subsequent awards will be issued under the 2011 Share Incentive Plan. Accordingly, no share option and restricted share was granted under the 2006 Share Incentive Plan during the year ended December 31, 2012.

Share Options

The Group granted ordinary share options to certain personnel under the 2006 Share Incentive Plan during the years ended December 31, 2011 and 2010 with the exercise price determined at the closing price of the date of grant. These ordinary share options became exercisable over different vesting periods ranging from immediately vested on date of grant to four years with different vesting scale. The ordinary share options granted expire 10 years after the date of grant, except for options granted in the exchange program as described below which have exercise period ranging from 7.7 to 8.3 years.

During the year ended December 31, 2009, the Board of Directors of the Company approved a proposal to allow for a one-time share option exchange program, designed to provide eligible employees an opportunity to exchange certain outstanding underwater share options for a lesser amount of new share options to be granted with lower exercise prices. Share options eligible for exchange were those that were granted on or prior to April 11, 2008 under the 2006 Share Incentive Plan. A total of approximately 5.4 million eligible share options were tendered by employees, representing 94% of the total share options eligible for exchange. The Group granted an aggregate of approximately 3.6 million new share options in exchange for

the eligible share options surrendered. The exercise price of the new share options was $1.43, which was the closing price of the Company's ordinary share on the grant date. No incremental share option expense was recognized for the exchange because the fair value of the new options, using Black-Scholes valuation model, was approximately equal to the fair value of the surrendered options they replaced. The significant assumptions used to determine the fair value of the new options includes expected dividend of nil, expected stock price volatility of 87.29%, risk-free interest rate of 2.11% and expected average life of 5.6 years.

The Group uses the Black-Scholes valuation model to determine the estimated fair value for each option grant issued, with highly subjective assumptions, changes in which could materially affect the estimated fair value. Expected volatility is based on the historical volatility of a peer group of publicly traded companies. Expected term is based upon the vesting term or the historical of expected term of publicly traded companies. The risk-free interest rate used for each period presented is based on the United States of America Treasury yield curve at the time of grant for the period equal to the expected term.

The fair value per option under the 2006 Share Incentive Plan was estimated at the date of grant using the following weighted-average assumptions:

	December 31,	
	2011	2010
Expected dividend yield	—	—
Expected stock price volatility	81.87%	79.24%
Risk-free interest rate	2.07%	1.78%

17. EMPLOYEE BENEFIT PLANS

The Group provides defined contribution plans for its employees in Macau, Hong Kong and certain other jurisdictions.

Macau

Employees employed by the Group in Macau are members of government-managed Social Security Fund Scheme (the "SSF Scheme") operated by the Macau Government and the Group is required to pay a monthly fixed contribution to the SSF Scheme to fund the benefits. The only obligation of the Group with respect to the SSF Scheme operated by the Macau Government is to make the required contributions under the scheme.

Hong Kong

Employees employed by the Group in Hong Kong are members of Mandatory Provident Fund Scheme (the "MPF Scheme") operated by the Group. With effect from June 1, 2012, the maximum monthly contribution by both employee and employer is increased from HK$1,000 to HK$1,250. With this increase, for these employees, with exception of executive officers, the Group's and the employees' contributions to the MPF Scheme are each set at 5% of the employees' relevant income up to a maximum of HK$1,250 per employee per month. For executive officers, the employees' contributions to the MPF Scheme are set at 5% of the employees' salaries up to a maximum of HK$1,250 per employee per month. The Group's contribution to the MPF Scheme is set at 10% of the employees' base salaries. The excess of contributions over the Group's

mandatory portion, which is 5% of the employees' salaries up to a maximum of HK$1,250 per employee per month, are treated as the Group's voluntary contribution and are vested to executive officers at 10% per year with full vesting in 10 years. The Group's contributions to the MPF Scheme are fully and immediately vested to the employees once they are paid. The MPF Scheme was established under trust with the assets of the funds held separately from those of the Group by independent trustees.

Other Jurisdictions

The Group's subsidiaries in certain other jurisdiction operate a number of defined contribution schemes. Contributions to the defined contribution schemes applicable to each year are made at a certain percentage of the employees' payroll and met the minimum mandatory requirements.

During the years ended December 31, 2012, 2011 and 2010, the Group's contributions into the defined contribution plans were $5,303, $5,414 and $5,070, respectively.

18. DISTRIBUTION OF PROFITS

All subsidiaries incorporated in Macau are required to set aside a minimum of 10% to 25% of the entity's profit after taxation to the legal reserve until the balance of the legal reserve reaches a level equivalent to 25% to 50% of the entity's share capital in accordance with the provisions of the Macau Commercial Code. The legal reserve sets aside an amount from the subsidiaries' statements of operations and is not available for distribution to the shareholders of the subsidiaries. The appropriation of legal reserve is recorded in the subsidiaries' financial statements in the year in which it is approved by the board of directors of the relevant subsidiaries. As of December 31, 2012 and 2011, the balance of the reserve amounted to $31,201 and $3, respectively.

The City of Dreams Project Facility contained restrictions on payment of dividends by the Borrowing Group which applied until the City of Dreams Project Facility was amended on June 30, 2011. There was a restriction on paying dividends during the construction phase of the City of Dreams project. Upon completion of the construction of the City of Dreams, the relevant subsidiaries would then be able to pay dividends if they satisfied certain financial tests and conditions.

The 2011 Credit Facilities contain restrictions which apply on and from June 30, 2011 on paying dividends to the Company or persons who are not members of the 2011 Borrowing Group, unless certain financial tests and conditions are satisfied. Dividends may be paid from (i) excess cash flow as defined in the 2011 Credit Facilities generated by the 2011 Borrowing Group subject to compliance with the financial covenants under the 2011 Credit Facilities; or (ii) cash held by the 2011 Borrowing Group in an amount not exceeding the aggregate cash and cash equivalents investments of the 2011 Borrowing Group as at June 30, 2011 subject to a certain amount of cash and cash equivalents being retained for operating purposes and, in either case, there being no event of default continuing or likely to occur under the 2011 Credit Facilities as a result of making such payment.

The indenture governing the 2010 Senior Notes and the Studio City Notes also contain certain covenants that, subject to certain exceptions and conditions, restrict the payment of dividends for MCE Finance and Studio City Finance, respectively and their respective restricted subsidiaries.

During the years ended December 31, 2012, 2011 and 2010, the Company did not declare or pay any cash dividends on the ordinary shares. No dividends have been proposed since the end of the reporting period.

(a) Capital Commitments

As of December 31, 2012, the Group had capital commitments contracted for but not provided mainly for the construction and acquisition of property and equipment for City of Dreams and Studio City totaling $743,263.

(b) Lease Commitments and Other Arrangements

Note

(1) "Adjusted property EBITDA" is earnings before interest, taxes, depreciation, amortization, pre-opening costs, development costs, share-based compensation, property charges and others, Corporate and Others expenses, and other non-operating income and expenses. The chief operating decision maker uses Adjusted property EBITDA to measure the operating performance of Mocha Clubs, Altira Macau, City of Dreams and Studio City and to compare the operating performance of its properties with those of its competitors.

22. ACQUISITION OF SUBSIDIARIES

(a) **Acquisition of MCP**

On December 7, 2012, the Company, through its indirect subsidiaries, MCE Philippines Investments and MCE Investments No.2 (collectively referred to as the "Buyers"), entered into an acquisition agreement (the "Acquisition Agreement") with two independent third parties, Interpharma Holdings & Management Corporation and Pharma Industries Holdings Limited (collectively referred to as the "Selling Shareholders"), subject to certain conditions precedent, to acquire from the Selling Shareholders an aggregate of 93.06% of the issued share capital of MCP (the "Proposed Acquisition"). Prior to completion of the Proposed Acquisition on December 19, 2012, MCP sold its two operating subsidiaries, Interphil Laboratories, Inc. and Lancashire Realty Holding Corporation, to the Selling Shareholders (or their affiliates) under the deeds of assignment dated December 7, 2012 between the Selling Shareholders (or their affiliates) and MCP (the "Subsidiary Sale Agreements"), in accordance with the terms of the Acquisition Agreement. The total consideration under the Acquisition Agreement was PHP1,259,000,000 (equivalent to $30,682) which included i) PHP200,000,000 (equivalent to $4,874) to the Selling Shareholders, and ii) PHP1,059,000,000 (equivalent to $25,808) on direction of the Selling Shareholders, to MCP in settlement of the liabilities of the Selling Shareholders (or their affiliates) under the Subsidiary Sale Agreements. On December 19, 2012, MCP retained PHP1,059,000,000 (equivalent to $25,808), which represented the subsidiaries' sale amount upon completion of the Proposed Acquisition.

On December 19, 2012, the Group completed the acquisition of 93.06% of the issued share capital of MCP. MCP did not have any operation and revenue immediately before the acquisition by the Group and the excess payment of $5,747 for acquisition of assets and liabilities of MCP does not have any measureable future economic benefits to the Group to qualify the recognition requirements of an asset, and was therefore expensed in the consolidated statements of operations and included in development costs.

The first and second instalments of $50,000 and $25,000 were settled by the Group in August 2011 and July 2012, respectively; and the remaining instalment of $25,000 will be payable in July 2013.

23. CONDENSED CONSOLIDATING FINANCIAL INFORMATION

In May 2010, MCE Finance (the "Issuer"), an indirect subsidiary of the Company (the "Parent"), issued the 2010 Senior Notes as disclosed in Note 11.

The Issuer and all subsidiary guarantors except Melco Crown Macau are 100% directly or indirectly owned by the Parent guarantor. Certain Macau laws require companies limited by shares (*sociedade anónima*) incorporated in Macau to have a minimum of three shareholders, and all gaming concessionaires and subconcessionaires to be managed by a Macau permanent resident, the managing director, who must hold at least 10% of the share capital of the concessionaire or subconcessionaire. In accordance with such Macau laws, approximately 90% of the share capital of Melco Crown Macau is indirectly owned by the Parent. While the Group complies with the Macau laws, Melco Crown Macau is considered an indirectly 100% owned subsidiary of the Parent for purposes of the consolidated financial statements of the Parent because the economic interest of the 10% holding of the managing director is limited to, in aggregate with other class A shareholders, MOP1 on the winding up or liquidation of Melco Crown Macau and to receive an aggregate annual dividend of MOP1. The City of Dreams Project Facility, the 2011 Credit Facilities and the gaming subconcession agreement significantly restrict the Parent's, the Issuer's and the subsidiary guarantors' ability to obtain funds from each other guarantor subsidiary in the form of a dividend or loan.

Condensed consolidating financial statements for the Parent, Issuer, guarantor subsidiaries and non-guarantor subsidiaries as of December 31, 2012 and 2011, and for the years ended December 31, 2012, 2011, and 2010 are presented in the following tables. Information has been presented such that investments in subsidiaries, if any, are accounted for under the equity method and the principal elimination entries eliminate the investments in subsidiaries and intercompany balances and transactions. Additionally, the guarantor and non-guarantor subsidiaries are presented on a combined basis.

24. SUBSEQUENT EVENTS

(a) During the year ended December 31, 2012, Altira Developments applied for an amendment to the land concession contract, including the increase of the total gross floor area, to reflect the construction plans approved by the Macau Government and to enable final registration of the Taipa Land. In January 2013, Altira Developments accepted the initial terms for the revision of the land lease agreement which require an additional land premium of approximately $2,449 payable to the Macau Government upon completion of the amendment, and revise the government land use fees to approximately $186 per annum. Following the publication in the Macau official gazette of such revision, the land grant amendment process will be complete.

(b) In January 2013, the Taiwanese authorities commenced investigating certain alleged violations of Taiwan banking laws by certain employees of the Taiwan branch office of the Company's subsidiary. In an attempt to prevent the dissipation of any potential personal gains made by these employees from such alleged violations, the Taiwanese authorities have frozen one of the Taiwan branch office's deposit accounts in Taiwan, which had a balance of approximately New Taiwan dollar 2.98 billion (equivalent to $102,227) at the time the account was frozen. No funds have been confiscated from the account. The Group is taking action to request the Taiwanese authorities to unfreeze the account. As of December 31, 2012, there was no material impact to the financial position and results of operation of the Group. Based on the progress of investigation to date which is in preliminary stage, management is currently unable to determine the probability of the outcome of this matter, the extent of materiality, or the range of reasonably possible loss, if any. As at the date of this report, the deposit account is presented as restricted cash.

(c) On January 28, 2013, the definitive agreement of the Studio City Project Facility was executed with minor changes to the terms and conditions set out in the Commitment Letter, further details of the Studio City Project Facility was disclosed in Note 11.

(d) On January 28, 2013, MCE Finance made a cash tender offer to purchase the 2010 Senior Notes at a cash consideration plus accrued interest and also solicited consents to amend the terms of the 2010 Senior Notes to substantially remove the debt incurrence, restricted payment and other restrictive covenants (the "Tender Offer"). Closing of the Tender Offer and consent solicitation were conditioned upon MCE Finance receiving net proceeds from offering of the 2013 Senior Notes (as described below) in an amount sufficient to purchase the tendered 2010 Senior Notes and related fees and expenses and other general conditions. The Tender Offer expired on February 26, 2013 and $599,135 aggregate principal amount of the 2010 Senior Notes were tendered. On February 27, 2013, MCE Finance elected to redeem the remaining outstanding 2010 Senior Notes in aggregate principal amount of $865 on March 28, 2013, at a price equal to 100% of the principal amount outstanding plus applicable premium as of, and accrued and unpaid interest to March 28, 2013.

(e) On February 7, 2013, MCE Finance issued and listed the 5% senior notes due 2021 of $1,000,000 (the "2013 Senior Notes") on the SGX-ST. The 2013 Senior Notes are general obligations of MCE Finance, rank equally in right of payment to all existing and future senior indebtedness of MCE Finance and rank senior in right of payment to any existing and future subordinated indebtedness of MCE Finance and effectively subordinated to all of MCE Finance's existing and future secured indebtedness to the extent of the value of the assets securing such debt. Certain subsidiaries of MCE Finance (the "2013 Senior Notes Guarantors") jointly, severally and unconditionally guarantee the 2013 Senior Notes on a senior basis. The 2013 Senior Notes were issued at par and mature on February 15, 2021. Interest on the 2013 Senior Notes is accrued at a rate of 5% per annum and is payable semi-annually in arrears on February 15 and August 15 of each year, commencing on August 15, 2013.

The net proceeds from the offering of the 2013 Senior Notes, after deducting the underwriting commissions and other expenses of approximately $14,500, was approximately $985,500. The Group used the net proceeds from the offering (i) to repurchase in full the 2010 Senior Notes and fund the related costs as described above, and (ii) the entire remainder of the net proceeds thereafter for the partial repayment of the RMB Bonds as described below.

(f) Further to an amendment request applied in 2011 by Melco Crown (COD) Developments Limited ("Melco Crown (COD) Developments"), on February 25, 2013, the Macau Government issued a land grant amendment proposal to Melco Crown (COD) Developments, which contemplates the development of additional five-star hotel areas in replacement of the four-star apartment hotel areas currently contemplated in such land grant and to extend the development period of the City of Dreams land grant until the date falling 4 years after publication of the amendment in the Macau official gazette, which require an additional land premium of approximately $23,344 and revise the government land use fees to approximately $1,235 per annum. In March 2013, Melco Crown (COD) Developments and Melco Crown Macau accepted the amendments as set forth in the aforesaid land grant amendment proposal. Following the publication in the Macau official gazette of such revision, the land grant amendment process will be complete.

24. SUBSEQUENT EVENTS - continued

(i) On March 13, 2013, MCE Holdings (Philippines) Corporation ("MCE Holdings Philippines", an indirect subsidiary of the Company), MCE Holdings No.2 (Philippines) Corporation ("MCE Holdings No.2", a wholly-owned subsidiary of MCE Holdings Philippines) and MCE Leisure Philippines, a wholly-owned subsidiary of MCE Holdings No.2 (collectively, the "MCE Holdings Group") and the Philippine Parties together became co-licensees (the "Licensees") under the provisional license (the "Provisional License") granted by the Philippine Amusement and Gaming Corporation ("PAGCOR") for the establishment and operation of the Philippines Project. The Provisional License, as well as any regular license to be issued to replace it upon satisfaction of certain conditions, will expire on July 11, 2033. Under the Provisional License, MCE Leisure Philippines will operate the casino business of the Philippines Project.

ARTICLE 2
THE NOTES

Section 2.01 *Form and Dating.*

(a) *General*. The Notes and the Trustee's certificate of authentication will be substantially in the form of Exhibit A hereto. The Notes may have notations, legends or endorsements required by law, stock exchange rule or usage. Each Note will be dated the date of its authentication. The Notes shall be in denominations of US$250,000 and integral multiples of US$1,000 in excess thereof.

The terms and provisions contained in the Notes will constitute, and are hereby expressly made, a part of this Indenture and the Company, the Subsidiary Guarantors and the Trustee, by their execution and delivery of this Indenture, expressly agree to such terms and provisions and to be bound thereby. However, to the extent any provision of any Note conflicts with the express provisions of this Indenture, the provisions of this Indenture shall govern and be controlling.

(b) *Global Notes*. Notes issued in global form will be substantially in the form of Exhibit A hereto (including the Global Note Legend thereon and the "Schedule of Exchanges of Interests in the Global Note" attached thereto). Notes issued in definitive form will be substantially in the form of Exhibit A hereto (but without the Global Note Legend thereon and without the "Schedule of Exchanges of Interests in the Global Note" attached thereto). Each Global Note will represent such of the outstanding Notes as will be specified therein and each shall provide that it represents the aggregate principal amount of outstanding Notes from time to time endorsed thereon and that the aggregate principal amount of outstanding Notes represented thereby may from time to time be reduced or increased, as appropriate, to reflect exchanges and redemptions. Any endorsement of a Global Note to reflect the amount of any increase or decrease in the aggregate principal amount of outstanding Notes represented thereby will be made by the Trustee or the Registrar, at the direction of the Trustee, in accordance with instructions given by the Holder thereof as required by Section 2.06 hereof.

(c) *Euroclear and Clearstream, Luxembourg Procedures Applicable.* The provisions of the "Operating Procedures of the Euroclear System" and "Terms and Conditions Governing Use of Euroclear" and the "General Terms and Conditions—Clearstream Banking, Luxembourg" and "Customer Handbook" of Clearstream, Luxembourg will be applicable to transfers of beneficial interests in the Regulation S Global Note that are held by Participants through Euroclear or Clearstream, Luxembourg.

Section 2.02 *Execution and Authentication.*

At least one Officer must sign the Notes for the Company by manual or facsimile signature.

If an Officer whose signature is on a Note no longer holds that office at the time a Note is authenticated, the Note will nevertheless be valid.

A Note will not be valid until authenticated by the manual signature of the Trustee. The signature will be conclusive evidence that the Note has been authenticated under this Indenture.

As a condition precedent to authenticating the Notes, the Trustee shall be entitled to receive an Officer's Certificate complying with Sections 13.04 and 13.05 hereof and covering subparagraphs (1) and (2) below, and an Opinion of Counsel which shall state:

(1) that the form of such Notes has been established by a supplemental indenture or by or pursuant to a resolution of the Board of Directors and in conformity with the provisions of this Indenture;

(2) that the terms of such Notes have been established in accordance with Section 2.01 and in conformity with the other provisions of this Indenture;

(3) that such Notes, when authenticated and delivered by the Trustee and issued by the Company in the manner and subject to any conditions specified in such Opinion of Counsel, will constitute valid and legally binding obligations of the Company, enforceable in accordance with their terms, subject to bankruptcy, insolvency, reorganization and other laws of general applicability relating to or affecting the enforcement of creditors' rights and to general equity principles; and

(4) that all laws, requirements and conditions in respect of the execution and delivery by the Company by such Notes and authentication by the Trustee have been complied with.

The Trustee will, upon receipt of a written order of the Company signed by an Officer or a director (an " *Authentication Order*"), authenticate Notes for original issue that may be validly issued under this Indenture, including any Additional Notes. The aggregate principal amount of Notes outstanding at any time may not exceed the aggregate principal amount of Notes authorized for issuance by the Company pursuant to one or more Authentication Orders, except as provided in Section 2.07 hereof.

The Trustee may appoint an authenticating agent acceptable to the Company to authenticate Notes. An authenticating agent may authenticate Notes whenever the Trustee may do so. Each reference in this Indenture to authentication by the Trustee includes authentication by such agent. An authenticating agent has the same rights as an Agent to deal with Holders or an Affiliate of the Company.

Section 2.03 *Registrar and Paying Agent.*

The Company will maintain an office or agency where Notes may be presented for registration of transfer or for exchange (" *Registrar*") and an office or agency where Notes may be presented for payment (" *Paying Agent*"). The Registrar will keep a register of the Notes and of their transfer and exchange. The Company may appoint one or more co-registrars and one or more additional paying agents. The term "Registrar" includes any co-registrar and the term "Paying Agent" includes any additional paying agent. The Company may change any Paying Agent or Registrar without notice to any Holder and shall so notify the Trustee and each Paying Agent thereof in writing of the name and address of any Agent not a party to this Indenture. If the Company fails to appoint or maintain another entity as Registrar or Paying Agent, the Trustee shall act as such. The Company or any of its Subsidiaries may act as Paying Agent or Registrar.

The Company initially appoints The Depository Trust Company (*"DTC"*) to act as Depositary with respect to the Global Notes.

The Company initially appoints Deutsche Bank Trust Company Americas to act as the U.S. Registrar and Paying Agent and to act as Custodian, and Deutsche Bank Luxembourg S.A. to act as European Registrar, with respect to the Global Notes.

Section 2.04 *Paying Agent to Hold Money in Trust.*

The Company will require each Paying Agent other than the Trustee to agree in writing that the Paying Agent will hold in trust for the benefit of Holders or the Trustee all money held by the Paying Agent for the payment of principal, premium or Additional Amounts, if any, or interest on the Notes, and will notify the Trustee of any default by the Company in making any such payment. While any such default continues, the Trustee may require a Paying Agent to pay all money held by it to the Trustee. The Company at any time may require a Paying Agent to pay all money held by it to the Trustee. Upon payment over to the Trustee, the Paying Agent (if other than the Company or a Subsidiary) will have no further liability for the money. If the Company or a Subsidiary acts as Paying Agent, it will segregate and hold in a separate trust fund for the benefit of the Holders all money held by it as Paying Agent. Upon any bankruptcy or reorganization proceedings relating to the Company, the Trustee will serve as Paying Agent for the Notes.

Section 2.05 *Holder Lists.*

The Trustee, through the Registrars, will preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of all Holders. If the Trustee is not the Registrar, the Company will furnish to the Trustee at least seven Business Days before each interest payment date and at such other times as the Trustee may request in writing, a list in such form and as of such date as the Trustee may reasonably require of the names and addresses of the Holders of Notes.

Section 2.06 *Transfer and Exchange.*

(a) *Transfer and Exchange of Global Notes*. A Global Note may not be transferred except as a whole by the Depositary to a nominee of the Depositary, by a nominee of the Depositary to the Depositary or to another nominee of the Depositary, or by the Depositary or any such nominee to a successor Depositary or a nominee of such successor Depositary. All Global Notes will be exchanged by the Company for Definitive Notes if:

(1) the Company delivers to the Trustee notice from the Depositary that it is unwilling or unable to continue to act as Depositary or that it is no longer a clearing agency registered under the Exchange Act and, in either case, a successor Depositary is not appointed by the Company within 120 days after the date of such notice from the Depositary;

(2) the Company in its sole discretion determines that the Global Notes (in whole but not in part) should be exchanged for Definitive Notes and delivers a written notice to such effect to the Trustee; or

(3) there has occurred and is continuing a Default or Event of Default with respect to the Notes.

Upon the occurrence of either of the preceding events in (1) or (2) above, Definitive Notes shall be issued in such names as the Depositary shall instruct the Trustee. Global Notes also may be exchanged or replaced, in whole or in part, as provided in Sections 2.07 and 2.10 hereof. Every Note authenticated and delivered in exchange for, or in lieu of, a Global Note or any portion thereof, pursuant to this Section 2.06 or Section 2.07 or 2.10 hereof, shall be authenticated and delivered in the form of, and shall be, a Global Note. A Global Note may not be exchanged for another Note other than as provided in this Section 2.06(a), however, beneficial interests in a Global Note may be transferred and exchanged as provided in Section 2.06(b), (c) or (f) hereof.

(b) *Transfer and Exchange of Beneficial Interests in the Global Notes*. The transfer and exchange of beneficial interests in the Global Notes will be effected through the Depositary, in accordance with the provisions of this Indenture and the Applicable Procedures. Beneficial interests in the Restricted Global Notes will be subject to restrictions on transfer comparable to those set forth herein to the extent required by the Securities Act. Transfers of beneficial interests in the Global Notes also will require compliance with either subparagraph (1) or (2) below, as applicable, as well as one or more of the other following subparagraphs, as applicable:

(1) *Transfer of Beneficial Interests in the Same Global Note*. Beneficial interests in any Restricted Global Note may be transferred to Persons who take delivery thereof in the form of a beneficial interest in the same Restricted Global Note in accordance with the transfer restrictions set forth in the Private Placement Legend; *provided, however*, that prior to the expiration of the Restricted Period, transfers of beneficial interests in the Regulation S Global Note may not be made to a U.S. Person or for the account or benefit of a U.S. Person (other than an Initial Purchaser). Beneficial interests in any Unrestricted Global Note may be transferred to Persons who take delivery thereof in the form of a beneficial interest in an Unrestricted Global Note. No written orders or instructions shall be required to be delivered to the Registrar to effect the transfers described in this Section 2.06(b)(1).

(2) *All Other Transfers and Exchanges of Beneficial Interests in Global Notes.* In connection with all transfers and exchanges of beneficial interests that are not subject to Section 2.06(b)(1) above, the transferor of such beneficial interest must deliver to the Registrar either:

(A) both:

(i) a written order from a Participant or an Indirect Participant given to the Depositary in accordance with the Applicable Procedures directing the Depositary to credit or cause to be credited a beneficial interest in another Global Note in an amount equal to the beneficial interest to be transferred or exchanged; and

(ii) instructions given in accordance with the Applicable Procedures containing information regarding the Participant account to be credited with such increase; or

(B) both:

(i) a written order from a Participant or an Indirect Participant given to the Depositary in accordance with the Applicable Procedures directing the Depositary to cause to be issued a Definitive Note in an amount equal to the beneficial interest to be transferred or exchanged; and

(ii) instructions given by the Depositary to the Registrar containing information regarding the Person in whose name such Definitive Note shall be registered to effect the transfer or exchange referred to in (1) above.

Upon satisfaction of all of the requirements for transfer or exchange of beneficial interests in Global Notes contained in this Indenture and the Notes or otherwise applicable under the Securities Act, the Trustee shall adjust the principal amount of the relevant Global Note(s) pursuant to Section 2.06(g) hereof.

(3) *Transfer of Beneficial Interests to Another Restricted Global Note.* A beneficial interest in any Restricted Global Note may be transferred to a Person who takes delivery thereof in the form of a beneficial interest in another Restricted Global Note if the transfer complies with the requirements of Section 2.06(b)(2) above and the Registrar receives the following:

(A) if the transferee will take delivery in the form of a beneficial interest in the 144A Global Note, then the transferor must deliver a certificate in the form of Exhibit B hereto, including the certifications in item (1) thereof; and

(B) if the transferee will take delivery in the form of a beneficial interest in the Regulation S Global Note, then the transferor must deliver a certificate in the form of Exhibit B hereto, including the certifications in item (2) thereof.

(4) *Transfer and Exchange of Beneficial Interests in a Restricted Global Note for Beneficial Interests in an Unrestricted Global Note* . A beneficial interest in any Restricted Global Note may be exchanged by any Holder thereof for a beneficial interest in an Unrestricted Global Note or transferred to a Person who takes delivery thereof in the form of a beneficial interest in an Unrestricted Global Note if the exchange or transfer complies with the requirements of Section 2.06(b)(2) above and the Registrar receives the following:

(i) if the Holder of such beneficial interest in a Restricted Global Note proposes to exchange such beneficial interest for a beneficial interest in an Unrestricted Global Note, a certificate from such Holder in the form of Exhibit C hereto, including the certifications in item (1)(a) thereof; or

(ii) if the Holder of such beneficial interest in a Restricted Global Note proposes to transfer such beneficial interest to a Person who shall take delivery thereof in the form of a beneficial interest in an Unrestricted Global Note, a certificate from such Holder in the form of Exhibit B hereto, including the certifications in item (4) thereof;

and, in each such case set forth, if the Registrar so requests or if the Applicable Procedures so require, an Opinion of Counsel in form reasonably acceptable to the Registrar to the effect that such exchange or transfer is in compliance with the Securities Act and that the restrictions on transfer contained herein and in the Private Placement Legend are no longer required in order to maintain compliance with the Securities Act.

If any such transfer is effected pursuant to the paragraph above at a time when an Unrestricted Global Note has not yet been issued, the Company shall issue and, upon receipt of an Authentication Order in accordance with Section 2.02 hereof, the Trustee shall authenticate one or more Unrestricted Global Notes in an aggregate principal amount equal to the aggregate principal amount of beneficial interests transferred pursuant to the paragraph above.

Beneficial interests in an Unrestricted Global Note cannot be exchanged for, or transferred to Persons who take delivery thereof in the form of, a beneficial interest in a Restricted Global Note.

(c) *Transfer or Exchange of Beneficial Interests for Definitive Notes*.

(1) *Beneficial Interests in Restricted Global Notes to Restricted Definitive Notes.* If any Holder of a beneficial interest in a Restricted Global Note proposes to exchange such beneficial interest for a Restricted Definitive Note or to transfer such beneficial interest to a Person who takes delivery thereof in the form of a Restricted Definitive Note, then, upon receipt by the Registrar of the following documentation:

(A) if the Holder of such beneficial interest in a Restricted Global Note proposes to exchange such beneficial interest for a Restricted Definitive Note, a certificate from such Holder in the form of Exhibit C hereto, including the certifications in item (2)(a) thereof;

the Trustee shall cause the aggregate principal amount of the applicable Global Note to be reduced accordingly pursuant to Section 2.06(g) hereof, and the Company shall execute and the Trustee shall authenticate and deliver to the Person designated in the instructions a Definitive Note in the appropriate principal amount. Any Definitive Note issued in exchange for a beneficial interest in a Restricted Global Note pursuant to this Section 2.06(c) shall be registered in such name or names and in such authorized denomination or denominations as the Holder of such beneficial interest shall instruct the Registrar through instructions from the Depositary and the Participant or Indirect Participant. (3) *Beneficial Interests in Unrestricted Global Notes to Unrestricted Definitive Notes.* If any Holder of a beneficial interest in an Unrestricted Global Note proposes to exchange such beneficial interest for a Definitive Note or to transfer such beneficial interest to a Person who takes delivery thereof in the form of a Definitive Note, then, upon satisfaction of the conditions set forth in Section 2.06(b)(2) hereof, the Trustee will cause the aggregate principal amount of the applicable Global Note to be reduced accordingly pursuant to Section 2.06(g) hereof, and the Company will execute and the Trustee will authenticate and deliver to the Person designated in the instructions a Definitive Note in the appropriate principal amount. Any Definitive Note issued in exchange for a beneficial interest pursuant to this Section 2.06(c)(3) will be registered in such name or names and in such authorized denomination or denominations as the Holder of such beneficial interest requests through instructions to the Registrar from or through the Depositary and the Participant or Indirect Participant. Upon satisfaction of the conditions in this Section 2.06(d)(2), the Trustee will cancel the Definitive Notes and increase or cause to be increased the aggregate principal amount of the Unrestricted Global Note.

(g) *Cancellation and/or Adjustment of Global Notes.* At such time as all beneficial interests in a particular Global Note have been exchanged for Definitive Notes or a particular Global Note has been redeemed, repurchased or canceled in whole and not in part, each such Global Note will be returned to or retained and canceled by the Trustee in accordance with Section 2.11 hereof. At any time prior to such cancellation, if any beneficial interest in a Global Note is exchanged for or transferred to a Person who will take delivery thereof in the form of a beneficial interest in another Global Note or for Definitive Notes, the principal amount of Notes represented by such Global Note will be reduced accordingly and an endorsement will be made on such Global Note by the Trustee or by the Registrar at the direction of the Trustee to reflect such reduction; and if the beneficial interest is being exchanged for or transferred to a Person who will take delivery thereof in the form of a beneficial interest in another Global Note, such other Global Note will be increased accordingly and an endorsement will be made on such Global Note by the Trustee or by the Registrar at the direction of the Trustee to reflect such increase.

(h) General Provisions Relating to Transfers and Exchanges.

(1) To permit registrations of transfers and exchanges, the Company will execute and the Trustee will authenticate Global Notes and Definitive Notes upon receipt of an Authentication Order in accordance with Section 2.02 hereof or at the Registrar's request.

(2) No service charge will be made to a Holder of a beneficial interest in a Global Note or to a Holder of a Definitive Note for any registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any transfer tax or similar governmental charge payable in connection therewith (other than any such transfer taxes or similar governmental charge payable upon exchange or transfer pursuant to Sections 2.06, 3.06, 3.09, 4.10, 4.15 and 9.05 hereof).

(3) The Registrar will not be required to register the transfer of or exchange of any Note selected for redemption in whole or in part, except the unredeemed portion of any Note being redeemed in part.

(4) All Global Notes and Definitive Notes issued upon any registration of transfer or exchange of Global Notes or Definitive Notes will be the valid obligations of the Company, evidencing the same debt, and entitled to the same benefits under this Indenture, as the Global Notes or Definitive Notes surrendered upon such registration of transfer or exchange.

(5) Neither the Registrar nor the Company will be required:

(A) to issue, to register the transfer of or to exchange any Notes during a period beginning at the opening of business 15 days before the day of any selection of Notes for redemption under Section 3.02 hereof and ending at the close of business on the day of selection;

(B) to register the transfer of or to exchange any Note selected for redemption in whole or in part, except the unredeemed portion of any Note being redeemed in part; or

(C) to register the transfer of or to exchange a Note between a record date and the next succeeding interest payment date.

(6) Prior to due presentment for the registration of a transfer of any Note, the Trustee, any Agent and the Company may deem and treat the Person in whose name any Note is registered as the absolute owner of such Note for the purpose of receiving payment of principal of and interest on such Notes and for all other purposes, and none of the Trustee, any Agent or the Company shall be affected by notice to the contrary.

(7) The Trustee will authenticate Global Notes and Definitive Notes in accordance with the provisions of Section 2.02 hereof.

(8) All certifications, certificates and Opinions of Counsel required to be submitted to the Registrar pursuant to this Section 2.06 to effect a registration of transfer or exchange may be submitted by facsimile.

Section 2.07 *Replacement Notes.*

If any mutilated Note is surrendered to the Trustee or the Company and the Trustee receives evidence to its satisfaction of the destruction, loss or theft of any Note, the Company will issue and the Trustee, upon receipt of an Authentication Order, will authenticate a replacement Note if the Trustee's requirements are met. If required by the Trustee or the Company, an indemnity bond must be supplied by the Holder that is sufficient in the judgment of the Trustee and the Company to protect the Company, the Trustee, any Agent and any authenticating agent from any loss that any of them may suffer if a Note is replaced. The Company may charge for its expenses in replacing a Note.

Every replacement Note is an additional obligation of the Company and will be entitled to all of the benefits of this Indenture equally and proportionately with all other Notes duly issued hereunder.

Section 2.08 *Outstanding Notes.*

The Notes outstanding at any time are all the Notes authenticated by the Trustee except for those canceled by it, those delivered to it for cancellation, those reductions in the interest in a Global Note effected by the Trustee in accordance with the provisions hereof, and those described in this Section 2.08 as not outstanding. Except as set forth in Section 2.09 hereof, a Note does not cease to be outstanding because the Company or an Affiliate of the Company holds the Note; however, Notes held by the Company or a Subsidiary of the Company shall not be deemed to be outstanding for purposes of Section 3.07(a) hereof.

If a Note is replaced pursuant to Section 2.07 hereof, it ceases to be outstanding unless the Trustee receives proof satisfactory to it that the replaced Note is held by a protected purchaser.

If the principal amount of any Note is considered paid under Section 4.01 hereof, it ceases to be outstanding and interest on it ceases to accrue.

If the Paying Agent (other than the Company, a Subsidiary or an Affiliate of any thereof) holds, on a redemption date or maturity date, money sufficient to pay Notes payable on that date, then on and after that date such Notes will be deemed to be no longer outstanding and will cease to accrue interest.

Section 2.09 *Treasury Notes.*

In determining whether the Holders of the required principal amount of Notes have concurred in any direction, waiver or consent, Notes owned by the Company or any Subsidiary Guarantor, or by any Person directly or indirectly controlling or controlled by or under direct or indirect common control with the Company or any Subsidiary Guarantor, will be considered as though not outstanding, except that for the purposes of determining whether the Trustee will be protected in relying on any such direction, waiver or consent, only Notes that the Trustee knows are so owned will be so disregarded.

Section 2.10 *Temporary Notes.*

Until certificates representing Notes are ready for delivery, the Company may prepare and the Trustee, upon receipt of an Authentication Order, will authenticate temporary Notes. Temporary Notes will be substantially in the form of certificated Notes but may have variations that the Company considers appropriate for temporary Notes and as may be reasonably acceptable to the Trustee. Without unreasonable delay, the Company will prepare and the Trustee will authenticate definitive Notes in exchange for temporary Notes.

Holders of temporary Notes will be entitled to all of the benefits of this Indenture.

Section 2.11 *Cancellation.*

The Company at any time may deliver Notes to the Trustee for cancellation. The Registrar and Paying Agent will forward to the Trustee any Notes surrendered to them for registration of transfer, exchange or payment. The Trustee and no one else will cancel all Notes surrendered for registration of transfer, exchange, payment, replacement or cancellation and will destroy canceled Notes (subject to the record retention requirement of the Exchange Act). Certification of the destruction of all canceled Notes will be delivered to the Company. The Company may not issue new Notes to replace Notes that it has paid or that have been delivered to the Trustee for cancellation.

Section 2.12 *Defaulted Interest.*

If the Company defaults in a payment of interest on the Notes, it will pay the defaulted interest in any lawful manner *plus*, to the extent lawful, interest payable on the defaulted interest, to the Persons who are Holders on a subsequent special record date, in each case at the rate provided in the Notes and in Section 4.01 hereof. The Company will notify the Trustee in writing of the amount of defaulted interest proposed to be paid on each Note and the date of the proposed payment. The Company will fix or cause to be fixed each such special record date and payment date; *provided that* no such special record date may be less than ten (10) days prior to the related payment date for such defaulted interest. At least fifteen (15) days before the special record date, the Company (or, upon the written request of the Company, the Trustee in the name and at the expense of the Company) will mail or cause to be mailed to Holders a notice that states the special record date, the related payment date and the amount of such interest to be paid.

Section 2.13 *Additional Amounts.*

(a) All payments of principal of, premium, if any, and interest on the Notes and all payments under the Note Guarantees will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever (" *Taxes*") nature imposed or levied by or within any jurisdiction in which the Company or any applicable Subsidiary Guarantor is organized or resident for tax purposes (or any political subdivision or taxing authority thereof or therein) or any jurisdiction from or through which payment is made by or on behalf of the Company or any Subsidiary Guarantor (or any political subdivision or taxing authority thereof or therein) (each, as applicable, a " *Relevant Jurisdiction*"), unless such withholding or deduction is required by law or by regulation or governmental policy having the force of law. In such event, the Company or the applicable Subsidiary Guarantor, as the case may be, will make such deduction or withholding, make payment of the amount so withheld to the appropriate governmental authority and will pay such additional amounts (" *Additional Amounts*") as will result in receipt by the Holder of such amounts as would have been received by such holder had no such withholding or deduction been required, *provided that* no Additional Amounts will be payable for or on account of:

(1) any tax, duty, assessment or other governmental charge that would not have been imposed but for:

(A) the existence of any present or former connection between the Holder or beneficial owner of such Note or Note Guarantee, as the case may be, and the Relevant Jurisdiction including, without limitation, such holder or beneficial owner being or having been a citizen or resident of such Relevant Jurisdiction or treated as a resident thereof or being or having been physically present or engaged in a trade or business therein or having or having had a permanent establishment therein, other than merely holding such Note or the receipt of payments thereunder or under the Note Guarantee;

(B) the presentation of such Note (where presentation is required) more than thirty (30) days after the later of the date on which the payment of the principal of, premium, if any, or interest on, such Note became due and payable pursuant to the terms thereof or was made or duly provided for, except to the extent that the holder thereof would have been entitled to such Additional Amounts if it had presented such Note for payment on any date within such 30-day period;

(C) the failure of the holder or beneficial owner to comply with a timely request of the Company or any Subsidiary Guarantor addressed to the holder or beneficial owner, as the case may be, to provide information concerning such holder's or beneficial owner's nationality, residence, identity or connection with any Relevant Jurisdiction, if and to the extent that due and timely compliance with such request would have reduced or eliminated any withholding or deduction as to which Additional Amounts would have otherwise been payable to such holder; or

(D) the presentation of such Note (where presentation is required) for payment in the Relevant Jurisdiction, unless such Note could not have been presented for payment elsewhere;

(2) any estate, inheritance, gift, sale, transfer, excise or personal property or similar tax, assessment or other governmental charge;

(3) any withholding or deduction in respect of any tax, duty, assessment or other governmental charge where such withholding or deduction is imposed or levied on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of November 26-27, 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directives;

(4) any tax, duty, assessment or other governmental charge which is payable other than (i) by deduction or withholding from payments of principal of or interest on the Note or payments under the Note Guarantees, or (ii) by direct payment by the Company or applicable Subsidiary Guarantor in respect of claims made against the Company or the applicable Subsidiary Guarantor; or

(5) any combination of taxes, duties, assessments or other governmental charges referred to in the preceding clauses (1), (2), (3) and (4); or

(b) with respect to any payment of the principal of, or premium, if any, or interest on, such Note or any payment under any Note Guarantee to such holder, if the holder is a fiduciary, partnership or person other than the sole beneficial owner of any payment to the extent that such payment would be required to be included in the income under the laws of a Relevant Jurisdiction, for tax purposes, of a beneficiary or settlor with respect to the fiduciary, or a member of that partnership or a beneficial owner who would not have been entitled to such Additional Amounts had that beneficiary, settlor, partner, or beneficial owner been the holder thereof.

In addition to the foregoing, the Company and the Subsidiary Guarantors will also pay and indemnify the holder of a Note for any present or future stamp, issue, registration, court or documentary taxes, or any other excise or property taxes, charges or similar levies (including penalties, interest and other reasonable expenses related thereto) which are levied by any Relevant Jurisdiction on the execution, delivery, issuance, or registration of any of the Notes, the Indenture, any Note Guarantee or any other document or instrument referred to therein, or the receipt of any payments with respect thereto, or enforcement of, any of the Notes or any Note Guarantee.

(c) Whenever there is mentioned in any context the payment of principal of, and any premium or interest, on any Note or under any Note Guarantee, such mention will be deemed to include payment of Additional Amounts provided for in the Indenture to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

Section 2.14 *Forced Sale or Redemption for Non-QIBs/QPs.*

(a) The Company has the right to require any Holder of a Note (or beneficial interest therein) that is a U.S. Person and is determined not to have been both (i) a QIB and (ii) a QP at the time of acquisition of such Note or is otherwise determined to be in breach, at the time given, of any of the representations and agreements required to be made pursuant to the transfer restrictions set forth herein, to transfer such Security (or beneficial interest therein) to a transferee acceptable to the Company who is able to and who does make all of the representations and agreements required to be made pursuant to the transfer restrictions set forth herein, or to redeem such Note (or beneficial interest therein) within 30 days of receipt of notice of the Company's election to so redeem such Holder's Notes on the terms set forth in paragraph (b) below. Pending such transfer or redemption, such Holder will be deemed not to be the Holder of such Note for any purpose, including but not limited to receipt of interest and principal payments on such Note, and such Holder will be deemed to have no interest whatsoever in such Note except as otherwise required to sell or redeem its interest therein.

(b) Any such redemption occurring pursuant to paragraph (a) above shall be at a redemption price equal to the lesser of (i) the person's cost, plus accrued and unpaid interest, if any, to the redemption date and (ii) 100% of the principal amount thereof, plus accrued and unpaid interest, if any, to the redemption date. The Company shall notify the Trustee in writing of any such redemption as soon as practicable.

ARTICLE 3
REDEMPTION AND PREPAYMENT

Section 3.01 *Notices to Trustee.*

If the Company elects to redeem Notes pursuant to the optional redemption provisions of Section 3.07 hereof, it must furnish to the Trustee, the Registrars and the Paying Agent, at least 45 days but not more than 60 days before a redemption date, an Officer's Certificate setting forth:

(1) the clause of this Indenture pursuant to which the redemption shall occur;

(2) the redemption date;

(3) the principal amount of Notes to be redeemed; and

(4) the redemption price.

Section 3.02 *Selection of Notes to Be Redeemed or Purchased.*

If fewer than all of the Notes are to be redeemed or purchased at any time, the Registrar will select Notes for redemption or purchase (i) in compliance with the requirements of the principal national securities exchange, if any, on which Notes are listed and any applicable depositary procedures, (ii) by lot or such other similar method in accordance with the applicable procedures of the Depositary or any other applicable clearing system (if the Notes are Global Notes), or (iii) if there are no such requirements of such exchange or the Notes are not then listed on a national securities exchange or cleared through the Depositary or any other applicable clearing system, on a *pro rata* basis or by such other method the Trustee deems fair and reasonable. No Notes of a principal amount of US$250,000 or less may be redeemed or purchased in part, and if Notes are redeemed or purchased in part, the remaining outstanding amount must be at least equal to US$250,000 and integral multiples of US$1,000 in excess thereof.

In the event of partial redemption or purchase by lot, the particular Notes to be redeemed or purchased will be selected, unless otherwise provided herein, not less than 30 nor more than 60 days prior to the redemption or purchase date by the Registrar from the outstanding Notes not previously called for redemption or purchase.

The Registrar will promptly notify the Company in writing of the Notes selected for redemption or purchase and, in the case of any Note selected for partial redemption or purchase, the principal amount thereof to be redeemed or purchased. Notes and portions of Notes selected will be in amounts of US$250,000 or integral multiples of US$1,000 in excess thereof; except that if all of the Notes of a Holder are to be redeemed or purchased, the entire outstanding amount of Notes held by such Holder, even if not a multiple of US$1,000, shall be redeemed or purchased. Except as provided in the preceding sentence, provisions of this Indenture that apply to Notes called for redemption or purchase also apply to portions of Notes called for redemption or purchase.

Section 3.03 *Notice of Redemption.*

Subject to the provisions of Section 3.09 hereof, at least 30 days but not more than 60 days before a redemption date, the Company will mail or cause to be mailed, by first class mail, a notice of redemption to each Holder whose Notes are to be redeemed at its registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date (with prior notice to the Trustee) if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of this Indenture pursuant to Articles 8 or 11 hereof.

The notice will identify the Notes to be redeemed and will state:

(1) the redemption date;

(2) the redemption price;

(3) if any Note is being redeemed in part, the portion of the principal amount of such Note to be redeemed and that, after the redemption date upon surrender of such Note, a new Note or Notes in principal amount equal to the unredeemed portion will be issued upon cancellation of the original Note*, provided that* the unredeemed portion has a minimum denomination of US$250,000;

(4) the name and address of the Paying Agent;

(5) that Notes called for redemption must be surrendered to the Paying Agent to collect the redemption price;

(6) that, unless the Company defaults in making such redemption payment, interest on Notes called for redemption ceases to accrue on and after the redemption date;

(7) the paragraph of the Notes and/or Section of this Indenture pursuant to which the Notes called for redemption are being redeemed; and

(8) that no representation is made as to the correctness or accuracy of the CUSIP number, if any, listed in such notice or printed on the Notes.

At the Company's request, the Trustee will give the notice of redemption in the Company's name and at its expense; *provided, however*, that the Company has delivered to the Trustee, at least 45 days prior to the redemption date, an Officer's Certificate requesting that the Trustee give such notice and setting forth the information to be stated in such notice as provided in the preceding paragraph.

Section 3.04 *Effect of Notice of Redemption.*

Once notice of redemption is mailed in accordance with Section 3.03 hereof, Notes called for redemption become irrevocably due and payable on the redemption date at the redemption price. A notice of redemption may not be conditional.

Section 3.05 *Deposit of Redemption or Purchase Price.*

No later than 10 a.m. New York time two Business Days prior to the redemption or purchase date, the Company will deposit with the Trustee or with the Paying Agent money sufficient to pay the redemption or purchase price of and accrued interest and Additional Amounts, if any, on all Notes to be redeemed or purchased on that date. The Trustee or the Paying Agent will promptly return to the Company any money deposited with the Trustee or the Paying Agent by the Company in excess of the amounts necessary to pay the redemption or purchase price of, and accrued interest and Additional Amounts, if any, on all Notes to be redeemed or purchased.

If the Company complies with the provisions of the preceding paragraph, on and after the redemption or purchase date, interest will cease to accrue on the Notes or the portions of Notes called for redemption or purchase. If a Note is redeemed or purchased on or after an interest record date but on or prior to the related interest payment date, then any accrued and unpaid interest shall be paid to the Person in whose name such Note was registered at the close of business on such record date. If any Note called for redemption or purchase is not so paid upon surrender for redemption or purchase because of the failure of the Company to comply with the preceding paragraph, interest shall be paid on the unpaid principal, from the redemption or purchase date until such principal is paid, and to the extent lawful on any interest not paid on such unpaid principal, in each case at the rate provided in the Notes and in Section 4.01 hereof.

Section 3.06 *Notes Redeemed or Purchased in Part.*

Upon surrender of a Note that is redeemed or purchased in part, the Company will issue and, upon receipt of an Authentication Order, the Trustee will authenticate for the Holder at the expense of the Company a new Note equal in principal amount to the unredeemed or unpurchased portion of the Note surrendered.

Section 3.07 *Optional Redemption.*

(a) At any time prior to December 1, 2015, the Company may on any one or more occasions redeem up to 35% of the aggregate principal amount of Notes issued under this Indenture at a redemption price of 108.500% of the principal amount thereof, *plus* accrued and unpaid interest and Additional Amounts, if any, to the redemption date (subject to the rights of the Holders on the relevant record date to receive interest on the relevant interest payment date), with the net cash proceeds of one or more Equity Offerings; *provided that*:

(1) at least 65% of the aggregate principal amount of Notes originally issued under this Indenture (excluding Notes held by the Company and its Subsidiaries) remains outstanding immediately after the occurrence of such redemption; and

(2) the redemption occurs within 45 days of the date of the closing of such Equity Offering.

(b) At any time prior to December 1, 2015, the Company may also redeem all or a part of the Notes, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to each Holder's registered address, at a redemption price equal to 100% of the principal amount of Notes redeemed *plus* the Applicable Premium as of, and accrued and unpaid interest and Additional Amounts, if any, to, the date of redemption, subject to the rights of Holders on the relevant record date to receive interest due on the relevant interest payment date.

(c) Except pursuant to the two preceding paragraphs, the Notes will not be redeemable at the Company's option prior to December 1, 2015.

(d) On or after December 1, 2015, the Company may redeem all or a part of the Notes upon not less than 30 nor more than 60 days' notice, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest and Additional Amounts, if any, on the Notes redeemed, to the applicable redemption date, if redeemed during the twelve-month period beginning on December 1 of the years indicated below, subject to the rights of Holders on the relevant record date to receive interest on the relevant interest payment date:

Year	Percentage
2015	106.375%
2016	104.250%
2017	102.125%
2018 and thereafter	100.000%

Unless the Company defaults in the payment of the redemption price, interest will cease to accrue on the Notes or portions thereof called for redemption on the applicable redemption date.

(e) Any redemption pursuant to this Section 3.07 shall be made pursuant to the provisions of Sections 3.01 through 3.06 hereof.

Section 3.08 *Mandatory Redemption.*

Other than pursuant to Sections 3.12 and 3.13, the Company is not required to make mandatory redemption or sinking fund payments with respect to the Notes.

Section 3.09 *Offer to Purchase by Application of Excess Proceeds.*

In the event that, pursuant to Section 4.10 hereof, the Company is required to commence an offer to all Holders to purchase Notes (an " *Asset Sale Offer*"), it will follow the procedures specified below.

The Asset Sale Offer shall be made to all Holders and all holders of other Indebtedness that is *pari passu* with the Notes containing provisions similar to those set forth in this Indenture with respect to offers to purchase or redeem with the proceeds of sales of assets. The Asset Sale Offer will remain open for a period of at least 20 Business Days following its commencement and not more than 30 Business Days, except to the extent that a longer period is required by applicable law (the "*Offer Period*"). No later than five Business Days after the termination of the Offer Period (the " *Purchase Date*"), the Company will apply all Excess Proceeds (the *"Offer Amount"*) to the purchase of Notes and such other *pari passu* Indebtedness (on a *pro rata* basis, if applicable) or, if less than the Offer Amount has been tendered, all Notes and other Indebtedness tendered in response to the Asset Sale Offer. Payment for any Notes so purchased will be made in the same manner as interest payments are made.

If the Purchase Date is on or after an interest record date and on or before the related interest payment date, any accrued and unpaid interest and Additional Amounts, if any, will be paid to the Person in whose name a Note is registered at the close of business on such record date, and no additional interest will be payable to Holders who tender Notes pursuant to the Asset Sale Offer.

Upon the commencement of an Asset Sale Offer, the Company will send, by first class mail, a notice to the Trustee and each of the Holders, with a copy to the Trustee. The notice will contain all instructions and materials necessary to enable such Holders to tender Notes pursuant to the Asset Sale Offer. The notice, which will govern the terms of the Asset Sale Offer, will state:

(1) that the Asset Sale Offer is being made pursuant to this Section 3.09 and Section 4.10 hereof and the length of time the Asset Sale Offer will remain open;

(2) the Offer Amount, the purchase price and the Purchase Date;

(3) that any Note not tendered or accepted for payment will continue to accrue interest;

(4) that, unless the Company defaults in making such payment, any Note accepted for payment pursuant to the Asset Sale Offer will cease to accrue interest after the Purchase Date;

(5) that Holders electing to have a Note purchased pursuant to an Asset Sale Offer may elect to have Notes purchased in integral multiples of US$250,000 and integral multiples of US$1,000 in excess thereof only;

(6) that Holders electing to have Notes purchased pursuant to any Asset Sale Offer will be required to surrender the Note, with the form entitled "Option of Holder to Elect Purchase" attached to the Notes completed, or transfer by book-entry transfer, to the Company, a Depositary, if appointed by the Company, or a Paying Agent at the address specified in the notice at least three days before the Purchase Date;

(7) that Holders will be entitled to withdraw their election if the Company, the Depositary or the Paying Agent, as the case may be, receives, not later than the expiration of the Offer Period, a telegram, telex, facsimile transmission or letter setting forth the name of the Holder, the principal amount of the Note the Holder delivered for purchase and a statement that such Holder is withdrawing his election to have such Note purchased;

(8) that, if the aggregate principal amount of Notes and other *pari passu* Indebtedness surrendered by holders thereof exceeds the Offer Amount, the Company will select the Notes and other *pari passu* Indebtedness to be purchased in accordance with Section 3.02 based on the principal amount of Notes and such other *pari passu* Indebtedness surrendered (with such adjustments as may be deemed appropriate by the Company so that only Notes in denominations of US$250,000, or integral multiples of US$1,000 in excess thereof, will be purchased); and

(9) that Holders whose Notes were purchased only in part will be issued new Notes equal in principal amount to the unpurchased portion of the Notes surrendered (or transferred by book-entry transfer), *provided* that the unpurchased portion has a minimum denomination of US$250,000.

On or before the Purchase Date, the Company will, to the extent lawful, accept for payment, on a *pro rata* basis to the extent necessary (but subject to Section 3.02), the Offer Amount of Notes or portions thereof tendered pursuant to the Asset Sale Offer, or if less than the Offer Amount has been tendered, all Notes tendered, and will deliver or cause to be delivered to the Trustee the Notes properly accepted together with an Officer's Certificate stating that such Notes or portions thereof were accepted for payment by the Company in accordance with the terms of this Section 3.09. The Company, the Depositary or the Paying Agent, as the case may be, will promptly (but in any case not later than five days after the Purchase Date) mail or deliver to each tendering Holder an amount equal to the purchase price of the Notes tendered by such Holder and accepted by the Company for purchase, and the Company will promptly issue a new Note, and the Trustee, upon written request from the Company, will authenticate and mail or deliver (or cause to be transferred by book entry) such new Note to such Holder, in a principal amount equal to any unpurchased portion of the Note surrendered, *provided* that the unpurchased portion has a minimum denomination of US$250,000. Any Note not so accepted shall be promptly mailed or delivered by the Company to the Holder thereof. The Company will publicly announce the results of the Asset Sale Offer on the Purchase Date.

Other than as specifically provided in this Section 3.09, any purchase pursuant to this Section 3.09 shall be made pursuant to the provisions of Sections 3.01 through 3.06 hereof.

Section 3.10 *Redemption for Taxation Reasons.*

The Notes may be redeemed, at the option of the Company, as a whole but not in part, upon giving not less than 30 days' nor more than 60 days' notice to Holders (which notice will be irrevocable), at a redemption price equal to 100% of the principal amount thereof, together with accrued and unpaid interest (including any Additional Amounts), if any, to the date fixed by the Company for redemption (the " *Tax Redemption Date*") if, as a result of:

(1) any change in, or amendment to, the laws (or any regulations or rulings promulgated thereunder) of a Relevant Jurisdiction affecting taxation; or

(2) any change in, or amendment to, an official position regarding the application or interpretation of such laws, regulations or rulings (including a holding, judgment or order by a court of competent jurisdiction),

which change or amendment becomes effective on or after the date of this Indenture with respect to any payment due or to become due under the Notes, this Indenture or a Note Guarantee, the Company or a Subsidiary Guarantor, as the case may be, is, or on the next Interest Payment Date would be, required to pay Additional Amounts, and such requirement cannot be avoided by the Company or a Subsidiary Guarantor, as the case may be, taking reasonable measures available to it; *provided that* for the avoidance of doubt, changing the jurisdiction of the Company or a Subsidiary Guarantor is not a reasonable measure for the purposes of this Section 3.10; *provided, further*, that no such notice of redemption will be given earlier than 90 days prior to the earliest date on which the Company or a Subsidiary Guarantor, as the case may be, would be obligated to pay such Additional Amounts if a payment in respect of the Notes were then due.

Prior to the mailing of any notice of redemption of the Notes pursuant to the foregoing, the Company will deliver to the Trustee:

(1) an Officer's Certificate stating that such change or amendment referred to in the prior paragraph has occurred, and describing the facts related thereto and stating that such requirement cannot be avoided by the Company or such Subsidiary Guarantor, as the case may be, taking reasonable measures available to it; and

(2) an Opinion of Counsel or an opinion of a tax consultant of recognized international standing stating that the requirement to pay such Additional Amounts results from such change or amendment referred to in the prior paragraph.

The Trustee will accept such certificate and opinion as sufficient evidence of the satisfaction of the conditions precedent described above, in which event it will be conclusive and binding on the Holders.

Any Notes that are redeemed will be cancelled.

Section 3.11 *Gaming Redemption.*

Each Holder, by accepting a Note, shall be deemed to have agreed that if the Gaming Authority of any jurisdiction in which the Company or any of its Affiliates (including Melco Crown Gaming) conducts or proposes to conduct gaming requires that a person who is a holder or the beneficial owner of Notes be licensed, qualified or found suitable under applicable Gaming Laws, such holder or beneficial owner, as the case may be, shall apply for a license, qualification or a finding of suitability within the required time period. If such Person fails to apply or become licensed or qualified or is found unsuitable, the Company shall have the right, at its option:

(1) to require such Person to dispose of its Notes or beneficial interest therein within 30 days of receipt of notice of the Company's election or such earlier date as may be requested or prescribed by such Gaming Authority; or

(2) to redeem such Notes, which redemption may be less than 30 days following the notice of redemption if so requested or prescribed by the applicable gaming authority, at a redemption price equal to:

(A) the lesser of:

(1) the person's cost, plus accrued and unpaid interest, if any, to the earlier of the redemption date or the date of the finding of unsuitability or failure to comply; and

(2) 100% of the principal amount thereof, plus accrued and unpaid interest, if any, to the earlier of the redemption date or the date of the finding of unsuitability or failure to comply; or

(B) such other amount as may be required by applicable law or order of the applicable Gaming Authority.

The Company shall notify the Trustee in writing of any such redemption as soon as practicable. Neither the Company nor the Trustee shall be responsible for any costs or expenses any Holder may incur in connection with such Holder's application for a license, qualification or a finding of suitability.

Section 3.12 *Escrow of Proceeds and Special Mandatory Escrow Redemption.*

(a) Pursuant to the Escrow Agreement, in the event the Senior Secured Credit Facilities are not executed on or before March 31, 2013 (the " *Special Mandatory Escrow Redemption Event*"), the Notes will be subject to a special mandatory redemption (the " *Special Mandatory Escrow Redemption*") at a redemption price equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest thereon from and including the Issue Date through the date of redemption. If a Special Mandatory Redemption Event occurs, the Company will cause a notice of Special Mandatory Escrow Redemption to be delivered to the Trustee and each of the Holders (with a copy to the Escrow Agent and the Collateral Agent) within five Business Days following the date of the occurrence of the Special Mandatory Escrow Redemption Event and will redeem the Notes, in whole and not in part, no later than ten (10) Business Days following the date of such notice of redemption. If the amount of funds in the Escrow Account is insufficient to pay the redemption price, plus accrued and unpaid interest, the Company will provide such amounts to the Trustee directly, as provided in the Escrow Agreement.

Section 3.13 *Special Mandatory Note Proceeds Redemption.*

(a) Pursuant to the Note Disbursement and Account Agreement, in the event that no funds have been released from the Note Proceeds Account by prior to the date that is one year from the date of the execution of the Senior Secured Credit Facilities due to the failure of all conditions precedent to first utilization of the Senior Secured Credit Facilities to be satisfied or waived (other than with respect to (a) the utilization or disbursement of the proceeds of the Notes, (b) any provision for future land premium payments to be made from the proceeds of the Notes and (c) funding of the Note Debt Service Reserve Account) by such date (the "*Special Mandatory Note Proceeds Redemption Event*"), the Notes will be subject to a special mandatory redemption (the "*Special Mandatory Note Proceeds Redemption*") at a redemption price equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest thereon through the date of redemption. (17) the repurchase, redemption or other acquisition or retirement for value of any Subordinated Indebtedness of the Company or any Subsidiary Guarantor pursuant to provisions similar to those described under Section 4.15, *provided that* all Notes tendered by holders of the Notes in connection with a Change of Control Offer have been repurchased, redeemed or acquired for value;

(18) payments or distributions to dissenting stockholders of Capital Stock of the Company pursuant to applicable law in connection with a consolidation, merger or transfer of all or substantially all of the assets of the Company and its Restricted Subsidiaries, taken as a whole, that complies with Section 5.01; *provided that* as a result of such consolidation, merger or transfer of assets, the Company shall have made a Change of Control Offer (if required by this Indenture) and that all Notes tendered by holders in connection with such Change of Control Offer have been repurchased, redeemed or acquired for value; and

(19) other Restricted Payments in an aggregate amount not to exceed US$10.0 million since the Issue Date; *provided that* the Opening Date has occurred,

provided, however, that at the time of, and after giving effect to, any Restricted Payment permitted under clauses (12), (13), (14) and (19) of this Section 4.07(b), no Default shall have occurred and be continuing or would occur as a consequence thereof.

The amount of all Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by the Company or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. The Fair Market Value of any assets or securities that are required to be valued by this Section 4.07 will be determined by the Board of Directors of the Company whose resolution with respect thereto will be delivered to the Trustee as set forth in an Officer's Certificate. The Board of Directors' determination must be based upon an opinion or appraisal issued by an accounting, appraisal or investment banking firm of international standing if the Fair Market Value exceeds US$30.0 million.

Section 4.08 *Dividend and Other Payment Restrictions Affecting Subsidiaries.*

(a) The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause, permit or suffer to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

(b) The restrictions in Section 4.08(a) hereof will not apply to encumbrances or restrictions existing under or by reason of:

(1) agreements governing Indebtedness or any other agreements in existence on the Issue Date as in effect on the Issue Date and any amendments, restatements, modifications, renewals, supplements, refundings, replacements or refinancings of those agreements; *provided that* the amendments, restatements, modifications, renewals, supplements, refundings, replacements or refinancings are not materially more restrictive, taken as a whole, with respect to such dividend and other restrictions than those contained in those agreements on the Issue Date;

(2) the Credit Facilities Documents (including the Senior Secured Credit Facilities), and any amendments, restatements, modifications, renewals, supplements, refundings, replacements or refinancings of those agreements; *provided that* the amendments, restatements, modifications, renewals, supplements, refundings, replacements or refinancings are not materially more restrictive, taken as a whole, with respect to such dividend and other restrictions than those contained in the Senior Secured Credit Facilities on the original execution date thereof;

(3) the Indenture, the Notes, the Note Guarantees and the Security Documents;

(4) applicable law, rule, regulation or order, or governmental license, permit or concession;

(5) any agreement or instrument governing Indebtedness or Capital Stock of a Person or assets acquired by the Company or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness or Capital Stock was Incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired (and any amendments, restatements, modifications, renewals, supplements, refundings, replacements or refinancings of those agreements or instruments; *provided that* the amendments, restatements, modifications, renewals, supplements, refundings, replacements or refinancings are not materially more restrictive, taken as a whole, with respect to such dividend and other restrictions than those contained in those agreements or instruments at the time of such acquisition); *provided further, that*, in the case of Indebtedness, such Indebtedness was permitted by the terms of this Indenture to be Incurred;

(6) customary non-assignment provisions in contracts and licenses including, without limitation, with respect to any intellectual property, entered into in the ordinary course of business;

(7) purchase money obligations for property acquired in the ordinary course of business and Capital Lease Obligations that impose restrictions on the property purchased or leased of the nature described in Section 4.08(a)(3);

(8) any agreement for the sale or other disposition of Equity Interests or property or assets of a Restricted Subsidiary that restricts distributions by that Restricted Subsidiary pending the sale or other disposition;

(9) Permitted Refinancing Indebtedness; *provided that* the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are not materially more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;

(10) Liens permitted to be incurred under the provisions of Section 4.12 hereof that limit the right of the debtor to dispose of the assets subject to such Liens;

(11) provisions limiting dividends or the disposition or distribution of assets, property or Equity Interests in joint venture or operating agreements, asset sale agreements, sale-leaseback agreements, stock sale agreements, merger agreements and other similar agreements entered into with the approval of the Company's Board of Directors, which limitation is applicable only to the assets, property or Equity Interests that are the subject of such agreements;

(12) restrictions on cash or other deposits or net worth imposed by customers or suppliers under contracts entered into in the ordinary course of business; and

(13) any agreement or instrument with respect to any Unrestricted Subsidiary or the property or assets of such Unrestricted Subsidiary that is designated as a Restricted Subsidiary in accordance with the terms of this Indenture at the time of such designation and not incurred in contemplation of such designation, which encumbrances or restrictions are not applicable to any Person or the property or assets of any Person other than such Subsidiary or its subsidiaries or the property or assets of such Subsidiary or its subsidiaries, and any extensions, refinancing, renewals, supplements or amendments or replacements thereof; *provided that* the encumbrances and restrictions in any such extension, refinancing, renewal, supplement, amendment or replacement, taken as a whole, are no more restrictive in any material respect than those encumbrances or restrictions that are then in effect and that are being extended, refinanced, renewed, supplemented, amended or replaced.

Section 4.09 *Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock.*

(a) The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, Incur any Indebtedness (including Acquired Indebtedness) and the Company will not issue any shares of Disqualified Stock and the Company will not permit any of its Restricted Subsidiaries to issue any shares of Preferred Stock; *provided, however*, that the Company may Incur Indebtedness (including Acquired Indebtedness) or issue Disqualified Stock, and any Subsidiary Guarantor may Incur Indebtedness (including Acquired Indebtedness) or issue Preferred Stock, if (1) the Opening Date has occurred and (2) the Fixed Charge Coverage Ratio of the Company for the most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is Incurred or such Disqualified Stock or Preferred Stock is issued, as the case may be, would have been at least 2.25 to 1.00 determined on a *pro forma* basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been Incurred, or the Disqualified Stock or Preferred Stock had been issued, as the case may be, and the application of proceeds therefrom had occurred at the beginning of such four-quarter period.

(b) The provisions of Section 4.09(a) hereof do not apply to any of the following (collectively, " *Permitted Debt*"):

(1) the Incurrence by the Company and the Subsidiary Guarantors of Indebtedness under Credit Facilities up to an aggregate principal amount of (i) (x) US$1.400 billion *plus*, after the occurrence of the Opening Date, (y) US$100.0 million incurred in respect of the Phase II Project *less* (ii) the aggregate amount of all Net Proceeds of Asset Sales applied since the Issue Date to repay any term Indebtedness Incurred pursuant to this clause (1) or to repay any revolving credit indebtedness Incurred under this clause (1) and effect a corresponding commitment reduction thereunder pursuant to Section 4.10 hereof;

(2) the Incurrence of Indebtedness represented by the Notes (other than Additional Notes), the Note Guarantees and the Intercompany Note Proceeds Loan, and, to the extent those obligations would represent Indebtedness, the Security Documents;

(3) Indebtedness existing on the Issue Date (other than Indebtedness described in clauses (1) and (2));

(4) Indebtedness of the Company or any of its Restricted Subsidiaries represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case, Incurred for the purpose of financing all or any part of the purchase price or cost of design, construction, installation or improvement of property, plant or other assets (including through the acquisition of Capital Stock of any person that owns property, plant or other assets which will, upon acquisition, become a Restricted Subsidiary) used in the business of the Company or any of its Restricted Subsidiaries, in an aggregate principal amount, including all Permitted Refinancing Indebtedness Incurred to renew, refund, refinance, replace, defease or discharge any Indebtedness Incurred pursuant to this clause (4), not to exceed the greater of (x) US$50.0 million and (y) 2.0% of Total Assets at any time outstanding;

(5) the Incurrence by the Company or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to renew, refund, refinance, replace, defease or discharge any Indebtedness (other than intercompany Indebtedness) that was permitted by this Indenture to be Incurred under the first paragraph of this covenant or clauses (2), (3), (4), (5) or (15) of this Section 4.09(b);

(6) (a) Obligations in respect of workers' compensation claims, self-insurance obligations, bankers' acceptances, performance, bid, appeal and surety bonds and completion or performance guarantees (including the guarantee of any land grant) provided by the Company or any Restricted Subsidiary in connection with the Project or in the ordinary course of business and (b) Indebtedness constituting reimbursement obligations with respect to letters of credit or trade or bank guarantees (including for land grants) issued in the ordinary course of business to the extent that such letters of credit, trade or bank guarantees (including for land grants) are not drawn upon or, if drawn upon, to the extent such drawing is reimbursed no later than thirty (30) days following receipt of a demand for reimbursement;

(7) the Incurrence by the Company or any of its Restricted Subsidiaries of intercompany Indebtedness between or among the Company and any of its Restricted Subsidiaries; *provided, however*, that:

(A) if the Company or any Subsidiary Guarantor is the obligor on such Indebtedness and the payee is not the Company or a Subsidiary Guarantor, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all Obligations then due with respect to the Notes, in the case of the Company, or the Note Guarantee, in the case of a Subsidiary Guarantor; and

(B) (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than the Company or a Restricted Subsidiary of the Company and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either the Company or a Restricted Subsidiary of the Company, will be deemed, in each case, to constitute an Incurrence of such Indebtedness by the Company or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (7);

(8) shares of Preferred Stock of a Restricted Subsidiary issued to the Company or another Restricted Subsidiary; *provided that*

(A) any subsequent issuance or transfer of Equity Interests that results in any such Preferred Stock being held by a Person other than the Company or a Restricted Subsidiary of the Company; and

(B) any sale or other transfer of any such Preferred Stock to a Person that is not either the Company or a Restricted Subsidiary of the Company,

will be deemed, in each case, to constitute an issuance of such Preferred Stock by such Restricted Subsidiary that was not permitted by this clause (8).

(9) the Incurrence by the Company or any of its Restricted Subsidiaries of Hedging Obligations in the ordinary course of business and not for speculative purposes;

(10) the guarantee by the Company or any Restricted Subsidiary of the Company of Indebtedness of the Company or a Restricted Subsidiary of the Company that was permitted to be Incurred by another provision of this Section 4.09; *provided that* if the Indebtedness being guaranteed is subordinated to or *pari passu* with the Notes, then the guarantee shall be subordinated or *pari passu*, as applicable, to the same extent as the Indebtedness guaranteed;

(11) Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently drawn against insufficient funds, so long as such Indebtedness is extinguished within five (5) Business Days of its Incurrence;

(12) to the extent constituting Indebtedness, agreements to pay service fees to professionals (including architects, engineers, contractors and designers) in furtherance of and/or in connection with the Project or agreements to pay fees and expenses or other amounts pursuant to the CMA or otherwise arising under the CMA in the ordinary course of business (*provided, that* no such agreements shall give rise to Indebtedness for borrowed money);

(13) Indebtedness arising from agreements providing for indemnification, adjustment of purchase price or similar obligations, or from guarantees or letters of credit, surety bonds, or performance bonds securing any obligation of the Company or any Restricted Subsidiary pursuant to such agreements, in each case, incurred or assumed in connection with the acquisition or disposition of any business, assets or Capital Stock of a Restricted Subsidiary of the Company, other than guarantees of Indebtedness incurred by any Person acquiring all or any portion of such business, assets or Subsidiary for the purpose of financing such acquisition; *provided, that* the maximum aggregate liability in respect of all such Indebtedness shall at no time exceed the gross proceeds actually received in connection with such disposition;

(14) Obligations in respect of Shareholder Subordinated Debt;

(15) any guarantees made solely in connection with (and limited in scope to) the giving of a Lien of the type specified in clause (22) of "Permitted Liens" to secure Indebtedness of an Unrestricted Subsidiary, the only recourse of which to the Company and its Restricted Subsidiaries is to the Equity Interests subject to the Liens; and

(16) after the Opening Date, the Incurrence by the Company or the Subsidiary Guarantors of additional Indebtedness in an aggregate principal amount (or accreted value, as applicable) at any time outstanding, including all Permitted Refinancing Indebtedness Incurred to renew, refund, refinance, replace, defease or discharge any Indebtedness Incurred pursuant to this clause (16), not to exceed US$30.0 million.

The Company will not Incur, and will not permit any Subsidiary Guarantor to Incur, any Indebtedness (including Permitted Debt) that is contractually subordinated in right of payment to any other Indebtedness of the Company or such Subsidiary Guarantor unless such Indebtedness is also contractually subordinated in right of payment to the Notes and the applicable Note Guarantee on substantially identical terms; *provided, however*, that no Indebtedness will be deemed to be contractually subordinated in right of payment to any other Indebtedness of the Company solely by virtue of being unsecured or by virtue of being secured on a first or junior Lien basis.

For purposes of determining compliance with this Section 4.09, in the event that an item of proposed Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (16) above, or is entitled to be Incurred pursuant to the first paragraph of this covenant, the Company will be permitted to classify such item of Indebtedness on the date of its Incurrence, or later reclassify all or a portion of such item of Indebtedness, in any manner that complies with this Section 4.09. Indebtedness incurred under the Senior Secured Credit Facilities will be deemed to have been incurred in reliance on the exception provided by clause (1) of the definition of Permitted Debt. The accrual of interest, the accretion or amortization of original issue discount, the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, the reclassification of Preferred Stock as Indebtedness due to a change in accounting principles, and the payment of dividends on Disqualified Stock in the form of additional shares of the same class of Disqualified Stock will not be deemed to be an Incurrence of Indebtedness or an issuance of Disqualified Stock for purposes of this Section 4.09; provided, in each such case, that the amount of any such accrual, accretion or payment is included in Fixed Charges of the Company as accrued. Notwithstanding any other provision of this Section 4.09, the maximum amount of Indebtedness that the Company or any Restricted Subsidiary may Incur pursuant to this Section 4.09 shall not be deemed to be exceeded solely as a result of fluctuations in exchange rates or currency values.

The amount of any Indebtedness outstanding as of any date will be:

(1) the accreted value of the Indebtedness, in the case of any Indebtedness issued with original issue discount;

(2) the principal amount of the Indebtedness, in the case of any other Indebtedness; and

(3) in respect of Indebtedness of another Person secured by a Lien on the assets of the specified Person, the lesser of:

(a) the Fair Market Value of such assets at the date of determination; and

(b) the face amount of the Indebtedness of the other Person.

Section 4.10 *Asset Sales.*

(a) The Company will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale (other than an Event of Loss), unless:

(1) the Company (or the Restricted Subsidiary, as the case may be) receives consideration at the time of such Asset Sale at least equal to the Fair Market Value of the assets or Equity Interests issued or sold or otherwise disposed of; and

(2) at least 75% of the consideration received in the Asset Sale by the Company or such Restricted Subsidiary is in the form of cash. For purposes of this provision, each of the following will be deemed to be cash:

(A) any liabilities, as shown on the Company's most recent consolidated balance sheet, of the Company or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the Notes or any Note Guarantee) that are assumed by the transferee of any such assets pursuant to a customary novation agreement that releases the Company or such Restricted Subsidiary from further liability;

(B) any securities, notes or other Obligations received by the Company or any such Restricted Subsidiary from such transferee that are, within 30 days of the receipt thereof, converted by the Company or such Restricted Subsidiary into cash, to the extent of the cash received in that conversion; and

(C) any stock or assets of the kind referred to in Section 4.10(b)(2) or Section 4.10(b)(4).

(b) Within 360 days after the receipt of any Net Proceeds from an Asset Sale (including an Event of Loss), the Company (or the applicable Restricted Subsidiary, as the case may be) may apply such Net Proceeds:

(1) to repay (a) Indebtedness Incurred under Section 4.09 (b)(1) and Indebtedness that is secured under clause (25) of the definition of "Permitted Liens", (b) other Indebtedness of the Company or a Subsidiary Guarantor secured by the asset that is the subject of such Asset Sale, and, in each case, if the Indebtedness repaid is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto, or (c) Indebtedness of a Restricted Subsidiary that is not a Subsidiary Guarantor;

(2) to acquire all or substantially all of the assets of another Permitted Business, or any Capital Stock of, a Person undertaking another Permitted Business, if, after giving effect to any such acquisition of Capital Stock, the Permitted Business is or becomes a Restricted Subsidiary of the Company (*provided that* (a) such acquisition funded with any proceeds from an Event of Loss occurs within the date that is 545 days after receipt of the Net Proceeds from the relevant Event of Loss to the extent that a binding agreement to acquire such assets or Capital Stock is entered into on or prior to the date that is 360 days after receipt of the Net Proceeds from the relevant Event of Loss, and (b) if such acquisition is not consummated within the period set forth in clause (a), the Net Proceeds not so applied will be deemed to be Excess Proceeds);

(3) to make a capital expenditure (*provided that* any such capital expenditure funded with any proceeds from an Event of Loss occurs within the date that is 545 days after receipt of the Net Proceeds from the relevant Event of Loss); or

(4) to acquire other assets that are not classified as current assets under GAAP and that are used or useful in a Permitted Business (*provided that* (a) such acquisition funded from an Event of Loss occurs within the date that is 545 days after receipt of the Net Proceeds from the relevant Event of Loss to the extent that a binding agreement to acquire such assets is entered into on or prior to the date that is 360 days after receipt of the Net Proceeds from the relevant Event of Loss, and (b) if such acquisition is not consummated within the period set forth in clause (a), the Net Proceeds not so applied will be deemed to be Excess Proceeds);

or enter into a binding commitment regarding clauses (2), (3) or (4) above (in addition to the binding commitments expressly referenced in those clauses), *provided that* such binding commitment shall be treated as a permitted application of Net Proceeds from the date of such commitment until the earlier of (x) the date on which such acquisition or expenditure is consummated and (y) the 180th day following the expiration of the aforementioned 360 day period. To the extent such acquisition or expenditure is not consummated on or before such 180th day and the Company or such Restricted Subsidiary shall not have applied such Net Proceeds pursuant to clauses (2), (3) or (4) above on or before such 180th day, such commitment shall be deemed not to have been a permitted application of Net Proceeds, and such Net Proceeds will constitute Excess Proceeds, provided further that, if such Asset Sale is an Event of Loss, the time periods set forth for the applications of the Net Proceeds therefrom shall be extended to any date set forth in the Senior Secured Credit Facilities for the application of the Net Proceeds therefrom towards mandatory prepayment of the Senior Secured Credit Facilities or any Credit Facility that refinances in whole or in part the Senior Secured Credit Facilities, if later.

(c) Pending the final application of any Net Proceeds, the Company may temporarily reduce revolving credit borrowings or otherwise invest the Net Proceeds in any manner that is not prohibited by this Indenture.

(d) Any Net Proceeds from Asset Sales that are not applied or invested as provided in the second paragraph of this Section 4.10 will constitute "Excess Proceeds." When the aggregate amount of Excess Proceeds exceeds US$5.0 million, within ten (10) days thereof, the Company shall make an Asset Sale Offer to all Holders and all holders of other Indebtedness that is *pari passu* with the Notes containing provisions similar to those set forth in this Indenture with respect to offers to purchase or redeem with the proceeds of sales of assets to purchase the maximum principal amount of Notes and such other *pari passu* Indebtedness that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of the principal amount plus accrued and unpaid interest and Additional Amounts, if any, to the date of purchase, and will be payable in cash. If any Excess Proceeds remain after consummation of an Asset Sale Offer, the Company may use those Excess Proceeds for any purpose not otherwise prohibited by this Indenture. If the aggregate principal amount of Notes and other *pari passu* Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the Company will purchase all tendered Notes and such other *pari passu* Indebtedness on a *pro rata* basis unless otherwise required under Section 3.02. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds will be reset at zero.

(e) The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations to the extent such laws or regulations are applicable in connection with the repurchase of the Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of Section 3.09 hereof or this Section 4.10, the Company will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations under Section 3.09 hereof or this Section 4.10 by virtue thereof.

Section 4.11 *Transactions with Affiliates.*

(a) The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Company (each, an " *Affiliate Transaction*"), unless:

(1) the Affiliate Transaction is on terms that are no less favorable to the Company or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by the Company or such Restricted Subsidiary with a Person that is not an Affiliate of the Company; and

(2) the Company delivers to the Trustee:

(A) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of US$15.0 million, a resolution of the Board of Directors of the Company set forth in an Officer's Certificate certifying that such Affiliate Transaction complies with clause (1) of this Section 4.11(a) and that such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors of the Company or, prior to the Opening Date only, in the event the Board of Directors of the Company has no disinterested directors, a majority of the members of the Board of Directors; and

(B) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of US$30.0 million, an opinion as to the fairness to the Company or such Restricted Subsidiary of such Affiliate Transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of international standing, or other recognized independent expert of national standing with experience appraising the terms and conditions of the type of transaction or series of related transactions.

(b) The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of Section 4.11(a) hereof:

(1) any employment agreement, employee benefit plan (including compensation, retirement, disability, severance and other similar plan), officer or director indemnification, stock option or incentive plan or agreement, employee equity subscription agreement or any similar arrangement entered into by the Company or any of its Restricted Subsidiaries in the ordinary course of business and payments pursuant thereto;

(2) transactions between or among the Company and/or its Restricted Subsidiaries;

(3) transactions with a Person (other than an Unrestricted Subsidiary of the Company) that is an Affiliate of the Company solely because the Company owns, directly or through a Restricted Subsidiary, an Equity Interest in, or controls, such Person;

(4) payment of reasonable officers' and directors' fees and reimbursement of expenses (including the provision of indemnity to officers and directors) to Persons who are not otherwise Affiliates of the Company;

(5) any issuance of Equity Interests (other than Disqualified Stock) of the Company to Affiliates of the Company or contribution to the common equity capital of the Company;

(6) Restricted Payments (including any payments made under, pursuant to or in connection with the CMA or the Reinvestment Agreement) that do not violate Section 4.07 hereof or any other payment or investment made or deemed to be made with Excluded Project Revenues;

(7) any agreement or arrangement existing on the Issue Date, including any amendments, modifications, supplements, extensions, replacements, terminations or renewals (so long as any such agreement or arrangement together with all such amendments, modifications, supplements, extensions, replacements, terminations and renewals, taken as a whole, is not materially more disadvantageous to the Company and its Restricted Subsidiaries, taken as a whole, than the original agreement or arrangement as in effect on the Issue Date, unless any such amendments, modifications, supplements, extensions, replacements, terminations or renewals are imposed by any Gaming Authority or any other public authority having jurisdiction over the Company, Melco Crown Gaming or any of its Restricted Subsidiaries, including, but not limited to, the government of the Macau SAR);

(8) loans or advances to employees in the ordinary course of business not to exceed US$1.0 million in the aggregate at any one time outstanding;

(9) the payment of Project Costs and the reimbursement of Affiliates of the Company or a Restricted Subsidiary, in each case, as permitted pursuant to the Disbursement Agreements as in effect as of the Issue Date and any amendments thereto (so long as such agreement together with all amendments thereto, taken as a whole, is not more disadvantageous in any material respect to the Company and its Restricted Subsidiaries, taken as a whole, than the original agreement as in effect on the Issue Date);

(10) (a) transactions or arrangements under, pursuant to or in connection with the CMA or the Reinvestment Agreement, including any amendments, modifications, supplements, extensions, replacements, terminations or renewals thereof (so long as the CMA and the Reinvestment Agreement, taken as a whole, together with all such amendments, modifications, supplements, extensions, replacements, terminations and renewals, taken as a whole, is not materially more disadvantageous to the Company and its Restricted Subsidiaries, taken as a whole, than the CMA and the Reinvestment Agreement, taken as a whole, as in effect on the Issue Date or, as determined in good faith by the Board of Directors of the Company, would not materially and adversely affect the Company's ability to make payments of principal of and interest on the Notes) and (b) other than with respect to transactions or arrangements subject to clause (a) above, transactions or arrangements with customers, clients, suppliers or sellers of goods or services in the ordinary course of business and otherwise in compliance with the terms of this Indenture, on terms that are fair to the Company or any of its Restricted Subsidiaries, as applicable, or are no less favorable than those that might reasonably have been obtained in a comparable transaction at such time on an arms-length basis from a Person that is not an Affiliate of the Company, in the case of each of (a) and (b), unless any such amendments, modifications, supplements, extensions, replacements, terminations or renewals are imposed by any Gaming Authority or any other public authority having jurisdiction over the Company, Melco Crown Gaming or any of its Restricted Subsidiaries, including, but not limited to, the government of the Macau SAR;

(11) the execution of the Transactions, and the payment of all fees and expenses relating to the Transactions described in the Offering Memorandum;

(12) with respect to compliance with Section 4.11(a)(2)(B) hereof, transactions or arrangements to be entered into in connection with the Project in the ordinary course of business including any amendments, modifications, supplements, extensions, replacements, terminations or renewals thereof; and

(13) with respect to compliance with Section 4.11(a)(2)(B) hereof, transactions with Excluded Project Subsidiaries in the ordinary course of business and otherwise in compliance with the terms of this Indenture, on terms that are no less favorable than those that might reasonably have been obtained in a comparable transaction at such time on an arms-length basis from a Person that is not an Affiliate of the Company.

Section 4.12 *Liens.*

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, assume or otherwise cause or suffer to exist or become effective any Lien of any kind on any asset now owned or hereafter acquired or any proceeds, income or profits therefrom or assign or convey any right to receive income therefrom, except Permitted Liens, or, if such Lien is not a Permitted Lien, unless the Notes and the Note Guarantees are secured on a *pari passu* basis with the obligations so secured until such time as such obligations are no longer secured by a Lien.

Section 4.13 *Business Activities.*

The Company will not, and will not permit any of its Restricted Subsidiaries to, engage in any business other than Permitted Businesses, except to such extent as would not be material to the Company and its Restricted Subsidiaries taken as a whole.

Section 4.14 *Corporate Existence.*

Subject to Article 5 hereof, the Company shall do or cause to be done all things necessary to preserve and keep in full force and effect:

(1) its corporate existence, and the corporate, partnership or other existence of each of its Subsidiaries, in accordance with the respective organizational documents (as the same may be amended from time to time) of the Company or any such Subsidiary; and

(2) the rights (charter and statutory), licenses and franchises of the Company and its Subsidiaries; *provided, however,* that the Company shall not be required to preserve any such right, license or franchise, or the corporate, partnership or other existence of any of its Subsidiaries, if the Board of Directors shall determine that the preservation thereof is no longer desirable in the conduct of the business of the Company and its Subsidiaries, taken as a whole, and that the loss thereof is not adverse in any material respect to the Holders.

Section 4.15 *Offer to Repurchase upon Change of Control.*

(a) Upon the occurrence of a Change of Control, each Holder will have the right to require the Company to repurchase all or any part of such Holder's Notes at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest and Additional Amounts, if any, to the date of repurchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), except to the extent the Company has previously or concurrently elected to redeem the Notes pursuant to Section 3.07 hereof. Within ten (10) days following any Change of Control, except to the extent that the Company has exercised its right to redeem the Notes by delivery of a notice of redemption pursuant to Section 3.03 hereof, the Company shall mail a notice (a "*Change of Control Offer*") to each Holder with a copy to the Trustee stating:

(1) that a Change of Control has occurred and that such Holder has the right to require the Company to repurchase such Holder's Notes at a repurchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest to the date of repurchase (subject to the right of holders of record on a record date to receive interest on the relevant interest payment date (the " *Change of Control Payment*"));

(2) the circumstances and relevant facts and financial information regarding such Change of Control;

(3) the repurchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed) (the " *Change of Control Payment Date*");

(4) that any Note not tendered will continue to accrue interest;

(5) that, unless the Company defaults in the payment of the Change of Control Payment, all Notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest after the Change of Control Payment Date;

(6) the Holders electing to have any Notes purchased pursuant to a Change of Control Offer will be required to surrender the Notes, with the form entitled "Option of Holder to Elect Purchase" attached to the Notes completed, or transfer by book-entry transfer, to the Paying Agent at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;

(7) the Holders will be entitled to withdraw their election if the Paying Agent receives, not later than the close of business on the second Business Day preceding the Change of Control Payment Date, a telegram, telex, facsimile transmission or letter setting forth the name of the Holder, the principal amount of the Notes delivered for purchase, and a statement that such Holder is withdrawing his election to have the Notes purchased, and

(8) that Holders whose Notes are being purchased only in part will be issued new Notes equal in principal amount to the unpurchased portion of the Notes surrendered, *provided* that the unpurchased portion has a minimum denomination of US$250,000.

(b) On the Change of Control Payment Date, the Company will, to the extent lawful:

(1) accept for payment all Notes or portions of Notes properly tendered pursuant to the Change of Control Offer;

(2) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Notes or portions of Notes properly tendered; and

(3) deliver or cause to be delivered to the Trustee the Notes properly accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions of Notes properly tendered and being purchased by the Company.

The Paying Agent will promptly mail (but in any case not later than five (5) days after the Change of Control Payment Date) to each Holder properly tendered the Change of Control Payment for such Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each Holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any, *provided* that the unpurchased portion has a minimum denomination of US$250,000. The Company will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

(c) Notwithstanding anything to the contrary in this Section 4.15, the Company will not be required to make a Change of Control Offer upon a Change of Control if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in this Section 4.15 hereof and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer, or (2) notice of redemption has been given pursuant to Section 3.03 hereof, unless and until there is a default in payment of the applicable redemption price.

(d) A Change of Control Offer may be made in advance of a Change of Control, and conditioned upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

(e) Notes repurchased by the Company pursuant to a Change of Control Offer will have the status of Notes issued but not outstanding or will be retired and cancelled at the option of the Company. Notes purchased by a third party pursuant to the preceding paragraph will have the status of Notes issued and outstanding.

(f) The Company will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of the Notes pursuant to this Section 4.15. To the extent that the provisions of any securities laws or regulations conflict with the provisions of this Section 4.15, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this Section 4.15 by virtue of such compliance.

Section 4.16 *Payments for Consents.*

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of this Indenture, the Notes, the Note Guarantees or the Security Documents unless such consideration is (1) offered to be paid; and (2) is paid to all Holders that consent, waive or agree to amend within the time frame and on the terms set forth in the solicitation documents relating to such consent, waiver or agreement.

Section 4.17 *Future Subsidiary Guarantors.*

(a) If the Company or any of its Restricted Subsidiaries acquires or creates another Subsidiary after the Issue Date, then the Company shall cause such newly acquired or created Subsidiary to become a Subsidiary Guarantor (in the event that such Subsidiary provides a guarantee of any other Indebtedness of the Company or a Subsidiary Guarantor of the type specified under clauses (1) or (2) of the definition of "Indebtedness"), at which time such Subsidiary shall:

(1) execute a supplemental indenture in the form attached as Exhibit D hereto pursuant to which such Subsidiary shall unconditionally guarantee, on a senior basis, all of the Company's Obligations under this Indenture and the Notes on the terms set forth in this Indenture;

(2) execute and deliver to the Collateral Agent such amendments or supplements to the Security Documents necessary in order to grant to the Collateral Agent, for the benefit of the Trustee and the holders of the Notes, a perfected security interest (subject to Permitted Liens and to the extent permitted under applicable law) in the Collateral owned by such Subsidiary Guarantor required to be pledged pursuant to the Security Documents;

(3) take such further action and execute and deliver such other documents as otherwise may be reasonably requested by the Trustee or the Collateral Agent to give effect to the foregoing; and

(4) deliver to the Trustee and the Collateral Agent an Opinion of Counsel that (i) such supplemental indenture and any other documents required to be delivered have been duly authorized, executed and delivered by such Subsidiary and constitute legal, valid, binding and enforceable Obligations of such Subsidiary and (ii) the Security Documents to which such Subsidiary is a party create a valid perfected Lien on the Collateral covered thereby to the extent permitted under applicable law.

(b) Notwithstanding Section 4.17(a), the Company shall not be obligated to cause any such Restricted Subsidiary to Guarantee the Notes to the extent that such Guarantee by such Restricted Subsidiary would reasonably be expected to give rise to or result in (i) any liability for the officers, directors or shareholders of such Restricted Subsidiary or (ii) any significant cost, expense, liability or obligation (including with respect of any Taxes, but excluding any reasonable guarantee or similar fee payable to the Company or a Restricted Subsidiary) other than reasonable out of pocket expenses.

Section 4.18 *Designation of Restricted and Unrestricted Subsidiaries.*

The Board of Directors of the Company may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if that designation would not cause a Default; *provided that* in no event will the business currently operated by Studio City Company Limited, Studio City Developments Limited, Studio City Entertainment Limited or Studio City Hotels Limited be transferred to or held by an Unrestricted Subsidiary. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate Fair Market Value of all outstanding Investments owned by the Company and its Restricted Subsidiaries in the Subsidiary designated as an Unrestricted Subsidiary will be deemed to be an Investment made as of the time of the designation and will reduce the amount available for Restricted Payments under Section 4.07 hereof or under one or more clauses of the definition of Permitted Investments, as determined by the Company. That designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary (or, with respect to Excluded Project Subsidiaries, they meet the definition thereof). The Board of Directors of the Company may re-designate any Unrestricted Subsidiary to be a Restricted Subsidiary if that re-designation would not cause a Default.

Any designation of a Subsidiary of the Company as an Unrestricted Subsidiary will be evidenced to the Trustee by filing with the Trustee a certified copy of a resolution of the Board of Directors giving effect to such designation and an Officer's Certificate certifying that such designation complied with the preceding conditions and was permitted by Section 4.07 hereof. If, at any time, any Unrestricted Subsidiary would fail to meet the preceding requirements as an Unrestricted Subsidiary (or, with respect to an Excluded Project Subsidiary, it would fail to meet the requirements set forth in the definition thereof), it will thereafter cease to be an Unrestricted Subsidiary for purposes of this Indenture and any Indebtedness of such Subsidiary will be deemed to be Incurred by a Restricted Subsidiary of the Company as of such date and, if such Indebtedness is not permitted to be Incurred as of such date under Section 4.09 hereof, the Company will be in Default of such covenant. The Board of Directors of the Company may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary of the Company; *provided that* such designation will be deemed to be an Incurrence of Indebtedness by a Restricted Subsidiary of the Company of any outstanding Indebtedness of such Unrestricted Subsidiary, and such designation will only be permitted if (1) such Indebtedness is permitted under Section 4.09 hereof, calculated on a *pro forma* basis as if such designation had occurred at the beginning of the reference period; and (2) no Default or Event of Default would be in existence following such designation. On such designation, the Company shall deliver an Officer's Certificate to the Trustee regarding such designation and certifying that such designation complies with the preceding conditions and the relevant covenants under this Indenture.

Section 4.19 *Listing.*

The Company will use its commercially reasonable efforts to list and maintain the listing and quotation of the Notes on the Official List of the Singapore Exchange Securities Trading Limited or another comparable exchange.

Section 4.20 *Creation of New Intermediate Holding Companies.*

(a) Prior to any funding under the Senior Secured Credit Facilities, the Company shall create holding companies that are direct parent companies of Studio City Entertainment Limited and Studio City Hotels Limited (and together holding 100% of the Voting Stock thereof) and direct subsidiaries of Studio City Holdings Two Limited (the "*New Intermediate Holding Companies*"). The New Intermediate Holding Companies shall constitute "direct parent companies" for purposes of Section 11.08(c) of this Indenture.

(b) Promptly upon the incorporation of the New Intermediate Holding Companies, the Company shall procure that each New Intermediate Holding Company shall provide a Note Guarantee on a senior basis as provided in this Indenture (including pursuant to Section 4.17 hereof).

Section 4.21 *Escrow of Proceeds.*

The Company shall deposit, or cause to be deposited, the net proceeds of the offering of the Notes issued on the Issue Date into the Escrow Account on the Issue Date and shall comply with the terms of the Escrow Agreement.

Section 4.22 *Limitations on Use of Proceeds*

Upon release from the Escrow Account in accordance with the Escrow Agreement, the Company will deposit all of the net proceeds of the offering of the Notes issued on the Issue Date into the Note Proceeds Account after the funding of the Note Interest Reserve Account. The funds in the Note Proceeds Account will be invested as set forth in the Indenture and the Note Disbursement and Account Agreement and will be disbursed only in accordance with the Note Disbursement and Account Agreement.

Section 4.23 *Note Debt Service Reserve Account.*

(a) On the date of or immediately prior to the submission of the first utilization request under the Senior Secured Credit Facilities, and upon release from the Note Interest Reserve Account pursuant to the Note Disbursement and Account Agreement, the Company shall cause the Six-Month Interest Reserve to be deposited into a U.S. dollar-denominated note debt service reserve account established by, and in the name of, the Senior Secured Credit Facilities Borrower.

(b) At all times the obligations of the Company to deposit monthly payments into the Note Interest Accrual Account shall be substantially identical in priority to any obligations to make periodic payments into the Senior Debt Service Accrual Account or any similar account established for the benefit of the Senior Secured Credit Facilities Finance Parties (or the analogous parties under any Credit Facility that refinances in whole or in part the Senior Secured Credit Facilities) with respect to principal and interest due thereunder for the applicable periods in accordance with the terms of the Note Disbursement and Account Agreement, subject to the rights of secured creditors of the Company and its subsidiaries on enforcement, although the failure to fund the Note Interest Accrual Account (to the extent the Senior Debt Service Accrual Account or its equivalent is also not funded as specified above) will not constitute a Default or Event of Default under this Indenture.

Section 4.24 *Operation of Revenue Account.*

All of the revenues of Studio City Investments Limited and its Restricted Subsidiaries derived directly from the operation of the Phase I Project from the Opening Date shall be paid into an agreed account or accounts (collectively, the " *Revenue Account*") secured in favor of the security agent under the Senior Secured Credit Facilities (or any Credit Facility that refinances in whole or in part the Senior Secured Credit Facilities) and not in favor of the Trustee or the holders of the Notes). Funds shall be paid out of the Revenue Account in support of the Company's and the Senior Secured Credit Facilities Borrower's obligations under the Notes and the Senior Secured Credit Facilities (or any Credit Facility that refinances in whole or in part the Senior Secured Credit Facilities), respectively, in accordance with the following sequence towards:

(a) payment of construction costs, budgeted operating expenditure, budgeted capital expenditure and taxes;

(b) payment of any fees and expenses owing to the agents and the other administrative parties appointed in connection with the Senior Secured Credit Facilities (or any Credit Facility that refinances in whole or in part the Senior Secured Credit Facilities) and the Trustee, the Collateral Agent, the Paying and Transfer Agent, the Registrar, and any other administrative parties appointed in connection with the Notes;

(c) payments (on a *pari passu* and *pro rata* basis as among (i), (ii) and (iii)) to (i) the Senior Debt Service Accrual Account (or its equivalent under any Credit Facility that refinances in whole or in part the Senior Secured Credit Facilities) up to the required balance of scheduled interest (and additional amounts in the nature of interest) due under the Senior Secured Credit Facilities (or any Credit Facility that refinances in whole or in part the Senior Secured Credit Facilities) on the next interest payment date (crediting any amounts receivable under relevant interest rate swap agreements); (ii) the Senior Debt Service Accrual Account (or its equivalent under any Credit Facility that refinances in whole or in part the Senior Secured Credit Facilities) up to the required balance of scheduled principal due under the Senior Secured Credit Facilities (or any Credit Facility that refinances in whole or in part the Senior Secured Credit Facilities) on the next repayment date (other than the amount of scheduled principal due on the final repayment date); and (iii) the Note Interest Accrual Account up to the required balance of interest due on the next interest payment date (and additional amounts in the nature of interest), which amounts will be applied in making such payment provided that the amount standing to the credit of the Note Interest Accrual Account shall not accrue at a rate higher than one sixth of interest due under the Notes on the next interest payment date multiplied by the number of months that have passed in each six-month interest period under the Notes (adjusted, in the case of the first interest payment date after the Opening Date, for any amount credited to the Note Interest Accrual Account from the Note Interest Reserve Account and any part month);

(d) payment to the debt service reserve account (or its equivalent) established pursuant to the Senior Secured Credit Facilities (or any Credit Facility that refinances in whole or in part the Senior Secured Credit Facilities) up to the required balance;

(e) to the extent not paid pursuant to paragraphs (b) and (c) above, payment of any unpaid amounts then due to any of the Senior Secured Credit Facilities Finance Parties (or the analogous parties under any Credit Facility that replaces the Senior Secured Credit Facilities) and the holders of the Notes, the Trustee, the Collateral Agent, the Paying and Transfer Agent, the Registrar, and any other administrative parties appointed in connection with the Notes (excluding those amounts payable as set forth in paragraph (g) below);

(f) to the extent not paid pursuant to paragraph (a) above, payment of the unpaid amount of taxes, contributions, other premia, capital expenditure and operating costs and expenses then due and payable by the obligors under the Senior Secured Credit Facilities (or any Credit Facility that refinances in whole or in part the Senior Secured Credit Facilities);

(g) payment to a reserve account to meet any payments required under certain mandatory prepayment provisions of the Senior Secured Credit Facilities (or any Credit Facility that refinances in whole or in part the Senior Secured Credit Facilities); and

(h) payment to an account from which dividends, distributions and any other payments are permitted to be made by the Senior Secured Credit Facilities (or any Credit Facility that refinances in whole or in part the Senior Secured Credit Facilities).

Section 4.25 *Construction.*

The Company will, and will cause its Restricted Subsidiaries to, construct the Phase I Project, including the furnishing, fixturing and equipping thereof, with diligence and continuity in a good and workman-like manner substantially in accordance with the Plans and Specifications.

Section 4.26 *Suspension of Covenants*

(a) The following covenants (the "*Suspended Covenants*") will not apply during any period during which the Notes have an Investment Grade Status (a "*Suspension Period*"): Section 4.07, Section 4.08, Section 4.09, Section 4.10, Section 4.11, Section 5.01(a)(3), and Section 4.17. Additionally, during any Suspension Period, the Company will no longer be permitted to designate any Restricted Subsidiary as an Unrestricted Subsidiary.

(b) In the event that the Company and its Restricted Subsidiaries are not subject to the Suspended Covenants for any period of time as a result of the foregoing, and on any subsequent date (the "*Reversion Date*") the Notes cease to have Investment Grade Status, then the Suspended Covenants will apply with respect to events occurring following the Reversion Date (unless and until the Notes subsequently attain an Investment Grade Status, in which case the Suspended Covenants will again be suspended for such time that the Notes maintain an Investment Grade Status); *provided*, *however*, that no Default or Event of Default will be deemed to exist under the Indenture with respect to the Suspended Covenants, and none of the Company or any of its Subsidiaries will bear any liability for any actions taken or events occurring during a Suspension Period and before any related Reversion Date, or any actions taken at any time pursuant to any contractual obligation or binding commitment arising prior to such Reversion Date, regardless of whether those actions or events would have been permitted if the applicable Suspended Covenant had remained in effect during such period.

(c) On each Reversion Date, all Indebtedness Incurred during the Suspension Period prior to such Reversion Date will be deemed to be Indebtedness existing on the Issue Date. For purposes of calculating the amount available to be made as Restricted Payments under Section 4.07(a)(D) on or after the Reversion Date, calculations under such covenant shall be made as though such covenant had been in effect during the entire period of time after the Issue Date (including the Suspension Period). Restricted Payments made during the Suspension Period not otherwise permitted pursuant to any of clauses (2) through (6) or (19) under Section 4.07(b) will reduce the amount available to be made as Restricted Payments under Section 4.07(a)(D); provided, that the amount available to be made as Restricted Payments on the Reversion Date shall not be reduced to below zero solely as a result of such Restricted Payments. In addition, for purposes of the other Suspended Covenants, all agreements entered into and all actions taken during the Suspension Period, including, without limitation, the Incurrence of Indebtedness shall be deemed to have been taken or to have existed prior to the Issue Date.

(c) This Section 5.01 will not apply to:

Section 6.02 *Acceleration*.

In the case of an Event of Default specified in Section 6.01(a)(8) or 6.01(a)(9) hereof, with respect to the Company, any Restricted Subsidiary of the Company that is a Significant Subsidiary or any group of Restricted Subsidiaries of the Company that, taken together, would constitute a Significant Subsidiary, all outstanding Notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the Trustee or the Holders of at least 25% in aggregate principal amount of the then outstanding Notes may declare all the Notes to be due and payable immediately.

Upon any such declaration, the Notes shall become due and payable immediately.

The Holders of a majority in aggregate principal amount of the then outstanding Notes by written notice to the Trustee may, on behalf of all of the Holders, rescind an acceleration and its consequences, if the rescission would not conflict with any judgment or decree and if all existing Events of Default (except nonpayment of principal, interest, premium or Additional Amounts, if any, that has become due solely because of the acceleration) have been cured or waived.

Section 6.03 *Other Remedies.*

If an Event of Default occurs and is continuing, the Trustee may pursue any available remedy to collect the payment of principal, premium and Additional Amounts, if any, and interest on the Notes or to enforce the performance of any provision of the Notes, this Indenture or the Security Documents.

The Trustee may maintain a proceeding even if it does not possess any of the Notes or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. All remedies are cumulative to the extent permitted by law.

Section 6.04 *Waiver of Past Defaults.*

Holders of not less than a majority in aggregate principal amount of the then outstanding Notes by notice to the Trustee may on behalf of the Holders of all of the Notes waive an existing Default or Event of Default and its consequences hereunder, except a continuing Default or Event of Default in the payment of the principal of, premium, Additional Amounts, if any, or interest on, the Notes (including in connection with an offer to purchase); *provided, however*, that the Holders of a majority in aggregate principal amount of the then outstanding Notes may rescind an acceleration and its consequences, including any related payment default that resulted from such acceleration. Upon any such waiver, such Default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured for every purpose of this Indenture; but no such waiver shall extend to any subsequent or other Default or impair any right consequent thereon.

Section 6.05 *Control by Majority.*

Holders of a majority in aggregate principal amount of the then outstanding Notes may direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee or exercising any trust or power conferred on it. However, the Trustee may refuse to follow any direction that conflicts with law or this Indenture that the Trustee determines may be unduly prejudicial to the rights of other Holders or that may involve the Trustee in personal liability.

Section 6.06 *Limitation on Suits.*

(a) Subject to the provisions of this Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under this Indenture at the request or direction of any Holders unless such Holders have offered to the Trustee reasonable indemnity or security to its satisfaction against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest or Additional Amounts, if any, when due, no Holder may pursue any remedy with respect to this Indenture or the Notes unless:

(1) such Holder has previously given the Trustee written notice that an Event of Default is continuing;

(2) Holders of at least 25% in aggregate principal amount of the then outstanding Notes have made a written request to the Trustee to pursue the remedy;

(3) such Holders have offered the Trustee security or indemnity to its satisfaction against any loss, liability or expense;

(4) the Trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity to its satisfaction; and

(5) during such 60-day period, Holders of a majority in aggregate principal amount of the then outstanding Notes have not given the Trustee a direction inconsistent with such request.

(b) A Holder may not use this Indenture to prejudice the rights of another Holder or to obtain a preference or priority over another Holder.

Section 6.07 *Rights of Holders to Receive Payment.*

Notwithstanding any other provision of this Indenture, the right of any Holder to receive payment of principal, premium, Additional Amounts, if any, and interest on the Notes, on or after the respective due dates expressed in the Note (including in connection with an offer to purchase), or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder; *provided that* a Holder shall not have the right to institute any such suit for the enforcement of payment if and to the extent that the institution or prosecution thereof or the entry of judgment therein would, under applicable law, result in the surrender, impairment, waiver or loss of the Lien of this Indenture upon any property subject to such Lien.

Section 6.08 *Collection Suit by Trustee.*

If an Event of Default specified in Section 6.01(a)(1) or (a)(2) hereof occurs and is continuing, the Trustee is authorized to recover judgment in its own name and as trustee of an express trust against the Company for the whole amount of principal of, premium, Additional Amounts, if any, and interest remaining unpaid on, the Notes and interest on overdue principal and premium, if any and, to the extent lawful, interest and such further amount as shall be sufficient to cover the costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel.

Section 6.09 *Trustee May File Proofs of Claim.*

The Trustee is authorized to file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel) and the Holders allowed in any judicial proceedings relative to the Company (or any other obligor upon the Notes), its creditors or its property and shall be entitled and empowered to collect, receive and distribute any money or other property payable or deliverable on any such claims and any custodian in any such judicial proceeding is hereby authorized by each Holder to make such payments to the Trustee, and in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due the Trustee under Section 7.08 hereof. To the extent that the payment of any such compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due the Trustee under Section 7.08 hereof out of the estate in any such proceeding, shall be denied for any reason, payment of the same shall be secured by a Lien on, and shall be paid out of, any and all distributions, dividends, money, securities and other properties that the Holders may be entitled to receive in such proceeding whether in liquidation or under any plan of reorganization or arrangement or otherwise. Nothing herein contained shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 6.10 *Priorities.*

If the Trustee collects any money pursuant to this Article 6, it shall pay out the money in the following order:

First: to the Trustee, the Collateral Agent, the Agents, and their respective agents and attorneys for amounts due under Section 7.08 hereof, including payment of all compensation, expenses and liabilities incurred, and all advances made, by the Trustee, the Collateral Agent or any Agent, and the costs and expenses of collection;

Second: to Holders for amounts due and unpaid on the Notes for principal, premium, Additional Amounts, if any, and interest, ratably, without preference or priority of any kind, according to the amounts due and payable on the Notes for principal, premium, Additional Amounts, if any, and interest, respectively; and

Third: to the Company or to such party as a court of competent jurisdiction shall direct.

The Trustee may fix a record date and payment date for any payment to Holders pursuant to this Section 6.10.

Section 6.11 *Undertaking for Costs.*

In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as a Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.11 does not apply to a suit by the Trustee, a suit by a Holder pursuant to Section 6.07 hereof, or a suit by Holders of more than 10% in aggregate principal amount of the then outstanding Notes.

ARTICLE 7
TRUSTEE

Section 7.01 *Duties of Trustee.*

(a) If an Event of Default has occurred and is continuing, the Trustee will exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in its exercise, as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs.

(b) Except during the continuance of an Event of Default:

(1) the duties of the Trustee will be determined solely by the express provisions of this Indenture and the Trustee need perform only those duties that are specifically set forth in this Indenture and no others, and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(2) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. However, the Trustee will examine the certificates and opinions to determine whether or not they conform to the requirements of this Indenture.

(3) other than with respect to a payment default, the Trustee shall not be charged with knowledge of any Default or Event of Default unless written notice has been delivered to a Responsible Officer at the Corporate Trust Office of the Trustee referencing the applicable provision of this Indenture.

(c) The Trustee may not be relieved from liabilities for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that:

(1) this paragraph does not limit the effect of paragraph (b) of this Section 7.01;

(2) the Trustee will not be liable for any error of judgment made in good faith by a Responsible Officer; and

(3) the Trustee will not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.05 hereof.

(d) Whether or not therein expressly so provided, every provision of this Indenture that in any way relates to the Trustee is subject to paragraphs (a), (b), and (c) of this Section 7.01.

(e) No provision of this Indenture will require the Trustee to expend or risk its own funds or incur any liability.

(f) The Trustee will not be liable for interest on any money received by it except as the Trustee may agree in writing with the Company. Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.

Section 7.02 *Rights of Trustee.*

(a) The Trustee may conclusively rely upon any document believed by it to be genuine and to have been signed or presented by the proper Person. The Trustee need not investigate any fact or matter stated in the document.

(b) Before the Trustee acts or refrains from acting, it may require an Officer's Certificate or an Opinion of Counsel or both. The Trustee will not be liable for any action it takes or omits to take in good faith in reliance on such Officer's Certificate or Opinion of Counsel. The Trustee may engage and consult with professional advisors and counsel selected by it at the reasonable expense of the Company and the Trustee may rely conclusively upon advice of such professional advisors and counsel or any Opinion of Counsel will be full and complete authorization and protection from liability in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon by the Trustee and any of its directors, officers, employees or agents duly appointed.

(c) The Trustee may act through its attorneys and agents and will not be responsible for the misconduct or negligence of any agent appointed with due care. The Trustee shall have no duty to monitor the performance of such agents.

(d) The Trustee will not be liable for any action it takes or omits to take in good faith that it believes to be authorized or within the rights or powers conferred upon it by this Indenture. The Trustee shall not be required to take action at the direction of the Company or Holders which conflicts with the requirements of this Indenture, or for which it is not indemnified to its satisfaction, or which involves undue risk or would be contrary to applicable law or regulation.

(e) Unless otherwise specifically provided in this Indenture, any demand, request, direction or notice from the Company will be sufficient if signed by an Officer or a director of the Company.

(f) The Trustee will be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders unless such Holders have offered to the Trustee indemnity and/or security satisfactory to the Trustee in its sole discretion against the losses, liabilities and expenses that might be incurred by it in compliance with such request or direction.

(g) In no event shall the Trustee be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services; it being understood that the Trustee shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

(h) The recitals contained herein and in the Notes are made by the Company and not by the Trustee, and the Trustee assumes no responsibility for the correctness thereof. The Trustee makes no representation as to the validity or sufficiency of this Indenture, the Notes, the Intercompany Note Proceeds Loan or Security Document.

(i) The Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document, but the Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Trustee shall determine to make such further inquiry or investigation, it shall be entitled to examine the books, records, and premises of the Company, personally or by agent or attorney at the sole cost of the Company and shall incur no liability or additional liability of any kind by reason of such inquiry or investigation.

(j) In no event shall the Trustee be responsible or liable for special, indirect, or consequential loss or damage of any kind whatsoever (including, but not limited to, loss of profit) irrespective of whether the Trustee has been advised of the likelihood of such loss or damage and regardless of the form of action.

(k) The rights, privileges, indemnity, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and the Collateral Agent, and each agent, custodian and other Person employed to act hereunder and shall be incorporated by reference and made a part of the Security Documents, *provided, however* the Collateral Agent and any such agent or custodian shall not be deemed to be a fiduciary;

(l) The Trustee may request that the Company deliver a certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture;

(m) In the event that the Trustee and Agents shall be uncertain as to their respective duties or rights hereunder or shall receive instructions, claims or demands from the Company, which in their opinion, conflict with any of the provisions of this Indenture, they shall be entitled to refrain from taking action until directed in writing by a final order or judgment of a court of competent jurisdiction; and

(n) So long as any of the Notes remains outstanding, the Company shall provide the Agents with a sufficient number of copies of this Indenture and each of the documents sent to the Trustee or which are required to be made available by stock exchange regulations or stated in the Offering Memorandum relating to the Notes, to be available and, subject to being provided with such copies, each of the Agents will procure that such copies shall be available at its specified office during normal office hours for examination by the Holders and that copies thereof will be furnished to the Holders upon written request at their own expense.

Section 7.03 *Limitation on Duty of Trustee and Collateral Agent in Respect of Collateral; Indemnification*

(a) Beyond the exercise of reasonable care in the custody thereof, the Trustee and Collateral Agent shall have no duty as to any Collateral in its possession or control or in the possession or control of any agent or bailee or any income thereon or as to preservation of rights against prior parties or any other rights pertaining thereto and the Trustee and Collateral Agent shall not be responsible for filing any financing or continuation statements or recording any documents or instruments in any public office at any time or times or otherwise perfecting or maintaining the perfection of any security interest in the Collateral. The Trustee and Collateral Agent shall be deemed to have exercised reasonable care in the custody of the Collateral in its possession if the Collateral is accorded treatment substantially equal to that which it accords other collateral and shall not be liable or responsible for any loss or diminution in the value of any of the Collateral, by reason of the act or omission of any carrier, forwarding agency or other agent or bailee selected by the Trustee or Collateral Agent in good faith.

(b) The Trustee and Collateral Agent shall not be responsible for the existence, genuineness or value of any of the Collateral or for the validity, perfection, priority of enforceability of the Liens in any of the Collateral, whether impaired by operation of law or by reason of any action or omission to act on its part hereunder, except to the extent such action or omission constitutes gross negligence, bad faith or willful misconduct on the part of the Trustee and Collateral Agent, for the validity or sufficiency of the Collateral or any agreement or assignment contained therein, for the validity or sufficiency of the Collateral or any agreement or assignment contained therein, for the validity of the title of the Company to the Collateral, for insuring the Collateral or otherwise as to the maintenance of the Collateral. The Trustee and Collateral Agent shall have no duty to ascertain or inquire as to the performance or observance of any of the terms of this Indenture or the Security Documents, by the Company or the Subsidiary Guarantors.

Section 7.04 *Individual Rights of Trustee.*

The Trustee in its individual or any other capacity may become the owner or pledgee of Notes and may otherwise deal with the Company or any Affiliate of the Company with the same rights it would have if it were not Trustee. The Trustee is also subject to Section 7.11 hereof.

Section 7.05 *Trustee's Disclaimer.*

The Trustee will not be responsible for and makes no representation as to the validity or adequacy of this Indenture, the Security Documents or the Notes, it shall not be accountable for the Company's use of the proceeds from the Notes or any money paid to the Company or upon the Company's direction under any provision of this Indenture, it will not be responsible for the use or application of any money received by any Paying Agent other than the Trustee, and it will not be responsible for any statement or recital herein or any statement in the Notes or any other document in connection with the sale of the Notes or pursuant to this Indenture other than its certificate of authentication. The Trustee shall not be deemed to be required to calculate any Fixed Charges, Treasury Rates, Additional Amounts, any make-whole amount, any Fixed Charge Coverage Ratio or other coverage ratio, or otherwise.

Section 7.06 *Notice of Defaults.*

If a Default or Event of Default occurs and is continuing and if it is known to the Trustee, the Trustee will mail to Holders a notice of the Default or Event of Default within ninety (90) days after it occurs. Except in the case of a Default or Event of Default in payment of principal of, premium, Additional Amounts, if any, or interest on, any Note, the Trustee shall not be deemed to have such actual knowledge and may withhold the notice if and so long as a committee of its Responsible Officers in good faith determines that withholding the notice is in the interests of the Holders.

Section 7.07 *[Intentionally Omitted.]*

Section 7.08 *Compensation and Indemnity.*

(a) The Company will pay to the Trustee from time to time reasonable compensation for its acceptance of this Indenture and services hereunder pursuant to a written fee agreement executed by the Trustee and the Company. The Trustee's compensation will not be limited by any law on compensation of a trustee of an express trust. The Company will reimburse the Trustee promptly upon request for all reasonable disbursements, advances and expenses properly incurred or made by it in addition to the compensation for its services. Such expenses will include the reasonable compensation, disbursements and expenses of the Trustee's agents and counsel.

(b) The Company and the Subsidiary Guarantors will indemnify the Trustee (which for purposes of this Section 7.08, shall be deemed to include its officers, directors, employees and agents) against any and all losses, liabilities or expenses (including the fees and expenses of counsel) incurred by it arising out of or in connection with the acceptance or administration of its duties under this Indenture, including the costs and expenses of enforcing this Indenture against the Company and the Subsidiary Guarantors (including this Section 7.08) and defending itself against any claim (whether asserted by the Company, the Subsidiary Guarantors, any Holder or any other Person) or liability in connection with the exercise or performance of any of its powers or duties hereunder, except to the extent any such loss, liability or expense may be attributable solely to its negligence or willful default or fraud by a court of competent jurisdiction in a final non-appealable order. The Trustee will notify the Company promptly of any claim for which it may seek indemnity. Failure by the Trustee to so notify the Company will not relieve the Company or any of the Subsidiary Guarantors of their obligations hereunder. The Company or such Subsidiary Guarantor will defend the claim and the Trustee will cooperate in the defense. The Trustee may have separate counsel and the Company will pay the reasonable fees and expenses of such counsel. Neither the Company nor any Subsidiary Guarantor need to pay for any settlement made without its consent, which consent will not be unreasonably withheld.

(c) The obligations of the Company and the Subsidiary Guarantors under this Section 7.08 will survive the satisfaction and discharge of this Indenture, and the resignation or removal of the Trustee, the Collateral Agent and/or any Agent.

(d) To secure the Company's and the Subsidiary Guarantors' payment obligations in this Section 7.08, the Trustee will have a Lien prior to the Notes on all money or property held or collected by the Trustee, except that held in trust to pay principal and interest on particular Notes. Such Lien will survive the satisfaction and discharge of this Indenture.

(e) When the Trustee incurs expenses or renders services after an Event of Default specified in Section 6.01(a)(8) or Section 6.01(a)(9) hereof occurs, the expenses and the compensation for the services (including the fees and expenses of its agents and counsel) are intended to constitute expenses of administration under any Bankruptcy Law.

(f) The Collateral Agent shall have the same rights to compensation and indemnity as the Trustee hereunder. For purposes of this Section 7.08 "hereunder" shall be deemed to include this Indenture, the Notes and the Security Documents.

Section 7.09 *Replacement of Trustee.*

(a) A resignation or removal of the Trustee and appointment of a successor Trustee will become effective only upon the successor Trustee's acceptance of appointment as provided in this Section 7.09.

(b) The Trustee may resign in writing at any time and be discharged from the trust hereby created by so notifying the Company. The Holders of a majority in aggregate principal amount of the then outstanding Notes may remove the Trustee by so notifying the Trustee and the Company in writing. The Company may remove the Trustee if:

(1) the Trustee fails to comply with Section 7.11 hereof;

(2) the Trustee is adjudged a bankrupt or an insolvent or an order for relief is entered with respect to the Trustee under any Bankruptcy Law;

(3) a custodian or public officer takes charge of the Trustee or its property; or

(4) the Trustee becomes incapable of acting.

(c) If the Trustee resigns or is removed or if a vacancy exists in the office of Trustee for any reason, the Company will promptly appoint a successor Trustee. Within one (1) year after the successor Trustee takes office, the holders of a majority in aggregate principal amount of the then outstanding Notes may appoint a successor Trustee to replace the successor Trustee appointed by the Company.

(d) If a successor Trustee does not take office within sixty (60) days after the retiring Trustee resigns or is removed, the retiring Trustee, the Company, or the holders of at least 10% in aggregate principal amount of the then outstanding Notes may petition any court of competent jurisdiction for the appointment of a successor Trustee at the sole expense of the Company.

(e) If the Trustee, after written request by any Holder who has been a Holder for at least six months, fails to comply with Section 7.11 hereof, such Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(f) A successor Trustee will deliver a written acceptance of its appointment to the retiring Trustee and to the Company. Thereupon, the resignation or removal of the retiring Trustee will become effective, and the successor Trustee will have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee will mail a notice of its succession to Holders. The retiring Trustee will promptly transfer all property held by it as Trustee to the successor Trustee; *provided* all sums owing to the Trustee hereunder have been paid and subject to the Lien provided for in Section 7.08 hereof. Notwithstanding replacement of the Trustee pursuant to this Section 7.09, the Company's obligations under Section 7.08 hereof will continue for the benefit of the retiring Trustee.

Section 7.10 *Successor Trustee by Merger, etc.*

If the Trustee consolidates, merges or converts into, or transfers all or substantially all of its corporate trust business to, another corporation, the successor corporation without any further act will be the successor Trustee.

Section 7.11 *Eligibility; Disqualification.*

There will at all times be a Trustee hereunder that is a corporation organized and doing business under the laws of the United States of America or of any state thereof, the United Kingdom or Hong Kong that is authorized under such laws to exercise corporate trustee power and that has a combined capital and surplus of at least US$100.0 million as set forth in its most recent published annual report of condition.

Section 7.12 *Appointment of Co-Trustee.*

(a) Notwithstanding any other provisions of this Indenture, at any time, for the purpose of meeting any legal requirement of any jurisdiction or otherwise, the Trustee shall have the power and may execute and deliver all instruments necessary to appoint one or more Persons to act as a co-trustee or co-trustees, or separate trustees, of all or any part of this Indenture, and to vest in such Person or Persons, in such capacity and for the benefit of the Holders, such powers, duties, obligations, rights and trusts as the Trustee may consider necessary or desirable. No co-trustee or separate trustee hereunder shall be required to meet the terms of eligibility as a successor trustee under Section 7.09 and no notice to the Holders of the appointment of any co-trustee or separate trustee shall be required.

(b) Every separate trustee and co-trustee shall, to the extent permitted by law, be appointed and act subject to the following provisions and conditions:

(1) All rights, powers, duties and obligations conferred or imposed upon the Trustee shall be conferred or imposed upon and exercised or performed by the Trustee and such separate trustee or co-trustee jointly (it being understood that such separate trustee or co-trustee is not authorized to act separately without the Trustee joining in such act), except to the extent that under any law of any jurisdiction in which any particular act or acts are to be performed the Trustee shall be incompetent or unqualified to perform such act or acts, in which event such rights, powers, duties and obligations shall be exercised and performed singly by such separate trustee or co-trustee, but solely at the direction of the Trustee.

(2) No trustee hereunder shall be personally liable by reason of any act or omission of any other trustee hereunder; and

(3) The Trustee may at any time accept the resignation of or remove any separate trustee or co-trustee.

(c) Any notice, request or other writing given to the Trustee shall be deemed to have been given to each of the then separate trustees and co-trustees, as effectively as if given to each of them. Every instrument appointing any separate trustee or co-trustee shall refer to this Indenture and the conditions of this Section 7.12. Each separate trustee and co-trustee, upon its acceptance of the trusts conferred, shall be vested with the estates or property specified in its instrument of appointment, either jointly with the Trustee or separately, as may be provided therein, subject to all the provisions of this Indenture, specifically including every provision of this Indenture relating to the conduct of, affecting the liability of, or affording protection or rights (including the rights to compensation, reimbursement and indemnification hereunder) to, the Trustee. Every such instrument shall be filed with the Trustee.

(d) Any separate trustee or co-trustee may at any time constitute the Trustee its agent or attorney-in-fact with full power and authority, to the extent not prohibited by law, to do any lawful act under or in respect of this Indenture on its behalf and in its name. If any separate trustee or co-trustee shall die, become incapable of acting, resign or be removed, all of its estates, properties, rights, remedies, and trusts shall vest in and be exercised by the Trustee, to the extent permitted by law, without the appointment of a new or successor trustee.

Section 7.13 *[Intentionally Omitted].*

Section 7.14 *Rights of Trustee in Other Roles; Collateral Agent.*

All rights, powers and indemnities contained in this Article 7 shall apply to the Trustee in its other roles hereunder and to the Collateral Agent (including, for the avoidance of doubt, in relation to the Security Documents) and the Agents, *provided, however*, that each of the Collateral Agent and the Agents is an agent and not a fiduciary.

ARTICLE 8
LEGAL DEFEASANCE AND COVENANT DEFEASANCE

Section 8.01 *Option to Effect Legal Defeasance or Covenant Defeasance.*

The Company may at any time, at the option of its Board of Directors evidenced by a resolution set forth in an Officer's Certificate, elect to have either Section 8.02 or 8.03 hereof be applied to all outstanding Notes upon compliance with the conditions set forth below in this Article 8.

Section 8.02 *Legal Defeasance and Discharge.*

Upon the Company's exercise under Section 8.01 hereof of the option applicable to this Section 8.02, the Company and each of the Subsidiary Guarantors will, subject to the satisfaction of the conditions set forth in Section 8.04 hereof, be deemed to have been discharged from their Obligations with respect to all outstanding Notes (including the Note Guarantees) on the date the conditions set forth below are satisfied (hereinafter, " *Legal Defeasance*"). For this purpose, Legal Defeasance means that the Company and the Subsidiary Guarantors will be deemed to have paid and discharged the entire Indebtedness represented by the outstanding Notes (including the Note Guarantees), which will thereafter be deemed to be "outstanding" only for the purposes of Section 8.05 hereof and the other Sections of this Indenture referred to in clauses (1) and (2) below, and to have satisfied all their other obligations under such Notes, the Note Guarantees and this Indenture (and the Trustee, on demand of and at the expense of the Company, shall execute proper instruments acknowledging the same), except for the following provisions which will survive until otherwise terminated or discharged hereunder:

(1) the rights of Holders of outstanding Notes to receive payments in respect of the principal of, or interest or premium and Additional Amounts, if any, on, such Notes when such payments are due from the trust referred to in Section 8.04 hereof;

(2) the Company's Obligations with respect to such Notes under Article 2 and Section 4.02 hereof;

(3) the rights, powers, trusts, duties and immunities of the Trustee hereunder and the Company's and the Subsidiary Guarantors' Obligations in connection therewith; and

(4) this Article 8.

Subject to compliance with this Article 8, the Company may exercise its option under this Section 8.02 notwithstanding the prior exercise of its option under Section 8.03 hereof.

Section 8.03 *Covenant Defeasance.*

Upon the Company's exercise under Section 8.01 hereof of the option applicable to this Section 8.03, the Company and each of the Subsidiary Guarantors will, subject to the satisfaction of the conditions set forth in Section 8.04 hereof, be released from each of their obligations under the covenants contained in Sections 4.07, 4.08, 4.09, 4.10, 4.11, 4.12, 4.13, 4.15, 4.16, 4.17, 4.18, 4.19 and hereof and Section 5.01(a)(3) hereof with respect to the outstanding Notes on and after the date the conditions set forth in Section 8.04 hereof are satisfied (hereinafter, " *Covenant Defeasance*"), and the Notes will thereafter be deemed not "outstanding" for the purposes of any direction, waiver, consent or declaration or act of Holders (and the consequences of any thereof) in connection with such covenants, but will continue to be deemed "outstanding" for all other purposes hereunder (it being understood that such Notes will not be deemed outstanding for accounting purposes). For this purpose, Covenant Defeasance means that, with respect to the outstanding Notes and Note Guarantees, the Company and the Subsidiary Guarantors may omit to comply with and will have no liability in respect of any term, condition or limitation set forth in any such covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such covenant or by reason of any reference in any such covenant to any other provision herein or in any other document and such omission to comply will not constitute a Default or an Event of Default under Section 6.01 hereof, but, except as specified above, the remainder of this Indenture and such Notes and Note Guarantees will be unaffected thereby. In addition, upon the Company's exercise under Section 8.01 hereof of the option applicable to this Section 8.03, subject to the satisfaction of the conditions set forth in Section 8.04 hereof, Sections 6.01(a)(3) through 6.01(a)(5) hereof will not constitute Events of Default.

Section 8.04 *Conditions to Legal or Covenant Defeasance.*

In order to exercise either Legal Defeasance or Covenant Defeasance under either Section 8.02 or 8.03 hereof:

(1) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders, cash in U.S. dollars, non-callable U.S. Government Obligations, or a combination of cash in U.S. dollars and non-callable U.S. Government Obligations, in amounts as will be sufficient, in the opinion of an internationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay the principal of, or interest and premium, and Additional Amounts, if any, on, the outstanding Notes on the stated date for payment thereof or on the applicable redemption date, as the case may be, and the Company must specify whether the Notes are being defeased to such stated date for payment or to a particular redemption date;

(2) in the case of an election under Section 8.02 hereof, the Company must deliver to the Trustee an Opinion of Counsel confirming that:

(A) the Company has received from, or there has been published by, the U.S. Internal Revenue Service a ruling; or

(B) since the date of this Indenture, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, the holders of the outstanding Notes will not recognize income, gain or loss for United States federal income tax purposes as a result of such Legal Defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of an election under Section 8.03 hereof, the Company must deliver to the Trustee an Opinion of Counsel confirming that the holders of the outstanding Notes will not recognize income, gain or loss for United States federal income tax purposes as a result of such Covenant Defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which the Company or any Subsidiary Guarantor is a party or by which the Company or any Subsidiary Guarantor is bound;

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than this Indenture) to which the Company or any of its Subsidiaries is a party or by which the Company or any of its Subsidiaries is bound;

(6) the Company must deliver to the Trustee an Officer's Certificate stating that the deposit was not made by the Company with the intent of preferring the Holders over the other creditors of the Company with the intent of defeating, hindering, delaying or defrauding any creditors of the Company or others; and

(7) the Company must deliver to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

(8) The Trustee shall be entitled to its usual fees and, in addition, any fees and expenses incurred or charged by the Trustee and its counsel in connection with defeasance, satisfaction and discharge, and investment or custody services provided hereunder.

Section 8.05 *Deposited Money and U.S. Government Obligations to be Held in Trust; Other Miscellaneous Provisions.*

Subject to Section 8.06 hereof, all money and non-callable U.S. Government Obligations (including the proceeds thereof) deposited with the Trustee (or other qualifying trustee, collectively for purposes of this Section 8.05, the " *Trustee*") pursuant to Section 8.04 hereof in respect of the outstanding Notes will be held in trust and applied by the Trustee, in accordance with the provisions of such Notes and this Indenture, to the payment, either directly or through any Paying Agent (including the Company acting as Paying Agent) as the Trustee may determine, to the holders of such Notes of all sums due and to become due thereon in respect of principal, premium, and Additional Amounts, if any, and interest, but such money need not be segregated from other funds except to the extent required by law.

The Company will pay and indemnify the Trustee against any tax, fee or other charge imposed on or assessed against the cash or non-callable U.S. Government Obligations deposited pursuant to Section 8.04 hereof or the principal and interest received in respect thereof other than any such tax, fee or other charge which by law is for the account of the holders of the outstanding Notes.

Notwithstanding anything in this Article 8 to the contrary, the Trustee will deliver or pay to the Company from time to time upon the request of the Company any money or non-callable U.S. Government Obligations held by it as provided in Section 8.04 hereof which, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the Trustee (which may be the opinion delivered under Section 8.04(1) hereof), are in excess of the amount thereof that would then be required to be deposited to effect an equivalent Legal Defeasance or Covenant Defeasance.

Section 8.06 *Repayment to Company.*

Any money deposited with the Trustee or any Paying Agent, or then held by the Company, in trust for the payment of the principal of, premium or Additional Amounts, if any, or interest on, any Note and remaining unclaimed for two (2) years after such principal, premium, or Additional Amounts, if any, or interest has become due and payable shall be paid to the Company on its request or (if then held by the Company) will be discharged from such trust; and the holder of such Note will thereafter be permitted to look only to the Company for payment thereof, and all liability of the Trustee or such Paying Agent with respect to such trust money, and all liability of the Company as trustee thereof, will thereupon cease; *provided, however*, that the Trustee or such Paying Agent, before being required to make any such repayment, may at the expense of the Company cause to be published once, in the New York Times and The Wall Street Journal (national edition), notice that such money remains unclaimed and that, after a date specified therein, which will not be less than thirty (30) days from the date of such notification or publication, any unclaimed balance of such money then remaining will be repaid to the Company.

Section 8.07 *Reinstatement.*

If the Trustee or Paying Agent is unable to apply any U.S. dollars or non-callable U.S. Government Obligations in accordance with Section 8.02 or 8.03 hereof, as the case may be, by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, then the Company's and the Subsidiary Guarantors' obligations under this Indenture and the Notes and the Note Guarantees will be revived and reinstated as though no deposit had occurred pursuant to Section 8.02 or 8.03 hereof until such time as the Trustee or Paying Agent is permitted to apply all such money in accordance with Section 8.02 or 8.03 hereof, as the case may be; *provided, however*, that, if the Company makes any payment of principal of, premium or Additional Amounts, if any, or interest on, any Note following the reinstatement of its obligations, the Company will be subrogated to the rights of the holders of such Notes to receive such payment from the money held by the Trustee or Paying Agent.

ARTICLE 9
AMENDMENT, SUPPLEMENT AND WAIVER

Section 9.01 *Without Consent of Holders of Notes.*

Notwithstanding Section 9.02 of this Indenture, the Company, the Subsidiary Guarantors, the Trustee, the Collateral Agent and each Agent, as the case may be, may amend or supplement this Indenture, the Notes, the Note Guarantees, the Security Documents, the Escrow Agreement, the Note Disbursement and Account Agreement or the Intercompany Note Proceeds Loan without the consent of any Holder:

(1) to cure any ambiguity, defect or inconsistency;

(2) to provide for uncertificated Notes in addition to or in place of certificated Notes;

(3) to provide for the assumption of the Company's or a Subsidiary Guarantor's Obligations under the Notes or the Note Guarantees in the case of a merger or consolidation or sale of all or substantially all of the Company's or such Subsidiary Guarantor's assets, as applicable;

(4) to make any change that would provide any additional rights or benefits to the Holders or that does not adversely affect the legal rights under this Indenture of any such Holder;

(5) to conform the text of the Notes, this Indenture, the Note Guarantees, the Security Documents or the Intercompany Note Proceeds Loan to any provision of the "Description of Notes" section of the Offering Memorandum, to the extent that such provision in that "Description of Notes" section of the Offering Memorandum was intended to be a verbatim recitation of a provision of the Notes, this Indenture, the Note Guarantees, the Security Documents or the Intercompany Note Proceeds Loan, which intent shall be evidenced by an Officer's Certificate to that effect;

(6) to provide for the issuance of Additional Notes in accordance with the limitations set forth in this Indenture as of the date of this Indenture;

(7) to make, complete or confirm any grant of Collateral permitted or required by this Indenture or the Security Documents; or

(8) to allow any Subsidiary Guarantor to execute a supplemental indenture and/or a Note Guarantee with respect to the Notes or to release any Subsidiary Guarantor from its Note Guarantee in accordance with the terms of this Indenture.

Upon the request of the Company accompanied by a resolution of its Board of Directors authorizing the execution of any such amended or supplemental indenture, and upon receipt by the Trustee of the documents described in Section 7.02 hereof, the Trustee, the Collateral Agent and each Agent will join with the Company and the Subsidiary Guarantors in the execution of any amended or supplemental indenture authorized or permitted by the terms of this Indenture and to make any further appropriate agreements and stipulations that may be therein contained, but neither the Trustee, the Collateral Agent nor any Agent will be obligated to (although they may at their discretion) enter into such amended or supplemental indenture that affects their own rights, duties or immunities under this Indenture or otherwise.

Section 9.02 *With Consent of Holders of Notes.*

Except as provided below in this Section 9.02, the Company, the Trustee, the Collateral Agent and each Agent may amend or supplement this Indenture (including, without limitation, Section 3.09, 4.10 and 4.15 hereof) and the Notes, and the Company, the Subsidiary Guarantors, the Trustee and the Collateral Agent, as the case may be, may amend or supplement the Note Guarantees, the Security Documents, the Escrow Agreement, the Note Disbursement and Account Agreement, or the Intercompany Note Proceeds Loan with the consent of the Holders of at least a majority in aggregate principal amount of the then outstanding Notes (including Additional Notes, if any) voting as a single class (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, the Notes), and, subject to Sections 6.04 and 6.07 hereof, any existing Default or Event of Default (other than a Default or Event of Default in the payment of the principal of, premium or Additional Amounts, if any, or interest on, the Notes, except a payment default resulting from an acceleration that has been rescinded) or compliance with any provision of this Indenture, the Notes, the Note Guarantees, the Security Documents or the Intercompany Note Proceeds Loan may be waived with the consent of the Holders of a majority in aggregate principal amount of the then outstanding Notes (including Additional Notes, if any) voting as a single class (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, the Notes).

Upon the request of the Company accompanied by a resolution of its Board of Directors authorizing the execution of any such amended or supplemental indenture, and upon the filing with the Trustee of evidence satisfactory to the Trustee of the consent of the holders of Notes as aforesaid, and upon receipt by the Trustee of the documents described in Section 7.02, 9.06, 13.04 and 13.05 hereof, the Trustee, the Collateral Agent and each Agent will join with the Company and the Subsidiary Guarantors in the execution of such amended or supplemental indenture unless such amended or supplemental indenture directly affects either the Trustee's, the Collateral Agent's or any Agent's own rights, duties or immunities under this Indenture or otherwise, in which case the Trustee, the Collateral Agent and each Agent (as the case may be) may in their discretion, but will not be obligated to, enter into such amended or supplemental indenture.

It is not be necessary for the consent of the Holders under this Section 9.02 to approve the particular form of any proposed amendment, supplement or waiver, but it is sufficient if such consent approves the substance thereof.

After an amendment, supplement or waiver under this Section 9.02 becomes effective, the Company will mail to the Holders of Notes affected thereby a notice briefly describing the amendment, supplement or waiver. Any failure of the Company to mail such notice, or any defect therein, will not, however, in any way impair or affect the validity of any such amended or supplemental indenture or waiver. Subject to Sections 6.04 and 6.07 hereof, the Holders of a majority in aggregate principal amount of the Notes then outstanding voting as a single class may waive compliance in a particular instance by the Company with any provision of this Indenture or the Notes. However, without the consent of each Holder (including the Additional Notes) affected, an amendment, supplement or waiver under this Section 9.02 may not (with respect to any Notes (including the Additional Notes) held by a non-consenting Holder):

(1) reduce the principal amount of Notes whose Holders must consent to an amendment, supplement or waiver;

(2) reduce the principal of, premium, if any, or change the fixed maturity of any Note or alter the provisions with respect to the redemption of the Notes (except as provided above with respect to Sections 3.09, 4.10 and 4.15 hereof);

(3) reduce the rate of or change the time for payment of interest, including default interest, on any Note;

(4) waive a Default or Event of Default in the payment of principal of, or interest, premium or Additional Amounts, if any, on, the Notes (except a rescission of acceleration of the Notes by the holders of at least a majority in aggregate principal amount of the then outstanding Notes and a waiver of the payment default that resulted from such acceleration);

(5) make any Note payable in money other than that stated in the Notes;

(6) make any change in the provisions of this Indenture relating to waivers of past Defaults or the rights of Holders of Notes to receive payments of principal of, or interest, premium or Additional Amounts, if any, on, the Notes;

(7) waive a redemption payment with respect to any Note (other than a payment required by Sections 3.09, 4.10 or 4.15 hereof);

(8) release any Subsidiary Guarantor from any of its Obligations under its Note Guarantee or this Indenture, except in accordance with the terms of this Indenture;

(9) release the Collateral from the Liens securing the Notes or making any changes to the priority of the Liens under the Security Documents that would adversely affect the Holders, except in accordance with the terms of this Indenture and the applicable Security Documents; or

(10) make any change in the preceding amendment and waiver provisions.

Section 9.03 *Supplemental Indenture.*

Every amendment or supplement to this Indenture or the Notes will be set forth in an amended or supplemental indenture.

Section 9.04 *Revocation and Effect of Consents.*

Until an amendment, supplement or waiver becomes effective, a consent to it by a Holder is a continuing consent by such Holder and every subsequent holder of a Note or portion of a Note that evidences the same debt as the consenting Holder's Note, even if notation of the consent is not made on any Note. However, any such Holder or subsequent holder of a Note may revoke the consent as to its Note if the Trustee receives written notice of revocation before the date the amendment, supplement or waiver becomes effective. An amendment, supplement or waiver becomes effective in accordance with its terms and thereafter binds every Holder.

Section 9.05 *Notation on or Exchange of Notes.*

The Trustee may place an appropriate notation about an amendment, supplement or waiver on any Note thereafter authenticated. The Company in exchange for all Notes may issue and the Trustee shall, upon receipt of an Authentication Order, authenticate new Notes that reflect the amendment, supplement or waiver.

Failure to make the appropriate notation or issue a new Note will not affect the validity and effect of such amendment, supplement or waiver.

Section 9.06 *Trustee to Sign Amendments, etc.*

The Trustee will sign any amended or supplemental indenture authorized pursuant to this Article 9 if the amendment or supplement does not adversely affect the rights, duties, liabilities or immunities of the Trustee. The Company may not sign an amended or supplemental indenture until the Board of Directors of the Company approves it. In executing any amended or supplemental indenture, the Trustee will be entitled to receive security and/or indemnity to its reasonable satisfaction and (subject to Section 7.01 hereof) will be fully protected in relying upon, in addition to the documents required by Section 13.04 hereof, an Officer's Certificate and an Opinion of Counsel stating that the execution of such amended or supplemental indenture is authorized or permitted by this Indenture, that the supplemental indenture is legal, valid, binding and enforceable against the Company in accordance with its terms and such other matters as the Trustee may request. The Trustee may, but shall not be obligated to, enter into any such supplemental indenture which affects the Trustee's own rights, duties or immunities under this Indenture or otherwise.

ARTICLE 10
COLLATERAL AND SECURITY

Section 10.01 *Pledge of Collateral.*

The due and punctual payment of the principal of, and premium, interest and Additional Amounts, if any, on the Notes when and as the same shall be due and payable, whether on an interest payment date, at maturity, by acceleration, repurchase, redemption or otherwise, and interest on the overdue principal of and interest and Additional Amounts (to the extent permitted by law), if any, on the Notes and performance of all other obligations of the Company to the Holders of Notes or the Trustee, the Collateral Agent and the Agents under this Indenture and the Notes according to the terms hereunder or thereunder, are secured as provided in the Security Documents. Each Holder of Notes, by its acceptance thereof, consents and agrees to the terms of the Security Documents in effect or may be amended from time to time in accordance with its terms and authorizes and directs the Collateral Agent to enter into the Security Documents and to perform its obligations and exercise its rights thereunder in accordance therewith. The Company will deliver to the Trustee copies of all documents delivered to the Collateral Agent pursuant to the Security Documents, and the Company will, and the Company will cause each of its Restricted Subsidiaries to, do or cause to be done all such acts and things as may be required, to assure and confirm to the Trustee that the Collateral Agent holds, for the benefit of the Holders and the Trustee, duly created, enforceable and perfected Liens as contemplated hereby and by the Security Documents, so as to render the same available for the security and benefit of this Indenture and of the Notes secured hereby, according to the intent and purposes herein expressed. The Company will take, and will cause its Restricted Subsidiaries to take, upon request of the Trustee or Collateral Agent, any and all actions reasonably required to cause the Security Documents to create and maintain, as security for the Obligations of the Company hereunder, in respect of the Collateral, valid and enforceable perfected first priority Liens on all such Collateral, superior to and prior to the rights of all third parties and subject to no Liens other than the Permitted Liens described in paragraphs (2), (9), (10), (14)(i), (14)(ii) and (21) of the definition thereof.

Certain provisions with respect to enforcement of security interests are set out in each of the Security Documents.

Section 10.02 *Collateral Agent.*

(a) By its acceptance thereof, the Trustee, also in the name and on behalf of each Holder of Notes, irrevocably appoints the Collateral Agent to act as its agent in connection with this Indenture and the Security Documents and for such purposes irrevocably authorizes the Collateral Agent to take such action and to exercise and carry out all the discretions, authorities, rights, powers and duties as are specifically delegated to the Collateral Agent under this Indenture and the Security Documents, together with such powers and discretions as are incidental thereto.

(b) The Collateral Agent agrees that it will hold the security interests in Collateral created under any Security Documents to which it is a party as contemplated by this Indenture, and any and all proceeds thereof, for the benefit of, among others, itself, the Trustee and the Holders, without limiting the Collateral Agent's rights including under Section 10.04, to act in preservation of the security interest in the Collateral. The Collateral Agent will take action or refrain from taking action in connection therewith only as directed by the Trustee.

Section 10.03 *Release of Collateral and Certain Matters with Respect to Collateral.*

(a) Collateral may be released from the Liens and security interests created by the Security Documents at any time or from time to time in accordance with the provisions of the Security Documents and Section 10.06 of this Indenture. In connection therewith, and subject to the terms and conditions of the relevant Security Documents, upon the request of the Company pursuant to an Officer's Certificate certifying that all conditions precedent hereunder have been met, the Collateral Agent shall, at the expense of the Company, execute, deliver or acknowledge any necessary or proper instruments of termination, satisfaction or release to evidence the release of any Collateral permitted to be released pursuant to this Indenture or the Security Documents.

(b) So long as no Default or Event of Default has occurred and is continuing, and subject to certain terms and conditions set forth in the Security Documents, the Note Disbursement and Account Agreement and the Escrow Agreement, the Company will be entitled to receive all payments made upon or with respect to the Collateral and to exercise any rights pertaining to the Collateral.

(c) Upon the occurrence and during the continuance of a Default or Event of Default:

(1) all rights of the Company to exercise such rights will cease, and all such rights will become vested in the Collateral Agent, which, to the extent permitted by law, will have the sole right to exercise such rights on behalf of the Trustee and the holders of the Notes; and

(2) all rights of the Company to receive all interest and other payments made upon or with respect to the Collateral will cease and such interest and other payments will be paid to the Collateral Agent for the benefit of the Trustee and the holders of the Notes.

Section 10.04 *Authorization of Actions to Be Taken by the Trustee and the Collateral Agent.*

Subject to the provisions of Section 6.05, 7.01 and 7.02 and the terms of the Security Documents, the Collateral Agent may, in its sole discretion and shall if so directed by the Trustee (acting on the instruction of Holders holding at least 25% of the aggregate principal amount of the Notes), take all actions it deems necessary or appropriate in order to:

(a) enforce any of the terms of the Security Documents; and

(b) collect and receive any and all amounts payable in respect of the Obligations of the Company hereunder.

The Trustee and/or the Collateral Agent will have power to institute and maintain such suits and proceedings as it may deem expedient to prevent any impairment of the Collateral by any acts that may be unlawful or in violation of the Security Documents or this Indenture, and such suits and proceedings as the Trustee and/or the Collateral Agent may deem expedient to preserve or protect its interests and the interests of the Holders of Notes in the Collateral (including power to institute and maintain suits or proceedings to restrain the enforcement of or compliance with any legislative or other governmental enactment, rule or order that may be otherwise invalid if the enforcement of, or compliance with, such enactment, rule or order would impair the security interest hereunder or be prejudicial to the interests of the Holders of Notes or of the Trustee and/or the Security Collateral).

Section 10.05 *Authorization of Receipt of Funds by the Trustee under the Security Documents.*

The Trustee and/or the Collateral Agent is authorized to receive any funds for the benefit of the Holders of Notes distributed under the Security Documents, and to make further distributions of such funds to the Holders of Notes according to the provisions of this Indenture.

Section 10.06 *Termination of Security Interest.*

The Trustee shall, at the request and expense of the Company upon having provided the Trustee an Officer's Certificate (which shall certify, among other things, that all action under the relevant Security Document(s) with respect to the release of the security thereunder has been taken and the release of the Collateral complies with the terms of the relevant Security Document(s)) and Opinion of Counsel certifying compliance with this Section 10.06, execute and deliver a certificate to the Collateral Agent releasing the relevant Collateral or other appropriate instrument evidencing such release (in the form provided by the Company):

(a) upon the full and final payment and performance of all Obligations of the Company under the Indenture and the Notes;

(b) upon the Legal Defeasance or satisfaction and discharge of the Notes as provided in Sections 8.02 and Article 12 hereof; and

(c) once all amounts in the Notes Accounts have been released or disbursed, as the case may be, in accordance with the terms of the Indenture and the Note Disbursement and Account Agreement and the Escrow Agreement.

Section 10.07 *Defaults.*

The Collateral Agent shall not be obliged to take any steps to ascertain whether any Default or Event of Default has happened or exists and, until the Collateral Agent shall have received express notice to the contrary from the Trustee, the Collateral Agent shall be entitled to assume that no Default or Event of Default has happened or exists.

Section 10.08 *Protections.*

The Collateral Agent shall have the protections accorded to it pursuant to Section 7.14.

Section 10.09 *Own Participation.*

With respect to its own participations in Notes, the Collateral Agent shall have the same rights and powers under and in respect of this Indenture and the Security Documents as though it was not also acting as agent for the Holders of the Notes. The Collateral Agent may, without liability to account, accept deposits from, lend money to and generally engage in any kind of banking or trust business with or for the Company and any Affiliate of the Company as if it were not the agent and trustee for the Holders of the Notes.

Section 10.10 *Indemnity.*

(a) The Company shall pay to the Collateral Agent from time to time reasonable compensation for its acceptance of this Indenture, the Security Documents and services hereunder and thereunder pursuant to a written fee agreement executed by the Collateral Agent and the Company. The Company shall reimburse the Collateral Agent promptly upon request for all reasonable disbursements, advances and expenses properly incurred or made by it in addition to the compensation for its services. Such expenses shall include the reasonable compensation, disbursements and expenses of the Collateral Agent's agents and counsel.

(b) The Company shall indemnify the Collateral Agent against any and all losses, liabilities or expenses incurred by it arising out of, or in connection with, the acceptance or administration of its duties under this Indenture and the Security Documents, including the costs and expenses of enforcing this Indenture against the Company and any Subsidiary Guarantor (including this Section 10.10) and defending itself against any claim (whether asserted by the Company or any Subsidiary Guarantor or any Holder or any other person) or liability in connection with the exercise or performance of any of its powers or duties hereunder, except to the extent any such loss, liability or expense may be attributable to its willful misconduct, negligence or bad faith. The Collateral Agent shall notify the Company promptly of any claim for which it may seek indemnity. Failure by the Collateral Agent to so notify the Company shall not relieve the Company of its obligations hereunder. The Company shall defend the claim and the Collateral Agent shall cooperate in the defense. The Collateral Agent may have separate counsel and the Company shall pay the reasonable fees and expenses of such counsel. The Company need not pay for any settlement made without its consent, which consent shall not be unreasonably withheld.

Section 10.11 *Resignation.*

Subject to the appointment and acceptance of a successor Collateral Agent as provided below, the Collateral Agent may resign at any time by giving to the Trustee not less than 30 days' notice of its intention to do so. After giving such notice of resignation to the Trustee, the Collateral Agent shall, after consultation with the Company, appoint any internationally reputable bank or financial institution selected by the Collateral Agent and acceptable to the Company and the Trustee as successor Collateral Agent which is willing and able to act as such agent for the Holders of the Notes. If no such successor Collateral Agent selected by the Collateral Agent shall have accepted such appointment within 30 days after such Collateral Agent's giving of notice of resignation then the Trustee shall, after consultation with the Company, have the right to appoint such a successor Collateral Agent. Any such appointment shall take effect upon (a) notice thereof being given to the Trustee and the Company and (b) the resigning Collateral Agent having assigned to the successor Collateral Agent any independent rights of the resigning Collateral Agent in its individual capacity under any of this Indenture, the Notes or the Security Documents by an assignment not constituting a novation of debt and to the extent legally possible not having any negative effect on the Security Documents executed in favor of the resigning Collateral Agent, the benefit of which shall be explicitly reserved to the successor Collateral Agent. Thereafter, the resigning Collateral Agent shall be discharged from any further obligation under this Indenture and the Security Documents and its successor and each of the other parties hereto and thereto shall have the same rights and obligations *inter se* as they would have had if such successor had been a party to this Indenture and the Security Documents in place of the resigning Collateral Agent. The resigning Collateral Agent shall make over to its successor all such records as its successor requires to carry out its duties.

Section 10.12 *Removal.*

The Company may remove the Collateral Agent if it is adjudged a bankrupt or an insolvent or an order for relief is entered into with respect to the Collateral Agent under any Bankruptcy Law. In this case, a successor Collateral Agent shall be appointed by the Trustee (in consultation with the Company).

Section 10.13 *Enforcement Costs.*

On the enforcement (whether successful or not) of all or any of the Security Documents, the Collateral Agent shall be entitled to deduct from the proceeds of each enforcement its costs, charges and expenses incurred in connection with such enforcement together with an amount equal to all sums due to the Collateral Agent from the Company.

Section 10.14 *Further Action.*

The Company shall use its best efforts to take, or cause to be taken, all appropriate action, and to do or cause to be done, all things necessary, proper or advisable under applicable laws and regulations to consummate and make effective the security over the Collateral as contemplated by the Security Documents, including, without limitation, (i) cooperating in the preparation of any required filings under the Security Documents, (ii) using best efforts to make all required filings, notifications, releases and applications and to obtain licenses, permits, consents, approvals, authorizations, qualifications and orders of governmental authorities and parties to contracts with the Company as are necessary for the grants of security contemplated by this Indenture and the Security Documents and to fulfill the conditions of the Security Documents including, without limitation, delivery of title deeds and all other documents of title relating to the Collateral secured by the Security Documents in the manner as provided for therein, (iii) taking any and all action to perfect the security over the Collateral as contemplated by this Indenture and the Security Documents, (iv) cooperating in all respects with each other in connection with any investigation or other inquiry, including any proceeding initiated by any Person, in connection with the granting of security over the Collateral, (v) keeping the Trustee and Collateral Agent informed in all material respects of any material communication received by the Company from, or given by them to, any governmental authority or any other Person regarding any matters contemplated by the Security Documents or with respect to the Collateral, and (vi) permitting the Trustee and Collateral Agent to review any material communication given by the Company to any such governmental authority or any other Person.

Notwithstanding any other provision of this Indenture, neither the Trustee nor the Collateral Agent has any responsibility for the validity, perfection, priority or enforceability of any lien, Collateral, Security Documents or other security interest.

ARTICLE 11
NOTE GUARANTEES

Section 11.01 *Guarantee.*

(a) Each Subsidiary Guarantor hereby jointly and severally, irrevocably and unconditionally guarantees to each Holder and to the Trustee, successors and assigns (1) the full and punctual payment when due, whether at Stated Maturity, by acceleration, by redemption or otherwise, of all obligations of the Company under this Indenture (including obligations to the Trustee) and the Notes, whether for payment of principal of, interest, premium or Additional Amounts, if any, on the Notes and all other monetary obligations of the Company under this Indenture and the Notes and (2) the full and punctual performance within applicable grace periods of all other obligations of the Company whether for fees, expenses, indemnification or otherwise under this Indenture and the Notes (all the foregoing being hereinafter collectively called the " *Guaranteed Obligations*"). Each Subsidiary Guarantor further agrees that the Guaranteed Obligations may be extended or renewed, in whole or in part, without notice or further assent from each such Subsidiary Guarantor, and that each such Subsidiary Guarantor shall remain bound under this Article 11 notwithstanding any extension or renewal of any Guaranteed Obligation.

(b) Each Subsidiary Guarantor waives presentation to, demand of payment from and protest to the Company of any of the Guaranteed Obligations and also waives notice of protest for nonpayment. Each Subsidiary Guarantor waives notice of any default under the Notes or the Guaranteed Obligations. The obligations of each Subsidiary Guarantor hereunder shall not be affected by (1) the failure of any Holder or the Trustee to assert any claim or demand or to enforce any right or remedy against the Company or any other Person under this Indenture, the Notes or any other agreement or otherwise; (2) any extension or renewal of any thereof; (3) any rescission, waiver, amendment or modification of any of the terms or provisions of this Indenture, the Notes or any other agreement; (4) the release of any security held by any Holder or the Trustee for the Guaranteed Obligations or any of them; (5) the failure of any Holder or the Trustee to exercise any right or remedy against any other guarantor of the Guaranteed Obligations; or (6) any change in the ownership of such Subsidiary.

(c) Each Subsidiary Guarantor hereby waives any right to which it may be entitled to have its obligations hereunder divided among the Subsidiary Guarantors, such that such Subsidiary Guarantor's obligations would be less than the full amount claimed. Each Subsidiary Guarantor hereby waives any right to which it may be entitled to have the assets of the Company first be used and depleted as payment of the Company's or such Subsidiary Guarantor's obligations hereunder prior to any amounts being claimed from or paid by such Subsidiary Guarantor hereunder. Each Subsidiary Guarantor hereby waives any right to which it may be entitled to require that the Company be sued prior to an action being initiated against such Subsidiary Guarantor.

(d) Each Subsidiary Guarantor further agrees that its Note Guarantee herein constitutes a guarantee of payment, performance and compliance when due (and not a guarantee of collection) and waives any right to require that any resort be had by any Holder or the Trustee to any security held for payment of the Guaranteed Obligations.

(e) Except as expressly set forth in Sections 8.02, 11.02 and 11.08, the obligations of each Subsidiary Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason, including any claim of waiver, release, surrender, alteration or compromise, and shall not be subject to any defense of setoff, counterclaim, recoupment or termination whatsoever or by reason of the invalidity, illegality or unenforceability of the Guaranteed Obligations or otherwise. Without limiting the generality of the foregoing, the obligations of each Subsidiary Guarantor herein shall not be discharged or impaired or otherwise affected by the failure of any Holder or the Trustee to assert any claim or demand or to enforce any remedy under this Indenture, the Notes or any other agreement, by any waiver or modification of any thereof, by any default, failure or delay, willful or otherwise, in the performance of the obligations, or by any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of any Subsidiary Guarantor or would otherwise operate as a discharge of any Subsidiary Guarantor as a matter of law or equity.

(f) Except as expressly set forth in Sections 8.02, 11.02 and 11.08, each Subsidiary Guarantor agrees that its Note Guarantee shall remain in full force and effect until payment in full of all the Guaranteed Obligations. Each Subsidiary Guarantor further agrees that its Note Guarantee herein shall continue to be effective or be reinstated, as the case may be, if at any time payment, or any part thereof, of principal of or interest on any Guaranteed Obligation is rescinded or must otherwise be restored by any Holder or the Trustee upon the bankruptcy or reorganization of the Company or otherwise.

(g) In furtherance of the foregoing and not in limitation of any other right which any Holder or the Trustee has at law or in equity against any Subsidiary Guarantor by virtue hereof, upon the failure of the Company to pay the principal of or interest on any Guaranteed Obligation when and as the same shall become due, whether at maturity, by acceleration, by redemption or otherwise, or to perform or comply with any other Guaranteed Obligation, each Subsidiary Guarantor hereby promises to and shall, upon receipt of written demand by the Trustee, forthwith pay, or cause to be paid, in cash, to the Holders or the Trustee an amount equal to the sum of (1) the unpaid principal amount of such Guaranteed Obligations, (2) accrued and unpaid interest on such Guaranteed Obligations (but only to the extent not prohibited by law) and (3) all other monetary obligations of the Company to the Holders and the Trustee.

(h) Each Subsidiary Guarantor further agrees that, as between it, on the one hand, and the Holders and the Trustee, on the other hand, (1) the maturity of the Guaranteed Obligations guaranteed hereby may be accelerated as provided in Article 6 for the purposes of any Note Guarantee herein, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the Guaranteed Obligations guaranteed hereby, and (2) in the event of any declaration of acceleration of such Guaranteed Obligations as provided in Article 6, such Guaranteed Obligations (whether or not due and payable) shall forthwith become due and payable by such Subsidiary Guarantor for the purposes of Section 11.01.

(i) Each Guarantor also agrees to pay any and all costs and expenses (including attorneys' fees and expenses) incurred by the Trustee in enforcing any rights under Section 11.01.

(j) Upon request of the Trustee, each Subsidiary Guarantor shall execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper to carry out more effectively the purpose of this Indenture.

Section 11.02 *Limitation on Liability.*

Any term or provision of this Indenture to the contrary notwithstanding, the maximum aggregate amount of the Guaranteed Obligations guaranteed hereunder by any Subsidiary Guarantor shall not exceed the maximum amount that can be hereby guaranteed by the applicable Subsidiary Guarantor without rendering the Note Guarantee, as it relates to such Subsidiary Guarantor, voidable under applicable law relating to ultra vires, fraudulent conveyance, fraudulent transfer, corporate benefit, financial assistance or similar laws affecting the rights of creditors generally or other considerations under applicable law.

Section 11.03 *Successors and Assigns.*

This Article 11 shall be binding upon each Subsidiary Guarantor and its successors and assigns and shall inure to the benefit of the successors and assigns of the Trustee and the Holders and, in the event of any transfer or assignment of rights by any Holder or the Trustee, the rights and privileges conferred upon that party in this Indenture and in the Notes shall automatically extend to and be vested in such transferee or assignee, all subject to the terms and conditions of this Indenture.

Section 11.04 *No Waiver.*

Neither a failure nor a delay on the part of either the Trustee or the Holders in exercising any right, power or privilege under this Article 11 shall operate as a waiver thereof, nor shall a single or partial exercise thereof preclude any other or further exercise of any right, power or privilege. The rights, remedies and benefits of the Trustee and the Holders herein expressly specified are cumulative and not exclusive of any other rights, remedies or benefits which either may have under this Article 11 at law, in equity, by statute or otherwise.

Section 11.05 *Modification.*

No modification, amendment or waiver of any provision of this Article 11, nor the consent to any departure by any Subsidiary Guarantor therefrom, shall in any event be effective unless the same shall be in writing and signed by the Trustee, and then such waiver or consent shall be effective only in the specific instance and for the purpose for which given. No notice to or demand on any Subsidiary Guarantor in any case shall entitle such Subsidiary Guarantor to any other or further notice or demand in the same, similar or other circumstances.

Section 11.06 *Execution of Supplemental Indenture for Future Guarantors.*

Each Restricted Subsidiary which is required to become a Subsidiary Guarantor pursuant to Section 4.17 shall promptly execute and deliver to the Trustee a supplemental indenture pursuant to which such Subsidiary shall become a Subsidiary Guarantor under this Article 11 and shall guarantee the Guaranteed Obligations. Concurrently with the execution and delivery of such supplemental indenture, the Company shall deliver to the Trustee an Opinion of Counsel and an Officer's Certificate to the effect that such supplemental indenture has been duly authorized, executed and delivered by such Restricted Subsidiary and that, subject to the application of bankruptcy, insolvency, moratorium, fraudulent conveyance or transfer and other similar laws relating to creditors' rights generally and to the principles of equity, whether considered in a proceeding at law or in equity, the Note Guarantee of such Subsidiary Guarantor is a legal, valid and binding obligation of such Subsidiary Guarantor, enforceable against such Subsidiary Guarantor in accordance with its terms and or to such other matters as the Trustee may reasonably request.

The failure to endorse a Note Guarantee on any Note shall not affect or impair the validity thereof.

Section 11.08 *Release of Guarantees.*

(a) Subject to paragraphs (b), (c) and (d), each Note Guarantee, once it becomes due, is a continuing guarantee and shall (i) remain in full force and effect until payment in full of all the Guaranteed Obligations, (ii) be binding upon each Subsidiary Guarantor and its successors and (iii) inure to the benefit of, and be enforceable by, the Trustee, the Holders and their successors, transferees and assigns.

(1) either:

(A) all Notes that have been authenticated, except lost, stolen or destroyed Notes that have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust and thereafter repaid to the Company, have been delivered to the Trustee for cancellation; or

(B) all Notes that have not been delivered to the Trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one (1) year and the Company has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, non-callable U.S. Government Obligations, or a combination of cash in U.S. dollars and non-callable U.S. Government Obligations, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on the Notes not delivered to the Trustee for cancellation for principal, premium and Additional Amounts, if any, and accrued interest to the date of maturity or redemption;

(2) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which the Company or any Subsidiary Guarantor is a party or by which the Company or any Subsidiary Guarantor is bound;

Notes in denominations larger than US$250,000 may be redeemed in part but only in integral multiples of US$1,000 provided that the unredeemed part has a minimum denomination of US$250,000, unless all of the Notes held by a Holder are to be redeemed.

There exists no "adverse claim" within the meaning of Section 8-102 of the Code with respect to the Pledged Collateral;

(b) the pledge of the Pledged Collateral pursuant to this Agreement creates a legal, valid and binding obligation of the Company and, upon delivery of the Pledged Collateral to the Collateral Agent in New York, a perfected security interest in favor of the Collateral Agent in such Pledged Collateral, securing the payment of the Secured Obligations subject only to Permitted Liens. Except as set forth in this Section 3(b), no action is necessary to perfect the Collateral Agent's security interest;

(c) the Intercompany Note has been duly authorized by Studio City Investments and is the legal, valid and binding obligation thereof. No authorization, approval or action by, and no notice of filing with any governmental authority or third party is required for the issuance by Studio City Investments of the Intercompany Note and the issuance of the Intercompany Note did not violate any law or governmental regulation or any contractual restriction binding on or affecting Studio City Investments or any of its property which could reasonably be expected to have a material adverse effect on the business, property or assets of Studio City Investments and its subsidiaries taken as a whole or on the ability of Studio City Investments to perform its obligations under the Intercompany Note;

(d) "control" (as defined in Section 8-106 of the UCC) has been obtained by the Collateral Agent over the Pledged Collateral with respect to which such "control" may be obtained pursuant to Section 8-106 of the UCC;

(e) neither the entry into this Agreement by the Company nor the exercise by the Collateral Agent of its rights and remedies hereunder will violate any law or governmental regulation or any contractual restriction binding on or affecting the Company or any of its property which could reasonably be expected to have a material adverse effect on the business, property or assets of the Company and its subsidiaries taken as a whole or on the ability of the Company to perform its obligations hereunder; and

(f) no authorization, approval or action by, and, no notice or filing with any governmental authority by Studio City Investments or a third party is required either (i) for the granting of the security interest by the Company pursuant to this Agreement or (ii) for the exercise by the Collateral Agent or the other Secured Parties of their rights and remedies hereunder, except as required in connection with judicial enforcement of remedies.

SECTION 4. FURTHER ASSURANCES.

(a) The Company agrees that at any time and from time to time, at the expense of the Company, the Company will promptly execute and deliver all further instruments and documents, and take all further action, that may be necessary or desirable, or that the Collateral Agent may reasonably request, in order to perfect and protect any security interest granted or purported to be granted hereby (including any action to ensure that "control" of the Pledged Collateral (as defined in Section 8-106 of the Code) is at all times maintained by the Collateral Agent) or to enable the Collateral Agent to exercise and enforce its rights and remedies hereunder with respect to any Pledged Collateral.

(b) The Company shall from time to time cause appropriate financing statements (on appropriate forms) under the Uniform Commercial Code as in effect in the District of Columbia, covering all Pledged Collateral hereunder (with the form of such financing statements to be satisfactory to the Collateral Agent), to be filed in the relevant filing offices so that at all times the Collateral Agent's security interest in all Pledged Collateral which can be perfected by the filing of such financing statements (in each case to the maximum extent perfection by filing may be obtained under the laws of the relevant States, including without limitation, Section 9-312(a) of the Code) is so perfected.

SECTION 5. EXERCISE OF RIGHTS. PAYMENTS ON PLEDGED DEBT.

(a) Except as provided herein or in the Indenture, so long as neither a Default nor an Event of Default under the Indenture and of which notice has been given to the Company shall have occurred and be continuing, the Company shall be entitled to (i) exclusively exercise all of the rights of a holder of the Intercompany Note with respect to demands for repayment of the principal thereof, (ii) exclusively exercise any and all voting and other consensual rights pertaining to the Intercompany Note and to give consents, waivers or ratifications in respect thereof and (iii) receive and retain any and all payments made in respect of the Intercompany Note. The Collateral Agent shall execute and deliver (or cause to be executed and delivered) to the Company all such instruments as the Company may reasonably request, at the expense of the Company, for the purpose of enabling the Company to receive principal and interest payments which it is authorized to receive and retain pursuant to this Section 5(a).

(b) Upon the occurrence and during the continuance of a Default or an Event of Default under the Indenture and of which notice has been given to the Company:

(i) All rights of the Company to exercise rights with respect to the Pledged Collateral which it would otherwise be entitled to exercise pursuant to Section 5(a) and to receive the principal and interest payments which it would otherwise be authorized to receive and retain pursuant to Section 5(a) shall cease, and all such rights shall thereupon become vested in the Collateral Agent who shall thereupon have the sole right to exercise such rights and to receive and hold as Pledged Collateral such principal and interest payments.

(ii) All principal and interest payments that are received by the Company contrary to the provisions of paragraph (i) of this Section 5(b) shall be received in trust for the benefit of the Collateral Agent, shall be segregated from other funds of the Company and shall be forthwith paid over to the Collateral Agent as Pledged Collateral in the same form as so received (with any necessary endorsement).

Without prejudicing the right of the Company to contest the Trustee's determination that a Default or Event of Default has occurred and is continuing, for purposes of this Agreement, the Collateral Agent will be entitled to treat a notice by the Trustee to it to the effect that a Default or Event of Default has occurred and is continuing as sufficient evidence of such Default or Event of Default.

SECTION 6. COVENANTS. The Company hereby covenants, that so long as any of the Secured Obligations remain outstanding, the Company shall:

(a) not (i) sell or otherwise dispose of, or grant any option with respect to, any of the Pledged Collateral, or (ii) create or permit to exist any Lien upon or with respect to any of the Pledged Collateral, except for Permitted Liens;

(b) warrant and defend title to and ownership of the Pledged Collateral of the Company at its own expense against the claims and demands of all other parties claiming an interest therein; and

(b) to commence and prosecute any actions at any court for the purposes of collecting any of the Pledged Collateral and enforcing any other right in respect thereof;

(c) to defend, settle, adjust or compromise any action, suit or proceeding brought with respect to the Pledged Collateral and, in connection therewith, give such discharge or release as the Collateral Agent may deem reasonably appropriate;

(g) to sign and endorse any drafts, assignments, proxies, stock powers, verifications, notices and other documents relating to the Pledged Collateral;

(h) to execute and deliver and/or file all assignments, conveyances, statements, financing statements, continuation statements, pledge agreements, affidavits, notices and other agreements, instruments and documents that the Collateral Agent may reasonably determine necessary in order to perfect and maintain the security interests and Liens granted in this Pledge Agreement and in order to fully consummate all of the transactions contemplated herein; and

(i) to do and perform all such other acts and things as the Collateral Agent may reasonably deem to be necessary, proper or convenient in connection with the Pledged Collateral.

This power of attorney is a power coupled with an interest and shall be irrevocable for so long as any of the Secured Obligations remain outstanding. The Collateral Agent shall be under no duty to exercise or withhold the exercise of any of the rights, powers, privileges and options expressly or implicitly granted to the Collateral Agent in this Pledge Agreement, and shall not be liable for any failure to do so or any delay in doing so. The Collateral Agent shall not be liable for any act or omission or for any error of judgment or any mistake of fact or law in its individual capacity or its capacity as attorney-in-fact except acts or omissions resulting from its gross negligence or wilful misconduct. The Company agrees that, to the extent notice of sale shall be required by law, at least ten days' notice to the Collateral Agent of the time and place of any public sale or the time after which any private sale is to be made shall constitute reasonable notification. The Collateral Agent shall not be obligated to make any sale of Pledged Collateral regardless of notice of sale having been given. The Collateral Agent may adjourn any public or private sale from time to time by announcement at the time and place fixed therefor, and such sale may, without further notice, be made at the time and place to which it was so adjourned;

Any such appointment shall take effect upon (a) notice thereof being given to the Company and (b) the resigning Collateral Agent having assigned to the successor Collateral Agent any independent rights of the resigning Collateral Agent in its individual capacity under any of this Agreement or the Senior Notes by an assignment not constituting a novation of debt and to the extent legally possible not having any negative effect on this Agreement executed in favor of the resigning Collateral Agent, the benefit of which shall be explicitly reserved to the successor Collateral Agent. Thereafter, the resigning Collateral Agent shall be discharged from any further obligation under this Agreement and its successor and each of the other parties hereto and thereto shall have the same rights and obligations *inter se* as they would have had if such successor had been a party to this Agreement in place of the resigning Collateral Agent. The resigning Collateral Agent shall make over to its successor all such records as its successor requires to carry out its duties.

(b) The Company may remove the Collateral Agent if it is adjudged a bankrupt or an insolvent or an order for relief is entered into with respect to the Collateral Agent under any Bankruptcy Law (as defined in the Indenture). In this case, a successor Collateral Agent shall be appointed in accordance with the Indenture.

Studio City Investments Limited

Up to US$825,000,000

Studio City Finance

Limited Hong Kong, China

November 26, 2012

Studio City Finance Limited (the "Company") has issued 8.500% Senior Notes (the "Senior Notes") in the aggregate principal amount of US$825,000,000 pursuant to an Indenture dated as of November 26, 2012 (the "Indenture") among itself, certain guarantors, DB Trustees (Hong Kong) Limited, as trustee (the "Trustee") and as collateral agent (the "Collateral Agent"), and the other parties as described therein. In connection therewith, the Company has entered into a Note Disbursement and Account Agreement dated as of November 26, 2012 (the "NDAA") with the Trustee, the Collateral Agent and the other parties as described therein. As the proceeds from the issuance of the Senior Notes are disbursed in accordance with the NDAA, each such disbursement shall constitute an advance in the same amount made to Studio City Investments Limited (the "Borrower") or to another party at the Borrower's direction (each an "Advance"). On the date hereof, the outstanding amount advanced under this Intercompany Note is US$13,200,000.

The Borrower promises to repay to the Company, or order, on December 1, 2020 the aggregate of all the Advances, which shall be an amount not exceeding US$825,000,000, or so much thereof as may remain unpaid, and to pay to the Company on the date hereof an upfront fee in the amount of US$13,200,000 (receipt of which by the Company is hereby acknowledged) and:

(a) a commitment fee on the undisbursed amount of Senior Note proceeds (which, subject to the satisfaction of any conditions precedent specified in the NDAA, are available to be disbursed); and

(b) interest on the unpaid balance of the outstanding aggregate principal amount of the Advances;

at the rate of eight and a half per cent (8.500%) per annum (computed on the basis of a 360 day year of twelve 30 day months) payable in arrears on each of the dates below:

(i) on each interest payment date for the Senior Notes until the Opening Date (as defined in the NDAA);

(ii) on the Opening Date; and

(iii) thereafter monthly on the first day of each month,

(each, an "Interest Payment Date"),

until such unpaid balance shall be paid in full. Any Interest Payment Date that would otherwise fall on a date that is not a Business Day (as defined in the Indenture referred to below) shall be postponed to the next succeeding Business Day. If the Borrower fails to pay when due all or any portion of the principal, interest or commitment fee, under this Note, such unpaid principal and (to the extent permitted by law) unpaid interest or fees shall bear interest from each day from the date it became so due until paid in full, payable on demand, at the rate of one per cent (1%) per annum in excess of the otherwise applicable interest rate. The Borrower shall, on demand by the Company, also pay to the Company an amount up to an amount equal to (i) any amounts required to be paid by the Company to the Trustee under the Indenture or to the Collateral Agent under the Note Pledge Agreement (as both such terms are defined below) and (ii) Additional Amounts (as defined in the Indenture), if any. All payments of principal, interest and other amounts shall be made in lawful money of the United States of America at the office of the Company, or at such other place as the holder hereof shall have designated to the Borrower in writing.

This Note may be prepaid, in whole or in part, at any time. Any such prepayment shall be made together with accrued and unpaid interest hereon plus, on demand by the Company, to the extent applicable, the Borrower shall also pay premium in an amount up to an amount equal to any premium paid or then required to be paid by the terms of the Senior Notes in connection with any like prepayment of the Senior Notes. In addition, should the Company elect to prepay, or be required by the terms of the Senior Notes to prepay, all or a portion of such Senior Notes on any day, the Borrower shall on demand by the Company, prepay a like principal amount of the principal of this Note, together with accrued and unpaid interest (and, if all, any accrued and unpaid commitment fee), plus an amount up to an amount equal to any premium paid or then due by the Company under the Senior Notes. Should the Company be required at any time to pay any Additional Amounts (as defined in the Indenture) in connection with any withholding or deduction for or on account of taxes, duties, assessments or governmental charges of whatever nature under the terms of the Senior Notes, the Borrower shall also pay on demand by the Company as additional interest hereunder, an amount up to the amount of such Additional Amounts then due under the Senior Notes.

Upon any exercise of remedies pursuant to Section 9(b) of the Note Pledge Agreement, the unpaid principal amount hereof shall become immediately due and payable without presentment, demand, protest or notice of any kind, all of which are hereby waived by the Borrower.

No failure to exercise and no delay in exercising, on the part of the Company of this Note, any right, remedy, power or privilege hereunder shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The Borrower agrees not to take any actions, make any payments or accept any instructions from the Company after any exercise of remedies pursuant to Section 9 of the Note Pledge Agreement that conflict with the Collateral Agent's rights under the Note Pledge Agreement until the Secured Obligations (as defined in the Note Pledge Agreement) have been performed and paid in full.

ARTICLE 2 - ACCOUNTS. APPLICATION OF FUNDS

2.1 Escrow Accounts

2.1.1 On or prior to the Issue Date, the Company shall cause to be established with the Escrow Agent one or more Dollar-denominated deposit accounts in Macau in the name of the Company, designated the "Escrow Account" with the account numbers set forth in Exhibit A hereto and may thereafter open further term deposit accounts with the Escrow Agent bearing the same designation (together, the " Escrow Accounts"). The Escrow Accounts shall be used to hold the Note Deposit Amount as set forth in Section 2.1.2 and the Collateral Agent shall have a perfected security interest in the Escrow Accounts, the Note Deposit Amount and any Other Amounts on deposit in each such account on an exclusive basis for the benefit of the Trustee and the holders of the Notes pursuant to the Security Document. The Company shall maintain such Escrow Accounts until they may be closed pursuant to the terms of the Security Document.

2.1.2 The Escrow Accounts shall be used for depositing the Note Deposit Amount on the Issue Date. The Company shall not have any rights to withdraw any amounts from the Escrow Accounts (other than to transfer funds between Escrow Accounts). In addition, as long as the funds are deposited with the Escrow Agent, they will be invested by the Escrow Agent, at the instruction of the Company, in cash or Cash Equivalents. Accrued interest and Other Amounts earned on any amounts in the Escrow Accounts or such investments shall be credited to, and remain in, the Escrow Accounts (or be reinvested therein) and can be transferred among Escrow Accounts and otherwise applied like other Escrow Account balances (or such investments) in accordance with this Agreement. Amounts on deposit in the Escrow Accounts shall be released by the Escrow Agent on the Signing Date as follows (provided that no Special Mandatory Escrow Redemption Event has occurred as described in Section 2.2 hereof):

(a) The Note Interest Amount shall be transferred to the account or accounts designated the "Note Interest Reserve Account" with the account numbers set forth in Exhibit A hereof (the distribution among Note Interest Reserve Accounts being at the direction of the Company); and

(b) The remaining funds in the Escrow Accounts, after deducting the Note Interest Amount so transferred, shall be transferred to the Note Proceeds Accounts with the account numbers set forth in Exhibit A hereof (the distribution among Note Proceeds Accounts being at the direction of the Company).

2.2 Special Mandatory Escrow Redemption .

2.2.1 If the Notes become subject to the Special Mandatory Escrow Redemption, the Company shall deliver a notice of Special Mandatory Escrow Redemption to the Trustee and the Holders as required by the Indenture no later than the fifth Hong Kong Business Day following the occurrence of the Special Mandatory Escrow Redemption Event, with a copy to the Escrow Agent and the Collateral Agent. The Company shall also deliver to the Escrow Agent, the Trustee and the Collateral Agent a certificate signed by an authorized officer of the Company setting forth (i) the calculation of the amount of cash, including interest and proceeds from sale of Cash Equivalents, that will be available to the Collateral Agent, based on the Note Deposit Amount and Other Amounts then held in the Escrow Accounts or otherwise invested in cash or Cash Equivalents pursuant to Section 2.1.2 above on the third Hong Kong Business Day prior to the Special Mandatory Escrow Redemption Date and (ii) the calculation of the Special Mandatory Escrow Redemption Price payable on the Special Mandatory Escrow Redemption Date (the " Certificate of Redemption Calculations "). If such Certificate of Redemption Calculations reveals that the amount of cash that is so available will be insufficient to pay the Special Mandatory Escrow Redemption Price, then the Company shall, within one Hong Kong Business Day after delivery of such certificate to the Escrow Agent, the Trustee and the Collateral Agent, provide to the Trustee directly an amount of cash that, without reinvestment, equals the amount of such shortfall (the " Shortfall Amounts "). To the extent that the proceeds realized by the Collateral Agent from liquidating any Cash Equivalents are less than the market value thereof as assumed in the Certificate of Redemption Calculations and this gives rise to a shortfall, the Collateral Agent shall so notify the Company, and the Company shall promptly, but in any event within one Hong Kong Business Day after receiving such notice, deposit cash in an amount that, without reinvestment, equals the amount of such shortfall.

2.2.2 If the Collateral Agent receives a copy of the notice from the Company and/or the Trustee that a Special Mandatory Escrow Redemption is to occur as provided in Section 2.2.1 above, the Escrow Agent will, on or before the Hong Kong Business Day prior to the Special Mandatory Escrow Redemption Date, transfer to the Trustee an aggregate amount of all Note Proceeds Amounts, Other Amounts and any Shortfall Amounts equal to the Special Mandatory Escrow Redemption Price as specified in the Certificate of Redemption Calculations delivered pursuant to Section 2.2.1. Concurrently with such release to the Trustee, the Escrow Agent shall release any excess of the aggregate of the Note Proceeds Amounts and Other Amounts that is more than the Special Mandatory Escrow Redemption Price to the Company, which shall be permitted to use such funds at its discretion.

ARTICLE 3 - ESCROW AGENT

3.2.3 In each of the cases mentioned above, the retiring Escrow Agent shall (at its own cost) make available to the successor Escrow Agent such documents and records and provide such assistance as the successor Escrow Agent may reasonably request for the purposes of performing its functions as Escrow Agent under this Agreement.

3.2.4 The appointment of the successor Escrow Agent shall take effect on the date the successor Escrow Agent becomes a party to this Agreement. As from this date, the retiring Escrow Agent shall be discharged from any further obligation in respect of this Agreement (other than its obligations under Section 3.2.3 above).

3.2.5 Any successor Escrow Agent and each of the other parties shall have the same rights and obligations amongst themselves as they would have had if such successor had been an original party to this Agreement.

3.3 Statements.

3.3.1 In addition to the original account statements for the Escrow Accounts which are provided to the Company, the Escrow Agent shall send a duplicate set of account statements for such Escrow Account to the Collateral Agent. The Company hereby authorizes the Escrow Agent to provide any additional information relating to the Escrow Accounts to the Collateral Agent upon the Collateral Agent's request without the Company's further consent (subject always to receiving prior written notice of the request and a copy of the information provided).

Non-Negotiable Intercompany Note

Studio City Investments Limited

Up to US$825,000,000

Studio City Finance Limited

Hong Kong, China

November 26, 2012

Studio City Finance Limited (the "Company") has issued 8.500% Senior Notes (the "Senior Notes") in the aggregate principal amount of US$825,000,000 pursuant to an Indenture dated as of November 26, 2012 (the "Indenture") among itself, certain guarantors, DB Trustees (Hong Kong) Limited, as trustee (the "Trustee") and as collateral agent (the "Collateral Agent"), and the other parties as described therein. In connection therewith, the Company has entered into a Note Disbursement and Account Agreement dated as of November 26, 2012 (the "NDAA") with the Trustee, the Collateral Agent and the other parties as described therein. As the proceeds from the issuance of the Senior Notes are disbursed in accordance with the NDAA, each such disbursement shall constitute an advance in the same amount made to Studio City Investments Limited (the "Borrower") or to another party at the Borrower's direction (each an "Advance"). On the date hereof, the outstanding amount advanced under this Intercompany Note is US$13,200,000.

The Borrower promises to repay to the Company, or order, on December 1, 2020 the aggregate of all the Advances, which shall be an amount not exceeding US$825,000,000, or so much thereof as may remain unpaid, and to pay to the Company on the date hereof an upfront fee in the amount of US$13,200,000 (receipt of which by the Company is hereby acknowledged) and:

(a) a commitment fee on the undisbursed amount of Senior Note proceeds (which, subject to the satisfaction of any conditions precedent specified in the NDAA, are available to be disbursed); and

(b) interest on the unpaid balance of the outstanding aggregate principal amount of the Advances;

at the rate of eight and a half per cent (8.500%) per annum (computed on the basis of a 360 day year of twelve 30 day months) payable in arrears on each of the dates below:

(i) on each interest payment date for the Senior Notes until the Opening Date (as defined in the NDAA);

(ii) on the Opening Date; and

(iii) thereafter monthly on the first day of each month,

(each, an "Interest Payment Date"),

until such unpaid balance shall be paid in full. Any Interest Payment Date that would otherwise fall on a date that is not a Business Day (as defined in the Indenture referred to below) shall be postponed to the next succeeding Business Day. If the Borrower fails to pay when due all or any portion of the principal, interest or commitment fee, under this Note, such unpaid principal and (to the extent permitted by law) unpaid interest or fees shall bear interest from each day from the date it became so due until paid in full, payable on demand, at the rate of one per cent (1%) per annum in excess of the otherwise applicable interest rate. The Borrower shall, on demand by the Company, also pay to the Company an amount up to an amount equal to (i) any amounts required to be paid by the Company to the Trustee under the Indenture or to the Collateral Agent under the Note Pledge Agreement (as both such terms are defined below) and (ii) Additional Amounts (as defined in the Indenture), if any. All payments of principal, interest and other amounts shall be made in lawful money of the United States of America at the office of the Company, or at such other place as the holder hereof shall have designated to the Borrower in writing.

This Note may be prepaid, in whole or in part, at any time. Any such prepayment shall be made together with accrued and unpaid interest hereon plus, on demand by the Company, to the extent applicable, the Borrower shall also pay premium in an amount up to an amount equal to any premium paid or then required to be paid by the terms of the Senior Notes in connection with any like prepayment of the Senior Notes. In addition, should the Company elect to prepay, or be required by the terms of the Senior Notes to prepay, all or a portion of such Senior Notes on any day, the Borrower shall on demand by the Company, prepay a like principal amount of the principal of this Note, together with accrued and unpaid interest (and, if all, any accrued and unpaid commitment fee), plus an amount up to an amount equal to any premium paid or then due by the Company under the Senior Notes. Should the Company be required at any time to pay any Additional Amounts (as defined in the Indenture) in connection with any withholding or deduction for or on account of taxes, duties, assessments or governmental charges of whatever nature under the terms of the Senior Notes, the Borrower shall also pay on demand by the Company as additional interest hereunder, an amount up to the amount of such Additional Amounts then due under the Senior Notes..

Upon any exercise of remedies pursuant to Section 9(b) of the Note Pledge Agreement, the unpaid principal amount hereof shall become immediately due and payable without presentment, demand, protest or notice of any kind, all of which are hereby waived by the Borrower.

No failure to exercise and no delay in exercising, on the part of the Company of this Note, any right, remedy, power or privilege hereunder shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privilege herein provided are cumulative and not exclusive of any rights, remedies, power and privileges provided by law.

This Note shall be governed by and construed in accordance with the laws of the State of New York, without giving effect to its principles or rules of conflict of laws to the extent such principles or rules are not mandatorily applicable by statute and would require or permit the application of the laws of another jurisdiction.

This Note may be executed manually or by facsimile or electronically transmitted signature, and any such signature shall be for all purposes as an original.

Except pursuant to, in accordance with or otherwise in connection with the Note Pledge Agreement, this Note cannot be pledged, sold, assigned or otherwise transferred. The Borrower agrees not to take any actions, make any payments or accept any instructions from the Company after any exercise of remedies pursuant to Section 9 of the Note Pledge Agreement that conflict with the Collateral Agent's rights under the Note Pledge Agreement until the Secured Obligations (as defined in the Note Pledge Agreement) have been performed and paid in full.

This Note is a not a negotiable instrument.

IN WITNESS WHEREOF, the Borrower has caused its duly authorized officer to execute and deliver this Note as of the day and year first above written.

(b) Only one Letter of Credit may be requested in a Utilisation Request.

6.4 **Currency and amount**

6.5 **Issue of Letters of Credit**

(a) If the conditions set out in this Agreement have been met, the Issuing Bank shall issue the Letter of Credit on the Utilisation Date.

(b) Subject to Clause 4.1 (*Initial conditions precedent*), the Issuing Bank will only be obliged to comply with paragraph (a) above, if on the date of the Utilisation Request or Renewal Request and on the proposed Utilisation Date:

(i) in the case of a Letter of Credit to be renewed in accordance with Clause 6.6 (*Renewal of a Letter of Credit*), the Agent has not given any notice to the Borrower pursuant to Clause 24.2 (*Acceleration*) and no Event of Default has occurred under paragraph 6 (*Insolvency*) or 7 (*Insolvency proceedings*) of Part I of Schedule 9 (*Events of Default and Review Events*) and, in the case of any other Utilisation, no Default is continuing or would result from the proposed Utilisation; and

(d) The Agent shall notify the Issuing Bank and each Lender of the details of the requested Letter of Credit and its participation in that Letter of Credit by the Specified Time.

(e) The Issuing Bank has no duty to enquire of any person whether or not any of the conditions set out in paragraph (b) above have been met. The Issuing Bank may assume that those conditions have been met unless it is expressly notified to the contrary by the Agent. The Issuing Bank will have no liability to any person for issuing a Letter of Credit based on such assumption.

(f) The Issuing Bank is solely responsible for the form of the Letter of Credit that it issues. The Agent has no duty to monitor the form of that document.

(g) Subject to paragraph (g) of Clause 28.7 (*Rights and discretions*), each of the Issuing Bank and the Agent shall provide the other with any information reasonably requested by the other that relates to a Letter of Credit and its issue.

(h) The Issuing Bank may issue a Letter of Credit in the form of a SWIFT message or other form of communication customary in the relevant market but has no obligation to do so.

6.6 **Renewal of a Letter of Credit**

(a) The Borrower may request that any Letter of Credit issued on its behalf be renewed by delivery to the Agent of a Renewal Request in substantially similar form to a Utilisation Request for a Letter of Credit by the Specified Time.

(b) The Finance Parties shall treat any Renewal Request in the same way as a Utilisation Request for a Letter of Credit except that the conditions set out in paragraph (a)(vii) of Clause 6.3 (*Completion of a Utilisation Request for Letters of Credit*) shall not apply.

(c) The terms of each renewed Letter of Credit shall be the same as those of the relevant Letter of Credit immediately prior to its renewal, except that:

(i) its amount may (including in the circumstances referred to in Clause 6.7 (*Reduction of a Letter of Credit*) be less than the amount of the Letter of Credit immediately prior to its renewal; and

(ii) its Term shall start on the date which was the Expiry Date of the Letter of Credit immediately prior to its renewal, and shall end on the proposed Expiry Date specified in the Renewal Request.

(d) Subject to paragraph (e) below, if the conditions set out in this Agreement have been met, the Issuing Bank shall amend and re-issue any Letter of Credit pursuant to a Renewal Request.

(e) Where a new Letter of Credit is to be issued to replace by way of renewal an existing Letter of Credit, the Issuing Bank is not required to issue that new Letter of Credit until the Letter of Credit being replaced has been returned to the Issuing Bank or the Issuing Bank is satisfied either that it will be returned to it or otherwise that no liability can arise under it.

6.7 **Reduction of a Letter of Credit**

(a) If, on the proposed Utilisation Date of a Letter of Credit, any Lender under the Revolving Facility is a Non-Acceptable L/C Lender and:

(i) that Lender has failed to provide cash collateral to the Issuing Bank in accordance with Clause 7.4 (*Cash collateral by Non-Acceptable L/C Lender and Borrower's option to provide cash cover*); and

(ii) the Borrower has not exercised its right to provide cash cover to the Issuing Bank in accordance with paragraph (g) of Clause 7.4 (*Cash collateral by Non-Acceptable L/C Lender and Borrower's option to provide cash cover*),

the Issuing Bank may reduce the amount of that Letter of Credit by an amount equal to the amount of the participation of that Non-Acceptable L/C Lender in respect of that Letter of Credit and that Non-Acceptable L/C Lender shall be deemed not to have any participation (or obligation to indemnify the Issuing Bank) in respect of that Letter of Credit for the purposes of the Finance Documents.

(b) The Issuing Bank shall notify the Agent and the Borrower of each reduction made pursuant to this Clause 6.7.

(c) This Clause 6.7 shall not affect the participation of each other Lender in that Letter of Credit.

6.8 **Repayment of a Letter of Credit**

Each Letter of Credit which has an Expiry Date falling after the Termination Date applicable to the Revolving Facility shall be repaid by the Borrower providing cash cover for each such Letter of Credit on the Termination Date applicable to the Revolving Facility.

7. LETTERS OF CREDIT

7.1 Immediately payable

If a Letter of Credit or any amount outstanding under a Letter of Credit is expressed to be immediately payable, the Borrower shall repay or prepay that amount immediately.

7.2 Claims under a Letter of Credit

(a) The Borrower irrevocably and unconditionally authorises the Issuing Bank to pay any claim made or purported to be made under a Letter of Credit requested by it and which appears on its face to be in order (in this Clause 7, a " **claim**").

(b) The Borrower shall immediately on demand pay to the Agent for the Issuing Bank an amount equal to the amount of any claim.

(c) The Borrower acknowledges that the Issuing Bank:

(i) is not obliged to carry out any investigation or seek any confirmation from any other person before paying a claim; and

(ii) deals in documents only and will not be concerned with the legality of a claim or any underlying transaction or any available set-off, counterclaim or other defence of any person.

(d) The obligations of the Borrower under this Clause 7 will not be affected by:

(i) the sufficiency, accuracy or genuineness of any claim or any other document; or

(ii) any incapacity of, or limitation on the powers of, any person signing a claim or other document.

7.3 Indemnities

(a) The Borrower shall immediately on demand indemnify the Issuing Bank against any cost, loss or liability incurred by the Issuing Bank (otherwise than by reason of the Issuing Bank's gross negligence or wilful misconduct) in acting as the Issuing Bank under any Letter of Credit requested by it.

(b) Each Lender shall (according to its L/C Proportion) immediately on demand indemnify the Issuing Bank against any cost, loss or liability incurred by the Issuing Bank (otherwise than by reason of the Issuing Bank's gross negligence or wilful misconduct) in acting as the Issuing Bank under any Letter of Credit (unless the Issuing Bank has been reimbursed by an Obligor pursuant to a Finance Document).

(c) If any Lender is not permitted (by its Constitutional Documents or any applicable law) to comply with paragraph (b) above, then that Lender will not be obliged to comply with paragraph (b) and shall instead be deemed to have taken, on the date the Letter of Credit is issued (or if later, on the date the Lender's participation in the Letter of Credit is transferred or assigned to the Lender in accordance with the terms of this Agreement), an undivided interest and participation in the Letter of Credit in an amount equal to its L/C Proportion of that Letter of Credit. On receipt of demand from the Agent, that Lender shall pay to the Agent (for the account of the Issuing Bank) an amount equal to its L/C Proportion of the amount demanded.

(d) The Borrower shall within 5 Business Days of demand reimburse any Lender for any payment it makes to the Issuing Bank under this Clause 7.3 in respect of that Letter of Credit.

(e) If the Borrower has provided cash cover in respect of a Lender's participation in a Letter of Credit, the Issuing Bank shall seek reimbursement from that cash cover before making a demand of that Lender under paragraph (b) above. Any recovery made by an Issuing Bank pursuant to that cash cover will reduce that Lender's liability under paragraph (b) above.

(f) The obligations of each Lender or Borrower under this Clause 7.3 are continuing obligations and will extend to the ultimate balance of sums payable by that Lender or Borrower in respect of any Letter of Credit, regardless of any intermediate payment or discharge in whole or in part.

(g) The obligations of any Lender or Borrower under this Clause 7.3 will not be affected by any act, omission, matter or thing which, but for this Clause 7.3, would reduce, release or prejudice any of its obligations under this Clause 7.3 (without limitation and whether or not known to it or any other person) including:

(i) any time, waiver or consent granted to, or composition with, any Obligor, any beneficiary under a Letter of Credit or any other person;

(ii) the release of any other Obligor or any other person under the terms of any composition or arrangement with any creditor or any member of the Group;

(iii) the taking, variation, compromise, exchange, renewal or release of, or refusal or neglect to perfect, take up or enforce, any rights against, or security over assets of, any Obligor, any beneficiary under a Letter of Credit or other person or any non-presentation or non-observance of any formality or other requirement in respect of any instrument or any failure to realise the full value of any security;

(iv) any incapacity or lack of power, authority or legal personality of or dissolution or change in the members or status of an Obligor, any beneficiary under a Letter of Credit or any other person;

(v) any amendment (however fundamental) or replacement of a Finance Document, any Letter of Credit or any other document or security;

(vi) any unenforceability, illegality or invalidity of any obligation of any person under any Finance Document, any Letter of Credit or any other document or security; or

(vii) any insolvency or similar proceedings.

7.4 **Cash collateral by Non-Acceptable L/C Lender and Borrower's option to provide cash cover**

(a) If, at any time, a Lender under the Revolving Facility is a Non-Acceptable L/C Lender, the Issuing Bank may, by notice to that Lender, request that Lender to pay and that Lender shall pay, on or prior to the date falling 3 Business Days after the request by the Issuing Bank, an amount equal to that Lender's L/C Proportion of:

(i) the outstanding amount of a Letter of Credit; or

(ii) in the case of a proposed Letter of Credit, the amount of that proposed Letter of Credit,

and in the currency of that Letter of Credit to an interest-bearing account held in the name of that Lender with the Issuing Bank.

(b) The Non-Acceptable L/C Lender to whom a request has been made in accordance with paragraph (a) above shall enter into a security document or other form of collateral arrangement over the account, in form and substance satisfactory to the Issuing Bank, as collateral for any amounts due and payable under this Agreement by that Lender to the Issuing Bank in respect of that Letter of Credit.

(c) Subject to paragraph (f) below, withdrawals from such an account may only be made to pay to the Issuing Bank amounts due and payable to it under this Agreement by the Non-Acceptable L/C Lender in respect of that Letter of Credit until no amounts are or may be outstanding under that Letter of Credit.

(d) Each Lender under the Revolving Facility shall notify the Agent and the Borrower:

(i) on the date of this Agreement or on any later date on which it becomes such a Lender in accordance with Clause 2.4 (*Increase*) or Clause 25 (*Changes to the Lenders*) whether it is a Non-Acceptable L/C Lender; and

(ii) as soon as practicable upon becoming aware of the same, that it has become a Non-Acceptable L/C Lender,

and an indication in Schedule 1 (*Original Parties*), in a Transfer Certificate and Finance Party Accession Undertaking or in an Assignment Agreement and Finance Party Accession Undertaking or in an Increase Confirmation to that effect will constitute a notice under paragraph (d)(i) above to the Agent and, upon delivery in accordance with Clause 25.7 (*Copy of Assignments, Transfer and Accession Documents or Increase Confirmation to Borrower*), to the Borrower.

(e) Any notice received by the Agent pursuant to paragraph (d) above shall constitute notice to the Issuing Bank of that Lender's status and the Agent shall, upon receiving each such notice, promptly notify the Issuing Bank of that Lender's status as specified in that notice.

(f) Notwithstanding paragraph (c) above, a Lender which has provided cash collateral in accordance with this Clause 7.4 may, by notice to the Issuing Bank, request that an amount equal to the amount provided by it as collateral in respect of the relevant Letter of Credit (together with any accrued interest) be returned to it:

(i) to the extent that such cash collateral has not been applied in satisfaction of any amount due and payable under this Agreement by that Lender to the Issuing Bank in respect of the relevant Letter of Credit;

(ii) if:

(A) it ceases to be a Non-Acceptable L/C Lender;

(B) its obligations in respect of the relevant Letter of Credit are transferred to a New Lender in accordance with the terms of this Agreement; or

(C) an Increase Lender has agreed to undertake that Lender's obligations in respect of the relevant Letter of Credit in accordance with the terms of this Agreement; and

(iii) if no amount is due and payable by that Lender in respect of a Letter of Credit,

and the Issuing Bank shall pay that amount to the Lender within five Business Days of that Lender's request (and shall cooperate with the Lender in order to procure that the relevant security or collateral arrangement is released and discharged).

(g) To the extent that a Non-Acceptable L/C Lender fails to provide cash collateral (or notifies the Issuing Bank that it will not provide cash collateral) in accordance with this Clause 7.4 in respect of a proposed Letter of Credit, the Issuing Bank shall promptly notify the Borrower (with a copy to the Agent) and the Borrower may, at any time before the proposed Utilisation Date of that Letter of Credit, provide cash cover to an account with the Issuing Bank in an amount equal to that Lender's L/C Proportion of the amount of that proposed Letter of Credit.

7.5 **Requirement for cash cover by Borrower**

If:

(a) a Non-Acceptable L/C Lender fails to provide cash collateral (or notifies the Issuing Bank that it will not provide cash collateral) in accordance with Clause 7.4 (*Cash collateral by Non-Acceptable L/C Lender and Borrower's option to provide cash cover*) in respect of a Letter of Credit that has been issued;

(b) the Issuing Bank notifies the Obligors' Agent (with a copy to the Agent) that it requires the Borrower to provide cash cover to an account with the Issuing Bank in an amount equal to that Lender's L/C Proportion of the outstanding amount of that Letter of Credit; and

(c) the Borrower has not already provided such cash cover which is continuing to stand as collateral,

then the Borrower shall provide such cash cover within three Business Days of the notice referred to in paragraph (b) above.

7.6 **Regulation and consequences of cash cover provided by Borrower**

(a) Any cash cover provided by the Borrower pursuant to Clause 7.4 (*Cash collateral by Non-Acceptable L/C Lender and Borrower's option to provide cash cover*) or Clause 7.5 (*Requirement for cash cover by Borrower*) may be funded out of a Revolving Facility Loan.

(b) Notwithstanding paragraph (d) of Clause 1.2 (*Construction*) the Borrower may request that an amount equal to the cash cover (together with any accrued interest) provided by it pursuant to Clause 7.4 (*Cash collateral by Non-Acceptable L/C Lender and Borrower's option to provide cash cover*) or Clause 7.5 (*Requirement for cash cover by Borrower*) be returned to it:

(i) to the extent that such cash cover has not been applied in satisfaction of any amount due and payable under this Agreement by the Borrower to the Issuing Bank in respect of a Letter of Credit;

(ii) if:

(A) the relevant Lender ceases to be a Non-Acceptable L/C Lender; or

(B) the relevant Lender's obligations in respect of the relevant Letter of Credit are transferred to a New Lender in accordance with the terms of this Agreement; or

(C) an Increase Lender has agreed to undertake the relevant Lender's obligations in respect of the relevant Letter of Credit in accordance with the terms of this Agreement; and

(iii) if no amount is due and payable by the relevant Lender in respect of the relevant Letter of Credit,

and the Issuing Bank shall pay that amount to the Borrower within five Business Days of the Borrower's request.

(c) To the extent that the Borrower has provided cash cover pursuant to Clause 7.4 (*Cash collateral by Non-Acceptable L/C Lender and Borrower's option to provide cash cover*) or Clause 7.5 (*Requirement for cash cover by Borrower*), the relevant Lender's L/C Proportion in respect of that Letter of Credit will remain (but that Lender's obligations in relation to that Letter of Credit may be satisfied in accordance with paragraph (d)(ii) of Clause 1.2 (*Construction*)). The Borrower's obligation to pay any Letter of Credit fee in relation to the relevant Letter of Credit to the Agent (for the account of that Lender) in accordance with paragraph (b) of Clause 15.5 (*Fees payable in respect of Letters of Credit*) will be reduced proportionately as from the date on which it provides that cash cover (and for so long as the relevant amount of cash cover continues to stand as collateral).

(d) The relevant Issuing Bank shall promptly notify the Agent of the extent to which the Borrower provides cash cover pursuant to Clause 7.4 (*Cash collateral by Non-Acceptable L/C Lender and Borrower's option to provide cash cover*) or Clause 7.5 (*Requirement for cash cover by Borrower*) and of any change in the amount of cash cover so provided.

7.7 **Rights of contribution**

No Obligor will be entitled to any right of contribution or indemnity from any Finance Party in respect of any payment it may make under this Clause 7.

SECTION 4
REPAYMENT, PREPAYMENT AND CANCELLATION

8. **REPAYMENT**

8.1 **Term Loan Facility**

(a) The Borrower shall repay the aggregate Term Loan Facility Loans in instalments by repaying on each Repayment Date an amount which reduces the amount of the outstanding aggregate Term Loan Facility Loans by an amount equal to 3 per cent. of all the Term Loan Facility Loans borrowed by the Borrower as at the close of business in Hong Kong on the last day of the Availability Period (or, if earlier, the day on which the Available Term Loan Facility is zero) in relation to the Term Loan Facility **provided that** the instalment due from the Borrower on the Final Repayment Date in relation to the Term Loan Facility shall be equal to the aggregate of all the then outstanding Term Loan Facility Loans.

(b) On the Final Repayment Date, the Borrower shall pay and discharge all outstanding amounts under the Term Loan Facility Loans.

(c) The Borrower may not reborrow any part of a Term Loan Facility which has been repaid.

8.2 **Revolving Facility**

(a) Subject to paragraph (c) below, the Borrower shall repay each Revolving Facility Loan made to it in full on the last day of its Interest Period.

(b) Without prejudice to the Borrower's obligations under paragraph (a) above, if:

(i) one or more Revolving Facility Loans are to be made available to the Borrower:

(A) on the same day that a maturing Revolving Facility Loan is due to be repaid by the Borrower; and

(B) in whole or in part for the purpose of refinancing the maturing Revolving Facility Loan, and

(ii) the proportion borne by each Lender's participation in the maturing Revolving Facility Loan to the amount of that maturing Revolving Facility Loan is the same as the proportion borne by that Lender's participation in the new Revolving Facility Loans to the aggregate amount of those new Revolving Facility Loans, the aggregate amount of the new Revolving Facility Loans shall, unless the Borrower notifies the Agent to the contrary in the relevant Utilisation Request, be treated as if applied in or towards repayment of the maturing Revolving Facility Loan so that:

(1) if the amount of the maturing Revolving Facility Loan exceeds the aggregate amount of the new Revolving Facility Loans:

(I) the Borrower will only be required to make a payment under Clause 35.1 (*Payments to the Agent*) in an amount equal to that excess; and

(II) each Lender's participation (if any) in the new Revolving Facility Loans shall be treated as having been made available and applied by the Borrower in or towards repayment of that Lender's participation (if any) in the maturing Revolving Facility Loan and that Lender will not be required to make a payment under Clause 35.1 (*Payments to the Agent*) in respect of its participation in the new Revolving Facility Loans; and

(2) if the amount of the maturing Revolving Facility Loan is equal to or less than the aggregate amount of the new Revolving Facility Loans:

(I) the Borrower will not be required to make a payment under Clause 35.1 (*Payments to the Agent*); and

(II) each Lender will be required to make a payment under Clause 35.1 (*Payments to the Agent*) in respect of its participation in the new Revolving Facility Loans only to the extent that its participation (if any) in the new Revolving Facility Loans exceeds that Lender's participation (if any) in the maturing Revolving Facility Loan and the remainder of that Lender's participation in the new Revolving Facility Loans shall be treated as having been made available and applied by the Borrower in or towards repayment of that Lender's participation in the maturing Revolving Facility Loan.

(c) At any time when a Lender becomes a Defaulting Lender, the maturity date of each of the participations of that Lender in the Revolving Facility Loans then outstanding will be automatically extended to the Termination Date applicable to the Revolving Facility and will be treated as separate Revolving Facility Loans (the "**Separate Loans**") denominated in the currency in which the relevant participations are outstanding.

(d) A Separate Loan may be prepaid by giving 5 Business Days' prior notice to the Agent. The Agent will forward a copy of a prepayment notice received in accordance with this paragraph (d) to the Defaulting Lender concerned as soon as practicable on receipt.

(e) Interest in respect of a Separate Loan will accrue for successive Interest Periods selected by the Borrower by the time and date specified by the Agent (acting reasonably) and will be payable by the Borrower to the Agent (for the account of that Defaulting Lender) on the last day of each Interest Period of that Loan.

(f) The terms of this Agreement relating to Revolving Facility Loans generally shall continue to apply to Separate Loans other than to the extent inconsistent with paragraph (c) to (e) above, in which case those paragraphs shall prevail in respect of any Separate Loan.

9. ILLEGALITY, VOLUNTARY PREPAYMENT AND CANCELLATION

9.1 Illegality

If it becomes unlawful in any applicable jurisdiction for a Lender to perform any of its obligations as contemplated by this Agreement or to fund, issue or maintain its participation in any Utilisation:

(a) that Lender shall promptly notify the Agent upon becoming aware of that event;

(b) upon the Agent notifying the Borrower, each Available Commitment of that Lender will be immediately cancelled; and

(c) to the extent that the Lender's participation has not been transferred pursuant to Clause 43.3 (*Replacement of Lender*), the Borrower shall repay that Lender's participation in the Utilisations made to that Borrower on the last day of the Interest Period for each Utilisation occurring after the Agent has notified the Borrower or, if earlier, the date specified by the Lender in the notice delivered to the Agent (being no earlier than the last day of any applicable grace period permitted by law) and that Lender's corresponding Commitment(s) shall be cancelled in the amount of the participations repaid.

9.2 Illegality in relation to Issuing Bank

If it becomes unlawful for an Issuing Bank to issue or leave outstanding any Letter of Credit, then:

(a) that Issuing Bank shall promptly notify the Agent upon becoming aware of that event;

(b) upon the Agent notifying the Borrower, the Issuing Bank shall not be obliged to issue any Letter of Credit;

(c) the Borrower shall use its best endeavours to procure the release of each Letter of Credit issued by that Issuing Bank and outstanding at such time; and

(d) unless any other Lender is or has become an Issuing Bank pursuant to the terms of this Agreement, the Revolving Facility shall cease to be available for the issue of Letters of Credit.

9.3 **Voluntary cancellation**

(a) The Borrower may, if it gives the Agent not less than 5 Business Days' (or such shorter period as the Majority Lenders may agree) prior notice, cancel the whole or any part (being a minimum amount of HK$100,000,000) of the Available Term Loan Facility **provided that** (prior to the Construction Completion Date only), such cancellation shall only take effect if the Agent is reasonably satisfied that, following such cancellation, the In-Balance Test is and will continue to be satisfied. Any cancellation under this Clause 9.3(a) shall reduce the Commitments of the Lenders rateably under the Term Loan Facility.

(b) The Borrower may, if it gives the Agent not less than 5 Business Days' (or such shorter period as the Majority Lenders may agree) prior notice, cancel the whole or any part (being a minimum amount of HK$100,000,000) of the Available Revolving Facility **provided that** (prior to the Construction Completion Date only), the Agent is reasonably satisfied that the Borrower will have sufficient Working Capital available to it following such cancellation. Any cancellation under this Clause 9.3(b) shall reduce the Commitments of the Lenders rateably under the Revolving Facility.

9.4 **Voluntary prepayment**

(a) Subject to paragraph (b) below, the Borrower may, if it gives the Agent not less than 5 Business Days' prior notice (or such shorter period as the Majority Lenders may agree), prepay the whole or any part of a Loan (but, if in part, being an amount that, reduces the aggregate amount of such Loans by a minimum amount of HK$100,000,000) **provided that** (prior to the Construction Completion Date only), the Agent is reasonably satisfied that, following such prepayment, the In-Balance Test is and will continue to be satisfied.

(b) A prepayment under paragraph (a) above in relation to the Term Loan Facility shall be applied against subsequent Repayment Instalments in chronological order **provided that** any prepayment pursuant to sub-paragraph 2.4 (*Equity Cure*) of paragraph 2 (*Financial Covenants*) of Schedule 6 (*Covenants*) shall be applied against subsequent Repayment Instalments in inverse chronological order.

9.5 **Right of cancellation and repayment in relation to a single Lender or Issuing Bank**

(a) If:

(i) any sum payable to any Lender by an Obligor is required to be increased under paragraph (a) of Clause 16.2 (*Tax gross-up*); or

(ii) any Lender or Issuing Bank claims indemnification from the Borrower or an Obligor under Clause 16.3(a) (*Tax indemnity*) or Clause 17.1 (*Increased costs*),

the Borrower may, whilst the circumstance giving rise to the requirement for that increase or indemnification continues, give the Agent notice:

(A) (if such circumstances relate to a Lender) of cancellation of the Commitment(s) of that Lender and its intention to procure the repayment of that Lender's participation in the Utilisations; or

(B) (if such circumstances relate to the Issuing Bank) of repayment of any outstanding Letter of Credit issued by it and cancellation of its appointment as an Issuing Bank under this Agreement in relation to any Letters of Credit to be issued in the future.

(b) On receipt of a notice referred to in sub-paragraph (a)(A) above in relation to a Lender, the Commitment(s) of that Lender shall immediately be reduced to zero.

(c) On the last day of each Interest Period which ends after the Borrower has given notice under sub-paragraph (a)(A) above in relation to a Lender (or, if earlier, the date specified by the Borrower in that notice), the Borrower shall repay that Lender's participation in that Utilisation together with all interest and other amounts accrued under the Finance Documents.

9.6 Right of cancellation in relation to a Defaulting Lender

(a) If any Lender becomes a Defaulting Lender, the Borrower may, at any time whilst the Lender continues to be a Defaulting Lender, give the Agent 5 Business Days' notice of cancellation of each Available Commitment of that Lender.

(b) On the notice referred to in paragraph (a) above becoming effective, each Available Commitment of the Defaulting Lender shall immediately be reduced to zero.

(c) The Agent shall as soon as practicable after receipt of a notice referred to in paragraph (a) above, notify all the Lenders.

10. MANDATORY PREPAYMENT AND CANCELLATION

The Borrower shall prepay Utilisations and/or cancel Available Commitments under the Facilities on the dates and in accordance, and otherwise comply, with the provisions of Schedule 4 (*Mandatory Prepayment*).

11. RESTRICTIONS

11.1 Notices of Cancellation or Prepayment

Any notice of cancellation, prepayment, authorisation or other election given by any Party under Clause 9 (*Illegality, Voluntary Prepayment and Cancellation*), Clause 11.8 (*Prepayment elections*) or paragraph 3(d) of Schedule 4 (*Mandatory Prepayment*) shall be irrevocable and, unless a contrary indication appears in this Agreement, any such notice shall specify the date or dates upon which the relevant cancellation or prepayment is to be made, the affected Facility / Facilities and Utilisations and the amount of that cancellation or prepayment.

11.2 **Interest and other amounts**

Any prepayment under this Agreement shall be made together with accrued interest on the amount prepaid and, subject to any Break Costs, without premium or penalty.

11.3 **No reborrowing of Facilities**

(a) The Borrower may not reborrow any part of a Term Loan Facility which is prepaid.

(b) Unless a contrary indication appears in this Agreement, any part of the Revolving Facility which is prepaid or repaid may be reborrowed in accordance with the terms of this Agreement.

11.4 **Prepayment in accordance with Agreement**

The Borrower shall not repay or prepay all or any part of the Utilisations or cancel all or any part of the Commitments except at the times and in the manner expressly provided for in this Agreement.

11.5 **No reinstatement of Commitments**

Subject to Clause 2.4 (*Increase*), no amount of the Total Commitments cancelled under this Agreement may be subsequently reinstated.

11.6 **Agent's receipt of Notices**

If the Agent receives a notice under Clause 9 (*Illegality, Voluntary Prepayment and Cancellation*) or an election under Clause 11.8 (*Prepayment elections*) or paragraph 3(d) of Schedule 4 (*Mandatory Prepayment*), it shall promptly forward a copy of that notice or election to either the Borrower or the affected Lender, as appropriate.

11.7 **Hedging**

If, following any prepayment hereunder, the amount of the aggregate of the Notional Amounts of the Hedging Agreements is more than 100 per cent. of the aggregate Total Commitments under the Term Loan Facility following such prepayment, the Borrower may (but is not obliged to) reduce each such Notional Amount *pro rata* so that the aggregate amount thereof is not less than 50 per cent. of the aggregate Total Term Loan Facility Commitments at the relevant time.

11.8 **Prepayment elections**

The Agent shall notify the Lenders and the Hedge Counterparties as soon as possible of any proposed prepayment of a Utilisation under Clause 9.4 (*Voluntary prepayment*) or paragraph 2(a) of Schedule 4 (*Mandatory Prepayment*).

11.9 **Effect of repayment and prepayment on Commitments**

If all or part of any Lender's participation in a Utilisation under a Facility is repaid or prepaid and is not available for redrawing (other than by operation of Clause 4.2 (*Further conditions precedent*)), an amount of that Lender's Commitment (equal to the amount of the participation which is repaid or prepaid) in respect of that Facility will be deemed to be cancelled on the date of repayment or prepayment.

11.10 **Application of prepayments**

Any prepayment of a Utilisation other than a prepayment pursuant to Clause 9.1 (*Illegality*) or Clause 9.5 (*Right of cancellation and repayment in relation to a single Lender or Issuing Bank*)) shall be applied *pro rata* to each Lender's participation in that Utilisation.

SECTION 5
COSTS OF UTILISATION

12. INTEREST

12.1 Calculation of interest

The rate of interest on each Loan for each Interest Period is the percentage rate per annum which is the aggregate of the applicable:

(a) Margin; and

(b) HIBOR.

12.2 Payment of interest

(a) The Borrower shall pay accrued interest on each Loan on the last day of each Interest Period (and, if the Interest Period is longer than three Months, on the dates falling at three monthly intervals after the first day of that Interest Period).

(b) If the Compliance Certificate received by the Agent which relates to the relevant Annual Financial Statements shows that a higher Margin should have applied during a certain period, then the Borrower shall promptly pay to the Agent any amounts necessary to put the Agent and the Lenders in the position they would have been in had the appropriate rate of the Margin applied during such period.

12.3 Default interest

(a) If an Obligor fails to pay any amount payable by it under a Finance Document on its due date, interest shall accrue on the Unpaid Sum from the due date up to the date of actual payment (both before and after judgment) at a rate which, subject to paragraph (b) below, is 2 per cent. per annum higher than the rate which would have been payable if the Unpaid Sum had, during the period of non-payment, constituted a Loan in the currency of the Unpaid Sum for successive Interest Periods, each of a duration selected by the Agent (acting reasonably). Any interest accruing under this Clause 12.3 shall be immediately payable by the Obligor on demand by the Agent.

(b) If any Unpaid Sum consists of all or part of a Loan which became due on a day which was not the last day of an Interest Period relating to that Loan:

(i) the first Interest Period for that Unpaid Sum shall have a duration equal to the unexpired portion of the current Interest Period relating to that Loan; and

(ii) the rate of interest applying to the Unpaid Sum during that first Interest Period shall be 2 per cent. per annum higher than the rate which would have applied if the Unpaid Sum had not become due.

(c) Default interest (if unpaid) arising on an Unpaid Sum will be compounded with the Unpaid Sum at the end of each Interest Period applicable to that Unpaid Sum but will remain immediately due and payable.

12.4 **Notification of rates of interest**

The Agent shall promptly notify the Lenders and the Borrower of the determination of a rate of interest under this Agreement.

13. INTEREST PERIODS

13.1 **Selection of Interest Periods and Terms**

(a) The Borrower may select an Interest Period for a Loan in the Utilisation Request for that Loan or (if the Loan is a Term Loan Facility Loan and has already been borrowed) in a Selection Notice.

(b) Each Selection Notice for a Term Loan Facility Loan is irrevocable and must be delivered to the Agent by the Borrower not later than the Specified Time.

(c) If the Borrower fails to deliver a Selection Notice to the Agent in accordance with paragraph (b) above, the relevant Interest Period will, subject to Clause 13.2 (*Changes to Interest Periods*), be three Months.

(d) Subject to this Clause 13, the Borrower may select an Interest Period for a Loan of one, two, three or six Months or any other period agreed between the Borrower and the Agent (acting on the instructions of all the Lenders in relation to the relevant Loan). In addition, the Borrower may:

(i) select an Interest Period of a period of less than one Month if necessary to ensure that there are sufficient Term Loan Facility Loans (with an aggregate amount equal to or greater than the relevant Repayment Instalment) which have an Interest Period ending on a Repayment Date for the Borrower to make the relevant Repayment Instalment due on that date; and

(ii) select an Interest Period for a Term Loan Facility Loan of less than six Months if necessary to ensure that there is one or more Term Loan Facility Loans which have an Interest Period ending on the last day of the proposed Interest Period for such Term Loan Facility Loan.

(e) An Interest Period for a Loan shall not extend beyond the Termination Date applicable to its Facility.

(f) Each Interest Period for a Term Loan shall start on the Utilisation Date or (if already made) on the last day of its preceding Interest Period.

(g) A Revolving Facility Loan has one Interest Period only.

13.2 **Changes to Interest Periods**

(a) Prior to determining the interest rate for a Term Loan Facility Loan, the Agent may shorten an Interest Period for any Term Loan Facility Loan to ensure there are sufficient Term Loan Facility Loans (with an aggregate amount equal to or greater than the relevant Repayment Instalment) which have an Interest Period ending on a Repayment Date for the Borrower to make the relevant Repayment Instalment due on that date.

(b) If the Agent makes any change to an Interest Period referred to in this Clause 13.2, it shall promptly notify the Borrower and the Lenders and the Hedge Counterparties.

13.3 **Non-Business Days**

If an Interest Period would otherwise end on a day which is not a Business Day, that Interest Period will instead end on the next Business Day in that calendar month (if there is one) or the preceding Business Day (if there is not).

13.4 **Consolidation and division of Term Loan Facility Loans**

(a) Subject to paragraph (b) below, if two or more Interest Periods:

(i) relate to Term Loan Facility Loans; and

(ii) end on the same date,

those Term Loan Facility Loans will, unless the Borrower specifies to the contrary in the Selection Notice for the next Interest Period, be consolidated into, and treated as, a single Term Loan Facility Loan on the last day of the Interest Period.

(b) Subject to Clause 4.3 (*Maximum number of Utilisations*) and Clause 5.3 (*Currency and amount*) if the Borrower requests in a Selection Notice that a Term Loan Facility Loan be divided into two or more Term Loan Facility Loans, that Term Loan Facility Loan will, on the last day of its Interest Period, be so divided as specified in the relevant Selection Notice, having an aggregate amount equal to the amount of the Term Loan Facility Loan immediately before its division.

13.5 **Hedging**

The Borrower shall use reasonable efforts to select the duration of Interest Periods so as to ensure that, in respect of such Loans the aggregate amount outstanding of which is not less than the aggregate amount of the Notional Amounts specified in the Hedging Agreements, the Interest Payment Dates for such Loans falls on the same date as (and are no more frequent than) the selected dates for payment of amounts to the Borrower under the Hedging Agreements.

14. CHANGES TO THE CALCULATION OF INTEREST

14.1 Absence of quotations

Subject to Clause 14.2 (*Market disruption*), if HIBOR is to be determined by reference to the relevant Reference Banks but a Reference Bank does not supply a quotation by 11:00 a.m. on the Quotation Date, the applicable HIBOR rate shall be determined on the basis of the quotations of the remaining Reference Banks.

14.2 Market disruption

(a) If a Market Disruption Event occurs in relation to a Loan for any Interest Period, then the rate of interest on each Lender's share of that Loan for the Interest Period shall be the percentage rate per annum which is the sum of:

(i) the Margin; and

(ii) the rate notified to the Agent by that Lender as soon as practicable and in any event by close of business on the date falling 2 Business Days after the Quotation Date (or, if earlier, on the date falling 2 Business Days prior to the date on which interest is due to be paid in respect of that Interest Period), to be that which expresses as a percentage rate per annum the cost to that Lender of funding its participation in that Loan from whatever source it may reasonably select.

(b) In this Agreement "**Market Disruption Event**" means:

(i) at or about noon on the Quotation Date for the relevant Interest Period for the relevant Loan the Screen Rate is not available and none or only one of the Reference Banks supplies a rate to the Agent to determine HIBOR, for the relevant currency and Interest Period; or

(ii) before close of business in Hong Kong on the Quotation Date for the relevant Interest Period, the Agent receives notifications from a Lender or Lenders (whose participations in that Loan exceed 35 per cent. of that Loan) that the cost to it of obtaining matching deposits in the Relevant Interbank Market would be in excess of HIBOR.

(c) If a Market Disruption Event shall occur, the Agent shall promptly notify the Lenders and the Borrower thereof.

(d) If:

(i) the percentage rate per annum notified by a Lender pursuant to paragraph (a)(ii) above is less than HIBOR; or

(ii) a Lender has not notified the Agent of a percentage rate per annum pursuant to paragraph (a)(ii) above,

the cost to that Lender of funding its participation in that Loan for that Interest Period shall be deemed, for the purposes of paragraph (a) above, to be HIBOR.

14.3 **Alternative basis of interest or funding**

(a) If a Market Disruption Event occurs and the Agent or the Borrower so requires, the Agent and the Borrower shall enter into negotiations (for a period of not more than thirty days) with a view to agreeing a substitute basis for determining the rate of interest.

(b) Any alternative basis agreed pursuant to paragraph (a) above shall, with the prior consent of all the Lenders and the Borrower, be binding on all Parties.

(c) For the avoidance of doubt, in the event that no substitute basis is agreed at the end of the thirty day period, the rate of interest shall continue to be determined in accordance with the terms of this Agreement.

14.4 **Break Costs**

(a) The Borrower shall, within three Business Days of demand by a Finance Party, pay to that Finance Party its Break Costs attributable to all or any part of a Loan or Unpaid Sum being paid by the Borrower on a day other than the last day of an Interest Period for that Loan or Unpaid Sum.

(b) Each Lender shall, as soon as reasonably practicable after a demand by the Agent, provide a certificate confirming the amount of its Break Costs for any Interest Period in which they accrue.

15. **FEES**

15.1 **Commitment fee**

(a) The Borrower shall pay to the Agent (for the account of each Lender) a commitment fee computed at the following rates:

(i) in the case of the Term Loan Facility, 40 per cent. of the applicable Margin (in respect of the period for which it is being calculated) on that Lender's Available Commitment under the Term Loan Facility for the Availability Period applicable to the Term Loan Facility, such fee payable in HK Dollars; and

(ii) in the case of the Revolving Facility, 40 per cent. of the applicable Margin (in respect of the period for which it is being calculated) on that Lender's Available Commitment under the Revolving Facility for the Availability Period applicable to the Revolving Facility, such fee payable in HK Dollars.

(b) The accrued commitment fee is payable on:

(i) the last day of each successive period of three Months which ends during the relevant Availability Period;

(ii) the last day of the relevant Availability Period; and

(iii) if cancelled in full, on the cancelled amount of the relevant Lender's Commitment at the time such cancellation is effective.

(c) No commitment fee is payable to the Agent (for the account of a Lender) on any Available Commitment of that Lender for any day on which that Lender is a Defaulting Lender.

15.2 **Arrangement fee**

The Borrower shall pay to the Bookrunner Mandated Lead Arrangers an arrangement fee in the amount (in Hong Kong dollars) and at the times agreed in a Fee Letter.

15.3 **Agency fee**

The Borrower shall pay to the Agent (for its own account) an agency fee in the amount and at the times agreed in a Fee Letter.

15.4 **Security Agent fee**

The Borrower shall pay to the Security Agent (for its own account) the security agent fee in the amount and at the times agreed in a Fee Letter.

15.5 **Fees payable in respect of Letters of Credit**

(a) The Borrower shall pay to the Issuing Bank a fronting fee agreed in a Fee Letter (or, as otherwise agreed between the Borrower and the Issuing Bank) on the outstanding amount which is counter-indemnified by the other Lenders of each Letter of Credit requested by it for the period from the issue of that Letter of Credit until its Expiry Date.

(b) The Borrower shall pay to the Agent (for the account of each Lender) a Letter of Credit fee in Hong Kong dollars (computed at the rate equal to the Margin applicable to a Revolving Facility Loan) on the outstanding amount of each Letter of Credit requested by it for the period from the issue of that Letter of Credit until its Expiry Date. Subject to paragraph (c) of Clause 7.6 (*Regulation and consequences of cash cover provided by Borrower*) this fee shall be distributed according to each Lender's L/C Proportion of that Letter of Credit.

(c) The accrued fronting fee and Letter of Credit fee on a Letter of Credit shall be payable on the last day of each successive period of three Months (or such shorter period as shall end on the Expiry Date for that Letter of Credit) starting on the date of issue of that Letter of Credit. If the amount outstanding of a Letter of Credit is reduced, any fronting fee and Letter of Credit fee accrued in respect of the amount of that reduction shall be payable on the day that that reduction becomes effective.

(d) If the Borrower provides cash cover in respect of any Letter of Credit:

(i) the fronting fee payable to the Issuing Bank and (subject to paragraph (c) of Clause 7.6 (*Regulation and consequences of cash cover provided by Borrower*)) the Letter of Credit fee payable for the account of each Lender shall continue to be payable until the expiry of the Letter of Credit; and

(ii) the Borrower shall be entitled to withdraw the interest accrued on the cash cover to pay the fees described in sub paragraph (i) above.

(e) The Borrower shall pay to the Issuing Bank (for its own account) an issuance/administration fee in the amount and at the times specified in a Fee Letter.

15.6 **POA Agent fee**

The Borrower shall pay to the POA Agent (for its own account) an agency fee in the amount and at the times agreed in a Fee Letter.

15.7 **Disbursement Agent fee**

The Borrower shall pay to the Disbursement Agent (for its own account) an agency fee in the amount and at the times agreed in a Fee Letter.

SECTION 6
ADDITIONAL PAYMENT OBLIGATIONS

16. TAX GROSS-UP AND INDEMNITIES

16.1 Definitions

In this Agreement:

(a) "**Tax Credit**" means a credit against, relief or remission for, or repayment of any Tax;

(b) "**Tax Deduction**" means a deduction or withholding for or on account of Tax from a payment under a Finance Document other than a FATCA Deduction; and

(c) "**Tax Payment**" means an increased payment made by an Obligor to a Finance Party under Clause 16.2 (*Tax gross-up*) or a payment under Clause 16.3 (*Tax indemnity*).

Unless a contrary indication appears, in this Clause 16 a reference to " **determines**" or "**determined**" means a determination made in the absolute discretion of the person making the determination.

16.2 Tax gross-up

(a) All payments to be made by an Obligor to any Finance Party under the Finance Documents shall be made free and clear of and without any Tax Deduction unless such Obligor is required to make a Tax Deduction, in which case the sum payable by such Obligor (in respect of which such Tax Deduction is required to be made) shall be increased to the extent necessary to ensure that such Finance Party receives a sum net of any deduction or withholding equal to the sum which it would have received had no such Tax Deduction been made or required to be made.

(b) The Borrower shall promptly upon becoming aware that an Obligor must make a Tax Deduction (or that there is any change in the rate or the basis of a Tax Deduction) notify the Agent accordingly. Similarly, a Lender shall notify the Agent on becoming so aware in respect of a payment payable to that Lender. If the Agent receives such notification from a Lender it shall notify the Borrower and that Obligor.

(c) If an Obligor is required to make a Tax Deduction, that Obligor shall make that Tax Deduction and any payment required in connection with that Tax Deduction within the time allowed and in the minimum amount required by law.

(d) Within thirty days of making either a Tax Deduction or any payment required in connection with that Tax Deduction, the Obligor making that Tax Deduction shall deliver to the Agent for the Finance Party entitled to the payment evidence reasonably satisfactory to that Finance Party that the Tax Deduction has been made or (as applicable) any appropriate payment paid to the relevant taxing authority.

16.3 **Tax indemnity**

(a) Without prejudice to Clause 16.2 (*Tax gross-up*), if any Finance Party is required to make any payment of or on account of Tax on or in relation to any sum received or receivable under the Finance Documents (including any sum deemed for purposes of Tax to be received or receivable by such Finance Party whether or not actually received or receivable) or if any liability in respect of any such payment is asserted, imposed, levied or assessed against any Finance Party, the Borrower shall, within three Business Days of demand of the Agent, promptly indemnify the Finance Party which suffers a loss or liability as a result against such payment or liability, together with any interest, penalties, costs and expenses payable or incurred in connection therewith, provided that this Clause 16.3 shall not apply to:

(i) any Tax imposed on and calculated by reference to the net income actually received or receivable by such Finance Party (but, for the avoidance of doubt, not including any sum deemed for purposes of Tax to be received or receivable by such Finance Party but not actually receivable) by the jurisdiction in which such Finance Party is incorporated;

(ii) any Tax imposed on and calculated by reference to the net income of the Facility Office of such Finance Party actually received or receivable by such Finance Party (but, for the avoidance of doubt, not including any sum deemed for purposes of Tax to be received or receivable by such Finance Party but not actually receivable) by the jurisdiction in which its Facility Office is located; or

(iii) any such payment or liability relating to a FATCA Deduction required to be made by a Party.

(b) A Finance Party intending to make a claim under paragraph (a) shall notify the Agent of the event giving rise to the claim, whereupon the Agent shall notify the Borrower thereof.

(c) A Finance Party shall, on receiving a payment from an Obligor under this Clause 16.3, notify the Agent.

16.4 **Tax Credit**

If an Obligor makes a Tax Payment and the relevant Finance Party determines that:

(a) a Tax Credit is attributable to an increased payment of which that Tax Payment forms part, to that Tax Payment or to a Tax Deduction in consequence of which that Tax Payment was required; and

(b) that Finance Party has obtained and utilised that Tax Credit,

the Finance Party shall pay an amount to the Obligor which that Finance Party determines will leave it (after that payment) in the same after-Tax position as it would have been in had the Tax Payment not been required to be made by the Obligor.

16.5 **Stamp taxes**

The Borrower shall:

(a) pay all stamp duty, registration and other similar Taxes payable in respect of any Finance Document; and

(b) within three Business Days of demand, indemnify each Finance Party against any cost, loss or liability that Finance Party incurs in relation to any stamp duty, registration or other similar Tax paid or payable in respect of any Finance Document.

16.6 **Indirect tax**

(a) All amounts set out or expressed in a Finance Document to be payable by any Party to a Finance Party shall be deemed to be exclusive of any Indirect Tax. If any Indirect Tax is chargeable on any supply made by any Finance Party to any Party in connection with a Finance Document, that Party shall pay to the Finance Party (in addition to and at the same time as paying the consideration) an amount equal to the amount of the Indirect Tax.

(b) Where a Finance Document requires any Party to reimburse a Finance Party for any costs or expenses, that Party shall also at the same time pay and indemnify the Finance Party against all Indirect Tax incurred by that Finance Party in respect of the costs or expenses to the extent that the Finance Party reasonably determines that it is not entitled to credit or repayment in respect of the Indirect Tax.

16.7 **FATCA Information**

(a) Subject to paragraph (c) below, each Party shall, within ten Business Days of a reasonable request by another Party:

(i) confirm to that other Party whether it is:

(A) a FATCA Exempt Party; or

(B) not a FATCA Exempt Party; and

(ii) supply to that other Party such forms, documentation and other information relating to its status under FATCA (including its applicable "passthru payment percentage" or other information required under the US Treasury Regulations or other official guidance including intergovernmental agreements) as that other Party reasonably requests for the purposes of that other Party's compliance with FATCA.

(b) If a Party confirms to another Party pursuant to 16.7(a)(i) above that it is a FATCA Exempt Party and it subsequently becomes aware that it is not, or has ceased to be a FATCA Exempt Party, that Party shall notify that other Party reasonably promptly.

(c) Paragraph (a) above shall not oblige any Finance Party to do anything which would or might in its reasonable opinion constitute a breach of:

(i) any law or regulation;

(ii) any fiduciary duty; or

(iii) any duty of confidentiality.

(d) If a Party fails to confirm its status or to supply forms, documentation or other information requested in accordance with paragraph (a) above (including, for the avoidance of doubt, where paragraph (c) above applies), then:

(i) if that Party failed to confirm whether it is (and/or remains) a FATCA Exempt Party then such Party shall be treated for the purposes of the Finance Documents as if it is not a FATCA Exempt Party; and

(ii) if that Party failed to confirm its applicable "passthru payment percentage" then such Party shall be treated for the purposes of the Finance Documents (and payments made thereunder) as if its applicable "passthru payment percentage" is 100%,

until (in each case) such time as the Party in question provides the requested confirmation, forms, documentation or other information.

16.8 **FATCA Deduction**

(a) Each Party may make any FATCA Deduction it is required to make by FATCA, and any payment required in connection with that FATCA Deduction, and no Party shall be required to increase any payment in respect of which it makes such a FATCA Deduction or otherwise compensate the recipient of the payment for that FATCA Deduction.

(b) Each Party shall promptly, upon becoming aware that it must make a FATCA Deduction (or that there is any change in the rate or the basis of such FATCA Deduction) notify the Party to whom it is making the payment and, in addition, shall notify the Parent, the Agent and the other Finance Parties.

17. INCREASED COSTS

17.1 **Increased costs**

(a) Subject to Clause 17.3 (*Exceptions*) the Borrower shall, within five Business Days of a demand by the Agent, pay for the account of a Finance Party the amount of any Increased Costs incurred by that Finance Party or any of its Affiliates as a result of:

(i) the introduction of or any change in (or in the interpretation, administration or application of) any law or regulation after the date of this Agreement;

(ii) compliance with any law or regulation made after the date of this Agreement; or

(iii) the implementation or application of, or compliance with, Basel III or the Dodd-Frank Wall Street Reform and Consumer Protection Act or any law or regulation that implements or applies Basel III or the Dodd-Frank Wall Street Reform and Consumer Protection Act.

The terms "**law**" and "**regulation**" in this paragraph (a) shall include, without limitation, any law or regulation concerning capital adequacy, prudential limits, liquidity, reserve assets or Tax.

(b) In this Agreement

(i) "**Increased Costs**" means:

(A) a reduction in the rate of return from a Facility or on a Finance Party's (or its Affiliate's) overall capital including, without limitation, as a result of any reduction in the rate of return on capital brought about by more capital being required to be allocated by such Finance Party;

(B) an additional or increased cost; or

(C) a reduction of any amount due and payable under any Finance Document,

which is incurred or suffered by a Finance Party or any of its Affiliates to the extent that it is attributable to that Finance Party having entered into its Commitment or funding or performing its obligations under any Finance Document or Letter of Credit; and

(ii) "**Basel III**" means:

(A) the agreements on capital requirements, a leverage ratio and liquidity standards contained in "Basel III: A global regulatory framework for more resilient banks and banking systems", "Basel III: International framework for liquidity risk measurement, standards and monitoring" and "Guidance for national authorities operating the countercyclical capital buffer" published by the Basel Committee on Banking Supervision on 16 December 2010, each as amended, supplemented or restated;

(B) the rules for global systemically important banks contained in "Global systemically important banks: assessment methodology and the additional loss absorbency requirement – Rules text" published by the Basel Committee on Banking Supervision in November 2011, as amended, supplemented or restated; and

(C) any further guidance or standards published by the Basel Committee on Banking Supervision relating to "Basel III".

(iii) "**Dodd-Frank Wall Street Reform and Consumer Protection Act**" means the Dodd–Frank Wall Street Reform and Consumer Protection Act (Pub.L. 111-203, H.R. 4173), as amended, supplemented or restated, along with all guidelines and directives issued or to be issued in connection therewith and any compliance by a Lender with any request or directive relating thereto.

17.2 **Increased cost claims**

(a) A Finance Party intending to make a claim pursuant to Clause 17.1 (*Increased costs*) shall notify the Agent of the event giving rise to the claim, following which the Agent shall promptly notify the Borrower.

(b) Each Finance Party shall, as soon as practicable after a demand by the Agent, provide a certificate confirming the amount of its Increased Costs.

17.3 **Exceptions**

(a) Clause 17.1 (*Increased costs*) does not apply to the extent any Increased Cost is:

(i) attributable to a Tax Deduction required by law to be made by an Obligor;

(ii) attributable to a FATCA Deduction required to be made by a Party;

(iii) compensated for by Clause 16.3 (*Tax indemnity*) (or would have been compensated for under Clause 16.3 (*Tax indemnity*) but was not so compensated solely because any of the exclusions in paragraph (a) of Clause 16.3 (*Tax indemnity*) applied);

(iv) attributable to the wilful breach by the relevant Finance Party or its Affiliates of any law or regulation; or

(v) attributable to the implementation or application of or compliance with the "International Convergence of Capital Measurement and Capital Standards, a Revised Framework" published by the Basel Committee on Banking Supervision in June 2004 in the form existing on the date of this Agreement (but excluding any amendment arising out of Basel III) (" **Basel II**") or any other law or regulation which implements Basel II (whether such implementation, application or compliance is by a government, regulator, Finance Party or any of its Affiliates).

(b) In this Clause 17.3 a reference to a "**Tax Deduction**" has the same meaning given to the term in Clause 16.1 (*Definitions*).

18. **OTHER INDEMNITIES**

18.1 **Currency indemnity**

(a) If any sum due from an Obligor under the Finance Documents (a "**Sum**"), or any order, judgment or award given or made in relation to a Sum, has to be converted from the currency (the "**First Currency**") in which that Sum is payable into another currency (the "**Second Currency**") for the purpose of:

(i) making or filing a claim or proof against that Obligor; or

(ii) obtaining or enforcing an order, judgment or award in relation to any litigation or arbitration proceedings,

that Obligor shall as an independent obligation, within five Business Days of demand, indemnify each Secured Party to whom that Sum is due against any cost, loss or liability arising out of or as a result of the conversion including any discrepancy between (A) the rate of exchange used to convert that Sum from the First Currency into the Second Currency and (B) the rate or rates of exchange available to that person at the time of its receipt of that Sum.

(b) Each Obligor waives any right it may have in any jurisdiction to pay any amount under the Finance Documents in a currency or currency unit other than that in which it is expressed to be payable.

(vi) issuing or making arrangements to issue a Letter of Credit requested by the Borrower in a Utilisation Request but not issued by reason of the operation of any one or more of the provisions of this Agreement (other than by reason of gross negligence or wilful default by that Finance Party alone); or

(vii) a Utilisation (or part of a Utilisation) not being prepaid in accordance with a notice of prepayment given by the Borrower.

(b) The Borrower shall (or shall procure that an Obligor will), within five Business Days of demand, indemnify each Finance Party, each Affiliate of a Secured Party, each officer, director, employee, agent, advisor, and representative of a Finance Party or its Affiliates and each controlling person or member of any of the foregoing (each, an "**Indemnified Party**") from and against any and all claims, damages, losses, liabilities, costs and expenses (including, without limitation, reasonable fees and disbursements and other charges of legal counsel), joint or several, that may be incurred by or asserted or awarded against any Indemnified Party, in each case arising out of or in connection with or relating to any investigation, litigation or proceeding or the preparation of any defence with respect thereto, arising out of or in connection with or relating to the Finance Documents or the transactions contemplated by the Finance Documents or any use made or proposed to be made of the proceeds of the Facilities, whether or not such investigation, litigation or proceeding is brought by a member of the Group, any shareholder or creditor of any member of the Group, an Indemnified Party or any other person, except to the extent that such claim, damage, loss, liability, cost or expense is found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party's gross negligence or wilful misconduct. Any third party referred to in this paragraph (b) may rely on this Clause 18.2 subject to Clause 1.3 (*Third Party Rights*) and the provisions of the Third Parties Act.

18.3 **Indemnity to the Agent**

(iii) instructing lawyers, accountants, tax advisers, surveyors or other professional advisers or experts as permitted under this Agreement; and

(b) any cost, loss or liability (including, without limitation, for negligence or any other category of liability whatsoever) incurred by the Agent (otherwise than by reason of the Agent's gross negligence or wilful misconduct) (or, in the case of any cost, loss or liability pursuant to Clause 35.11 (*Disruption to Payment Systems etc.*) notwithstanding the Agent's negligence, gross negligence or any other category of liability whatsoever but not including any claim based on the fraud)) in acting as Agent under the Finance Documents.

18.4 **Indemnity to the Security Agent**

(a) Each Obligor, jointly and severally, shall promptly indemnify the Security Agent and every Receiver and Delegate against any cost, loss or liability incurred by any of them as a result of:

(vi) acting as Security Agent, Receiver or Delegate under the Finance Documents or which otherwise relates to any of the Charged Property (otherwise, in each case, than by reason of the relevant Security Agent's, Receiver's or Delegate's gross negligence or wilful misconduct).

(b) The Security Agent and every Receiver and Delegate may, in priority to any payment to the Secured Parties, indemnify itself out of the Charged Property in respect of, and pay and retain, all sums necessary to give effect to the indemnity in this Clause and shall have a lien on the Transaction Security and the proceeds of the enforcement of the Transaction Security for all moneys payable to it.

(b) any cost, loss or liability (including, without limitation, for negligence or any other category of liability whatsoever) incurred by the Disbursement Agent (otherwise than by reason of the Disbursement Agent's gross negligence or wilful misconduct) (or, in the case of any cost, loss or liability pursuant to Clause 35.11 (*Disruption to Payment Systems etc.*) notwithstanding the Disbursement Agent's negligence, gross negligence or any other category of liability whatsoever but not including any claim based on the fraud)) in acting as the Disbursement Agent under the Finance Documents.

19. MITIGATION BY THE LENDERS

19.1 Mitigation

(a) Each Finance Party shall, in consultation with the Borrower, take all reasonable steps to mitigate any circumstances which arise and which would result in any amount becoming payable under or pursuant to, or cancelled pursuant to, any of Clause 9.1 (*Illegality*) (or, in respect of the Issuing Bank, Clause 9.2 (*Illegality in relation to Issuing Bank*)), Clause 16 (*Tax Gross-Up and Indemnities*) or Clause 17 (*Increased Costs*), including (but not limited to) transferring its rights and obligations under the Finance Documents to another Affiliate or Facility Office.

(b) Paragraph (a) above does not in any way limit the obligations of any Obligor under the Finance Documents.

19.2 Limitation of liability

(a) The Borrower shall promptly indemnify each Finance Party for all costs and expenses reasonably incurred by that Finance Party as a result of steps taken by it under Clause 19.1 (*Mitigation*).

(b) A Finance Party is not obliged to take any steps under Clause 19.1 (*Mitigation*) if, in the opinion of that Finance Party (acting reasonably), to do so might be prejudicial to it.

20. COSTS AND EXPENSES

20.1 Transaction expenses

(a) The Borrower shall pay the Agent, the Bookrunner Mandated Lead Arrangers, the Disbursement Agent, the Issuing Bank, the Security Agent and the POA Agent in the manner set out at paragraph (b) below the amount of all reasonable costs and expenses (including, but not limited to, reasonable legal fees, advisers' fees, syndication, travelling expenses and due diligence incurred by any of them (and, in the case of the Security Agent and the POA Agent, by any Receiver or Delegate)) in connection with the negotiation, preparation, printing, execution, syndication and perfection of:

(i) this Agreement and any other documents referred to in this Agreement and the Transaction Security; and

(ii) any other Finance Documents executed after the date of this Agreement,

provided that no individual item of out-of-pocket expense or disbursement (save for the fees and expenses of any advisers (including, without limitation, any insurance consultant, project appraiser and legal counsel appointed by the Bookrunner Mandated Lead Arrangers and/or the Agent and approved by the Borrower) in accordance with the terms of their respective appointment letters as approved by the Borrower) in excess of US$20,000 (or its equivalent in other currencies) shall be incurred without the prior consent of the Borrower. If the aggregate amount of the costs and expenses incurred by the Bookrunner Mandated Lead Arrangers and/or the Agent (other than the fees and expenses of the advisers mentioned above in accordance with the terms of their respective appointment letters) exceeds US$250,000 (or its equivalent in other currencies), the Bookrunner Mandated Lead Arrangers or the Agent (as the case may be) shall provide the Borrower with regular updates of the incurrence of such costs and expenses (but not more frequently than once every two (2) weeks).

(b) The Borrower agrees to reimburse all such reasonable costs and expenses (or, in the case of the fees and expenses of the advisers referred to above, to pay such fees and expenses direct to such advisers) within thirty (30) days of presentation by the Bookrunner Mandated Lead Arrangers or the Agent (as the case may be) of a detailed statement of account. The Bookrunner Mandated Lead Arrangers and/or the Agent (as the case may be) shall arrange for invoices in relation to their costs and expenses (including invoices for the fees and expenses of the advisers referred to above) to be rendered monthly, save in relation to any adviser or consultant to the extent of any other payment arrangements specified in its appointment letter which has been approved by the Borrower.

20.2 **Amendment costs**

If (a) an Obligor requests an amendment, waiver or consent, or (b) an amendment is required pursuant to Clause 35.10 (*Change of currency*), the Borrower shall, within five Business Days of demand, reimburse each of the Agent, the Disbursement Agent, the Security Agent and the POA Agent for the amount of all costs and expenses (including legal fees, disbursements and other out of pocket expenses) reasonably incurred or made by the Agent, the Disbursement Agent, the Bookrunner Mandated Lead Arrangers, the Security Agent and the POA Agent (and, in the case of the Security Agent, by any Receiver or Delegate) in responding to, evaluating, negotiating or complying with that request or requirement.

20.3 **Enforcement and preservation costs**

The Borrower shall, within five Business Days of demand, pay to each Secured Party the amount of all costs and expenses (including legal fees, disbursements and other out of pocket expenses) incurred by it in connection with the enforcement of or the preservation of any rights under any Finance Document and the Transaction Security and any proceedings instituted by or against the Security Agent or the POA Agent as a consequence of taking or holding the Transaction Security or enforcing these rights.

SECTION 7
GUARANTEE

21. GUARANTEE AND INDEMNITY

21.1 Guarantee and indemnity

Each Guarantor irrevocably and unconditionally jointly and severally:

(a) guarantees to each Finance Party punctual performance by each other Obligor of all that Obligor's obligations under the Finance Documents;

(b) undertakes with each Finance Party that whenever another Obligor does not pay any amount when due under or in connection with any Finance Document, that Guarantor shall immediately on demand pay that amount as if it was the principal obligor; and

(c) agrees with each Finance Party that if any obligation guaranteed by it is or becomes unenforceable, invalid or illegal, it will, as an independent and primary obligation, indemnify that Finance Party immediately on demand against any cost, loss or liability it incurs as a result of an Obligor not paying any amount which would, but for such unenforceability, invalidity or illegality, have been payable by it under any Finance Document on the date when it would have been due. The amount payable by a Guarantor under this indemnity will not exceed the amount it would have had to pay under this Clause 21 if the amount claimed had been recoverable on the basis of a guarantee.

21.2 Continuing Guarantee

This guarantee is a continuing guarantee and will extend to the ultimate balance of sums payable by any Obligor under the Finance Documents, regardless of any intermediate payment or discharge in whole or in part.

21.3 Reinstatement

If any discharge, release or arrangement (whether in respect of the obligations of any Obligor or any security for those obligations or otherwise) is made by a Finance Party in whole or in part on the basis of any payment, security or other disposition which is avoided or must be restored in insolvency, liquidation, administration or otherwise, without limitation, then the liability of each Guarantor under this Clause 21 will continue or be reinstated as if the discharge, release or arrangement had not occurred.

21.4 Waiver of defences

The obligations of each Guarantor under this Clause 21 will not be affected by any act, omission, matter or thing which, but for this Clause 21, would reduce, release or prejudice any of its obligations under this Clause 21 (without limitation and whether or not known to it or any Finance Party) including:

(a) any time, waiver or consent granted to, or composition with, any Obligor or other person;

(b) the release of any other Obligor or any other person under the terms of any composition or arrangement with any creditor of any member of the Group;

(c) the taking, variation, compromise, exchange, renewal or release of, or refusal or neglect to perfect, take up or enforce, any rights against, or security over assets of, any Obligor or other person or any non-presentation or non-observance of any formality or other requirement in respect of any instrument or any failure to realise the full value of any security;

(d) any incapacity or lack of power, authority or legal personality of or dissolution or change in the members or status of an Obligor or any other person;

(e) any amendment, novation, supplement, extension (whether of maturity or otherwise) or restatement (in each case, however fundamental and of whatsoever nature, and whether or not more onerous) or replacement of a Finance Document or any other document or security, including, without limitation, any amendments or waiver contemplated under a Fee Letter;

(f) any unenforceability, illegality or invalidity of any obligation of any person under any Finance Document or any other document or security;

(g) any insolvency or similar proceedings; or

(h) this Agreement or any other Finance Document not being executed by or binding against any other Guarantor or any other party.

21.5 **Guarantor Intent**

Without prejudice to the generality of Clause 21.4 (*Waiver of defences*), each Guarantor expressly confirms that it intends that this guarantee shall extend from time to time to any (however fundamental and of whatsoever nature and whether or not more onerous) variation, increase, extension or addition of or to any of the Finance Documents and/or any facility or amount made available under any of the Finance Documents for or in connection with any purpose whatsoever, including without limitation, any of the following: any amendment or waiver contemplated under a Fee Letter, any Project expansion; acquisitions of any nature; increasing working capital; enabling dividends or distributions to be made; carrying out restructurings; refinancing existing facilities; refinancing any other indebtedness; making facilities available to new borrowers; any other variation or extension of the purposes for which any such facility or amount might be made available from time to time; and any fees, costs and expenses associated with any of the foregoing.

21.6 **Immediate recourse**

Each Guarantor waives any right it may have of first requiring any Finance Party (or any trustee or agent on its behalf) to proceed against or enforce any other rights or security or claim payment from any person before claiming from that Guarantor under this Clause 21. This waiver applies irrespective of any law or any provision of a Finance Document to the contrary.

21.7 **Appropriations**

Until all amounts which may be or become payable by the Obligors under or in connection with the Finance Documents have been irrevocably paid in full, each Finance Party (or any trustee or agent on its behalf) may:

(a) refrain from applying or enforcing any other moneys, security or rights held or received by that Finance Party (or any trustee or agent on its behalf) in respect of those amounts, or apply and enforce the same in such manner and order as it sees fit (whether against those amounts or otherwise) and no Guarantor shall be entitled to the benefit of the same; and

(b) hold in an interest-bearing suspense account any moneys received from any Guarantor or on account of any Guarantor's liability under this Clause 21.

21.8 **Deferral of Guarantors' rights**

Until all amounts which may be or become payable by the Obligors under or in connection with the Finance Documents have been irrevocably paid in full and unless the Agent otherwise directs, no Guarantor will exercise any rights which it may have by reason of performance by it of its obligations under the Finance Documents or by reason of any amount being payable, or liability arising, under this Clause 21:

(a) to be indemnified by an Obligor;

(b) to claim any contribution from any other guarantor of any Obligor's obligations under the Finance Documents;

(c) to take the benefit (in whole or in part and whether by way of subrogation or otherwise) of any rights of the Finance Parties under the Finance Documents or of any other guarantee or security taken pursuant to, or in connection with, the Finance Documents by any Finance Party;

(d) to bring legal or other proceedings for an order requiring any Obligor to make any payment, or perform any obligation, in respect of which any Guarantor has given a guarantee, undertaking or indemnity under Clause 21.1 (*Guarantee and indemnity*);

(e) to exercise any right of set-off against any Obligor; and/or

(f) to claim or prove as a creditor of any Obligor in competition with any Finance Party.

If any Obligor receives any benefit, payment or distribution in relation to such rights it shall hold that benefit, payment or distribution to the extent necessary to enable all the Secured Obligations to be repaid or discharged in full, on trust for the Finance Parties and shall promptly pay or transfer the same to the Agent or as the Agent may direct for application in accordance with Clause 35 (*Payment Mechanics*).

21.9 **Additional security**

This guarantee is in addition to and is not in any way prejudiced by any other guarantee or security now or subsequently held by any Finance Party.

21.10 **Releaseof Guarantors' right of contribution**

If any Guarantor (a "**Retiring Guarantor**") ceases to be a Guarantor in accordance with the terms of the Finance Documents for the purpose of any sale or other disposal of that Retiring Guarantor then on the date such Retiring Guarantor ceases to be a Guarantor:

(a) that Retiring Guarantor is released by each other Guarantor from any liability (whether past, present or future and whether actual or contingent) to make a contribution to any other Guarantor arising by reason of the performance by any other Guarantor of its obligations under the Finance Documents; and

(b) each other Guarantor waives any rights it may have by reason of the performance of its obligations under the Finance Documents to take the benefit (in whole or in part and whether by way of subrogation or otherwise) of any rights of the Finance Parties under any Finance Document or of any other security taken pursuant to, or in connection with, any Finance Document where such rights or security are granted by or in relation to the assets of the Retiring Guarantor.

SECTION 8
REPRESENTATIONS, UNDERTAKINGS AND EVENTS OF DEFAULT

22. REPRESENTATIONS

22.1 General

Each Obligor makes the representations and warranties set out in Schedule 5 (*Representations and Warranties*) at the times set out herein.

22.2 Times when representations made

(a) All the representations and warranties in Schedule 5 (*Representations and Warranties*) are made by each Obligor on the date of this Agreement except for the representations and warranties set out in paragraph 13 (*No misleading information*) thereof which are deemed to be made by each Obligor (i) with respect to the Information Memorandum or supplement thereto, on the date the Information Memorandum or supplement is (or was) approved by the Borrower and, (ii) with respect to the information provided by or on behalf of an Obligor for the preparation of the Information Package, on the date of this Agreement and on any later date on which the Information Package (or any part of it) is (or was) released to the Bookrunner Mandated Lead Arrangers for distribution in connection with syndication of the Facilities.

(e) Each representation or warranty deemed to be made after the date of this Agreement shall be deemed to be made by reference to the facts and circumstances existing at the date the representation or warranty is deemed to be made.

23. COVENANTS

23.1 Content

The Obligors undertake to each Finance Party that they shall comply with the covenants set out in Schedule 6 (*Covenants*).

23.2 Duration

The covenants in Schedule 6 (*Covenants*) remain in force from the date of this Agreement for so long as any amount is outstanding under the Finance Documents or any Commitment is in force.

24. EVENTS OF DEFAULT AND REVIEW EVENTS

24.1 Events of Default and Review Events

Each of the events or circumstances set out in Part I of Schedule 9 (*Events of Default and Review Events*) is an Event of Default and each of the events or circumstances set out in Part II of Schedule 9 (*Events of Default and Review Events*) is a Review Event.

24.2 Acceleration

On and at any time after the occurrence of an Event of Default (other than the occurrence of any Curable Event of Default) which is continuing the Agent may, and shall if so directed by the Majority Lenders, by notice to the Borrower:

(a) cancel the Total Commitments, whereupon they shall immediately be cancelled;

(b) declare that all or part of the Utilisations, together with accrued interest, and all other amounts accrued or outstanding under the Finance Documents be immediately due and payable, whereupon they shall become immediately due and payable;

(c) declare that all or part of the Utilisations be payable on demand, whereupon they shall immediately become payable on demand by the Agent on the instructions of the Majority Lenders;

(d) declare that cash cover in respect of each Letter of Credit is immediately due and payable at which time it shall become immediately due and payable;

(e) declare that cash cover in respect of each Letter of Credit is payable on demand at which time it shall immediately become due and payable on demand by the Agent on the instructions of the Majority Lenders;

(f) notify the Security Agent that an Event of Default has occurred and continuing and instruct the Security Agent to issue one or more Enforcement Notices; and/or

(g) exercise or direct the Security Agent to exercise any or all of its rights, remedies, powers or discretions under any of the Finance Documents and/or the High Yield Note Documents and/or (if the High Yield Note Refinancing has occurred) any document or instrument in respect of the high yield notes issued pursuant to the High Yield Note Refinancing (including, following the issue of an Enforcement Notice, any such rights, remedies, powers or discretions which first require the issue of such a notice).

24.3 **Effect of Review Event**

(a) On and at any time after the occurrence of a Review Event which is continuing the Agent may, and shall if so directed by the Majority Lenders, by notice to the Borrower ("**Review Event Notice**"):

(i) require that the Borrower delivers to the Agent within 10 Business Days of the Review Event Notice being provided, an assessment of the impact of the Review Event together with a proposed plan which is intended to deal with the consequences of the Review Event (" **Proposed Cure Plan**"); and

(ii) request a meeting with representatives of the Borrower to discuss the Proposed Cure Plan within 15 Business Days (or such longer period as agreed to by the Agent) of the Review Event Notice being provided.

(b) The Borrower and the Agent must enter into negotiations in good faith with a view to agreeing how the circumstances giving rise to the Review Event (and the consequences of such Review Event) are to be dealt with.

(c) If, after 60 days (or such longer period as agreed to by the Agent acting on the instructions of the Majority Lenders) of the occurrence of the Review Event, the Agent notifies the Borrower in writing that it does not agree (acting reasonably) on the actions to be taken by the Obligors in accordance with the Proposed Cure Plan to deal with the consequences of the Review Event, the Agent must promptly seek a vote of the Lenders on whether the Review Event shall constitute an Event of Default ("**Review Event of Default**"). A Review Event of Default shall only occur upon the Majority Lenders so voting that a Review Event of Default has occurred. If a Review Event of Default occurs as a result of a vote of the Majority Lenders, the Agent shall promptly notify the Borrower in writing.

(d) If the Borrower and the Agent have agreed the terms of the Proposed Cure Plan (" **Agreed Cure Plan**"), the Agent shall promptly notify the Borrower in writing. Upon such notification by the Agent, the Review Event will be automatically deemed to have been waived and ***provided that*** the Obligors diligently pursue implementation and satisfaction of the Agreed Cure Plan, the Lenders will have no further rights in respect of that Review Event upon completion of the Agreed Cure Plan in accordance with its terms and within the required timeframe (the date by which the Agreed Cure Plan must be completed being the "**Completion Cure Date**").

(e) If the Agreed Cure Plan is not completed in accordance with its terms and by the Completion Cure Date, an immediate Review Event of Default shall occur upon the Agent notifying the Borrower in writing that the Agreed Cure Plan has not been so completed by the Completion Cure Date.

SECTION 9
CHANGES TO PARTIES

25. CHANGES TO THE LENDERS

25.1 Assignments and transfers by the Lenders

Subject to this Clause 25 and to Clause 26 (*Restriction on Debt Purchase Transactions*), a Lender (the "**Existing Lender**") may:

(a) assign any of its rights; or

(b) transfer by novation any of its rights and obligations,

under any Finance Document to another bank or financial institution or to a trust, fund or other entity which is regularly engaged in or established for the purpose of making, purchasing or investing in loans, securities or other financial assets (in each case, the " **New Lender**").

25.2 Conditions of assignment or transfer or sub-participation

(a) Any assignment or transfer by an Existing Lender of all or any part of its Commitment must be in a minimum aggregate amount of HK$40,000,000 (or if less, the entire amount of the Existing Lender's Commitment in the relevant Facility).

(b) An Existing Lender must consult with the Borrower for a period of at least 3 Business Days (" **Consultation Period**") before it makes an assignment or transfer in accordance with Clause 25.1 (*Assignments and transfers by the Lenders*), or it enters into any sub-participation in respect of any Commitment or amount outstanding under this Agreement, unless:

(i) the assignment or transfer is to, or the sub-participation is with, another Lender or an Affiliate of a Lender;

(ii) if the Existing Lender is a fund, the assignment or transfer is to, or the sub-participation is with, a fund which is a Related Fund of that Existing Lender; or

(iii) made at a time when an Event of Default is continuing, in which case, prior consultation with the Borrower shall not be required.

(c) An Existing Lender must not transfer, assign or enter into any sub-participation arrangement in respect of any Commitment or amount outstanding under this Agreement if, in any Consultation Period, the Borrower is or has been able to demonstrate, to the satisfaction of the relevant Lender (acting reasonably and in good faith) that the proposed transferee, assignee or sub-participant is a Competitor.

(d) If the Borrower is unable to demonstrate during any Consultation Period, to the reasonable satisfaction of the relevant Lender (acting in good faith), that the proposed transferee, assignee or sub-participant is a Competitor but reasonably objects to the proposed transfer, assignment or sub-participation on the basis it needs to undertake further due diligence on such person to conclusively determine if such person is a Competitor, the Lender shall extend the original Consultation Period by an additional 3 Business Days (" **Extended Consultation Period**"). If, by the expiry of the Extended Consultation Period, the Borrower is able to demonstrate or provide further evidence to the satisfaction of the relevant Lender that the proposed transferee, assignee or sub-participant is a Competitor, then the Lender shall not make the proposed transfer, assignment or sub-participation to such person. Otherwise, following the expiry of the Extended Consultation Period the Lender may make the proposed transfer, assignment or sub-participation to such person.

(e) An assignment permitted by the terms of this Agreement will only be effective on:

(i) receipt by the Agent (whether in the Assignment Agreement and Finance Party Accession Undertaking or otherwise) of written confirmation from the New Lender (in form and substance satisfactory to the Agent) that the New Lender will assume the same obligations to the other Finance Parties and the other Secured Parties as it would have been under if it was an Original Lender; and

(ii) performance by the Agent of all necessary "know your customer" or other similar checks under all applicable laws and regulations in relation to such assignment to a New Lender, the completion of which the Agent shall promptly notify to the Existing Lender and the New Lender.

(f) A transfer permitted by the terms of this Agreement will only be effective if the procedure set out in Clause 25.5 (*Procedure for transfer*) is complied with.

(g) If:

(i) a Lender assigns or transfers any of its rights or obligations under the Finance Documents or changes its Facility Office; and

(ii) as a result of circumstances existing at the date the assignment, transfer or change occurs, an Obligor would be obliged to make a payment to the New Lender or Lender acting through its new Facility Office under Clause 16 (*Tax Gross-Up and Indemnities*) or Clause 17 (*Increased Costs*),

then the New Lender or Lender acting through its new Facility Office is only entitled to receive payment under those Clauses to the same extent as the Existing Lender or Lender acting through its previous Facility Office would have been if the assignment, transfer or change had not occurred.

(h) Each New Lender, by executing the relevant Transfer Certificate and Finance Party Accession Undertaking or Assignment Agreement and Finance Party Accession Undertaking, confirms, for the avoidance of doubt, that the Agent has authority to execute on its behalf any amendment or waiver that has been approved by or on behalf of the requisite Lender or Lenders in accordance with this Agreement on or prior to the date on which the transfer or assignment becomes effective in accordance with this Agreement and that it is bound by that decision to the same extent as the Existing Lender would have been had it remained a Lender.

(i) The consent of the Issuing Bank is required for any assignment or transfer by an Existing Lender of any of its rights and/or obligations under the Revolving Facility.

25.3 **Assignment or transfer fee**

Unless the Agent otherwise agrees and excluding an assignment or transfer (i) to an Affiliate of a Lender, (ii) to a Related Fund or (iii) made in connection with primary syndication of the Facilities, the New Lender shall, on the date upon which an assignment, transfer or accession takes effect, pay to the Agent (for its own account) a fee of US$3,500.

25.4 **Limitation of responsibility of Existing Lenders**

(a) Unless expressly agreed to the contrary, an Existing Lender makes no representation or warranty and assumes no responsibility to a New Lender for:

(i) the legality, validity, effectiveness, adequacy or enforceability of the Transaction Documents, the Transaction Security or any other documents;

(ii) the financial condition or other circumstances of the Project, any Obligor or any other person;

(i) rely on any representation, communication, notice or document (including, without limitation, any notice given by a Lender pursuant to paragraphs (b) or (c) of Clause 26.2 (*Disenfranchisement on Debt Purchase Transactions entered into by Sponsor Affiliates*)) believed by it to be genuine, correct and appropriately authorised and shall have no duty to verify any signature on any document;

as sufficient evidence that that is the case and, in the case of paragraph (A) above, may assume the truth and accuracy of that certificate.

(b) The Agent may assume (unless it has received notice to the contrary in its capacity as agent for the Lenders and Hedge Counterparties) that:

(C) has ceased to be with a Sponsor Affiliate.

(c) The Agent may engage and pay for the advice or services of any lawyers, accountants, tax advisers, surveyors or other professional advisers or experts.

(e) The Agent may rely on the advice or services of any lawyers, accountants, tax advisers, surveyors or other professional advisers or experts (whether obtained by the Agent or by any other Party) and shall not be liable for any damages, costs or losses to any person, any diminution in value or any liability whatsoever arising as a result of its so relying.

the identity of a Defaulting Lender to the Borrower and the other Finance Parties.

(i) Notwithstanding any other provision of any Finance Document to the contrary, none of the Agent, the Issuing Bank or any Arranging Bank is obliged to do or omit to do anything if it would, or might in its reasonable opinion, constitute a breach of any law or regulation or a breach of a fiduciary duty or duty of confidentiality.

(j) The Agent may not disclose to any Finance Party any details of the rate notified to the Agent by any Lender or the identity of any such Lender for the purpose of paragraph (a)(ii) of Clause 14.2 (*Market disruption*).

(k) Notwithstanding any provision of any Finance Document to the contrary, the Agent is not obliged to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties, obligations or responsibilities or the exercise of any right, power, authority or discretion if it has grounds for believing the repayment of such funds or adequate indemnity against, or security for, such risk or liability is not reasonably assured to it.

28.8 **Responsibility for documentation**

None of the Agent, the Issuing Bank or any Arranging Bank is responsible or liable for:

(a) the adequacy, accuracy or completeness of any information (whether oral or written) supplied by the Agent, the Issuing Bank, any Arranging Bank, an Obligor or any other person in or in connection with any Finance Document or the Information Memorandum or the Reports or the transactions contemplated in the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document;

(i) any damages, costs or losses to any person, any diminution in value, or any liability whatsoever arising as a result of taking or not taking any action under or in connection with any Finance Document or the Transaction Security, unless directly caused by its gross negligence or wilful misconduct;

(ii) exercising, or not exercising, any right, power, authority or discretion given to it by, or in connection with, any Finance Document, the Transaction Security or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with, any Finance Document or the Transaction Security; or

(iii) without prejudice to the generality of paragraphs (i) and (ii) above, any damages, costs or losses to any person, any diminution in value or any liability whatsoever arising as a result of:

(A) any act, event or circumstance not reasonably within its control; or

(d) Nothing in this Agreement shall oblige the Agent or any Arranging Bank to carry out:

(i) any "know your customer" or other checks in relation to any person; or

(ii) any check on the extent to which any transaction contemplated by this Agreement might be unlawful for any Lender,

on behalf of any Lender or Hedge Counterparty and each Lender and Hedge Counterparty confirms to the Agent and the Arranging Banks that it is solely responsible for any such checks it is required to carry out and that it may not rely on any statement in relation to such checks made by the Agent or the Arranging Banks.

(e) Without prejudice to any provision of any Finance Document excluding or limiting the Agent's liability, any liability of the Agent arising under or in connection with any Finance Document or the Transaction Security shall be limited to the amount of actual loss which has been finally judicially determined to have been suffered (as determined by reference to the date of default of the Agent or, if later, the date on which the loss arises as a result of such default) but without reference to any special conditions or circumstances known to the Agent at any time which increase the amount of that loss. In no event shall the Agent be liable for any loss of profits, goodwill, reputation, business opportunity or anticipated saving, or for special, punitive, indirect or consequential damages, whether or not the Agent has been advised of the possibility of such loss or damages.

28.11 **Lenders' and Hedge Counterparties' indemnity to the Agent**

(a) Each Lender and each Hedge Counterparty shall (in the proportion that the Liabilities due to it bear to the aggregate of the Liabilities due to all the Lenders and Hedge Counterparties for the time being (or, if the Liabilities due to the Lenders and Hedge Counterparties are zero, immediately prior to their being reduced to zero)), indemnify the Agent, within three Business Days of demand, against any cost, loss or liability (including, without limitation, for negligence or any other category of liability whatsoever) incurred by the Agent (otherwise than by reason of the Agent's gross negligence or wilful misconduct) (or, in the case of any cost, loss or liability pursuant to Clause 35.11 (*Disruption to Payment Systems etc.*), notwithstanding the Agent's negligence, gross negligence or any other category of liability whatsoever but not including any claim based on the fraud of the Agent in acting as Agent under the Finance Documents (unless the Agent has been reimbursed by an Obligor pursuant to a Finance Document).

(b) For the purposes only of paragraph (a) above, to the extent that any hedging transaction under a Hedging Agreement has not been terminated or closed-out, the Liabilities due to any Hedge Counterparty in respect of that hedging transaction will be deemed to be:

(i) if the relevant Hedging Agreement is based on an ISDA Master Agreement, the amount, if any, which would be payable to it under that Hedging Agreement in respect of those hedging transactions, if the date on which the calculation is made was deemed to be an Early Termination Date (as defined in the relevant ISDA Master Agreement) for which the relevant Debtor is the Defaulting Party (as defined in the relevant ISDA Master Agreement); or

(ii) if the relevant Hedging Agreement is not based on an ISDA Master Agreement, the amount, if any, which would be payable to it under that Hedging Agreement in respect of that hedging transaction, if the date on which the calculation is made was deemed to be the date on which an event similar in meaning and effect (under that Hedging Agreement) to an Early Termination Date (as defined in any ISDA Master Agreement) occurred under that Hedging Agreement for which the relevant Debtor is in a position similar in meaning and effect (under that Hedging Agreement) to that of a Defaulting Party (under and as defined in the same ISDA Master Agreement),

that amount, in each case as calculated in accordance with the relevant Hedging Agreement.

(c) If the Borrower is required to reimburse or indemnify any Lender or Hedge Counterparty for any payment that Lender or Hedge Counterparty makes to the Agent pursuant to paragraph (a) above in accordance with the Finance Documents, the Borrower shall, within ten Business Days of demand in writing by the relevant Lender or Hedge Counterparty, indemnify such Lender or Hedge Counterparty for the amount of such payment actually made pursuant to paragraph (a) above.

(d) Paragraph (c) above shall not apply to the extent that the indemnity payment in respect of which the Lender or Hedge Counterparty claims reimbursement relates to a liability of the Agent to an Obligor.

28.12 **Resignation of the Agent**

(a) The Agent may resign and appoint one of its Affiliates acting through an office in Hong Kong as successor by giving notice to the Lenders, the Hedge Counterparties and the Borrower.

(b) Alternatively the Agent may resign by giving notice to the Lenders, the Hedge Counterparties and the Borrower, in which case the Majority Lenders (after consultation with the Borrower) may appoint a successor Agent.

(c) If the Majority Lenders have not appointed a successor Agent in accordance with paragraph (b) above within 30 days after notice of resignation was given, the Agent (after consultation with the Borrower) may appoint a successor Agent (acting through an office in Hong Kong).

(d) If the Agent wishes to resign because (acting reasonably) it has concluded that it is no longer appropriate for it to remain as agent and the Agent is entitled to appoint a successor Agent under paragraph (c) above, the Agent may (if it concludes (acting reasonably) that it is necessary to do so in order to persuade the proposed successor Agent to become a party to this Agreement as Agent) agree with the proposed successor Agent amendments to this Clause 28 and any other term of this Agreement dealing with the rights or obligations of the Agent consistent with then current market practice for the appointment and protection of corporate trustees.

(e) The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.

(f) The Agent's resignation notice shall only take effect upon the appointment of a successor.

(g) Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents (other than its obligations under paragraph (e) above) but shall remain entitled to the benefit of Clause 18.3 (*Indemnity to the Agent*) and this Clause 28 (and any agency fees for the account of the retiring Agent shall cease to accrue from (and shall be payable on) that date). Its successor and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if such successor had been an original Party.

(h) After consultation with the Borrower, the Majority Lenders may, by notice to the Agent (copied to the Borrower), require it to resign in accordance with paragraph (b) above. In this event, the Agent shall resign in accordance with paragraph (b) above.

(i) The Agent shall resign in accordance with paragraph (b) above (and, to the extent applicable, shall use reasonable endeavours to appoint a successor Agent pursuant to paragraph (c) above) if on or after the date which is three months before the earliest FATCA Application Date relating to any payment to the Agent under the Finance Documents, either:

(i) the Agent fails to respond to a request under Clause 16.7 (*FATCA Information*) and the Borrower or a Lender reasonably believes that the Agent will not be (or will have ceased to be) a FATCA Exempt Party on or after that FATCA Application Date;

(ii) the information supplied by the Agent pursuant to Clause 16.7 (*FATCA Information*) indicates that the Agent will not be (or will have ceased to be) a FATCA Exempt Party on or after that FATCA Application Date; or

(iii) the Agent notifies the Borrower and the Lenders that the Agent will not be (or will have ceased to be) a FATCA Exempt Party on or after that FATCA Application Date;

and (in each case) the Borrower or a Lender reasonably believes that a Party will be required to make a FATCA Deduction that would not be required if the Agent were a FATCA Exempt Party, and the Borrower or that Lender, by notice to the Agent, requires it to resign.

28.13 **Replacement of the Agent**

(a) After consultation with the Borrower, the Majority Lenders may, by giving 30 days' notice to the Agent (or, at any time the Agent is an Impaired Agent, by giving any shorter notice determined by the Majority Lenders) replace the Agent by appointing a successor Agent (acting through an office in Hong Kong).

(b) The retiring Agent shall (at its own cost if it is an Impaired Agent and otherwise at the expense of the Lenders) make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.

(c) The appointment of the successor Agent shall take effect on the date specified in the notice from the Majority Lenders to the retiring Agent. As from this date, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents (other than its obligations under paragraph (b) above) but shall remain entitled to the benefit of Clause 18.3 (*Indemnity to the Agent*) and this Clause 28 (and any agency fees for the account of the retiring Agent shall cease to accrue from (and shall be payable on) that date).

(d) Any successor Agent and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if such successor had been an original Party.

28.14 **Confidentiality**

(a) In acting as agent for the Finance Parties, the Agent shall be regarded as acting through its agency division which shall be treated as a separate entity from any other of its divisions or departments.

(b) If information is received by another division or department of the Agent, it may be treated as confidential to that division or department and the Agent shall not be deemed to have notice of it.

(c) Notwithstanding any other provision of any Finance Document to the contrary, none of the Agent or the Arranging Banks are obliged to disclose to any other person (i) any confidential information or (ii) any other information if the disclosure would or might in its reasonable opinion constitute a breach of any law or regulation or a breach of a fiduciary duty.

(d) The Agent shall not be obliged to disclose to any Finance Party any information supplied to it by the Borrower or any Affiliates of the Borrower on a confidential basis and for the purpose of evaluating whether any waiver or amendment is or may be required or desirable in relation to any Finance Document.

28.15 **Relationship with the Lenders and the Hedge Counterparties**

The Agent may treat the person shown in its records as Lender and Hedge Counterparty at the opening of business (in the place of the Agent's principal office as notified to the Finance Parties from time to time) as the Lender acting through its Facility Office, or, as the case may be, Hedge Counterparty:

(a) entitled to or liable for any payment due under any Finance Document on that day; and

(b) entitled to receive and act upon any notice, request, document or communication or make any decision or determination under any Finance Document made or delivered on that day,

unless it has received not less than five Business Days' prior notice from that Lender or Hedge Counterparty to the contrary in accordance with the terms of this Agreement.

(c) Each Lender and Hedge Counterparty shall supply the Agent with any information that the Security Agent may reasonably specify (through the Agent) as being necessary or desirable to enable the Security Agent to perform its functions as Security Agent. Each Lender and Hedge Counterparty shall deal with the Security Agent exclusively through the Agent and shall not deal directly with the Security Agent.

(d) Any Lender or Hedge Counterparty may by notice to the Agent appoint a person to receive on its behalf all notices, communications, information and documents to be made or despatched to that Lender or Hedge Counterparty under the Finance Documents. Such notice shall contain the address, fax number and (where communication by electronic mail or other electronic means is permitted under Clause 39.5 (*Electronic communication*)) electronic mail address and/or any other information required to enable the sending and receipt of information by that means (and, in each case, the department or officer, if any, for whose attention communication is to be made) and be treated as a notification of a substitute address, fax number, electronic mail address, department and officer by that Lender or Hedge Counterparty for the purposes of Clause 39.2 (*Addresses*) and paragraph (a)(ii) of Clause 39.5 (*Electronic communication*) and the Agent shall be entitled to treat such person as the person entitled to receive all such notices, communications, information and documents as though that person were that Lender or Hedge Counterparty.

28.16 **Credit appraisal by the Lenders, the Issuing Bank and Hedge Counterparties**

Without affecting the responsibility of any Obligor for information supplied by it or on its behalf in connection with any Finance Document, each Lender, Issuing Bank and Hedge Counterparty confirms to the Agent, the Issuing Bank and the Arranging Banks that it has been, and will continue to be, solely responsible for making its own independent appraisal and investigation of all risks arising under or in connection with any Finance Document including but not limited to:

(a) the financial condition, status and nature of each member of the Group;

(b) the legality, validity, effectiveness, adequacy or enforceability of any Finance Document and the Transaction Security and any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document or the Transaction Security;

(c) whether that Lender, Issuing Bank or Hedge Counterparty has recourse, and the nature and extent of that recourse, against any Party or any of its respective assets under or in connection with any Finance Document, the Transaction Security or the transactions contemplated by the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document or the Transaction Security;

(d) the adequacy, accuracy or completeness of the Information Memorandum, the Reports and any other information provided by the Agent, the Security Agent, any Party or by any other person under or in connection with any Finance Document, the transactions contemplated by any Finance Document or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document; and

(e) the right or title of any person in or to, or the value or sufficiency of any part of the Charged Property, the priority of any of the Transaction Security or the existence of any Security affecting the Charged Property.

28.17 **Reference Banks**

If a Reference Bank (or, if a Reference Bank is not a Lender, the Lender of which it is an Affiliate) ceases to be a Lender, the Agent shall (in consultation with the Borrower) appoint another Lender or an Affiliate of a Lender to replace that Reference Bank.

28.18 **Agent's management time**

(a) Any amount payable to the Agent under Clause 18.3 (*Indemnity to the Agent*), Clause 20 (*Costs and Expenses*) and Clause 28.11 (*Lenders' and Hedge Counterparties' indemnity to the Agent*) shall include the cost of utilising the Agent's management time or other resources and will be calculated on the basis of such reasonable daily or hourly rates as the Agent may notify to the Borrower and the Lenders, and is in addition to any fee paid or payable to the Agent under Clause 15 (*Fees*).

(b) Any cost of utilising the Agent's management time or other resources shall include, without limitation, any such costs in connection with Clause 26.2 (*Disenfranchisement on Debt Purchase Transactions entered into by Sponsor Affiliates*).

28.19 **Deduction from amounts payable by the Agent**

If any Party owes an amount to the Agent under the Finance Documents the Agent may, after giving notice to that Party, deduct an amount not exceeding that amount from any payment to that Party which the Agent would otherwise be obliged to make under the Finance Documents and apply the amount deducted in or towards satisfaction of the amount owed. For the purposes of the Finance Documents that Party shall be regarded as having received any amount so deducted.

28.20 **Reliance and engagement letters**

Each Finance Party and Secured Party confirms that each of the Arranging Banks and the Agent has authority to accept on its behalf (and ratifies the acceptance on its behalf of any letters or reports already accepted by the Arranging Banks or Agent), the terms of any reliance letter or engagement letters relating to the Reports or any reports or letters provided by any advisers in connection with the Finance Documents or the transactions contemplated in the Finance Documents and to bind it in respect of those Reports, reports or letters and to sign such letters on its behalf and further confirms that it accepts the terms and qualifications set out in such letters.

28.21 **No Objection**

(a) The Agent shall, upon receipt of any term sheet or memorandum of understanding in respect of a proposed Excluded Major Project Document or final unexecuted final draft of an Excluded Major Project Document or any term sheet or memorandum of understanding in respect of any such other act or thing contemplated pursuant to paragraph 3.39 (*Excluded Major Project Document*) of Schedule 6 (*Covenants*) to this Agreement, promptly forward a copy of such document to the Lenders.

(b) Unless the Agent has received instructions from the Majority Lenders to issue a notice in writing to the relevant Obligor prohibiting the entry into by the relevant Obligor of (or such other act or thing contemplated by paragraph 3.39 (*Excluded Major Project Document*) of Schedule 6 (*Covenants*) of this Agreement in respect of) the relevant Excluded Major Project Document within 15 days of the date on which the Agent received a copy of the final draft of such Excluded Major Project Document delivered by the Parent to the Agent pursuant to paragraph 3.39(a)(iv) of Schedule 6 (*Covenants*) or (as the case may be) the final draft of the document or other instrument effecting the proposed act or thing in respect of such Excluded Major Project Document pursuant to paragraph 3.39(d)(ii) of Schedule 6 (*Covenants*), the Agent shall issue a No Objection Notice to the relevant Obligor on the Business Day immediately following the last day of the 15 day period referred to above.

(c) Each such No Objection Notice shall be binding on all Finance Parties.

29. THE SECURITY AGENT

29.1 Security Agent as trustee

(a) Each of the Secured Parties (other than the Security Agent) appoints the Security Agent to act as its agent and, if specified in the relevant Transaction Security Document or otherwise permitted by applicable law, security trustee under and in connection with the Transaction Security Documents and all other documents (including notices and acknowledgements in respect of the granting of Transaction Security) in connection with the Transaction Security Documents.

(b) The Security Agent declares that it holds, to the extent permitted by applicable law, the Transaction Security on trust for the Secured Parties on the terms contained in this Agreement.

(c) Each of the Secured Parties authorises the Security Agent to perform the duties, obligations and responsibilities and to exercise the rights, powers, authorities and discretions specifically given to the Security Agent under or in connection with the Finance Documents together with any other incidental rights, powers, authorities and discretions.

29.2 Parallel Debt (Covenant to pay the Security Agent)

(a) Notwithstanding any other provision of this Agreement, the Borrower and each of the other Obligors irrevocably and unconditionally undertakes to pay to the Security Agent, as creditor in its own right and not as representative of the other Secured Parties, sums equal to and in the currency of each amount payable by each of them to each of the Secured Parties under each of the Finance Documents as and when that amount falls due for payment under the relevant Finance Document or would have fallen due but for any discharge resulting from failure of another Secured Party to take appropriate steps, in insolvency proceedings affecting the Borrower or any other Obligor, to preserve its entitlement to be paid that amount.

(b) The Security Agent shall have its own independent right to demand payment of the amounts payable by the Borrower or any other Obligor under Clause (a), irrespective of any discharge of its obligation(s) to pay those amounts to the other Secured Parties resulting from failure by them to take appropriate steps, in insolvency proceedings affecting the Borrower or any other Obligor, to preserve their entitlement to be paid those amounts.

(c) Any amount due and payable by the Borrower or any other Obligor to the Security Agent under this Clause 29.2 shall be decreased to the extent that the other Secured Parties have received (and are able to retain) payment in full of the corresponding amount under the other provisions of the Finance Documents.

(d) For the avoidance of doubt, any amount paid by the Borrower or any other Obligor to the Security Agent under this Clause 29.2 shall reduce the corresponding amount due and payable by the Borrower or that other Obligor to the other Finance Parties to the extent that those Finance Parties have received (and are able to retain) payment in full of such amount under the other provisions of the Finance Documents.

29.3 **Instructions**

(a) The Security Agent shall:

(i) subject to paragraph (d) below, exercise or refrain from exercising any right, power, authority or discretion vested in it as Security Agent in accordance with any instructions given to it by the Agent (acting on the instructions of the Majority Lenders); and

(ii) not be liable for any act (or omission) if it acts (or refrains from acting) in accordance with paragraph (i) above.

(b) The Security Agent shall be entitled to request instructions, or clarification of any instruction, from the Agent as to whether, and in what manner, it should exercise or refrain from exercising any right, power, authority or discretion and the Security Agent may refrain from acting unless and until it receives those instructions or that clarification.

(c) Unless a contrary intention appears in this Agreement, any instructions given to the Security Agent by the Agent shall override any conflicting instructions given by any other Parties and will be binding on all Secured Parties.

(d) Paragraph (a) above shall not apply:

(i) where a contrary indication appears in this Agreement;

(ii) where this Agreement requires the Security Agent to act in a specified manner or to take a specified action;

(iii) in respect of any provision which protects the Security Agent's own position in its personal capacity as opposed to its role of Security Agent for the Secured Parties including, without limitation, Clauses 28.5 (*No fiduciary duties*) and Clause 29.5 (*No fiduciary duties to Obligors*) to Clause 29.9 (*Exclusion of liability*), Clause 29.12 (*Confidentiality*) to Clause 29.19 (*Custodians and nominees*) and Clause 29.22 (*Acceptance of title*) to Clause 29.25 (*Disapplication of Trustee Acts*);

(iv) in respect of the exercise of the Security Agent's discretion to exercise a right, power or authority under any of:

(A) Clause 37.1 (*Order of application*); or

(B) Clause 37.4 (*Permitted Deductions*).

(e) In exercising any discretion to exercise a right, power or authority under the Finance Documents where either:

(i) it has not received any instructions as to the exercise of that discretion; or

(ii) the exercise of that discretion is subject to paragraph (d)(iv) above,

the Security Agent shall do so having regard to the interests of all the Secured Parties.

(f) The Security Agent may refrain from acting in accordance with any instructions of the Agent until it has received any indemnification and/or security that it may in its discretion require (which may be greater in extent than that contained in the Finance Documents and which may include payment in advance) for any cost, loss or liability (together with any applicable Indirect Tax) which it may incur in complying with those instructions.

(g) Without prejudice to the remainder of this Clause 29.3, in the absence of instructions, the Security Agent may act (or refrain from acting) as it considers in its discretion to be appropriate.

(h) The Security Agent shall be entitled to carry out all dealings with the Finance Parties through the Agent and may give to the Agent any notice or other communication required to be given by the Security Agent to the Finance Parties.

29.4 **Duties of the Security Agent**

(a) The Security Agent's duties under the Finance Documents are solely mechanical and administrative in nature.

(b) The Security Agent shall promptly:

(i) forward to the Agent a copy of any document received by the Security Agent from any Obligor under any Finance Document; and

(ii) forward to a Party the original or a copy of any document which is delivered to the Security Agent for that Party by any other Party.

(c) Except where a Finance Document specifically provides otherwise, the Security Agent is not obliged to review or check the adequacy, accuracy or completeness of any document it forwards to another Party.

(d) If the Security Agent receives notice from a Party referring to any Finance Document, describing a Default and stating that the circumstance described is a Default, it shall promptly notify the Agent.

(e) The Security Agent shall have only those duties, obligations and responsibilities expressly specified in the Finance Documents to which it is expressed to be a party (and no others shall be implied).

(f) At the same time as the Security Agent delivers an Enforcement Notice to any Obligor or Grantor it shall deliver a copy of such notice to the Disbursement Agent.

29.5 **No fiduciary duties to Obligors**

Nothing in this Agreement constitutes the Security Agent as an agent, trustee or fiduciary of any Obligor.

29.6 **Rights and discretions**

(a) The Security Agent may:

(i) rely on any representation, communication, notice or document believed by it to be genuine, correct and appropriately authorised;

(ii) assume that:

(A) any instructions received by it from the Agent are duly given in accordance with the terms of the Finance Documents;

(B) unless it has received notice of revocation, that those instructions have not been revoked; and

(C) if it receives any instructions to act in relation to the Transaction Security, that all applicable conditions under the Finance Documents for so acting have been satisfied; and

(iii) rely on a certificate from any person:

(A) as to any matter of fact or circumstance which might reasonably be expected to be within the knowledge of that person; or

(B) to the effect that such person approves of any particular dealing, transaction, step, action or thing,

as sufficient evidence that that is the case and, in the case of paragraph (A) above, may assume the truth and accuracy of that certificate.

(b) The Security Agent may assume (unless it has received notice to the contrary in its capacity as security trustee for the Secured Parties) that:

(i) no Default has occurred;

(ii) any right, power, authority or discretion vested in any Party or the Majority Lenders has not been exercised; and

(iii) any notice made by the Borrower is made on behalf of and with the consent and knowledge of all the Obligors.

(c) The Security Agent may engage and pay for the advice or services of any lawyers, accountants, tax advisers, surveyors or other professional advisers or experts.

(d) Without prejudice to the generality of paragraph (c) above or paragraph (e) below, the Security Agent may at any time engage and pay for the services of any lawyers to act as independent counsel to the Security Agent (and so separate from any lawyers instructed by any Finance Party) if the Security Agent in its reasonable opinion deems this to be desirable.

(e) The Security Agent may rely on the advice or services of any lawyers, accountants, tax advisers, surveyors or other professional advisers or experts (whether obtained by the Security Agent or by any other Party) and shall not be liable for any damages, costs or losses to any person, any diminution in value or any liability whatsoever arising as a result of its so relying.

(f) The Security Agent, any Receiver and any Delegate may act in relation to the Finance Documents and the Transaction Security through its officers, employees and agents and shall not:

(i) be liable for any error of judgement made by any such person; or

(ii) be bound to supervise, or be in any way responsible for any loss incurred by reason of misconduct, omission or default on the part of any such person,

unless such error or such loss was directly caused by the Security Agent's, Receiver's or Delegate's gross negligence or wilful misconduct.

(g) Unless this Agreement expressly specifies otherwise, the Security Agent may disclose to any other Party any information it reasonably believes it has received as security trustee under this Agreement.

(h) Notwithstanding any other provision of any Finance Document to the contrary, the Security Agent is not obliged to do or omit to do anything if it would, or might in its reasonable opinion, constitute a breach of any law or regulation or a breach of a fiduciary duty or duty of confidentiality.

(i) Notwithstanding any provision of any Finance Document to the contrary, the Security Agent is not obliged to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties, obligations or responsibilities or the exercise of any right, power, authority or discretion if it has grounds for believing the repayment of such funds or adequate indemnity against, or security for, such risk or liability is not reasonably assured to it.

29.7 **Responsibility for documentation**

None of the Security Agent, any Receiver nor any Delegate is responsible or liable for:

(a) the adequacy, accuracy or completeness of any information (whether oral or written) supplied by the Security Agent, an Obligor or any other person in or in connection with any Finance Document or the transactions contemplated in the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document;

(b) the legality, validity, effectiveness, adequacy or enforceability of any Finance Document, the Transaction Security or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document or the Transaction Security; or

(c) any determination as to whether any information provided or to be provided to any Secured Party is non-public information the use of which may be regulated or prohibited by applicable law or regulation relating to insider dealing or otherwise.

29.8 **No duty to monitor**

The Security Agent shall not be bound to enquire:

(a) whether or not any Default has occurred;

(b) as to the performance, default or any breach by any Party of its obligations under any Finance Document; or

(c) whether any other event specified in any Finance Document has occurred.

29.9 **Exclusion of liability**

(a) Without limiting paragraph (b) below (and without prejudice to any other provision of any Finance Document excluding or limiting the liability of the Security Agent, any Receiver or Delegate), none of the Security Agent, any Receiver nor any Delegate will be liable for:

(i) any damages, costs or losses to any person, any diminution in value, or any liability whatsoever arising as a result of taking or not taking any action under or in connection with any Finance Document or the Transaction Security unless directly caused by its gross negligence or wilful misconduct;

(ii) exercising or not exercising any right, power, authority or discretion given to it by, or in connection with, any Finance Document, the Transaction Security or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with, any Finance Document or the Transaction Security;

(iii) any shortfall which arises on the enforcement or realisation of the Transaction Security; or

(iv) without prejudice to the generality of paragraphs (i) to (iii) above, any damages, costs, losses, any diminution in value or any liability whatsoever arising as a result of:

(A) any act, event or circumstance not reasonably within its control; or

(B) the general risks of investment in, or the holding of assets in, any jurisdiction,

including (in each case and without limitation) such damages, costs, losses, diminution in value or liability arising as a result of: nationalisation, expropriation or other governmental actions; any regulation, currency restriction, devaluation or fluctuation; market conditions affecting the execution or settlement of transactions or the value of assets; breakdown, failure or malfunction of any third party transport, telecommunications, computer services or systems; natural disasters or acts of God; war, terrorism, insurrection or revolution; or strikes or industrial action.

(b) No Party (other than the Security Agent, that Receiver or that Delegate (as applicable)) may take any proceedings against any officer, employee or agent of the Security Agent, a Receiver or a Delegate in respect of any claim it might have against the Security Agent, a Receiver or a Delegate or in respect of any act or omission of any kind by that officer, employee or agent in relation to any Finance Document or any Transaction Security and any officer, employee or agent of the Security Agent, a Receiver or a Delegate may rely on this Clause subject to Clause 1.3 (*Third Party Rights*) and the provisions of the Third Parties Act.

(c) Nothing in this Agreement shall oblige the Security Agent to carry out:

(i) any "know your customer" or other checks in relation to any person; or

(ii) any check on the extent to which any transaction contemplated by this Agreement might be unlawful for any other Finance Party,

on behalf of any such Finance Party and each such Finance Party confirms to the Security Agent that it is solely responsible for any such checks it is required to carry out and that it may not rely on any statement in relation to such checks made by the Security Agent.

(d) Without prejudice to any provision of any Finance Document excluding or limiting the liability of the Security Agent, any Receiver or Delegate or the POA Agent, any liability of the Security Agent, any Receiver or Delegate or the POA Agent arising under or in connection with any Finance Document or the Transaction Security shall be limited to the amount of actual loss which has been finally judicially determined to have been suffered (as determined by reference to the date of default of the Security Agent, Receiver or Delegate or the POA Agent (as the case may be) or, if later, the date on which the loss arises as a result of such default) but without reference to any special conditions or circumstances known to the Security Agent, Receiver or Delegate or the POA Agent (as the case may be) at any time which increase the amount of that loss. In no event shall the Security Agent, any Receiver or Delegate or the POA Agent be liable for any loss of profits, goodwill, reputation, business opportunity or anticipated saving, or for special, punitive, indirect or consequential damages, whether or not the Security Agent, Receiver or Delegate or the POA Agent (as the case may be) has been advised of the possibility of such loss or damages.

29.10 **Lenders' and Hedge Counterparties' indemnity to the Security Agent**

(a) Each Lender and each Hedge Counterparty shall (in the proportion that the Liabilities due to it bear to the aggregate of the Liabilities due to all the Lenders and Hedge Counterparties for the time being (or, if the Liabilities due to the Lenders and Hedge Counterparties are zero, immediately prior to their being reduced to zero)), indemnify the Security Agent and every Receiver and every Delegate, within three Business Days of demand, against any cost, loss or liability incurred by any of them (otherwise than by reason of the relevant Security Agent's, Receiver's or Delegate's gross negligence or wilful misconduct) in acting as Security Agent, Receiver or Delegate under, or exercising any authority conferred under, the Finance Documents (unless the relevant Security Agent, Receiver or Delegate has been reimbursed by an Obligor pursuant to a Finance Document).

(b) For the purposes only of paragraph (a) above, to the extent that any hedging transaction under a Hedging Agreement has not been terminated or closed-out, the Liabilities due to any Hedge Counterparty in respect of that hedging transaction will be deemed to be:

(i) if the relevant Hedging Agreement is based on an ISDA Master Agreement, the amount, if any, which would be payable to it under that Hedging Agreement in respect of those hedging transactions, if the date on which the calculation is made was deemed to be an Early Termination Date (as defined in the relevant ISDA Master Agreement) for which the relevant Debtor is the Defaulting Party (as defined in the relevant ISDA Master Agreement); or

(ii) if the relevant Hedging Agreement is not based on an ISDA Master Agreement, the amount, if any, which would be payable to it under that Hedging Agreement in respect of that hedging transaction, if the date on which the calculation is made was deemed to be the date on which an event similar in meaning and effect (under that Hedging Agreement) to an Early Termination Date (as defined in any ISDA Master Agreement) occurred under that Hedging Agreement for which the relevant Debtor is in a position similar in meaning and effect (under that Hedging Agreement) to that of a Defaulting Party (under and as defined in the same ISDA Master Agreement),

that amount, in each case as calculated in accordance with the relevant Hedging Agreement.

(c) If the Borrower is required to reimburse or indemnify any Lender or Hedge Counterparty for any payment that Lender or Hedge Counterparty makes to the Security Agent pursuant to paragraph (a) above in accordance with the Finance Documents, the Borrower shall, within ten Business Days of demand in writing by the relevant Lender or Hedge Counterparty, indemnify such Lender or Hedge Counterparty for the amount of such payment actually made pursuant to paragraph (a) above.

(d) Paragraph (c) above shall not apply to the extent that the indemnity payment in respect of which the Lender or Hedge Counterparty claims reimbursement relates to a liability of the Security Agent to an Obligor.

29.11 **Resignation of the Security Agent**

(a) The Security Agent may resign and appoint one of its Affiliates as successor by giving notice to the Agent and the Borrower.

(b) Alternatively the Security Agent may resign by giving notice to the Agent and the Borrower, in which case the Majority Lenders (after consultation with the Borrower) may appoint a successor Security Agent.

(c) If the Majority Lenders have not appointed a successor Security Agent in accordance with paragraph (b) above within 30 days after notice of resignation was given, the retiring Security Agent (after consultation with the Agent and the Borrower) may appoint a successor Security Agent (acting through an office in the Macau SAR).

(d) The retiring Security Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Security Agent may reasonably request for the purposes of performing its functions as Security Agent under the Finance Documents.

(e) The Security Agent's resignation notice shall only take effect upon:

(i) the appointment of a successor;

(ii) the transfer of all the Transaction Security to that successor; and

(iii) the transfer of all its rights, benefits and obligations in its capacity as Security Agent (if any) under the Finance Documents.

(f) Upon the appointment of a successor, the retiring Security Agent shall be discharged from any further obligation in respect of the Finance Documents (other than its obligations under paragraph (b) of Clause 29.23 (*Winding up of trust*) and paragraph (d) above) but shall remain entitled to the benefit of this Clause 29 and Clause 18.4 (*Indemnity to the Security Agent*) (and any Security Agent fees for the account of the retiring Security Agent shall cease to accrue from (and shall be payable on) that date). Any successor and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if that successor had been an original Party.

(g) The Majority Lenders may (after consultation with the Borrower), by notice to the Security Agent (copied to the Borrower), require it to resign in accordance with paragraph (b) above. In this event, the Security Agent shall resign in accordance with paragraph (b) above but the cost referred to in paragraph (d) above shall be for the account of the Borrower.

29.12 **Confidentiality**

(a) In acting as trustee for the Secured Parties, the Security Agent shall be regarded as acting through its trustee division which shall be treated as a separate entity from any other of its divisions or departments.

(b) If information is received by another division or department of the Security Agent, it may be treated as confidential to that division or department and the Security Agent shall not be deemed to have notice of it.

(c) Notwithstanding any other provision of any Finance Document to the contrary, the Security Agent is not obliged to disclose to any other person (i) any confidential information or (ii) any other information if the disclosure would, or might in its reasonable opinion, constitute a breach of any law or regulation or a breach of a fiduciary duty.

29.13 **Information from Finance Parties**

Each Finance Party (other than the Security Agent) shall supply the Security Agent with any information that the Security Agent may reasonably specify as being necessary or desirable to enable the Security Agent to perform its functions as Security Agent.

29.14 **Credit appraisal by the Secured Parties**

Without affecting the responsibility of any Obligor for information supplied by it or on its behalf in connection with any Finance Document, each Secured Party confirms that it has been, and will continue to be, solely responsible for making its own independent appraisal and investigation of all risks arising under or in connection with any Finance Document including but not limited to:

(a) the financial condition, status and nature of each member of the Group;

(b) the legality, validity, effectiveness, adequacy or enforceability of any Finance Document, the Transaction Security and any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document or the Transaction Security;

(c) whether that Secured Party has recourse, and the nature and extent of that recourse, against any Party or any of its respective assets under or in connection with any Finance Document, the Transaction Security, the transactions contemplated by the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document or the Transaction Security;

(d) the adequacy, accuracy or completeness of any information provided by the Security Agent, any Party or by any other person under or in connection with any Finance Document, the transactions contemplated by any Finance Document or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document; and

(e) the right or title of any person in or to, or the value or sufficiency of any part of the Charged Property, the priority of any of the Transaction Security or the existence of any Security affecting the Charged Property.

29.15 **Security Agent's management time and additional remuneration**

(a) Any amount payable to the Security Agent under Clause 29.10 (*Lenders' and Hedge Counterparties' indemnity to the Security Agent*), Clause 20 (*Costs and Expenses*) or Clause 18.4 (*Indemnity to the Security Agent*) shall include the cost of utilising the Security Agent's management time or other resources and will be calculated on the basis of such reasonable daily or hourly rates as the Security Agent may notify to the Borrower and the Lenders and Hedge Counterparties, and is in addition to any other fee paid or payable to the Security Agent.

(b) Without prejudice to paragraph (a) above, in the event of:

(i) a Default; or

(ii) the Security Agent being requested by an Obligor or the Agent to undertake duties which the Security Agent and the Borrower agree to be of an exceptional nature or outside the scope of the normal duties of the Security Agent under the Finance Documents; or

(iii) the Security Agent and the Borrower agreeing that it is otherwise appropriate in the circumstances,

the Borrower shall pay to the Security Agent any additional remuneration (together with any applicable Indirect Tax) that may be agreed between them or determined pursuant to paragraph (c) below.

(c) If the Security Agent and the Borrower fail to agree upon the nature of the duties or upon the additional remuneration referred to in paragraph (b) above or whether additional remuneration is appropriate in the circumstances, any dispute shall be determined by an investment bank (acting as an expert and not as an arbitrator) selected by the Security Agent and approved by the Borrower or, failing approval, nominated (on the application of the Security Agent) by the President for the time being of the Law Society of Hong Kong (the costs of the nomination and of the investment bank being payable by the Borrower) and the determination of any investment bank shall be final and binding upon the Parties.

29.16 **Reliance and engagement letters**

The Security Agent may obtain and rely on any certificate or report from any Obligor's auditor and may enter into any reliance letter or engagement letter relating to that certificate or report on such terms as it may consider appropriate (including, without limitation, restrictions on the auditor's liability and the extent to which that certificate or report may be relied on or disclosed).

29.17 **No responsibility to perfect Transaction Security**

The Security Agent shall not be liable for any failure to:

(a) require the deposit with it of any deed or document certifying, representing or constituting the title of any Obligor to any of the Charged Property;

(b) obtain any licence, consent or other authority for the execution, delivery, legality, validity, enforceability or admissibility in evidence of any Finance Document or the Transaction Security;

(c) register, file or record or otherwise protect any of the Transaction Security (or the priority of any of the Transaction Security) under any law or regulation or to give notice to any person of the execution of any Finance Document or of the Transaction Security;

(d) take, or to require any Obligor to take, any step to perfect its title to any of the Charged Property or to render the Transaction Security effective or to secure the creation of any ancillary Security under any law or regulation; or

(e) require any further assurance in relation to any Security Document.

29.18 **Insurance by Security Agent**

(a) The Security Agent shall not be obliged:

(i) to insure any of the Charged Property;

(ii) to require any other person to maintain any insurance; or

(iii) to verify any obligation to arrange or maintain insurance contained in any Finance Document,

and the Security Agent shall not be liable for any damages, costs or losses to any person as a result of the lack of, or inadequacy of, any such insurance.

(b) Where the Security Agent is named on any insurance policy as an insured party, it shall not be liable for any damages, costs or losses to any person as a result of its failure to notify the insurers of any material fact relating to the risk assumed by such insurers or any other information of any kind, unless the Agent requests it to do so in writing and the Security Agent fails to do so within fourteen days after receipt of that request.

29.19 **Custodians and nominees**

The Security Agent may appoint and pay any person to act as a custodian or nominee on any terms in relation to any asset of the trust as the Security Agent may determine, including for the purpose of depositing with a custodian this Agreement or any document relating to the trust created under this Agreement and the Security Agent shall not be responsible for any loss, liability, expense, demand, cost, claim or proceedings incurred by reason of the misconduct, omission or default on the part of any person appointed by it under this Agreement or be bound to supervise the proceedings or acts of any person.

29.20 **Delegation by the Security Agent**

(a) Each of the Security Agent, any Receiver and any Delegate may, at any time, delegate by power of attorney or otherwise to any person for any period, all or any right, power, authority or discretion vested in it in its capacity as such except that any delegation may not be made in respect of the Assignment of Services and Right to Use Agreement, the Assignment of Reimbursement Agreement, the Services and Right to Use Direct Agreement and the Reimbursement Agreement Direct Agreement.

(b) Any delegation permitted by Clause 29.20(a) may be made upon any terms and conditions (including the power to sub-delegate) and subject to any restrictions that the Security Agent, that Receiver or that Delegate (as the case may be) may, in its discretion, think fit in the interests of the Secured Parties.

(c) No Security Agent, Receiver or Delegate shall be bound to supervise, or be in any way responsible for any damages, costs or losses incurred by reason of any misconduct, omission or default on the part of, any such delegate or sub-delegate unless caused by the gross negligence or wilful misconduct of the Security Agent or such Receiver or Delegate.

29.21 **Additional Security Agents**

(a) The Security Agent may at any time appoint (and subsequently remove) any person to act as a separate trustee or as a co-trustee jointly with it:

(i) if it considers that appointment to be in the interests of the Secured Parties;

(ii) for the purposes of conforming to any legal requirement, restriction or condition which the Security Agent deems to be relevant; or

(iii) for obtaining or enforcing any judgment in any jurisdiction,

and the Security Agent shall give prior notice to the Borrower and the other Finance Parties of that appointment.

(b) Any person so appointed shall have the rights, powers, authorities and discretions (not exceeding those given to the Security Agent under or in connection with the Finance Documents) and the duties, obligations and responsibilities that are given or imposed by the instrument of appointment.

(c) The remuneration that the Security Agent may pay to that person, and any costs and expenses (together with any applicable Indirect Tax) incurred by that person in performing its functions pursuant to that appointment shall, for the purposes of this Agreement, be treated as costs and expenses incurred by the Security Agent.

29.22 **Acceptance of title**

The Security Agent shall be entitled to accept without enquiry, and shall not be obliged to investigate, any right and title that any Obligor may have to any of the Charged Property and shall not be liable for, or bound to require any Obligor to remedy, any defect in its right or title.

29.23 **Winding up of trust**

If the Security Agent, with the approval of the Agent (acting reasonably), determines that:

(a) all of the Secured Obligations and all other obligations secured by the Security Documents have been fully and finally discharged; and

(b) no Secured Party is under any commitment, obligation or liability (actual or contingent) to make advances or provide other financial accommodation to any Obligor pursuant to the Finance Documents,

then:

(i) the trusts set out in this Agreement shall be wound up and the Security Agent shall release, without recourse or warranty, all of the Transaction Security and the rights of the Security Agent under each of the Security Documents and, at the reasonable cost of the Borrower, execute all such further documents and instruments and do such further acts as the Borrower may, in each case, reasonably request for the purpose of effecting such release; and

(ii) any Security Agent which has resigned pursuant to Clause 29.11 (*Resignation of the Security Agent*) shall release, without recourse or warranty, all of its rights under each Security Document.

29.24 **Powers supplemental to Trustee Acts**

The rights, powers, authorities and discretions given to the Security Agent under or in connection with the Finance Documents shall be supplemental to the Trustee Act 1925 and the Trustee Act 2000 and in addition to any which may be vested in the Security Agent by law or regulation or otherwise.

29.25 **Disapplication of Trustee Acts**

Section 1 of the Trustee Act 2000 shall not apply to the duties of the Security Agent in relation to the trusts constituted by this Agreement. Where there are any inconsistencies between the Trustee Act 1925 or the Trustee Act 2000 and the provisions of this Agreement, the provisions of this Agreement shall, to the extent permitted by law and regulation, prevail and, in the case of any inconsistency with the Trustee Act 2000, the provisions of this Agreement shall constitute a restriction or exclusion for the purposes of that Act.

30. ROLE OF THE DISBURSEMENT AGENT

30.1 Appointment of the Disbursement Agent

(a) The Agent appoints the Disbursement Agent to act as its agent under and in connection with the Term Loan Facility Disbursement Agreement.

(b) The Agent authorises the Disbursement Agent to perform the duties, obligations and responsibilities and to exercise the rights, powers, authorities and discretions specifically given to the Disbursement Agent under or in connection with the Term Loan Facility Disbursement Agreement together with any other incidental rights, powers, authorities and discretions.

30.2 Instructions

(a) The Disbursement Agent shall:

(i) unless a contrary indication appears in a Finance Document, exercise or refrain from exercising any right, power, authority or discretion vested in it as Disbursement Agent in accordance with any instructions given to it by the Agent (acting on the instructions of the Majority Lenders); and

(ii) not be liable for any act (or omission) if it acts (or refrains from acting) in accordance with paragraph (i) above.

(b) The Disbursement Agent shall be entitled to request instructions, or clarification of any instruction, from the Agent as to whether, and in what manner, it should exercise or refrain from exercising any right, power, authority or discretion and the Disbursement Agent may refrain from acting unless and until it receives those instructions or that clarification.

(c) Unless a contrary indication appears in a Finance Document, any instructions given to the Disbursement Agent by the Agent shall override any conflicting instructions given by any other Parties and will be binding on all Finance Parties.

(d) The Disbursement Agent may refrain from acting in accordance with any instructions of the Agent until it has received any indemnification and/or security that it may in its discretion require (which may be greater in extent than that contained in the Finance Documents and which may include payment in advance) for any cost, loss or liability which it may incur in complying with those instructions.

(e) In the absence of instructions, the Disbursement Agent may act (or refrain from acting) as it considers to be in the best interest of the Lenders.

(f) The Disbursement Agent is not authorised to act on behalf of any Finance Party (without first obtaining that Finance Party's consent) in any legal or arbitration proceedings relating to any Finance Document.

30.3 **Duties of the Disbursement Agent**

(a) The Disbursement Agent's duties under the Term Loan Facility Disbursement Agreement are solely mechanical and administrative in nature.

(b) The Disbursement Agent shall promptly forward to a party to the Term Loan Facility Disbursement Agreement the original or a copy of any document which is delivered to the Disbursement Agent for that party by any other party to such agreement.

(c) The Disbursement Agent is not obliged to review or check the adequacy, accuracy or completeness of any document it forwards to another party to the Term Loan Facility Disbursement Agreement.

(d) If the Disbursement Agent receives notice from a party to the Term Loan Facility Disbursement Agreement referring to the Term Loan Facility Disbursement Agreement, describing a Default and stating that the circumstance described is a Default, it shall promptly notify the Agent.

(e) The Disbursement Agent shall have only those duties, obligations and responsibilities expressly specified in the Finance Documents to which it is expressed to be a party (and no others shall be implied).

30.4 **Rights and discretions**

(a) The Disbursement Agent may:

(i) rely on any representation, communication, notice or document believed by it to be genuine, correct and appropriately authorised and shall have no duty to verify any signature on any document;

(ii) assume that:

(A) any instructions received by it from the Agent are duly given in accordance with the terms of the Finance Documents; and

(B) unless it has received notice of revocation, that those instructions have not been revoked; and

(iii) rely on a certificate from any person:

(A) as to any matter of fact or circumstance which might reasonably be expected to be within the knowledge of that person; or

(B) to the effect that such person approves of any particular dealing, transaction, step, action or thing,

as sufficient evidence that that is the case and, in the case of paragraph (A) above, may assume the truth and accuracy of that certificate.

(b) The Disbursement Agent may assume (unless it has received notice to the contrary in its capacity as disbursement agent for the Agent) that:

(i) no Default has occurred;

(ii) any right, power, authority or discretion vested in any Party, the Majority Lenders or any group of Lenders has not been exercised; and

(iii) any notice or request made by the Borrower (other than a Withdrawal Request) is made on behalf of and with the consent and knowledge of all the Obligors.

(c) The Disbursement Agent may engage and pay for the advice or services of any lawyers, accountants, tax advisers, surveyors or other professional advisers or experts.

(d) Without prejudice to the generality of paragraph (c) above or paragraph (e) below, the Disbursement Agent may at any time engage and pay for the services of any lawyers to act as independent counsel to the Disbursement Agent (and so separate from any lawyers instructed by the Lenders) if the Disbursement Agent in its reasonable opinion deems this to be desirable.

(e) The Disbursement Agent may rely on the advice or services of any lawyers, accountants, tax advisers, surveyors or other professional advisers or experts (whether obtained by the Disbursement Agent or by any other Party) and shall not be liable for any damages, costs or losses to any person, any diminution in value or any liability whatsoever arising as a result of its so relying.

(f) The Disbursement Agent may act in relation to the Finance Documents through its officers, employees and agents and the Disbursement Agent shall not:

(i) be liable for any error of judgement made by any such person; or

(ii) be bound to supervise, or be in any way responsible for any loss incurred by reason of misconduct, omission or default on the part, of any such person,

unless such error or such loss was directly caused by the Disbursement Agent's gross negligence or wilful misconduct.

(g) Unless a Finance Document expressly provides otherwise, the Disbursement Agent may disclose to any other party to the Term Loan Facility Disbursement Agreement any information it reasonably believes it has received as agent under the Term Loan Facility Disbursement Agreement.

(h) Notwithstanding any other provision of any Finance Document to the contrary, the Disbursement Agent is not obliged to do or omit to do anything if it would, or might in its reasonable opinion, constitute a breach of any law or regulation or a breach of a fiduciary duty or duty of confidentiality.

(i) Notwithstanding any provision of any Finance Document to the contrary, the Disbursement Agent is not obliged to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties, obligations or responsibilities or the exercise of any right, power, authority or discretion if it has grounds for believing the repayment of such funds or adequate indemnity against, or security for, such risk or liability is not reasonably assured to it.

30.5 **Responsibility for documentation**

The Disbursement Agent is not responsible or liable for:

(a) the adequacy, accuracy or completeness of any information (whether oral or written) supplied by the Agent, the Issuing Bank, any Arranging Bank, an Obligor or any other person in or in connection with any Finance Document or the Information Memorandum or the Reports or the transactions contemplated in the Finance Documents or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document;

(b) the legality, validity, effectiveness, adequacy or enforceability of any Finance Document or the Transaction Security or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with any Finance Document or the Transaction Security; or

(c) any determination as to whether any information provided or to be provided to any Finance Party is non-public information the use of which may be regulated or prohibited by applicable law or regulation relating to insider dealing or otherwise.

30.6 **Exclusion of liability**

(a) Without limiting paragraph (b) below (and without prejudice to any other provision of any Finance Document excluding or limiting the liability of the Disbursement Agent), the Disbursement Agent will not be liable (including, without limitation, for negligence or any other category of liability whatsoever) for:

(i) any damages, costs or losses to any person, any diminution in value, or any liability whatsoever arising as a result of taking or not taking any action under or in connection with any Finance Document or the Transaction Security, unless directly caused by its gross negligence or wilful misconduct;

(ii) exercising, or not exercising, any right, power, authority or discretion given to it by, or in connection with, any Finance Document, the Transaction Security or any other agreement, arrangement or document entered into, made or executed in anticipation of, under or in connection with, any Finance Document or the Transaction Security; or

(iii) without prejudice to the generality of paragraphs (i) and (ii) above, any damages, costs or losses to any person, any diminution in value or any liability whatsoever arising as a result of:

(A) any act, event or circumstance not reasonably within its control; or

(B) the general risks of investment in, or the holding of assets in, any jurisdiction,

including (in each case and without limitation) such damages, costs, losses, diminution in value or liability arising as a result of: nationalisation, expropriation or other governmental actions; any regulation, currency restriction, devaluation or fluctuation; market conditions affecting the execution or settlement of transactions or the value of assets (including any Disruption Event); breakdown, failure or malfunction of any third party transport, telecommunications, computer services or systems; natural disasters or acts of God; war, terrorism, insurrection or revolution; or strikes or industrial action.

(b) No Party (other than the Disbursement Agent) may take any proceedings against any officer, employee or agent of the Disbursement Agent in respect of any claim it might have against the Disbursement Agent in respect of any act or omission of any kind by that officer, employee or agent in relation to any Finance Document or any Transaction Document and any officer, employee or agent of the Disbursement Agent may rely on this Clause subject to Clause 1.3 (*Third Party Rights*) and the provisions of the Third Parties Act.

(c) The Disbursement Agent will not be liable for any delay (or any related consequences) in crediting an account with an amount required under the Finance Documents to be paid by the Disbursement Agent if the Disbursement Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Disbursement Agent for that purpose.

(d) Without prejudice to any provision of any Finance Document excluding or limiting the Disbursement Agent's liability, any liability of the Disbursement Agent arising under or in connection with any Finance Document or the Transaction Security shall be limited to the amount of actual loss which has been finally judicially determined to have been suffered (as determined by reference to the date of default of the Disbursement Agent or, if later, the date on which the loss arises as a result of such default) but without reference to any special conditions or circumstances known to the Disbursement Agent at any time which increase the amount of that loss. In no event shall the Disbursement Agent be liable for any loss of profits, goodwill, reputation, business opportunity or anticipated saving, or for special, punitive, indirect or consequential damages, whether or not the Disbursement Agent has been advised of the possibility of such loss or damages.

30.7 **Lenders' and Hedge Counterparties' indemnity to the Disbursement Agent**

(a) Each Lender and each Hedge Counterparty shall (in the proportion that the Liabilities due to it bear to the aggregate of the Liabilities due to all the Lenders and Hedge Counterparties for the time being (or, if the Liabilities due to the Lenders and Hedge Counterparties are zero, immediately prior to their being reduced to zero)), indemnify the Disbursement Agent, within three Business Days of demand, against any cost, loss or liability (including, without limitation, for negligence or any other category of liability whatsoever) incurred by the Disbursement Agent (otherwise than by reason of the Disbursement Agent's gross negligence or wilful misconduct) (or in the case of any cost, loss or liability pursuant to paragraph (b) of Clause 35.11 (*Disruption to Payment Systems etc.*), notwithstanding the Disbursement Agent's negligence, gross negligence or any other category of liability whatsoever but not including any claim based on the fraud of the Disbursement Agent in acting as Disbursement Agent under the Finance Documents (unless the Disbursement Agent has been reimbursed by an Obligor pursuant to a Finance Document)).

(b) For the purposes only of paragraph (a) above, to the extent that any hedging transaction under a Hedging Agreement has not been terminated or closed-out, the Liabilities due to any Hedge Counterparty in respect of that hedging transaction will be deemed to be:

(i) if the relevant Hedging Agreement is based on an ISDA Master Agreement, the amount, if any, which would be payable to it under that Hedging Agreement in respect of those hedging transactions, if the date on which the calculation is made was deemed to be an Early Termination Date (as defined in the relevant ISDA Master Agreement) for which the relevant Debtor is the Defaulting Party (as defined in the relevant ISDA Master Agreement); or

(ii) if the relevant Hedging Agreement is not based on an ISDA Master Agreement, the amount, if any, which would be payable to it under that Hedging Agreement in respect of that hedging transaction, if the date on which the calculation is made was deemed to be the date on which an event similar in meaning and effect (under that Hedging Agreement) to an Early Termination Date (as defined in any ISDA Master Agreement) occurred under that Hedging Agreement for which the relevant Debtor is in a position similar in meaning and effect (under that Hedging Agreement) to that of a Defaulting Party (under and as defined in the same ISDA Master Agreement),

that amount, in each case as calculated in accordance with the relevant Hedging Agreement.

(c) Subject to paragraph (d) below, the Borrower shall immediately on demand reimburse any Lender and Hedge Counterparty for any payment that Lender or Hedge Counterparty makes to the Disbursement Agent pursuant to paragraph (a) above.

(d) Paragraph (c) above shall not apply to the extent that the indemnity payment in respect of which the Lender or Hedge Counterparty claims reimbursement relates to a liability of the Disbursement Agent to an Obligor.

30.8 **Resignation of the Disbursement Agent**

(a) The Disbursement Agent may resign and appoint one of its Affiliates acting through an office in the Macau SAR as successor by giving notice to the Agent and the Borrower.

(b) Alternatively the Disbursement Agent may resign by giving notice to the Agent and the Borrower, in which case the Agent (after consultation with the Borrower) may appoint a successor Disbursement Agent.

(c) If the Agent has not appointed a successor Disbursement Agent in accordance with paragraph (b) above within 30 days after notice of resignation was given, the Disbursement Agent (after consultation with the Borrower) may appoint a successor Disbursement Agent (acting through an office in the Macau SAR).

(d) If the Disbursement Agent wishes to resign because (acting reasonably) it has concluded that it is no longer appropriate for it to remain as disbursement agent and the Disbursement Agent is entitled to appoint a successor Disbursement Agent under paragraph (c) above, the Disbursement Agent may (if it concludes (acting reasonably) that it is necessary to do so in order to persuade the proposed successor Disbursement Agent to become a party to this Agreement as Disbursement Agent) agree with the proposed successor Disbursement Agent amendments to this Clause 30 and any other term of this Agreement dealing with the rights or obligations of the Disbursement Agent consistent with then current market practice for the appointment and protection of corporate trustees.

(e) The retiring Disbursement Agent shall, at its own cost, make available to the successor Disbursement Agent such documents and records and provide such assistance as the successor Disbursement Agent may reasonably request for the purposes of performing its functions as Disbursement Agent under the Finance Documents.

(f) The Disbursement Agent's resignation notice shall only take effect upon the appointment of a successor.

(g) Upon the appointment of a successor, the retiring Disbursement Agent shall be discharged from any further obligation in respect of the Finance Documents (other than its obligations under paragraph (e) above) but shall remain entitled to the benefit of Clause 18.5 (*Indemnity to the Disbursement Agent*) and this Clause 30 (and any agency fees for the account of the retiring Agent shall cease to accrue from (and shall be payable on) that date). Its successor and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if such successor had been an original Party.

(h) After consultation with the Borrower, the Agent may, by notice to the Disbursement Agent, require it to resign in accordance with paragraph (b) above. In this event, the Disbursement Agent shall resign in accordance with paragraph (b) above.

30.9 **Replacement of the Disbursement Agent**

(a) After consultation with the Borrower, the Agent may, by giving 30 days' notice to the Disbursement Agent (or, at any time the Disbursement Agent is an Impaired Disbursement Agent, by giving any shorter notice determined by the Agent) replace the Disbursement Agent by appointing a successor Disbursement Agent (acting through an office in the Macau SAR).

(b) The retiring Disbursement Agent shall (at its own cost if it is an Impaired Disbursement Agent and otherwise at the expense of the Borrower) make available to the successor Disbursement Agent such documents and records and provide such assistance as the successor Disbursement Agent may reasonably request for the purposes of performing its functions as Disbursement Agent under the Finance Documents.

(c) The appointment of the successor Disbursement Agent shall take effect on the date specified in the notice from the Agent to the retiring Disbursement Agent. As from this date, the retiring Disbursement Agent shall be discharged from any further obligation in respect of the Finance Documents (other than its obligations under paragraph (b) above) but shall remain entitled to the benefit of Clause 18.5 (*Indemnity to the Disbursement Agent*) and this Clause 30 (and any agency fees for the account of the retiring Disbursement Agent shall cease to accrue from (and shall be payable on) that date).

(d) Any successor Disbursement Agent and each of the other Parties shall have the same rights and obligations amongst themselves as they would have had if such successor had been an original Party.

30.10 **Confidentiality**

(a) In acting as disbursement agent for the Agent, the Disbursement Agent shall be regarded as acting through its agency division which shall be treated as a separate entity from any other of its divisions or departments.

(b) If information is received by another division or department of the Disbursement Agent, it may be treated as confidential to that division or department and the Disbursement Agent shall not be deemed to have notice of it.

(c) Notwithstanding any other provision of any Finance Document to the contrary, the Disbursement Agent is not obliged to disclose to any other person (i) any confidential information or (ii) any other information if the disclosure would or might in its reasonable opinion constitute a breach of any law or regulation or a breach of a fiduciary duty.

30.11 **Disbursement Agent's management time**

Any amount payable to the Agent under Clause 18.5 (*Indemnity to the Disbursement Agent*), Clause 20 (*Costs and Expenses*) and Clause 30.7 (*Lenders' and Hedge Counterparties' indemnity to the Disbursement Agent*) shall include the cost of utilising the Disbursement Agent's management time or other resources and will be calculated on the basis of such reasonable daily or hourly rates as the Disbursement Agent may notify to the Borrower and the Agent, and is in addition to any fee paid or payable to the Disbursement Agent under Clause 15 (*Fees*).

30.12 **Deduction from amounts payable by the Disbursement Agent**

If any Party owes an amount to the Disbursement Agent under the Finance Documents the Disbursement Agent may, after giving notice to that Party, deduct an amount not exceeding that amount from any payment to that Party which the Disbursement Agent would otherwise be obliged to make under the Finance Documents and apply the amount deducted in or towards satisfaction of the amount owed. For the purposes of the Finance Documents that Party shall be regarded as having received any amount so deducted.

31. CONDUCT OF BUSINESS BY THE FINANCE PARTIES

No provision of this Agreement will:

(a) interfere with the right of any Finance Party to arrange its affairs (tax or otherwise) in whatever manner it thinks fit;

(b) oblige any Finance Party to investigate or claim any credit, relief, remission or repayment available to it or the extent, order and manner of any claim;

(c) oblige any Finance Party to disclose any information relating to its affairs (tax or otherwise) or any computations in respect of Tax; or

(d) oblige any Finance Party to do or omit to do anything if it would, or might in its reasonable opinion, constitute a breach of any applicable anti-money laundering, economic or trade sanctions laws or regulations.

32. SHARING AMONG THE FINANCE PARTIES

32.1 **Payments to Finance Parties**

(a) Subject to paragraph (b) below, if a Finance Party (a "**Recovering Finance Party**") receives or recovers any amount from an Obligor other than in accordance with Clause 35 (*Payment Mechanics*) and applies that amount to a payment due under the Finance Documents then:

(i) the Recovering Finance Party shall, within three Business Days, notify details of the receipt or recovery, to the Agent;

(ii) the Agent shall determine whether the receipt or recovery is in excess of the amount the Recovering Finance Party would have been paid had the receipt or recovery been received or made by the Agent and distributed in accordance with Clause 35 (*Payment Mechanics*), without taking account of any Tax which would be imposed on the Agent in relation to the receipt, recovery or distribution; and

(iii) the Recovering Finance Party shall, within three Business Days of demand by the Agent, pay to the Agent an amount (the " **Sharing Payment**") equal to such receipt or recovery less any amount which the Agent determines may be retained by the Recovering Finance Party as its share of any payment to be made, in accordance with Clause 35.6 (*Partial payments*).

(b) Paragraph (a) above shall not apply to any amount received or recovered by an Issuing Bank in respect of any cash cover provided for the benefit of that Issuing Bank.

32.2 **Redistribution of payments**

The Agent shall treat the Sharing Payment as if it had been paid by the relevant Obligor and distribute it between the Finance Parties (other than the Recovering Finance Party) (the "**Sharing Finance Parties**") in accordance with Clause 35.6 (*Partial payments*) towards the obligations of that Obligor to the Sharing Finance Parties.

32.3 **Recovering Finance Party's rights**

(a) On a distribution by the Agent under Clause 32.2 (*Redistribution of payments*), the Recovering Finance Party will be subrogated to the rights of the Finance Parties which have shared in the redistribution.

(b) If and to the extent that the Recovering Finance Party is not able to rely on its rights under paragraph (a) above, the Obligor shall be liable to the Recovering Finance Party for a debt equal to the Sharing Payment which is immediately due and payable.

32.4 **Reversal of redistribution**

If any part of the Sharing Payment received or recovered by a Recovering Finance Party becomes repayable and is repaid by that Recovering Finance Party, then:

(a) On each date on which an Obligor or a Lender is required to make a payment under a Finance Document that Obligor or Lender shall make the same available to the Agent (unless a contrary indication appears in a Finance Document) for value on the due date at the time and in such funds specified by the Agent as being customary at the time for settlement of transactions in the relevant currency in the place of payment.

(b) Payment shall be made to such account in the principal financial centre of the country of that currency and with such bank as the Agent, in each case, specifies.

(a) Each payment received by the Agent under the Finance Documents for another Party shall, subject to Clause 35.3 (*Distributions to an Obligor*) and Clause 35.4 (*Clawback and pre-funding*) be made available by the Agent as soon as practicable after receipt to the Party entitled to receive payment in accordance with this Agreement (in the case of a Lender, for the account of its Facility Office), to such account (subject to, in the case of the Obligors, the provisions of Schedule 7 (*Accounts*)) as that Party may notify to the Agent by not less than five Business Days' notice with a bank specified by that Party in the principal financial centre of the country of that currency.

(b) The Agent shall distribute payments received by it in relation to all or any part of a Loan to the Lender indicated in the records of the Agent as being so entitled on that date **provided that** the Agent is authorised to distribute payments to be made on the date on which any transfer becomes effective pursuant to Clause 25 (*Changes to the Lenders*) to the Lender so entitled immediately before such transfer took place regardless of the period to which such sums relate.

35.3 Distributions to an Obligor

The Agent may (with the consent of the Obligor or in accordance with Clause 36 (*Set--Off*)) apply any amount received by it for that Obligor in or towards payment (on the date and in the currency and funds of receipt) of any amount due from that Obligor under the Finance Documents or in or towards purchase of any amount of any currency to be so applied.

(b) Unless paragraph (c) below applies, if the Agent pays an amount to another Party and it proves to be the case that the Agent had not actually received that amount, then the Party to whom that amount (or the proceeds of any related exchange contract) was paid by the Agent shall on demand refund the same to the Agent together with interest on that amount from the date of payment to the date of receipt by the Agent, calculated by the Agent to reflect its cost of funds.

(c) If the Agent has notified the Lenders that it is willing to make available amounts for the account of the Borrower before receiving funds from the Lenders then if and to the extent that the Agent does so but it proves to be the case that it does not then receive funds from a Lender in respect of a sum which it paid to the Borrower:

(v) the Defaulting Lender shall only be obliged to transfer its rights and obligations pursuant to paragraph (a) above once it is satisfied that it has complied with all necessary "know your customer" or other similar checks under all applicable laws and regulations in relation to that transfer to the Replacement Lender.

(c) The Defaulting Lender shall perform the checks described in paragraph (b)(v) above as soon as reasonably practicable following delivery of a notice referred to in paragraph (a) above and shall notify the Agent and the Borrower when it is satisfied that it has complied with those checks.
