EXCHANGE RATE INFORMATION

The majority of our current revenues are denominated in H.K. dollars, while our current expenses are denominated predominantly in Patacas and H.K. dollars, and in connection with a portion of our indebtedness and certain expenses, in U.S. dollars. The non-financial pages of this quarterly report include all translations from H.K. dollars to U.S. dollars and from U.S. dollars to H.K. dollars at a rate of HK\$7.847507 to US\$1.00, unless otherwise noted.

The H.K. dollar is freely convertible into other currencies (including the U.S. dollar). Since October 17, 1983, the H.K. dollar has been officially linked to the U.S. dollar at the rate of HK\$7.80 to US\$1.00. The market exchange rate has not deviated materially from the level of HK\$7.80 to US\$1.00 since the peg was first established. However, in May 2005, the Hong Kong Monetary Authority broadened the trading band from the original rate of HK\$7.80 per U.S. dollar to a rate range of HK\$7.75 to HK\$7.85 per U.S. dollar. The Hong Kong government has stated its intention to maintain the link at that rate, and, acting through the Hong Kong Monetary Authority, has a number of means by which it may act to maintain exchange rate stability. However, no assurance can be given that the Hong Kong government will maintain the link at HK\$7.75 to HK\$7.85 per U.S. dollar or at all.

The Pataca is pegged to the H.K. dollar at a rate of HK\$1.00 to MOP1.03. All translations from Pataca to U.S. dollar in the non-financial pages of this quarterly report were made at the exchange rate of MOP8.082898 to US\$1.00.

FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in connection with our unaudited condensed consolidated financial statements included elsewhere in this quarterly report. Our unaudited condensed consolidated financial statements have been prepared in accordance with U.S. GAAP. The accompanying unaudited condensed consolidated financial statements should be read in conjunction with our audited consolidated financial statements for the year ended December 31, 2021. The historical results are not necessarily indicative of the results of operations to be expected in the future. Certain statements in this “Financial Condition and Results of Operations” are forward-looking statements.

Summary of Financial Results

For the second quarter of 2022, our total operating revenues were US\$188.4 million, a decrease of 64.5% from US\$530.8 million of total operating revenues for the second quarter of 2021. The decrease in total operating revenues was primarily attributable to softer performance in all gaming segments and non-gaming operations at City of Dreams and Altira Macau, as well as decreased casino revenues generated from the operations of Studio City Casino by our subsidiary, Melco Resorts Macau, the gaming subconcessionaire. Such decrease mainly resulted from heightened border restrictions in Macau and mainland China related to COVID-19 in the second quarter of 2022. Net income/loss from Studio City Casino gaming operations are reimbursed to/from Studio City Entertainment for the operation of the Studio City Casino. Such reimbursement is included in general and administrative expenses.

Net loss for the second quarter of 2022 was US\$210.5 million, compared to net loss of US\$108.9 million for the second quarter of 2021. The increase in net loss was primarily attributable to the softer performance in gaming and non-gaming operations mentioned above and higher interest expenses, net of amounts capitalized, partially offset by lower operating costs and expenses resulting from cost containment efforts and lower other finance fees in the second quarter of 2022.

The following summarizes the results of our operations:

| | Three Months Ended June 30, | | Six Months Ended June 30, | |
|------------------------------------|--------------------------------|-------------|------------------------------|---------------|
| | 2022 | 2021 | 2022 | 2021 |

| Total operating costs and expenses | \$(329,831) | \$(574,186) | \$(795,055) | \$(1,126,548) |
| Operating loss | \$(141,420) | \$ (43,377) | \$(204,943) | \$ (125,579) |

Mocha and Other Second Quarter Results

Effective from June 27, 2022, the Grand Dragon Casino, which focuses on mass market table games and was previously reported under the Corporate and Other segment, has been included in the Mocha and Other segment as a result of the change of terms of the right-to-use agreement for the Grand Dragon Casino.

Total operating revenues from Mocha and Other were US\$17.0 million in the second quarter of 2022, compared to US\$24.1 million in the second quarter of 2021.

Mass market table games drop was US\$0.4 million in the second quarter of 2022 which reflects the inclusion of the Grand Dragon Casino under the Mocha and Other segment with effect from June 27, 2022, and the mass market table games hold percentage was 26.9% for the second quarter of 2022.

Gaming machine handle for the second quarter of 2022 was US\$406.8 million, compared with US\$551.8 million in the second quarter of 2021. The gaming machine win rate was 4.2% in the second quarter of 2022 versus 4.4% in the second quarter of 2021.

Other Factors Affecting Second Quarter Earnings

Total net non-operating expenses for the second quarter of 2022 were US\$68.6 million, which mainly included interest expenses of US\$63.7 million, compared with total net non-operating expenses of US\$65.0 million for the second quarter of 2021, which mainly included interest expenses of US\$58.6 million.

Six Months' Results

For the six months ended June 30, 2022, our total operating revenues were US\$590.1 million, a decrease of 41.0% from US\$1.00 billion for the six months ended June 30, 2021. The decrease in total operating revenues was primarily due to a softer performance in all gaming segments and non-gaming operations at City of Dreams and Altira Macau, as well as decreased casino revenues generated from the operations of Studio City Casino by our subsidiary, Melco Resorts Macau, the gaming subconcessionaire. Such decrease mainly resulted from heightened border restrictions in Macau and mainland China related to COVID-19 in the six months ended June 30, 2022.

Net loss for the six months ended June 30, 2022 was US\$334.3 million, compared with net loss of US\$252.9 million in the comparable period of 2021. The increase in net loss was primarily attributable to softer performance in gaming and non-gaming operations in the six months ended June 30, 2022 mentioned above.

Liquidity and Capital Resources

We have relied and intend to rely on cash generated from our operations and debt and equity financings to meet our financing needs and repay our indebtedness, as the case may be. We expect to have significant capital expenditures in the future as we continue to develop our properties. Any other future developments may be subject to further financing and a number of other factors, many of which are beyond our control.

As of June 30, 2022, we held cash and cash equivalents of US\$561.2 million and restricted cash of US\$0.3 million. Further, HK\$8.45 billion (equivalent to approximately US\$1.08 billion) of the revolving credit facility under the 2020 Credit Facilities and HK\$1.0 million (equivalent to approximately US\$0.1 million) of the revolving credit facility under the 2015 Credit Facilities were available for future drawdown, subject to satisfaction of certain conditions precedent.

Recent Developments

Gaming Law Developments

On June 22, 2022, Law 7/2022 which amends the Gaming Law (Law 16/2001) was published in the Macau Official Gazette, coming into force on June 23, 2022. The principal changes under the amended Gaming Law include increasing the maximum number of gaming concessions to six from three (but prohibiting subconcessions); decreasing the maximum term of a gaming concession from no more than 20 years to no more than ten years, which may exceptionally be extended by dispatch of the Chief Executive of Macau one or more times up to three years (from the five year extension under the prior version of the gaming law); increasing the required registered share capital of concessionaires from MOP200 million (equivalent to approximately US\$24.7 million) to MOP5 billion (equivalent to approximately US\$618.6 million); the introduction of a requirement that, subject to certain exceptions, the operation of games of chance must take place on premises that are either owned by the concessionaires, which was not a requirement under the prior gaming law, (with such premises to revert to the Macau government without compensation upon the expiration of the concession or earlier termination) or owned by the Macau government and granted for use by the concessionaires for a fee to be determined by the Macau government; and the introduction of a new special premium to be paid (in addition to the annual premium) if the actual gross gaming revenue of gaming tables and electronic gaming machines does not reach a set minimum limit to be determined by dispatch of the Chief Executive of Macau. The amended provisions of the Gaming Law do not affect the current concession or subconcession contracts for the operation of games of chance in casinos, which continue to be governed by the prior version of the Gaming Law until the end of the term of the concession or subconcession contracts.

On June 23, 2022, Melco Resorts Macau and Wynn Resorts (Macau) Limited (“Wynn Resorts Macau”) entered into an Amendment Agreement to the Subconcession Contract pursuant to which the gaming subconcession of Melco Resorts Macau, which was due to expire on June 26, 2022, was extended to December 31, 2022 (the “Extension Agreement”), which coincides with the extended expiration date of all the other concessions and subconcessions. Melco Resorts Macau paid the Macau government MOP47 million (equivalent to approximately US\$5.8 million) upon signing of the Extension Agreement as premium for such extension. Melco Resorts Macau will also submit a bank guarantee in an amount of not less than MOP820 million (equivalent to approximately US\$101.4 million) to the Macau government within three months from the date of signing of the Extension Agreement to guarantee the satisfaction of any labor liabilities upon expiry of the subconcession. The Macau government may require an increase in the amount of such guarantee, depending on the actual number of employees employed by Melco Resorts Macau.

Under the Extension Agreement and in accordance with current applicable Macau law, Melco Resorts Macau also acknowledges that the gaming areas, gaming support areas and the gaming equipment of Altira Casino, City of Dreams Casino and Studio City Casino, as agreed with the Macau government, will revert to the Macau SAR, without compensation and free and clear from any charges or encumbrances at the expiration of the subconcession. In addition, on June 23, 2022, Melco Resorts Macau and each of Altira Resorts Limited and COD Resorts Limited, the subsidiaries of the Company holding the land lease rights for the properties on which Altira Casino and City of Dreams Casino (the “Land Concessionaires”) are located, respectively, executed an undertaking in favor of the Macau government pursuant to which Melco Resorts Macau and the respective Land Concessionaire committed to sign the documents required by the Macau government so that the Altira Casino and City of Dreams Casino revert to the Macau SAR in accordance with law. The final terms of such reversion are subject to the execution of a reversion deed or similar instrument in favor of the Macau government. Melco Resorts Macau and Studio City Entertainment Limited have also amended the agreement under which Melco Resorts Macau operates the Studio City Casino to align such agreement with the newly enacted amendments to the gaming law in Macau.

On July 29, 2022, the public tender opened with a deadline for the submission of bids of September 14, 2022.

COVID-19 Developments

Uncertainty around COVID-19 outbreaks and related restrictions continue to have a material effect on our operations, financial position, and future prospects into the third quarter of 2022.

Our operations remain significantly impacted by travel restrictions and quarantine requirements. On June 23, 2022, the Macau government issued a closure order for entertainment venues which did not include casinos. Effective from July 11, 2022, the Macau government issued a further order whereby from July 11 until July 18, 2022 all entities performing industrial and commercial activities, including gaming activities, were required to suspend operation, except for those in categories of activity deemed essential to the community and to the day-to-day lives of the members of the public. These restrictions were further extended until July 23, 2022 and our casinos were closed for a total of 12 days. From July 23, 2022, we were able to resume our operations, subject to strict health and pandemic prevention requirements. From August 2, 2022, all restrictions were lifted, subject to certain guidelines set by Macau’s Center for Disease Control and Prevention. The validity of nucleic acid tests to enter Macau vary from time to time and is currently set at 48 hours for entry from Zhuhai, and non-Macau resident individuals who are not residents of Taiwan, Hong Kong, or the PRC continue to be unable to enter Macau, except if they are eligible and have been approved for an exemption.

Uncertainty around COVID-19 outbreaks will continue into 2022 with travel bans or restrictions, visa restrictions and quarantine requirements being key factors impacting 2022 performance. We remain confident in the pent-up demand for Macau as an international tourism destination and believe in a strong recovery once travel restrictions are relaxed.
